Independent Auditors' Report

The Trustees
Rocky's Hardware, Inc. 401(k) Plan
Springfield, Massachusetts

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Rocky's Hardware, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the Statements of Net Assets Available for Benefits as of December 31, 2025 and 2024, and the related Statements of Changes in Net Assets Available for Benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Rocky's Hardware, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Rocky's Hardware, Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Rocky's Hardware, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Auditors' Responsibilities for the Audit of the Financial Statements (Continued)

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Rocky's Hardware, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Rocky's Hardware, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2025, and Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(1) DESCRIPTION OF PLAN

The following summary description of Rocky's Hardware, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and covers all employees of Rocky's Hardware, Inc. (the Plan Administrator) and Falcone Development, an affiliate of Rocky's Hardware, Inc., (collectively, the Company and the Employer) who have completed one year of service and are age 21 or older. As required under federal legislation SECURE 2.0 Act, long-term part-time employees that complete 500 hours of service per year for the two consecutive years prior to 2025 are eligible to make deferral contributions to the Plan beginning in 2025 (SECURE 1.0 Act required three consecutives for eligibility in 2024). The trustees of the Plan, who are officers and directors of the Company, are responsible for the oversight of the Plan, including determining the appropriateness of the Plan's investment offerings and monitoring investment performance and valuation.

Contributions:

Participants may elect to contribute up to 90% of their annual compensation on a pretax basis or an after-tax basis (Roth contributions) through a salary reduction agreement, subject to a statutory maximum of $23,500 in 2025 and $23,000 in 2024. Participants who have attained age 50 before the end of the plan year are eligible to make additional "catch-up" deferral contributions up to the statutory maximum of $7,500 in both 2025 and 2024. In addition, the Plan allows rollover contributions from other qualified retirement plans.

The Company makes a safe harbor matching contribution up to a maximum of 4% (100% of the first 3% and 50% of the next 2%) of participants' eligible compensation. Matching contributions were $258,000 and $228,000 in 2025 and 2024, respectively. The Company may also make profit sharing contributions as annually determined by its Board of Directors. There were no profit sharing contributions in 2025 and 2024.

Contributions and compensation are subject to certain limitations.

Participants' Accounts:

Participants' accounts are credited with their contributions, the Company's safe harbor matching contributions, and allocations of the Company's profit sharing contributions and Plan earnings, net of any administrative expenses paid by the Plan. Allocations are based on participants' account balances, compensation, and other criteria, as defined by the Plan. The benefit to which each participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options:

Participants direct all contributions to their accounts and their account balances into various investment options offered by the Plan. The Plan offers 36 pooled separate accounts and an investment in an insurance company general account (Stable Value Option) offered by Transamerica Life Insurance Company (TLIC), the custodian of the Plan's investments.

(1) DESCRIPTION OF PLAN (Continued)

Vesting:

Participants are immediately vested in their contributions, Company safe harbor matching contributions, and the related earnings. Vesting in the Company's profit sharing contributions plus actual earnings thereon is based on years of continuous service. Participants are 100% vested after six years of credited service.

Participants become fully vested in their account balances if they terminate employment due to normal retirement (the later of attaining age 65 or the fifth anniversary of the first day of the plan year in which participation in the Plan commenced), permanent disability, or death.

Notes Receivable from Participants:

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balances. The Plan allows participants to have only one note outstanding at a time. Notes receivable are secured by the balance in participants' accounts and are issued for terms of up to five years; 30 years if the proceeds are used for the purchase of a principal residence. Extended terms are available for participants on authorized leave for military service. Interest on the notes is at the prime rate plus 1% as determined on the date of issuance and ranged from 8% to 9.50% at December 31, 2025. Principal and interest are paid ratably through payroll deductions. Early payments, partial or in full, of outstanding balances may be made at any time. Full repayment of outstanding balances is required on termination of employment.

Payment of Benefits:

On termination of service due to death, disability, normal retirement, early retirement or other reasons, participants (or their beneficiaries) may elect to receive lump-sum distributions equal to the value of their vested accounts; installment payments and the purchase of various types of annuities are also allowed. Terminated participants with vested account balances of $1,000 or less are automatically paid their entire balance. Certain distributions may be subject to a 10% early withdrawal tax.

