INDEPENDENT AUDITORS' REPORT

To the Plan Participants and Plan Administrator of
Competition Imports 401(k) Plan & Trust
Saint James, New York 11780

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Competition Imports 401(k) Plan & Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Competition Imports 401(k) Plan & Trust's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section -

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Competition Imports 401(k) Plan & Trust and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Competition Imports 401(k) Plan & Trust's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Competition Imports 401(k) Plan & Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Competition Imports 401(k) Plan & Trust's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion -

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 - Description of Plan

The following description of Competition Imports 401(k) Plan & Trust (the "Plan") provides only general information. Participants should refer to the Plan documents for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan sponsored by Competition Imports, Inc. (the "Sponsor") for the benefit of eligible employees of Competition Imports, Inc., Smithtown Infiniti, Inc., Competition Imports of Huntington, Inc., and Competition Microcars, LLC (collectively, the "Company"). Employees are eligible to participate in the Plan upon completion of six months of service, subject to the terms of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

For 2025, participants could contribute 100% of pre-tax annual compensation up to $23,500, as defined in the Plan. Participants who had attained age 50 before the end of the Plan year were eligible to make catch-up contributions up to $7,500. Participants who attained ages 60 through 63 during 2025 were eligible for a higher catch-up contribution limit of $11,250, subject to applicable Internal Revenue Code requirements. Participants direct the investment of their contributions into various investment options offered by the Plan. Participants may also contribute funds from another qualified retirement plan or qualified individual retirement account ("rollover contributions"), subject to certain requirements. The Plan includes an automatic enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 5% of eligible compensation and invested in the T Rowe Price Return Blend Funds.

The Company may make discretionary matching contributions equal to a uniform percentage or dollar amount of the participants' elective contributions each year. For 2025, the Company did not make any matching or discretionary contributions.

Investment Options

Participants direct the investment of their contribution into various investment options offered by the Plan.

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of Plan earnings (losses) and charged with an allocation of administrative expenses. Allocations are based on participant's earnings or account balances as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their own contributions plus actual earnings thereon. Employer matching contributions and nonelective contributions are vested using a 6-year graded schedule; 20% after two years and 20% each year after until 100 percent vested after six years of credited service.

Note 1 - Description of Plan (continued)

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 4.25% to 9.5%, which are commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid ratably through monthly payroll deductions. Delinquent notes receivable from participants were reclassified as a benefit payment based upon the terms of the Plan document. A loan may be general purpose loan which must be repaid within a maximum of five years, or a primary residence loan, which must be repaid within a maximum of thirty years.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a ten-year period. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. In-service withdrawals or hardship withdrawals are permitted by the Plan.

Forfeitures

Participant forfeitures attributable to all contribution types or attributable to all nonelective contributions will be allocated to reduce nonelective contributions or plan expenses. The Company used no forfeitures for the Plan year ended December 31, 2025. Unapplied forfeitures remaining as of December 31, 2025 and 2024 were $2,157 and $976, respectively.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared under the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees charged directly to the borrowing participant's account are included in administrative expenses when incurred. As of December 31, 2025, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the Plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Note 2 – Summary of Significant Accounting Policies (continued)

Excess Contributions Payable

Amounts payable to participants for elective deferrals in excess of amounts permitted under the Plan's Actual Deferral Percentage ("ADP") test are recorded as a reduction of participant contributions and a corresponding liability to the applicable participants.

As of December 31, 2024, the Plan had excess contributions payable of $37,742. The excess contributions related to the 2024 ADP tests were distributed to the applicable participants in February 2025, including applicable earnings through the date of distribution.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The Plan's net appreciation includes the gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

The Plan's administrative expenses are paid either by the Plan or the Company, as provided by the plan document. Expenses that are paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration, investment advisory, and management of the Plan that are paid by the Plan are recorded as deductions in the accompanying Statements of Changes in Net Assets Available for Benefits.

Note 3 – Information Prepared and Certified by Empower Trust Company, LLC

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2025 and 2024, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by Empower Trust Company, LLC (the trustee of the Plan).

