INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of
AAA East Central 401(k) Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of AAA East Central 401(k) Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of AAA East Central 401(k) Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of AAA East Central 401(k) Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about AAA East Central 401(k) Savings Plan's ability to continue as a going concern for at least one year following the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.

- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of AAA East Central 401(k) Savings Plan's internal control. Accordingly, no such opinion is expressed.

- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about AAA East Central 401(k) Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4a - Schedule of Delinquent Participant Contributions and Schedule H, line 4i - Schedule of Assets (Held at End of Year), as of or for the year ended December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

AAA East Central 401(k) Savings Plan

Notes to Financial Statements

1. Description of Plan

The following description of the AAA East Central 401(k) Savings Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan, which was established June 1, 1972, is a safe harbor contributory defined contribution plan. There is no minimum age requirement to participate in the Plan. Eligible employees can immediately make contributions to the Plan and become eligible to receive Company contributions to the Plan after attaining one year of service (500 or more hours of service). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan includes AAA East Central, AAA East Central Insurance Agency, Inc., Auto Club Driving Schools, Inc., The Ashland County Automobile Club, and The Massillon Automobile Club (collectively the Company).

Contributions

Participants may contribute up to 92% of pretax and after-tax compensation, as defined in the Plan document, up to the annual limitation allowed by the Internal Revenue Code (IRC). Elective deferrals that are not designated as Roth contributions will be pre-tax elective deferral contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

The Company makes a safe harbor matching contribution equal to 100% of an employee’s deferrals up to 6% of eligible compensation. The Company also makes an annual nonelective contribution equal to between 2.5% and 6% of a participant’s eligible compensation depending on the participant’s years of service. For the year ended December 31, 2025, the Company made a nonelective contribution of $2,575,133, which was paid in March 2026. The Company may also make discretionary contributions to the Plan.

All participants who have attained age 50 before the close of the Plan year are eligible to make additional elective deferrals in accordance with, and subject to the limitations of, IRC Section 414(v).

Participant accounts

Each participant’s account is credited with participant contributions, allocated Company contributions, and allocated Plan income or losses, and is charged with allocated administrative expenses, as applicable. Earnings, losses and expenses are allocated to the participant’s accounts at the end of each day, based on the participant’s account balance at the beginning of the day. The benefit to which a participant is entitled is the benefit that can be provided from participant’s vested account.

Vesting

Participants are vested immediately in their voluntary contributions, employer matching, discretionary, and nonelective contributions, and actual earnings thereon.

1. Description of Plan (continued)

Payment of benefits

A participant who has attained age 59 1/2, incurred a hardship (as defined in the Plan document) or has become disabled may receive a distribution from the Plan. The Plan may also make a distribution upon termination of service or death. Upon termination of service, if the participant's account balance is $7,000 ($5,000 before February 2, 2024) or less, and the participant does not make an election, then the Company may roll over the distribution into an Individual Retirement Account (IRA). If the participant's account exceeds $7,000 ($5,000 before February 2, 2024), the participant may elect to (a) receive an immediate lump-sum payment or, (b) leave the account balance in the Plan until such time as the participant decides to withdraw the account balance. The Plan is required to make a distribution of the participant's account balance on the required beginning date, which is April 1 following the year in which the participant attains the age of 73, or terminates employment with the employer, if later.

Notes receivable from participants

The Plan document allows participants to borrow, subject to certain restrictions, against their vested account balance at the request of the participant. A participant may not borrow less than $1,000, nor may a participant borrow more than the lesser of $50,000 or 50% of any participant's current vested interest in his/her account. Notes are repayable over a specified period not to exceed five years. If, however, the note is to be used for the purchase of a participant's principal residence, the note is repayable over a specified period not to exceed 15 years (20 years for notes entered into prior to October 2, 2023). No more than one general purpose loan and one loan for the purchase of a principal residence may be granted during any twelve-month period. No more than one general purpose loan and no more than one loan for the purchase of a principal residence may be outstanding at a time. The notes bear interest at a fixed rate equal to the interest rate provided by the Plan's loan policy in effect at the time the note was entered into. Notes are secured by the vested balance in the participant's account and are repaid through payroll deductions.

Plan administrative expenses

Expenses of maintaining the Plan are paid directly by the Plan, unless otherwise paid by the Company. Expenses paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants and payments of benefits are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation or depreciation of fair value of investments.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting and in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP).

Contributions by the participants and the related employer contributions are recognized in the period the participants' wages are earned and paid. Withdrawals from the Plan for payments of benefits are recorded when the amounts are paid to the participants, except for cases where refunds are due to the participants in order for the Plan to conform to IRC provisions. In addition, the Plan expenses are recorded when incurred.