Participants must begin receiving benefits (required minimum distributions, "RMDs") by the later of April 1st of the calendar year following the year in which they attain age 73, if they were born between 1951 and 1959; and age 75, if they were born 1960 or later (ages 72 and 70 1/2 if born prior to 1951), or upon termination of employment, except for 5-percent owners who must begin RMDs based on the applicable age requirement. RMDs are not required from the Roth portion of participants' accounts (not applicable to inherited Roth accounts).

Hardship withdrawals and in-service withdrawals, upon attainment of age 59½, are subject to certain limitations, as specified by the Plan.

Forfeited Accounts:

Forfeitures of terminated participants' nonvested employer contribution accounts may be used to reduce any Employer contributions. There were no unallocated forfeitures at December 31, 2025 and 2024.

(1) DESCRIPTION OF PLAN (Continued)

Expense Budget Account:

Funds are deposited into the Plan's Expense Budget Account (EBA) by TLIC under a revenue-sharing arrangement and may be used to pay certain Plan expenses at the direction of the Plan Administrator. Amounts held in the EBA are invested in the Stable Value Option and totaled $56,000 and $34,000 at December 31, 2025 and 2024, respectively. Revenue-sharing deposits totaled $22,000 and $20,000 in 2025 and 2024, respectively (Note 2).

(2) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting:

The financial statements are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition:

Investments in TLIC pooled separate accounts are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by TLIC. See Note 3 for further discussion of fair value measurements.

The investment in the Stable Value Option, a fully benefit responsive investment contract, is reported at contract value (Note 4). Contract value is the relevant measure because contract value is the amount participants would normally receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Notes receivable in default are recorded as benefit payments per the terms of the Plan.

Payment of Benefits:

Benefits are recorded when paid.

Expenses:

Professional fees expected to be paid by the Plan's EBA (Note 1) are recognized in administrative expenses when incurred. Fees for recordkeeping, advisory, the administration of notes receivable from participants, and benefit payments to participants are charged directly to participants' accounts and are recognized in administrative expenses when incurred. Investment related expenses are included in the net appreciation in fair value of investments.

(2) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Expenses (Continued):

Administrative expenses included on the Statements of Changes in Net Assets Available for Benefits are reported net of EBA revenue-sharing deposits (Note 1).

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements.

Use of Estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

(3) INVESTMENTS AT FAIR VALUE AND FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

The three levels of the fair value hierarchy (inputs to valuation) are described as follows:

Level 1 Unadjusted quoted prices in active markets that are accessible at the measurement date for identical assets or liabilities.

Level 2 Quoted prices in active markets for similar assets or liabilities; quoted prices in inactive markets for identical or similar assets or liabilities; and, other observable inputs for the assets or liabilities or those derived principally from, or corroborated by, observable market data by correlation or other means.

Level 3 Prices, valuations, or other inputs that are both unobservable and significant to the fair value measurement.

An asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. There has been no change in the valuation methodology used to determine the fair value of investments.

(3) INVESTMENTS AT FAIR VALUE AND FAIR VALUE MEASUREMENTS (Continued)

TLIC pooled separate accounts typically invest in one underlying mutual fund traded on an established market. Pooled separate accounts invested in mutual funds are valued by TLIC daily using publicly available quoted market prices adjusted for certain fund and pooled separate account expenses. Pooled separate accounts that directly invest in fixed maturity securities are valued by TLIC using pricing data provided by outside valuation service providers that use the mean of bid and ask prices or other observable inputs. TLIC unitizes each pooled separate account as it is established by assigning a price per unit and issuing the number of units necessary to equal the opening fair value of the underlying investments. Participants may have daily transactions in the pooled separate accounts. However, investment transactions may be restricted if a participant's trading pattern is detrimental to an account. Pooled separate accounts may have restrictions that apply to transfers into the accounts. There are no restrictions on transfers out of the accounts.

The Plan's investments at fair value within the fair value hierarchy as follows:

	Level 2	
	2025	2024
TLIC Pooled Separate Accounts	$ 14,381,566	$ 12,721,467

There were no level 1 or level 3 investments or other assets or liabilities measured at fair value at December 31, 2025 or 2024.