Note 4 – Fair Value Measurements and Investments

FASB ASC Topic 820, Fair Value Measurements, provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

> *Level 1*: Inputs are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access, at the measurement date.
> *Level 2*: Inputs other than quoted prices included in Level 1 that are observable for the asset or liability through corroboration with market data at the measurement date.
> *Level 3*: Unobservable inputs that reflect management's best estimate of what participants would use in pricing the asset or liability at the measurement date.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

Registered investment companies

These investments are valued at the daily closing price as reported by the fund. Registered investment companies (mutual funds) held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission ("SEC"). The mutual funds held by the Plan are deemed to be actively traded.

Stable value funds

The NAV per share was used as a practical expedient for the fair value and was based on the quoted market prices of the underlying net assets of the funds as reported daily by the fund managers.

Common collective trust funds

The NAV per share was used as a practical expedient for the fair value and was based on the quoted market prices of the underlying net assets of the fund as reported daily by the fund managers.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

Note 4 - Fair Value Measurements and Investments (continued)

	Assets at Fair Value as of December 31, 2025			
	Level 1	**Level 2**	**Level 3**	**Total**
Registered investment companies	$ 578,671	$ -	$ -	$ 578,671

Investments at NAV*				21,789,019
Total investments				$ 22,365,151

*The investments in the stable value funds and common collective trust funds are measured at fair value using the net asset value per share (or its equivalent) as a practical expedient and have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the fair value of the Plan's assets at the end of each respective year.

The following table summarizes investments measured at fair value based on net asset value per share as of December 31, 2025 and 2024.

Note 5 – Reconciliation of Financial Statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of Form 5500 as of December 31, 2024:

Net assets available for benefits per the financial statements	$ 22,896,331
Excess contributions payable	37,742
Net assets available for benefits per the Form 5500	$ 22,934,073

The following is a reconciliation of corrective distributions per the financial statements for the year ended December 31, 2025 to Schedule H of Form 5500:

Corrective distributions per the financial statements	$ -
Add: corrective distributions	37,742
Corrective distributions per Schedule H of Form 5500	$ 37,742

Note 6 – Termination of Plan

Although it has not expressed any interest to do so, the Company has the right under the Plan to terminate the Plan, subject to the provision of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

Note 7 – Tax Status

The Company has adopted an IRS pre-approved prototype plan of Empower Retirement, LLC, an affiliate of the Plan's trustee. On November 14, 2022, Empower Retirement, LLC obtained a letter in which the IRS stated its opinion that the form of the pre-approved prototype plan is acceptable under Section 401 of the Internal Revenue Code ("IRC") for use by employers for the benefit of their employees. The plan sponsor believes the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes the Plan, as amended, is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not

Note 7 – Tax Status (continued)

would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The Plan Administrator concluded no uncertain tax positions require recognition or disclosure at December 31, 2025.

Note 8 – Party-In-Interest Transactions

Empower Trust Company, LLC (the "Trustee") serves as trustee and custodian of the Plan's assets. The Trustee and its affiliates provide trustee, recordkeeping, custodial, investment, and other administrative services to the Plan. Accordingly, Empower Trust Company, LLC and its affiliates are parties-in-interest as defined by the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan pays fees to the Trustee and its affiliates for services provided to the Plan in accordance with the terms of the applicable service agreements. Such fees are recognized as administrative expenses in the accompanying financial statements. Certain fees may be paid directly from participant accounts or deducted from investment returns, in accordance with the terms of the applicable agreements. Fees paid by the Plan for the investment management services amounted to $136,901 for the year ended December 31, 2025.

The Plan also maintains certain investments in investment options offered, managed, or otherwise affiliated with the Trustee or its affiliates. Investment-related fees and expenses are reflected in investment returns or deducted from participant accounts, as applicable.

Transactions involving Empower Trust Company, LLC and its affiliates are considered party-in-interest transactions under ERISA. Such transactions are permitted to the extent they qualify for applicable statutory or administrative exemptions under ERISA. The Plan's management believes that the transactions described above were conducted in accordance with the terms of the Plan and applicable ERISA requirements.

Participants may borrow from their individual account balances in the Plan (notes receivable from participants). These transactions qualify as party-in-interest transactions.

Note 9 – Subsequent Events

The Plan's management has evaluated subsequent events through September 22, 2026, the date the financial statements were available to be issued.
