Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of 403(b) Thrift Plan for Dane County Parent Council, Inc. DBA Reach Dane and Reach Green and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about 403(b) Thrift Plan for Dane County Parent Council, Inc. DBA Reach Dane and Reach Green's ability to continue as a going concern for at least one year following the date that the financial statements are available to be issued.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of 403(b) Thrift Plan for Dane County Parent Council, Inc. DBA Reach Dane and Reach Green's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Wipfli Advisory LLC and its subsidiary entities are not licensed CPA firms.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

1. Description of Plan

The following description of the 403(b) Thrift Plan for Dane County Parent Council, Inc. DBA Reach Dane and Reach Green (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established effective January 1, 1990, as restated July 1, 2017. The Plan covers all employees, excluding nonresident aliens, of Dane County Parent Council, Inc. DBA Reach Dane and Reach Green (the Employer). All investments are participant-directed. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The SECURE 2.0 Act of 2022 (“SECURE 2.0”), signed into law on December 29, 2022, makes significant changes to existing law for retirement plans by building upon provisions in the SECURE Act of 2019. SECURE 2.0 introduces new requirements and considerations for plan sponsors that are intended to expand coverage, increase savings, preserve income, and simplify plan rules and administrative procedures. The effective date of the provisions of SECURE 2.0 vary from becoming effective immediately through 2028. Those provisions include both required and optional elements. Management has evaluated those provisions and determined there is no material impact on the Plan. Plan management will determine the optional provision to elect in the future.

Contributions

Each year, participants may contribute up to 100% of eligible compensation. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan. Participants may begin making pretax or Roth deferrals upon employment. The Employer also makes matching contributions of 4% of the participant’s annual compensation to the Plan if a participant contributes at least 1% of compensation to the Plan. Participants are eligible for Employer contributions after attaining two years of service and the age of 18, with entry dates occurring the first of each month. A year of service represents twelve consecutive months in which the participant completes 501 hours of service. During the year ended December 31, 2025, the Employer made matching contributions of $271,476. Contributions may not exceed the annual maximum allowed by the Internal Revenue Service (IRS).

1. Description of Plan (Continued)

Participant accounts

Each participant's account is credited with the participant's contributions, any rollover contributions, Employer matching contributions and an allocation of the Plan's earnings (losses). Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are fully and immediately vested in all contributions, plus actual earnings (losses) thereon.

Payment of benefits

A participant may withdraw funds from any of their accounts under the Plan prior to their benefit commencement date for any of the following reasons: severance of employment, death, disability, reaching age 59 1/2, or hardship. Payment options include lump-sum and direct rollover. Various annuity options are available for those participants who terminated due to death, disability, or reaching age 59 1/2.

Payments may not exceed the value of the participant's interest in their account. Participants with balances less than $7,000 who terminate service will have the value of their accounts distributed to them upon termination.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

2. Summary of Accounting Policies (Continued)

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contract (FBRIC), which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

The Plan’s investment in FBRIC is reported at contract value. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to FBRIC because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Cash Equivalents

The Plan considers investments in Mutual of America's General Account (i.e. the Interest Accumulation Account) to be a cash equivalent.

Payment of Benefits

Benefits are recorded when paid.

2. Summary of Accounting Policies (Continued)

Expenses

Certain expenses of maintaining the Plan are paid directly by the Employer and are excluded from these financial statements. Fees related to various plan activities are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are allocated proportionately to plan participants based on their respective account balances and are included in total investment income.

Subsequent Events

Subsequent events were evaluated through October 13, 2026, the date the financial statements were available to be issued.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820, *Fair Value Measurement*, are described as follows:

Level 1 - Inputs to the valuation technique are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation technique include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

3. Fair Value Measurements (Continued)

Level 3 - Inputs to the valuation technique are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation techniques used for assets measured at fair value. There have been no changes in the techniques used at December 31, 2025 and 2024.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Mutual funds held in pooled separate accounts: Fair value of mutual funds held in pooled separate accounts is based on quoted net asset values of underlying investments held by the pooled separate accounts, adjusted by an asset charge. The underlying mutual funds held in the pooled separate accounts are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price.

Insurance Company Non Benefit-Responsive General Contract: The insurance company non benefit-responsive general contract is not available for sale or transfer. Accordingly, fair value is not observable and the issuer of the annuity contract, TIAA (Teachers Insurance and Annuity Association of America) and CREF (College Retirement Equities Fund), values the investments based on accumulated cash contributions, interest credited to the contract, transfers, and withdrawals.

