Independent Auditor's Report

Participants and National Employee Benefits Committee
Diversified Service Options, Inc. dba GuideWell Source 401(k) Savings Plan
Jacksonville, Florida

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Diversified Service Options, Inc. dba GuideWell Source 401(k) Savings Plan (the "Plan"), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements ("financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution, including in their role as agent as directed custodian for certain assets of the Plan, agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matters - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1. Description of Plan

The following description of the Diversified Service Options, Inc. dba GuideWell Source 401(k) Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a Safe Harbor, defined contribution plan covering all employees of Diversified Service Options, Inc. dba GuideWell Source ("Employer" or "Company"), First Coast Service Options, Inc. ("First Coast"), GuideWell Allegiance, Inc., and Novitas Solutions, Inc. ("Novitas") who are age eighteen or older and meet the eligibility requirements as outlined in the Plan. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* ("ERISA"), as amended. The Blue Cross and Blue Shield Association's ("BCBSA") National Employee Benefits Committee controls and manages the operation and administration of the Plan. Fidelity Management Trust Company serves as the trustee of the Plan (the "Trustee").

Contributions

Newly eligible and rehired employees are automatically enrolled in the Plan at a participant contribution rate of 3% unless they elect not to participate or to contribute at a different rate. Participants may contribute up to 50% of annual compensation on a pre-tax and/or after-tax Roth 401(k) contribution basis. Participants are also eligible to make additional pre-tax or after-tax Roth 401(k) catch-up contributions up to $7,500 if they are age 50 or older during the calendar year and reach the maximum employee contribution. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company will match 100% of the first 5% of eligible compensation that a participant contributes to the Plan (herein referred to as a "matching contribution"). Contributions are subject to certain limitations.

Investment Options

The Plan currently offers a diversified range of investment options, including mutual funds, common collective trust funds, stock and bond funds, money market funds, and a self-directed brokerage account that allows participants to invest in additional investment options.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's matching contribution, any discretionary contribution, any non-elective contribution and investment earnings or losses, and charged with benefit payments. Investment earnings or losses are based on the participant's account balances and their investment elections, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions, the Company's matching contributions, any non-elective contributions paid to certain employees whose employer is subject to the federal Service Contract Act or Service Contract Labor Standards and actual earnings or losses thereon. Other discretionary contributions are fully vested after three years of service.

Notes Receivable from Participants

At the discretion of the Trustee, participants are permitted to borrow from the Plan. If approved, the interest rate charged for a loan will be equal to the prime rate published by Reuters on the last business day of the month plus one percent and applied to new loans beginning in the following month. No more than 50% of the participant's vested account balance can be considered by the Plan as collateral for the outstanding loan balance of all Plan loans made to a participant. The minimum loan permitted under the terms of the Plan is $1,000. The maximum amount of a participant's account balance that can be on loan at any given time is the lesser of $50,000 or 50% of the participant's vested interest. Prior to March 1, 2021, loans used to acquire a principal residence may be repaid up to a maximum of thirty years. Effective March 1, 2021, loans used to acquire a principal residence may be repaid up to a maximum of fifteen years. All other loans are required to be repaid within five years. At December 31, 2025, outstanding loans bore interest rates ranging from 4.25% to 9.5%. Principal and interest are paid ratably through payroll deductions. A participant may have no more than two loans outstanding.

Payment of Benefits

On termination of employment, death, disability, or retirement, a participant may elect to receive a lump-sum, installment payments or partial payments equal to the value of the participant's vested account balance. The Plan allows a participant to take an in-service distribution for qualifying financial hardship. Active participants age 59-1/2 or over may request all or a portion of the full vested value of their program account, without having to prove financial hardship.

Forfeitures

At December 31, 2025 and 2024, forfeited non-vested accounts totaled $17,669 and $15,889, respectively. These accounts will be used to reduce future Company contributions. During 2025, no forfeitures were used to reduce Company contributions.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts of assets, liabilities and changes therein and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates and assumptions.

Investment Valuation and Income Recognition

The Plan's investments are generally stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the trustee. See Note 3 for discussion of fair value measurements.

The Plan presents in the statement of changes in net assets available for benefits the net appreciation in fair value of investments which consists of the realized gains and losses and the unrealized appreciation and depreciation on those investments.

Purchases and sales of securities are recorded on a trade-date basis. Interest income on notes receivable from participants is recorded when received. Other interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Contributions

Contributions from Plan participants and the matching contributions from the Company are recorded in the year in which the employee contributions are withheld from compensation. Employer matching contributions, including any applicable true-up contributions, are recorded in accordance with the terms of the Plan.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan Document.

Payment of Benefits

Benefits are recorded upon distribution.

Administrative Expenses

The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the Plan Document. Certain administrative functions are performed by employees of the Company. No such employee receives compensation from the Plan. Expenses relating to specific participant transactions (notes receivable and distributions) are charged directly to the participant's account.

