Report of Independent Auditors

To the Administrator of Gibson, Dunn & Crutcher LLP Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Gibson, Dunn & Crutcher LLP Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, including the related notes (collectively referred to as the "financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024 and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

PricewaterhouseCoopers LLP, 300 Madison Avenue,

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

Schedule H, line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025 ("supplemental schedule"), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US

GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of the Plan

The following description of the Gibson, Dunn & Crutcher LLP (the "Firm") Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan Document or Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan that provides retirement benefits to eligible employees, Partners, and PC Shareholders of the Firm. The Plan provides for pre-tax 401(k) contributions, Roth 401(k) contributions, after-tax participant contributions, and Participating Employer Contributions. Eligible employees may elect to make pre-tax or Roth 401(k) contributions upon becoming eligible to participate in the Plan. The Plan provides separate eligibility requirements for Participating Employer Contributions.

Eligible employees, other than Partners and PC Shareholders, who become eligible to participate on or after July 1, 2017 are automatically enrolled at a pre-tax contribution rate of 3% of compensation, effective as soon as administratively feasible following 30 days of participation, unless the participant elects not to contribute, elects to make all or a portion of such contributions as Roth 401(k) contributions, or elects a different contribution percentage. The Plan also provides for annual automatic contribution provisions for certain eligible nonpartner participants, subject to the participant's right to opt out or make a different election.

Effective January 1, 2025, active participants may elect to make after-tax contributions in whole percentages of compensation of up to 10% for each payroll period. The combined amount of a participant's pre-tax contributions, including Roth elective deferrals, and after-tax contributions may not exceed 50% of compensation for the applicable payroll period, subject to applicable Plan and statutory limitations.

Participants direct the investment of their accounts among the investment options offered by the Plan. If a participant does not make an investment election, the participant's account is invested in the Plan's qualified default investment alternative, as directed by the Administration Committee.

With respect to the profit-sharing component, partners and nonattorney employees are eligible to participate in this portion of the Plan after completing two years of service without an intervening break in service at the next Plan entry date (January 1 and July 1). Associate attorneys, Of Counsel attorneys, and staff attorneys earning over $75,000 are not eligible for the profit-sharing portion of the Plan.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Firm is the Plan Administrator ("Plan Administrator"). Authority to control and manage the operation and administration of the Plan is vested in the Firm's Retirement Planning Committee (the "Committee"). The Plan's recordkeeper is Schwab Retirement Plan Services and the Plan's Trustee and Custodian is Charles Schwab Trust Bank ("Charles Schwab" or "Trustee").

Participant Contributions

Participants may make pre-tax contributions (including Roth elective deferrals) up to 50% of compensation per payroll period. Effective January 1, 2025, participants may also make after-tax contributions up to 10% of compensation per payroll period. Combined pre-tax contributions

(including Roth elective deferrals) and after-tax contributions may not exceed 50% of compensation per payroll period, subject to applicable Plan and statutory limitations.

Profit-Sharing Contributions
Contributions to the Plan by the Firm are based upon a percentage of eligible participant compensation determined based on the greater of the following:

- 5% of compensation up to the Social Security wage base (6% for employees with 10 or more years of Profit-Sharing Plan participation) plus 10% of compensation in excess of the Social Security wage base up to the annual compensation limit. The Social Security wage base is $176,100 and the annual compensation limit is $350,000 for the 2025 Plan year.

- 7.5% of compensation up to the $350,000 annual compensation limit for the 2025 Plan year. Contributions to the Plan by partners for the Plan year ended December 31, 2025 are limited to $46,500.

Employer profit-sharing contributions on behalf of Partners and PC Shareholders, for the Plan year ended December 31, 2025, were limited to $46,500. For part-time Partners and PC Shareholders, the contribution is prorated based on annual scheduled hours: 100% for 2,000 or more hours; 75% for 1,500–1,999 hours; and 50% for 1,000–1,499 hours.