3. Fair Value Measurements (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2025 and 2024:

Assets at Fair Value as of December 31, 2025	Level 1	Level 2	Level 3	Total
Mutual funds held in pooled separate accounts	$ -	$ 9,805,113	$ -	$ 9,805,113
Mutual funds	1,783,892	-	-	1,783,892
Insurance company non benefit-responsive general contract	-	-	866,189	866,189
Total investments at fair value	$ 1,783,892	$ 9,805,113	$ 866,189	$12,455,194

Assets at Fair Value as of December 31, 2024	Level 1	Level 2	Level 3	Total
Mutual funds held in pooled separate accounts	$ -	$ 8,171,911	$ -	$ 8,171,911
Mutual funds	1,578,752	-	-	1,578,752
Insurance company non benefit-responsive general contract	-	-	872,724	872,724
Total investments at fair value	$ 1,578,752	$ 8,171,911	$ 872,724	$10,623,387

The table below sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2025:

Balance, beginning of year	$ 872,724
Earnings	35,535
Transfers to other investments	(24,691)
Distributions	(17,379)
Balance, end of year	$ 866,189

Earnings in the summary of changes in fair value above are reported as net appreciation in fair value of investments and distributions are reported in benefits paid to participants on the statement of changes in net assets available for benefits for the year ended December 31, 2025.

4. Fully Benefit-Responsive Investment Contract (FBRIC)

The Plan invests in a FBRIC with TIAA in the form of a guaranteed investment contract (GIC) that invests in traditional investment contracts. TIAA maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. TIAA is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The GIC is carried at contract value. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 3%. Additional amounts, when declared, remain in effect through the end of the declaration year which begins each March 1 for accumulating annuities and January 1 for payout annuities.

Certain events limit the Plan's ability to transact at contract value with TIAA including plan termination and other events as specified in the GIC. The plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants or the issuer are probable of occurring. The GIC does not permit TIAA to terminate the agreement prior to the scheduled maturity date.

5. Information Certified by Custodians

The plan administrator has elected to have an audit performed pursuant to 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA for 2025 and 2024. Accordingly, certain information in the Plan’s financial statements and supplemental schedule was agreed to or derived from information certified as complete and accurate by Mutual of America Life Insurance Company (Mutual of America) and TIAA and CREF, the Plan's Custodians and qualified institutions. The certified information includes the Plan's investments reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2025 and 2024, and the accompanying supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025, and the related investment activity (including net appreciation in fair value of investments and interest and dividends) reported in the accompanying Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2025.

6. Party-In-Interest Transactions

Certain Plan investments in the general account, pooled separate accounts, insurance company non benefit-responsive general contract, and FBRIC are managed by the custodians of the Plan: Mutual of America and TIAA and CREF. Therefore, these transactions qualify as party-in-interest transactions. Fees paid during the year for administrative services rendered by parties-in-interest were based on customary and reasonable rates for such services. Administrative fees charged directly to participants by Mutual of America totaled $956 for the year ended December 31, 2025 and no fees were charged by TIAA and CREF.

7. Plan Loans

Unless taken under special CARES Act provisions, Plan participants may borrow from Mutual of America a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their participant account balance subject to annuity contract and plan provisions. Effective September 1, 2023, the plan was amended to allow participants to borrow on the combined vested account balance subject to annuity contract and plan provisions. These loans are issued directly from funds owned by Mutual of America and not directly from a participant's account and therefore are not recorded as an asset on the statements of net assets available for benefits. Effective August 1, 2023, the plan was amended to not limit the number of loans a participant may have outstanding. Loans bear interest rates that may be fixed or variable depending upon the plan and annuity contract provisions. Principal and interest is paid ratably by the participant to Mutual of America. Interest is paid directly to Mutual of America while the principal repayments increase the amount of Mutual of America General Account funds available for the participants' use. The amount of such outstanding loans was $86,383 and $64,261 as of December 31, 2025 and 2024.

TIAA and CREF also offer participants a similar loan option, although there are no loans under that option outstanding as of either December 31, 2025 or 2024.

8. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

9. Tax Status

The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. The plan administrator is not aware of any significant uncertain tax positions taken by the Plan.

10. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.
