Independent Auditor's Report

To the Plan Administrator of
Subway 401(k) Savings Plan
Shelton, Connecticut

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Subway 401(k) Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedule, Schedule H, Line 4i – (Form 5500) Schedule of Assets (Held at Year End) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

MahoneySabol
CPAs and Advisors

The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 – DESCRIPTION OF THE PLAN:

The following description of the Subway 401(k) Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan established on December 12, 1990, available to all full-time employees of Franchise World Headquarters, LLC (the Plan Sponsor) who have completed six months of service and are age 21 or older.

Effective January 1, 2025, the Plan was amended to change the eligibility requirements such that employees who have completed three months of service and attained age 21 are eligible to participate in the Plan. In addition, the Plan was also amended to exclude interns and temporary employees from participating in the Plan. Employees become eligible to participate in the Plan on the first day of the month following the date they meet the eligibility requirements for elective deferrals and employer profit sharing contributions, and on the first day of the payroll period that coincides with or follows the date they meet the eligibility requirements for employer matching contributions. Participants who complete one year of service and are age 21 or older are eligible to receive employer matching contributions and profit sharing contributions. The age and service eligibility requirements for employer matching contributions are waived for employees of certain divisions of the Plan Sponsor who were employed as of a specified date, as defined.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan Sponsor's Board of Directors oversees governance of the Plan. The Plan's Investment Committee determines the appropriateness of the Plan's investments, monitors investment performance, and reports to the Plan Sponsor's Board of Directors.

Participant Contributions and Investment Options:

Participants may voluntarily contribute a percentage of their pre-tax and post-tax annual eligible compensation, in accordance with the limits set forth in the Internal Revenue Code (the Code) and as defined by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Effective January 1, 2025, the Plan permits participants age 60 through 63 to make enhanced super catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan with various objectives and degrees of financial risk. The Plan currently offers various mutual funds and a money market fund as investment options for participants.

The Plan includes an automatic enrollment feature under which newly eligible employees are automatically enrolled in the Plan, unless they affirmatively elect not to participate, with a default deferral rate set at 6% of eligible compensation. For employees who became eligible to participate prior to August 1, 2021, the automatic deferral percentage was 4% of eligible compensation. Participants that are automatically enrolled have their contribution invested in a target date fund, based on the participant's age.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued):

Employer Contributions:

Each pay period, the Plan Sponsor may contribute to the Plan a matching contribution. Employer matching contributions for the years ended December 31, 2025 and 2024 were equal to a 100% match up to 6% of the participant contributions and totaled $5,238,608 and $4,603,809 for the years ended December 31, 2025 and 2024, respectively. In addition, employer profit sharing contributions may be made at the discretion of the Plan Sponsor's Board of Directors and are allocated to eligible participants based on compensation; however, no employer profit sharing contributions were made during 2025 or 2024.

Participant Accounts:

Each participant's account is credited with the participant's contribution and an allocation of the Plan Sponsor's matching contributions, as well as an allocation of the Company's profit sharing contributions, if any. Participant accounts are also credited with an allocation of investment earnings or losses and charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting:

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Plan Sponsor's matching and profit sharing contributions is based on years of service. An employee is credited with one year of service when 1,000 hours of service are completed during the calendar year. Effective April 28, 2025, the Plan was amended to change its vesting computation period to the elapsed time method, as defined. Service earned prior to the amendment date was preserved in accordance with the terms of the Plan. A participant will receive partial vesting of 33% per year between years two through four and will be 100% vested after four years of service.

Forfeitures:

Any non-vested portion of a participant's account balance is forfeited upon a severance from service, as defined. Forfeitures are used first to pay Plan administrative expenses and then to reduce future employer contributions. For the years ended December 31, 2025 and 2024, forfeitures of $368,146 and $322,856, respectively, were used to pay Plan administrative expenses and reduce employer contributions. Forfeitures available for future use at December 31, 2025 and 2024 totaled $52,655 and $26,462, respectively.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued):

Notes Receivable from Participants:

The Plan provides that loans can be made to participants provided that the loans bear a reasonable rate of interest, are adequately secured, and provide for repayment over a reasonable period of time. Presently, loans are made in amounts of up to 50% of an employee's vested interest, limited to $50,000, with the remaining 50% securing the loan. Interest on loans is charged at 1% over prime. The repayment of the loan, including interest, is credited to the specific employee account as received, i.e., the interest paid on the loan is all credited to the account of the individual borrower. Loans are repaid over a period not to exceed five years, except when the use of proceeds is for the purchase of a primary residence whereby the loans can be repaid over 15 years.

