Report of Independent Auditors

To the Administrator of TEGNA 401(k) Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of TEGNA 401(k) Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and December 31, 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, including the related notes (collectively referred to as the "financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and December 31, 2024 and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 1 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and

disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

Schedule H, line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of the Plan

General

The TEGNA 401(k) Savings Plan (the Plan) is a defined contribution plan that was established effective October 1, 1989. The Plan covers substantially all employees who are employed by TEGNA Inc. (the Company or the Plan Sponsor) and certain of its subsidiaries. Certain collective bargaining agreements and personal service contracts may exclude or restrict some employees' participation in the Plan. Certain business units may also be determined to be ineligible for plan participation. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

The TEGNA Benefit Plans Committee (the Committee) is responsible for the general administration of the Plan. Fidelity Management Trust Company (FMTC) is the trustee of the Plan, and administration and recordkeeping are performed by Fidelity Investments.

Participants should refer to the updated TEGNA 401(k) Savings Plan document and the Plan's Summary Plan Description for more details and information on the Plan’s provisions.

Financial Information Certified by the Trustee

The Plan assets are held under a trust agreement with Fidelity (the Trustee). All investment balances and investment information presented and disclosed in the accompanying financial statements for the Plan, accompanying notes to the financial statements, including investments held and notes receivable from participants at December 31, 2025 and 2024, and ERISA-required supplemental schedule were obtained or derived from information provided to the plan administrator and certified as complete and accurate by the Trustee of the Plan. Information presented in the Schedule of Assets (Held at End of Year) at December 31, 2025 and net appreciation in fair value of investments, interest and dividends for the year then ended, were also obtained or derived from information provided to the plan administrator and certified as complete and accurate by the Trustee of the Plan.

Plan Benefits

Company matching contributions were generally funded with Company’s common stock (Company Stock) for the 2025 plan year and prior years. All Plan participants, regardless of age or years of participation, can transfer at any time (subject to insider trading blackouts) all or part of their allocated Company stock to one or more of the other investment funds available in the Plan

Participants may direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers 10 core investment options, a suite of 12 target-date, the TEGNA Common Stock fund, as well as a self-directed brokerage account. Participants may update or change their investment elections at any time. The Plan allocates investment income to participants’ accounts daily.

Upon termination of employment, disability, or death, participants or their beneficiaries are generally eligible to receive their benefits in a lump sum or as elected, through periodic withdrawals. Limited hardship withdrawals and in-service distribution opportunities for eligible participants are also available for active employees.

Contributions

The maximum deferral percentage amount is 80% for before-tax and/or Roth deferrals. Contributions are made on a payroll period basis. Participants may also contribute rollover amounts representing distributions from other qualified 401(k) plans. Additionally, an eligible participant who has attained age 50 before the close of the Plan Year is eligible to make tax-deferred catch-up contributions in accordance with, and subject to the limitations of Section 414(v) of the Internal Revenue Code (Code). Effective January 1, 2025, the Plan permits a higher catch-up contribution limit for a year in which an employee attains age 60 - 63 by the end of the applicable year. The catch-up contribution limit for these individuals is the greater of $10,000, as adjusted for cost-of-living increases, or 150% of the regular catch-up contribution. For 2025, the higher catch-up contribution limit was $11,250.

The Plan has automatic deferral contributions (auto-enrollment). This feature sets all eligible employees to be automatically enrolled at a pretax election of 4% of compensation (unless they decide to opt out) as of the earliest practicable payroll period after the enrollment date. The Plan also has automatic escalations. This annual feature sets all eligible employees to have their salary deferral election increased annually, each April 1st, by 1%, up to a maximum of 10% of compensation (unless they decide to elect a different auto-increase percentage or opt out). Special eligibility and participation rules apply to certain business units.

The Plan provides a Company matching contribution to match-eligible participants employed on the last day of the plan year in an amount equal to $1 for $1 on the first 4% of participant deferrals. Company matching contributions are 100% vested. Effective January 1, 2025, the Safe Harbor plan design was discontinued.

Participant Accounts

Each participant’s account is credited with the participant’s contributions, the Company’s contributions, and allocations of the Plan's earnings, and is charged with a quarterly flat fee for plan administrative expenses. Plan earnings are allocated based on the participant’s share of net earnings or losses of their respective elected investment options. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Participant Loans

Under the terms of the Plan, generally, participants can elect to borrow from their accounts in an amount up to 50% of their vested account balance, excluding the Company contributions and the related earnings, with a minimum loan of $1,000 and a maximum of $50,000. The loans are collateralized by the balance in participants’ accounts, and the interest rate applied to participant loans is updated daily at the prime rate plus 1%. Loans have maturities for a period not to exceed five years. Interest rates (prime rate +1%) ranged from 3.50% to 9.50% on December 31, 2025 and 2024.

Plan Termination

Although the Company has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will receive 100% of their vested account balances.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles (GAAP) in the United States of America may require management to make estimates and assumptions that affect the amounts reported in the financial statements, and accompanying notes. Actual results could differ from those estimates.

Payment of Benefits

Benefits are recorded when paid.

Contributions

Contributions from Plan participants are recorded in the year in which the employee contributions are withheld from compensation.