Employer profit-sharing contributions for nonpartners were limited to $26,195 per participant with fewer than 10 calendar years as an Eligible Participant and $27,956 per participant with 10 or more calendar years as an Eligible Participant in the Plan for the year ended December 31, 2025.

Participant Accounts
Separate accounts are maintained for each participant. Each participant's account is credited with the participant's contribution, an allocation of the Firm's contributions, plan earnings and charged with any relevant administrative expenses. These amounts are invested in any of the available investment funds, as directed by the participant. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Payment of Benefits
A participant's Plan benefits become distributable at retirement, death, disability or termination of employment. Benefits may be paid in one or more lump-sum distributions, installment payments, or a combination thereof.

Notes Receivable from Participants
Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their account balance, subject to the Plan's applicable loan limitations. These loans are secured by the balance in the participant's account and bear interest at a rate of Prime Rate as published in the Wall Street Journal on the last business day of the month plus two percent. Five loans may be outstanding at any time and no more than one loan may be taken within a six-month period. Principal and interest is paid ratably through semi-monthly payroll deductions for nonpartners and monthly dividend deductions for partners. Effective February 1, 2025, the Plan adopted optional qualified disaster relief provisions that may permit qualified individuals to obtain increased loan limits and loan repayment suspensions and to take qualified disaster recovery distributions or make certain hardship recontributions, subject to the terms of the applicable administrative policy.

Plan Expenses
A quarterly recordkeeping and trust/custodial fee of $10.75 and a quarterly administrative fee of $2.50 was deducted per participant, and held in the Plan Expense Reimbursement Account ("PERA"). Effective April 1, 2025, the quarterly recordkeeping and trust/custodial fee was reduced to $9.75, while the quarterly administrative fee remained $2.50 per participant. Administrative Plan expenses are paid out of the PERA account upon receipt of the invoice. Participants pay their own fees for self-directed investment transactions and broker fees.

Vesting
Participant and employer contributions and income thereon are fully vested at all times.

2. Summary of Significant Accounting Policies

Basis of Accounting
The accompanying financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition
Investments are reported at fair value using information provided by the Plan's trustee. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Current loans bear interest at rates that range from 5.25% to 10.50%. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2025 or 2024. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant's loan balance is reduced and a benefit payment is recorded.

Benefit Payments
Benefit payments are recorded when paid.

Administrative Expenses
Certain expenses of maintaining the Plan are paid directly out of the PERA account upon receipt of the invoice. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation/depreciation of fair value of investments.

3. Plan Termination

Although it has not expressed any intention to do so, the Firm has the right under the Plan, in certain circumstances, to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, each participant will receive a distribution in the amount of assets allocated to his or her account, in accordance with ERISA, applicable regulations thereunder and the Plan document.

4. Summary of Information Certified by the Trustee

The following Plan investment information and data included in the financial statements, footnotes, and supplemental schedule was prepared using information certified as complete and accurate by the Trustee of the Plan. Charles Schwab held the Plan's investments and executed investment transactions as of December 31, 2025 and 2024 and for the year ended December 31, 2025. The Trustee has certified that such information is complete and accurate in accordance with 29 CFR 2520.103-5 and 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA. Accordingly, as permitted under such election, the following information, notes, and the information in the supplemental schedule was certified as complete and accurate by the Trustee.

	2025	2024
Statement of net assets available for benefits		
Investments, at fair value (including cash and accrued income)	$ 1,659,323,717	$ 1,444,568,471

	2025
Statement of changes in net assets available for benefits	
Interest and dividend income	$ 102,790,074
Net appreciation in fair value of investments	114,970,635
Interest income from notes receivable from participants	345,636

