Independent Auditor's Report

The Plan Administrator
Dayton T. Brown, Inc. Comprehensive Benefits Plan
Bohemia, New York

Opinion

We have audited the financial statements of the Dayton T. Brown, Inc. Comprehensive Benefits Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA). The financial statements comprise the statements of net assets available for benefits (modified cash basis) as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits (modified cash basis) for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan (modified cash basis) as of December 31, 2025 and 2024, and the changes in its net assets available for benefits (modified cash basis) for the years then ended, in accordance with the modified cash basis of accounting.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Emphasis of Matter — Basis of Accounting

We draw attention to Note 2 to the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting, and for determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

BDO USA, P.C., a Virginia professional corporation, is the U.S. member of BDO International Limited, a UK company limited by guarantee, and forms part of the international BDO network of independent member firms.

BDO is the brand name for the BDO network and for each of the BDO Member Firms.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The ERISA-required Supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025 (modified cash basis) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information

required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule (modified cash basis), we evaluated whether the supplemental schedule (modified cash basis), including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying supplemental schedule (modified cash basis) is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

1. Description of the Plan

The following description of the Dayton T. Brown, Inc. Comprehensive Benefits Plan (the Plan) provides only general information about the Plan's provisions. Participants should refer to the Plan agreements for a complete description of the Plan's provisions.

General

The Plan provides health and other benefits to eligible employees of Dayton T. Brown, Inc. (Company or Employer) (with at least 30 days of service each year) and covered dependents.

Certain Plan assets are held in a voluntary employees' beneficiary association (VEBA) trust. The Plan is subject to the provisions of the Employee Retirement Security Act of 1974, as amended (ERISA).

In January 2024, the Plan changed its third-party claims administrators for medical and prescription drug claims from International Benefits Administrators (IBA) to United Medical Resources (UMR), a subsidiary of United Healthcare Services, Inc., which utilizes Optum Rx for pharmacy claims.

Delta Dental Insurance Company is the primary processor for dental claims.

Benefits

The Plan provides health benefits (medical, vision, dental, and prescription drugs). The Plan also provides continuation of certain benefits upon termination of employment through the Consolidated Omnibus Budget Reconciliation Act (COBRA). Premiums for all health benefits are paid from the assets of the VEBA trust.

Insured Benefits

Medical, dental and prescription drug benefits are self-insured. The claims for self-insured benefits are processed by the Plan's third-party claims processors under administrative services only (ASO) arrangements. The claims processors pay claims directly to or on behalf of participants and are then reimbursed by the Plan's VEBA trust. Despite the Plan's utilization of third-party claims processors, ultimate responsibility for payments to providers and participants is retained by the Plan.

The Plan utilizes a pharmacy benefit manager (PBM) which periodically makes refunds to the Plan based on the Plan's actual utilization pattern of specific drugs.

The Plan offers a comprehensive vision plan through Davis Vision. The Company pays 50% of the insurance premiums for vision coverage for employees who elect to participate. The Company's portion of the premiums is included in employer contributions in the accompanying statements of changes in net assets available for benefits.

Stop Loss Coverage

The Plan has entered into a stop-loss insurance arrangement in an effort to limit its exposure for self-insured benefits (individual participant claims over a specific dollar amount). Under the stop-loss policy, the insurer reimburses the Plan for eligible claims paid in excess of the specific deductible of $500,000 per covered person, subject to the terms, conditions, and limitations of the policy. Stop-loss reimbursements are recognized in accordance when received. The Plan remains

primarily liable for all participant claims and stop-loss coverage does not relieve the Plan of its obligation to pay benefits in accordance with the Plan provisions.

Contributions

In addition to deductibles and copayments, participants contribute specified amounts based on applicable monthly premiums for Vision and weekly premiums for Medical, Dental and FSA through their respective benefit elections through a flexible spending account. The Company pays the full cost of stop loss insurance.

The Company makes contributions to the Plan as needed to fund claims in excess of participants' contributions. Any deficiency of the Plan's net assets over benefit obligations is funded by the Company on a pay-as-you-go basis.

Contributions made by participants under COBRA are paid monthly based upon the full cost of the coverage under the Plan as determined by the trustee and claims administrator.

Administrative Expenses

The Plan pays administrative expenses that consist primarily of administrative fees paid to third-party claims administrators and for state surcharges. These expenses are reported on the statements of changes in net assets available for benefits (modified cash basis) as administrative expenses. All other administrative expenses, such as professional fees, are paid by the Company on behalf of the Plan.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on a modified cash basis of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles. Accordingly, contributions and other additions to Plan assets, and any related assets, are recognized when received rather than when earned, and benefits and other deductions from Plan assets are recognized when paid rather than when the obligation is incurred.