Principal and interest are paid ratably through payroll deductions. Loan repayments may be suspended at the Plan's discretion for a period of not more than twelve months if a participant is on unpaid leave of absence, disability, or military service. Upon return, the loan will be amortized over the remaining initial loan repayment period. Participants may only have two outstanding loans at any time. These loans are subject to certain restrictions as defined by the Plan and applicable restrictions under the Code.

If a participant fails to make a payment when the loan is due under the terms of the loan, that participant will be in default. In the event of default, the loan shall become due and payable immediately and interest will continue to accrue until the entire loan balance is repaid. The Plan will take all reasonable actions to collect the balance owed on the loan. Under certain circumstances, the loan in default could be considered a distribution from the Plan and could be considered income to the participant. In any event, failure to repay a loan will reduce the benefit a participant would otherwise be entitled to from the Plan.

Payment of Benefits:

Upon termination of service due to death, disability, early or normal retirement or other reason, all as defined, a participant or beneficiary may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account balance or to receive annual or more frequent installments over a period not to extend beyond the life expectancy of the participant, or beneficiary. A partial withdrawal is permitted upon termination of service due to disability or retirement for participants or their beneficiaries who must receive required minimum distributions as defined by the Code. Participants with a vested account balance of $7,000 or less will receive a lump-sum amount equal to the value of the vested portion of their account. The Plan also allows for in-service distributions of the participant's vested accounts upon reaching the age of 59 1/2 or due to hardship, as defined by the Plan.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of Accounting:

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (US GAAP).

Use of Estimates:

The preparation of financial statements in conformity with US GAAP requires management of the Plan to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein at the date of the financial statements and the reported amounts of income and expense during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition:

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and the trustees of the Plan. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are recorded as administrative expenses when they are incurred. Delinquent participant loans are reclassified as deemed distributions in accordance with the provisions of the Plan. Management has evaluated notes receivable from participants for collectability and has determined that no allowance is considered necessary as of December 31, 2025 and 2024.

Payment of Benefits:

Benefits paid to participants are recorded when disbursed.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued):

Administrative Expenses:

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Plan Sponsor. Expenses that are paid by the Plan Sponsor are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Reclassifications:

Certain 2024 amounts have been reclassified to conform to the 2025 presentation. Such reclassifications had no material effect on the financial statements.

Subsequent Events:

Management has evaluated subsequent events through October 13, 2026, the date the financial statements were available to be issued.

NOTE 3 – RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the fair values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 4 – CERTIFIED INVESTMENTS:

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments held and notes receivable from participants at December 31, 2025 and 2024, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the years ended December 31, 2025 and 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Newport Trust Company, LLC and Ascensus, LLC, qualified institutions.

Effective April 24, 2025, the Plan changed its qualified institution from Newport Trust Company, LLC to Ascensus, LLC.

NOTE 5 – FAIR VALUE MEASUREMENTS:

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants, as of the measurement date. Authoritative guidance establishes a hierarchy of valuation techniques based upon whether the inputs to those valuation techniques reflect assumptions other market participants would use based upon market data obtained from independent sources (also referred to as observable inputs).

The following summarizes the fair value hierarchy:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the assets or liabilities;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specific (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The assets' or liabilities' fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Assets valued using the net asset value (NAV) practical expedient are not required to be reported within the hierarchy.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and therefore Level 1.

Money market fund: Valued at the closing market value of the shares held by the Plan. The money market fund held by the Plan is deemed to be actively traded and therefore Level 1.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair value.

NOTE 5 – FAIR VALUE MEASUREMENTS (Continued):

Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan's investments are all classified as Level 1 as of December 31, 2025 and 2024, and totaled $156,985,790 and $132,540,860, respectively.

The Plan's policy is to recognize transfers of investments into or out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the years ended December 31, 2025 and 2024, there were no transfers of investments into our out of Level 3, respectively.

NOTE 6 – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS:

The Plan's investments were held and managed by Newport Trust Company, LLC and Ascensus, LLC as the trustees, and therefore these services and transactions qualify as party-in-interest transactions. Notes receivable from participants are also party-in-interest transactions.

Certain administrative functions are performed by officers or employees of the Plan Sponsor. No such officer or employee receives compensation from the Plan. Additionally, certain administrative expenses are paid directly by the Plan Sponsor.

All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

NOTE 7 – PLAN TERMINATION:

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants are 100% vested in the entire amount of their employer contribution.

NOTE 8 – TAX STATUS:

The Internal Revenue Service (IRS) has determined and informed the Plan Sponsor by a letter, most recently dated June 30, 2020, stating that the Plan as designed was in accordance with applicable sections of the Code. Although the Plan has been amended since receiving the determination letter, the plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code and therefore believe the Plan is qualified and the related trust is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 8 – TAX STATUS (Continued):

US GAAP requires the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

NOTE 9 – RECONCILIATION TO FORM 5500:

The differences between these financial statements and the Form 5500, if any, are immaterial.