Subsequent Events

The Plan has evaluated subsequent events through October 5, 2026, the date the financial statements were available to be issued.

Note 3. Fair Value Measurement

Fair value as defined under GAAP is an exit price, representing the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. GAAP establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value. These tiers include:

Level 1 Observable inputs such as quoted prices in active markets.

Level 2 Inputs other than quoted prices in active markets that are either directly or indirectly observable.

Level 3 Unobservable inputs about which little or no market data exists, therefore requiring an entity to develop its own assumptions.

Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input to the fair value measurement requires judgment, and may affect the valuation of fair value assets and liabilities and their placement within the fair value hierarchy levels.

There have been no changes in the methodologies used at December 31, 2025 and 2024. The following is a description of the valuation methodologies used for assets measured at fair value:

Common Collective Trust Funds
A common collective trust fund ("CCT") is a comingled pool of investments, not a mutual fund, with the objective of preserving principal while earning interest income. The fair values of the Plan's interest in the CCTs are based on the net asset value ("NAV") reported by the fund manager as of the financial statements date. The beneficial interest in the net assets of the trust is represented by units. Issues and redemption of units are recorded upon receipt of the unit holder's instructions in good order based on the next determined NAV per unit. NAV per unit is determined each business day.

One of the investment options offered by the Plan is a stable value CCT. The stable value CCT is fully invested in a stable return fund, which is primarily invested in contracts deemed to be fully benefit-responsive. A holding in this fund is considered an indirect investment in fully-benefit-responsive contracts, which should be measured at fair value. However, the NAV of this fund is measured at contract value and can be used to approximate the fair value as a practical expedient. The stable value CCT generally permits participant-directed withdrawals on any business day. The stable value CCT requires a 12-month notice for liquidation of the underlying assets in the case of any nonparticipant-directed withdrawals. An example of a nonparticipant-directed withdrawal is if the sponsor decided to change trustees. There are no unfunded commitments to the stable value CCT. The Plan's participants are permitted to redeem investment units at NAV on any business day.

Registered Investment Companies (Mutual and Money Market Funds), Including Brokerage Accounts
Registered investment companies, including mutual funds and money market funds, are valued using quoted market prices or NAV provided by the fund administrators and calculated daily at the close of business. The NAV is based on the value of the underlying assets owned by the fund, less liabilities, divided by the number of shares outstanding. Brokerage account investments may include mutual funds, money market funds, common stocks, and other publicly traded securities. Investments with readily determinable fair values are classified within Level 1 of the fair value hierarchy. Mutual funds and publicly traded securities may be redeemed or sold on any business day, and there are no unfunded commitments related to these investments..

The following tables set forth by level within the fair value hierarchy the Plan's assets accounted for at fair value on a recurring basis as of December 31, 2025 and 2024.

	December 31, 2025

(A) In accordance with ASU Topic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2025 and 2024. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

The preceding methods described may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4. Unaudited Information Certified by Trustee

The accompanying financial statements include the following unaudited information as of December 31, 2025 and 2024 and for the year ended December 31, 2025 that was obtained from data prepared and certified to be complete and accurate by the Plan's Trustee:

	2025	2024
Investments	$ 248,398,417	$ 216,431,436
Notes receivable from participants	$ 8,088,478	$ 7,554,626
Net appreciation in fair value of investments	$ 36,566,742	
Interest and dividends	$ 482,928	
Interest income on notes receivable from participants	$ 631,000	

Note 5. Exempt Party-In-Interest Transactions

Certain Plan investments are funds managed by Fidelity and affiliates. Fidelity is the trustee as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund. Fees paid to the Trustee were $263,140 for the year ended December 31, 2025.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their accounts.

Note 7. Tax Status

The Plan has obtained a determination letter from the Internal Revenue Service (the "IRS") stating that the Plan was in compliance with the applicable requirements of the IRC. The letter was received in January 2017 for the Plan (which at the time was sponsored by First Coast Service Options, a subsidiary of Diversified Service Options, Inc. dba GuideWell Source ("GuideWell Source")). GuideWell Source, the parent company, assumed sponsorship of the Plan in May 2017, but otherwise the Plan and its operation did not change. The Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan Administrator believes that the Plan was qualified and the related trust was tax-exempt as of the financial statements date.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the federal tax authorities. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that, as of December 31, 2025 and 2024, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Schedule H, Line 4(l) – Has the plan failed to provide any benefit when due under the plan?

No. For administrative purposes, we do not consider delays in payment of a participant's benefit (including administrative mistakes and delayed payments, which happen infrequently) as a failure to pay a benefit when due. Further, in reliance on an IRS clarification of the intent of this question, we do not consider benefits payable to missing participants to be a failure to pay a benefit when due because of the diligence of our efforts to locate missing participants.