5. Fair Value Measurements

Accounting Standard Codification ("ASC") No. 820, Fair Value Measurements and Disclosures ("ASC 820") defines fair value as the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. When determining fair value, the Plan uses prices and other relevant information generated by market transactions involving identical or comparable assets ("market approach"). ASC 820 established a three-level hierarchy for fair value measurements that prioritizes the inputs to valuation techniques used to measure fair value, distinguishing between market participant assumptions developed based on market data obtained from sources independent of the reporting entity ("observable inputs") and the reporting entity's own assumptions about market participant assumptions developed based on the best information available in the circumstances ("unobservable inputs"). The hierarchy level assigned to each investment is based on an assessment of the transparency and reliability of the inputs used in the valuation of each

instrument at the measurement date. The highest priority is given to unadjusted quoted prices in active markets for identical assets (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). Valuation techniques need to recognize the use of observable inputs and minimize the use of unobservable inputs. Investments are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The three hierarchy levels are defined as follows:

Level 1 Valuations based on unadjusted quoted market prices in active markets for identical securities.

Level 2 Valuations based on observable inputs (other than Level 1 prices), such as quoted prices for similar assets at the measurement date; quoted prices in markets that are not active; or other inputs that are observable, either directly or indirectly.

Level 3 Valuations based on inputs that are unobservable and significant to the overall fair value measurement, and involve management judgment.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Money Market Funds
Valued at a net asset value ("NAV") of $1 per unit. This fund trades every business day, and there are no restrictions on redemptions, and no outstanding commitments to purchase additional money market funds.

Investments in Registered Investment Companies (i.e. Open Ended Mutual Funds)
Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following valuation methodologies are used for investments held in various self-directed brokerage accounts.

Common Stocks, Preferred Stock, and Government Treasuries
Valued at the closing price reported on the active market on which the individual securities are traded.

Exchange Traded Funds ("ETF")
Valued at the closing price reported on the active market on which the securities are traded.

Certificate of Deposit
Valued at the present value of estimated future cash flow based on yields currently available.

Corporate Bonds and Government Agencies and Notes
Valued at the present value of estimated future cash flow based on yields currently available on comparable securities of issuers with similar credit ratings.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. In determining the reasonableness of the methodologies used, Plan management evaluates a variety of factors including review of existing

contracts, economic conditions, industry and market developments, and overall credit ratings. Certain unobservable inputs are assessed through review of contract terms while others are substantiated utilizing available market data. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth, by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025:

	Fair Value Measurements Using			
	(Level 1)	(Level 2)	(Level 3)	Total
Assets				
Money market funds	$ 52,299,296	$ -	$ -	$ 52,299,296
Open ended mutual funds	1,462,340,282	-	-	1,462,340,282
Various self-directed brokerage accounts	134,259,704	10,424,435	-	144,684,139
	$ 1,648,899,282	$ 10,424,435	$ -	$ 1,659,323,717

The following table sets forth, by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024:

	Fair Value Measurements Using			
	(Level 1)	(Level 2)	(Level 3)	Total
Assets				
Money market funds	$ 52,568,851	$ -	$ -	$ 52,568,851
Open ended mutual funds	1,241,783,319	-	-	1,241,783,319
Various self-directed brokerage accounts	139,028,467	11,187,834	-	150,216,301
	$ 1,433,380,637	$ 11,187,834	$ -	$ 1,444,568,471

The Plan recognizes transfers between levels when they are incurred. There were no transfers between levels for the years ended December 31, 2025 and 2024.

6. Related Party and Party-in-Interest Transactions

Plan assets include participant loans. These participant loans qualify as parties-in-interest transactions under ERISA. The Firm is the Plan Administrator and provides certain administrative services at no charge to the Plan. In addition, certain participants borrowed from the Plan. Such participants are parties-in-interest to the Plan.

7. Income Tax Status

The Internal Revenue Service has determined and informed the Firm by a letter dated November 26, 2014, that the Plan and related trust were designed in accordance with the applicable regulations of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. As of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2022.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Market values of investments may decline for a number of reasons, including changes in prevailing market and interest rates, increases in defaults, and credit rating downgrades.

9. Subsequent Events

The Plan has evaluated subsequent events through October 13, 2026, the date the financial statements were available to be issued, and determined that there were no other material events or transactions that would require additional disclosure in the financial statements.