(4) INVESTMENT IN INSURANCE COMPANY GENERAL ACCOUNT

The Plan's Stable Value Option is an investment contract under the terms of a group annuity contract with TLIC. The investment contract is a non-tradable obligation of TLIC, backed by the assets in the general account of TLIC, and is reported at contract value. Contract value represents contributions made, plus credited interest, less participant withdrawals and applicable expenses or charges. Participants may ordinarily direct permitted withdrawals, loans, or transfers at contract value with no conditions, limits, or restrictions other than those imposed under the Plan. In the event of a full or partial contract discontinuance, TLIC may impose a holding period. The occurrence of an event that would limit the Plan's ability to transact at contract value is not probable.

The effective credited interest rates, based on daily balances, are established semi-annually before January 1 and July 1 for the corresponding six-month period. The guaranteed credited interest rate does not change during the six-month period for which it is effective and is subject to the claims-paying ability of TLIC. The semi-annual credited interest rates were 2.60% and 2.50% for six months ended June 30, 2025 and December 31, 2025, respectively, and 2.40% and 2.50% for six months ended June 30, 2024 and December 31, 2024, respectively.

(5) RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Plan's investment offerings are provided by TLIC. TLIC is the custodian of the Plan's assets and its affiliate, Transamerica Retirement Solutions, LLC (TRS), provides recordkeeping and administrative services to the Plan. Therefore, transactions with these parties and their affiliates qualify as party-in-interest transactions. Administrative and recordkeeping fees charged by TRS totaled $3,000 in both 2025 and 2024.

Other party-in-interest transactions include $3,000 for advisory fees in both 2025 and 2024 and professional fees of $26,000 and $18,000 in 2025 and 2024, respectively, for financial statement auditing services.

(6) PLAN AMENDMENT AND TERMINATION

The Company may amend the Plan at its discretion and, although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their account balances.

(7) INFORMATION CERTIFIED BY CUSTODIAN

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, TLIC has certified the completeness and accuracy of the investments and notes receivable from participants reflected in the accompanying Statements of Net Assets Available for Benefits, the related investment activity reflected in the Statements of Changes in Net Assets Available for Benefits, and the information reflected in the supplemental schedule, Schedule H, Line 4i - Schedule of Assets (Held at End of Year).

(8) INCOME TAX STATUS

The Plan, as adopted by the Company, is a non-standardized pre-approved profit sharing plan offered by TRS. The Plan was approved by the Internal Revenue Service (IRS) in a favorable letter dated June 30, 2020. The Plan was restated, effective April 22, 2022, and has since been amended. However, the Plan Administrator believes that the Plan is designed and operated in compliance with the applicable provisions of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan may be subject to routine audits by the IRS; however, there are currently no audits for any tax periods in progress.

(9) RISKS AND UNCERTAINTIES

The Plan provides for investment options that are exposed to various risks, including interest rate, market, and credit risks. Due to the level of risk associated with certain investments and the volatility of the financial markets, it is at least reasonably possible changes in the values of investments will occur in the near term and such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

In addition, the Plan's ability to receive amounts invested in the Stable Value Option (Note 4) is dependent on TLIC's ability to meet its financial obligations. TLIC's ability to meet its obligations may be affected by future economic and regulatory developments.

(10) RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of the total additions and deductions reported on the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2025, to the total income and expenses reported on Form 5500:

Total additions per the financial statements	$ 2,582,736
Add: EBA revenue sharing deposits included in administrative expenses (Note 2)	21,972
Total revenues per Form 5500	$ 2,604,708
Total deductions per the financial statements	$ 1,015,480
Add: EBA revenue sharing deposits included in administrative expenses (Note 2)	21,972
Total expenses per Form 5500	$ 1,037,452

(11) SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 12, 2026, the date these financial statements were available to be issued, and has determined that subsequent events requiring reporting or disclosures are as follows.

For taxable years beginning after December 31, 2025, participants eligible to make catch-up contributions and whose prior year Form W-2 social security wages from the Company exceed an indexed threshold will be required to make their catch-up contributions as designated Roth contributions. For 2026, the indexed threshold is $150,000. Designated Roth accounts are also subject to a five-taxable-year aging period for qualified tax-free distributions that begins on January 1 of the first taxable year in which the participant makes a designated Roth contribution under the Plan.