2. Summary of Accounting Policies (continued)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and disclosure of contingent assets and liabilities as of the date of the financial statements and the reported amounts of additions and deductions in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company, as applicable. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Net Appreciation or (Depreciation) in Fair Value of Investments

The Plan presents, in the statement of changes in net assets available for benefits, the net appreciation or (depreciation) in the fair value of its investments, which consists of the realized gains and losses from sales of investments and unrealized appreciation or (depreciation) on investments, net of investment related expenses.

Other Income

Pursuant to its plan recordkeeping agreement, the Plan receives an allocation of fee credits from T. Rowe Price Retirement Plan Services, Inc. to reduce administrative expenses. These fee credits are recorded as other income on the statement of changes in net assets available for benefits.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Uncollectible notes receivable from participants are recorded as an allowance for doubtful accounts in the Statements of Net Assets Available for Benefits based upon the terms of the Plan document. No allowance has been provided for notes receivable from participants as of December 31, 2025 and 2024. Defaulted notes receivable from participants are recorded as a deemed distribution based upon the terms of the Plan document.

Other Liabilities

Benefit checks that remain uncashed after 180 days are deposited in the Plan’s uncashed check account. These funds are held in the uncashed check account until the participant is located and the benefit is reissued. Any earnings on the balance of the uncashed check account are allocated to the registered investment companies to offset expenses of those funds.

2. Summary of Accounting Policies (continued)

Subsequent Events

Subsequent events were evaluated through October 13, 2026, the date the financial statements were available to be issued. During the evaluation, the following event was identified:

Effective September 30, 2026, the Plan was amended for the Setting Every Community Up for Retirement Enhancement (SECURE) 2.0 Act requirements applicable to the Plan.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820, *Fair Value Measurement*, are described as follows:

Level 1 - Inputs to the valuation technique are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation technique include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation technique are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation techniques used for assets measured at fair value. There have been no changes in the techniques used at December 31, 2025 and 2024.

Money market fund: Valued at the quoted net asset value (NAV) of shares held by the Plan at year end.

Registered investment companies: Valued at the daily closing price as reported by the fund. Registered investment companies held by the Plan are open-ended registered investment companies that are registered with the United States Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The registered investment companies held by the Plan are deemed to be actively traded.

3. Fair Value Measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

December 31, 2025	**Level 1**	**Total**
Investments Measured at Fair Value:		
Registered Investment Companies	$121,428,572	$121,428,572
Investments Measured at Net Asset Value (a):		
Money Market Fund	-	8,487,490
Total	$121,428,572	$129,916,062

December 31, 2024	**Level 1**	**Total**
Investments Measured at Fair Value:		
Registered Investment Companies	$112,800,695	$112,800,695
Investments Measured at Net Asset Value (a):		
Money Market Fund	-	9,234,794
Total	$112,800,695	$122,035,489

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented at the statements of net assets available for benefits.

The following table summarizes the investment for which fair value is measured using the net asset value per share practical expedient as of December 31, 2025 and 2024:

Investment	**Fair Value**	**Unfunded Commitments**	**Redemption Frequency (If currently eligible)**	**Redemption Notice Period**
December 31, 2025				
Money Market Fund	$ 8,487,490	N/A	Daily	Daily
December 31, 2024				
Money Market Fund	$ 9,234,794	N/A	Daily	Daily

4. Information Certified by Trustee

The plan administrator has elected to have an audit performed pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2025 and 2024. Accordingly, certain information in the Plan's financial statements and supplemental schedules was agreed to or derived from information certified as complete and accurate by T. Rowe Price Trust Company, the Trustee of the Plan and a qualified institution. The certified information includes the Plan's investments and notes receivable from participants reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2025 and 2024, and the accompanying supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025, and the related investment activity (including net appreciation/depreciation, interest, and dividends) and interest income on notes receivable from participants reported in the accompanying Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2025.

5. Related-Party and Party-In-Interest Transactions

Certain Plan investments are managed by the Trustee as defined by the Plan document. Transactions with the Trustee qualify as party-in-interest transactions. Investment-related expenses are included in net appreciation or depreciation in fair value of the investments. Direct fees paid by the Plan for trustee and recordkeeping services were $54,775 for the year ended December 31, 2025.

6. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA at any time. In the event the Plan is terminated, participants would become fully vested and non-forfeitable, and assets will be allocated to each participant based on his/her respective account balances after payment of all final liquidation or termination expenses, pursuant to the directions of the plan administrator.

7. Tax Status

The Company has adopted a pre-approved plan offered by T. Rowe Price Retirement Plan Services, Inc. that has received an IRS Opinion Letter dated August 19, 2020, stating that the form of the pre-approved plan document was in compliance with the applicable requirements of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the IRS Opinion Letter, the plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and, therefore believes that the Plan is qualified, and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.