Use of Estimates

The preparation of financial statements in accordance with the modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities; and the benefit obligations, at the date of the financial statements, and changes therein. Actual results could differ from those estimates.

Payment of Benefits

Premiums paid by either the Company or the VEBA trust are recorded as premium payments in the accompanying statements of changes in net assets available for benefits (modified cash basis).

Claim payments are processed and paid by third-party claims processors. The Plan records the claims as paid when the amounts are withdrawn from the Plan's bank account.

Stop Loss

Premiums for stop loss insurance are included in premium payments in the accompanying statements of changes in net assets available for benefits. Stop loss refunds totaling $120,120 and $851,088 have been netted with claims paid in the accompanying statements of changes in net assets available for benefits (modified cash basis) for the years ended December 31, 2025 and 2024, respectively.

Refunds and Rebates

Refunds and rebates due from the Plan's PBM are recorded when earned, with the offset being netted against claims paid. Pharmacy rebates totaling $149,640 and $93,925 have been netted with claims paid in the accompanying statements of changes in net assets available for benefits (modified cash basis) for the years ended December 31, 2025 and 2024, respectively.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by its custodians. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

3. Claims Incurred but not Reported

Plan obligations at December 31 for claims incurred but not reported are estimated by the Plan's management based on claims data provided by the Plan's third-party claims administrators. These amounts are paid by the Plan only if claims are submitted and approved for payment.

As of the date of the financial statements, there are certain claims incurred but not yet reported to the Plan, and some of these may not be reported for an extended period of time. Claims of this nature cannot be determined on an individual basis, but the aggregate amount of such claims has been estimated on the basis of past experience and subsequent claims reported by the claims administrator. Total estimated claims incurred but not paid are approximately $592,406 and $271,290 at December 31, 2025 and 2024, respectively.

Any excess of plan obligations over net assets will be funded by future Employer contributions.

4. Fair Value Measurements

Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, provides for a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies used at December 31, 2025 or 2024. The following is a description of the valuation methodologies used for assets measured at fair value:

Interest-Bearing Cash - Interest-bearing cash is valued at cost plus accrued interest.

Mutual Funds - Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation which may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments measured at fair value on a recurring basis:

December 31, 2025

	Level 1	Level 2	Level 3	Total
Interest - bearing cash	$ 478,070	$ -	$ -	$ 478,070
Total Investments, at fair value	$ 478,070	$ -	$ -	$ 478,070

December 31, 2024

	Level 1	Level 2	Level 3	Total
Interest - bearing cash	$ 462,273	$ -	$ -	$ 462,273
Mutual fund	184,500	-	-	184,500
Total Investments, at fair value	$ 646,773	$ -	$ -	$ 646,773

5. Tax Status

The Trust established under the Plan to hold the Plan's assets is intended to qualify pursuant to Section 501(c)(9) of the IRC and, accordingly, the Trust's net investment income is exempt from income taxes. The Trust has obtained a favorable tax exemption letter from the Internal Revenue Service (IRS) dated January 7, 1976, stating that the Trust used to pay benefits is qualified pursuant to Section 501(c)(9) of the IRC. The Plan has been amended since receiving the letter. The Plan sponsor believes that the Trust, as amended, continues to qualify and to operate in accordance with applicable provisions of the IRC.

Plan management evaluates tax positions taken by the plan and recognizes a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to modify the benefits provided to, and contributions required of, participants to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, remaining assets will be applied in a uniform and nondiscriminatory manner toward the provision of benefits for or on account of the participants. No assets of the Plan may revert to the Company or be used for purposes other than for the exclusive benefit of the Plan's participants.

7. Related Party and Party-in-Interest Transactions

Certain Plan investments are in accounts that are managed by ConnectOne Bank. As described in Note 1, the Plan paid certain expenses related to plan operations and investment activity to various service providers. These transactions are party-in-interest transactions, which are exempt from prohibited transaction rules.

8. Risks and Uncertainties

The Plan holds various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the modified cash basis financial statements.

As of December 31, 2025 and 2024, there was one investment and two investments held, which individually accounted for more than 10% of total investments, respectively. See the supplemental Schedule of Assets (Held at End of Year) (Modified Cash Basis) for a complete listing of investments held at December 31, 2025.

The Plan maintains cash balances at a financial institution which at times may exceed the Federal Deposit Insurance Corporation limits per depositor at each financial institution. The Plan has never experienced any losses related to these balances. As of December 31, 2025 and 2024, there were no amounts held in excess of these limits.

9. Subsequent Events

The Plan has evaluated subsequent events through October 13, 2026, the date the financial statements were available to be issued.

Effective January 1, 2027, the Plan's management changed the Plan's Pharmacy Benefit Administrator to RxBenefits. OptumRX will continue to be retained as the Pharmacy Benefit Manager. The Plan Sponsor is currently working on executing the formalized agreement.