Matching contributions from the Employer are recorded in the year to which the contributions relate and are remitted to the Plan in January of the following year.

Investment Valuation and Income Recognition

The investments included in the Plan are held at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 6 for further discussion and disclosures related to fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividend income is recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The Statement of Changes in Net Assets Available for Benefits presents the net change in the fair value of investments, which consists of the realized gains or losses and the unrealized appreciation (depreciation) on investments bought and sold as well as held during the year.

Plan Expenses

Direct administrative expenses are charged to the participants' accounts, as provided by the Plan's provisions. A quarterly plan administrative flat fee is applied to participant accounts to cover a variety of administrative expenses, including record keeping, trustee, legal, audit, investment advisor, and other services. The Company may elect to pay for certain Plan expenses, and such expenses are excluded from these financial statements. Expenses paid by the Plan are shown on the Statement of Changes in Net Assets Available for Benefits.

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2025 or 2024, as the loans are fully collateralized. If a participant

ceases to make loan repayments and the plan administrator deems the participant's loan to be a distribution, the participant's loan balance is reduced, and a benefit payment is recorded.

3. Parties-in-Interest and Related Party Transactions

As of December 31, 2025 and 2024, the Plan held an investment of the Company's common stock of 5.3 million and 6.2 million shares, respectively. The Plan earned dividend income from the Company's common stock of approximately $2.9 million for the year ended December 31, 2025. For the year ended December 31, 2025, approximately $0.4 million of the Company's common stock was purchased, and approximately $6.9 million was sold.

The Plan invests in various Fidelity Funds, which are sponsored by Fidelity, the current Trustee of the Plan. Those transactions qualified as party-in-interest transactions and were exempt from the prohibited transaction rules under ERISA. No direct fees were paid by the Plan to the Trustee for investment management services related to these investments for the year ended December 31, 2025.

In addition, notes receivable from participants are considered to be party-in-interest transactions for which a statutory exemption from the prohibited transaction regulation exists.

4. Income Tax Status

The Plan received a determination letter from the Internal Revenue Service (IRS) dated August 29, 2017, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the Code). Subsequent to the receipt of the determination letter, the Plan was amended. Plan management believes the Plan is designed and is being operated in compliance with the applicable requirements of the Code.

Accounting principles generally accepted in the United States require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan management has analyzed the tax positions taken by the Plan, and has concluded that there are no uncertain positions taken or expected to be taken that would result in a tax liability or tax asset at December 31, 2025 and 2024. The Plan is subject to routine audits by taxing jurisdictions. The Plan administrator believes it is not subject to income tax examinations for years prior to 2022.

5. Reconciliation of Audited Financial Statements to the Form 5500

There are no reconciling items between the Plan's financial statements and the draft Form 5500 for net assets available for benefits as of December 31, 2025 and 2024, or for net increase in net assets available for benefits for the year ended December 31, 2025.

6. Fair value measurement

The accounting standard for fair value measurement defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e., an exit price). To measure fair value, a hierarchy has been established that requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs. As such, the hierarchy gives the highest priority to

unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described below:

Level 1 Quoted market prices in active markets for identical assets or liabilities;

Level 2 Inputs other than Level 1 inputs that are either directly or indirectly observable; and

Level 3 Unobservable inputs developed using our own estimates and assumptions, which reflect those that a market participant would use.

During 2025, there were no transfers between levels.

The fair value measurement level of an asset or liability within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Below is a description of the valuation techniques and inputs used for assets measured at fair value.

Common stocks are valued at the closing price reported on the active market on which the individual securities are traded.

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-directed brokerage accounts consist entirely of actively traded mutual funds, which are valued using unadjusted quoted prices for identical assets from publicly available pricing sources.

Commingled funds offer portfolios with asset allocations designed for varying retirement dates or the year in which one expects to start drawing on their retirement assets. These portfolios share the common goal of first growing and then later preserving principal and may contain a mix of U.S. common stocks, International stocks, Treasury Inflation Protected securities, U.S. issued bonds and cash. Commingled funds also include common collective trusts. Commingled funds are valued at the Net Asset Value (NAV) established by the fund manager on a daily basis. The NAV is used as a practical expedient to estimate fair value and is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. No unfunded commitments exist.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate risk, market risk, and credit risk. Market risks include global events which could impact the value of investment securities, such as pandemics, international conflicts, and tariffs. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

8. Subsequent Events

TEGNA was acquired by Nexstar on March 19, 2026. As a result of the transaction, Company Stock was removed as an investment option under the Plan. In connection with the transaction, the Company Stock held in participants' Plan accounts was liquidated at the merger consideration of $22.00 per share, and the resulting cash proceeds were invested in the Plan's qualified default investment alternative, consisting of the applicable target-date fund. Company

contributions are now made in cash. We have not determined whether this plan will stand on its own or will be merged with Nexstar plans.

Beginning January 1, 2026, participants aged 50 or older who had prior-year FICA wages exceeding the IRS threshold ($145,000 indexed for inflation) from the plan sponsor must make any catch-up contributions as Roth (after-tax) contributions. Participants below the threshold may continue to make catch-up contributions on either a pre-tax or Roth basis, subject to plan provisions. The Plan has reviewed this requirement and coordinated with its recordkeeper and payroll provider to support compliance.
