20 **PBGC missed contribution reporting requirements.** If this is a multiemployer plan or a single-employer plan that is not covered by PBGC, skip line 20.

a Is the amount of unpaid minimum required contributions for all years from Schedule SB (Form 5500) line 40 greater than zero? ☐ Yes ☒ No

b If line 20a is "Yes," has PBGC been notified as required by ERISA sections 4043(c)(5) and/or 303(k)(4)? Check the applicable box:

☐ Yes.

☐ No. Reporting was waived under 29 CFR 4043.25(c)(2) because contributions equal to or exceeding the unpaid minimum required contribution were made by the 30th day after the due date.

☐ No. The 30-day period referenced in 29 CFR 4043.25(c)(2) has not yet ended, and the sponsor intends to make a contribution equal to or exceeding the unpaid minimum required contribution by the 30th day after the due date.

☐ No. Other. Provide explanation._____

Part VII IRS Compliance Questions

21a Does the plan satisfy the coverage and nondiscrimination tests of Code sections 410(b) and 401(a)(4) by combining this plan with any other plans under the permissive aggregation rules? ☐ Yes ☒ No

21b If this is a Code section 401(k) plan, check all boxes that apply to indicate how the plan is intended to satisfy the nondiscrimination requirements for employee deferrals and employer matching contributions (as applicable) under Code sections 401(k)(3) and 401(m)(2).

☐ Design-based safe harbor method

☐ "Prior year" ADP test

☐ "Current year" ADP test

☐ N/A

22 If the plan sponsor is an adopter of a pre-approved plan that received a favorable IRS Opinion Letter, enter the date of the Opinion Letter ___/___/_____ (MM/DD/YYYY) and the Opinion Letter serial number_____.

Forvis Mazars Report to the Plan Administrator and Trustee

OneSource Employees' Retirement Pension Plan

Results of the 2025 Financial Statement Audit, Including Required Communications

December 31, 2025

Required Communications Regarding Our Audit Strategy & Approach (AU-C 260)

Overview & Responsibilities

Matter	Discussion
Section 103(a)(3)(C) – 29 CFR 2520.103-8	Management has elected to have the audit of the Plan's financial statements performed in accordance with the *Employee Retirement Income Security Act of 1974* (ERISA) Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. An audit performed in accordance with ERISA Section 103(a)(3)(C) does not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier, that is regulated, supervised, and subject to periodic examination by a state or federal agency, a qualified institution, that prepared and certified the investment information in accordance with 29 CFR 2520.103-5 of the DOL Rules and Regulations for Reporting and Disclosure under ERISA. Management has determined that an ERISA Section 103(a)(3)(C) audit is permissible under the circumstances. Management has also determined that the investment information is prepared and certified by a qualified institution as described by 29 CFR 2520.103-8, that the certification meets the requirements in 29 CFR 2520.103-5, and that the certified investment information is appropriately measured, presented, and disclosed in accordance with accounting principles generally accepted in the United States of America (GAAP) .
Purpose	The purpose of an ERISA Section 103(a)(3)(C) audit is to express an opinion on whether the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with GAAP and that the assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the certified investment information.
Scope of Our Audit	This report covers audit results related to your financial statements: • As of and for the year ended December 31, 2025. • Conducted in accordance with our contract dated March 30, 2026.

Matter	Discussion
Our Responsibilities	Forvis Mazars is responsible for forming and expressing an opinion about whether the financial statements that have been prepared by management, with the oversight of those charged with governance, are prepared in accordance with GAAP.
Audit Scope & Inherent Limitations to *Reasonable Assurance*	An audit performed in accordance with auditing standards generally accepted in the United States of America GAAS is designed to obtain reasonable, rather than absolute, assurance about the financial statements. The scope of our audit tests was established in relation to the financial statements taken as a whole and did not include a detailed audit of all transactions.
Extent of Our Communication	In addition to areas of interest and noting prior communications made during other phases of the engagement, this report includes communications required in accordance with GAAS that are relevant to the responsibilities of those charged with governance in overseeing the financial reporting process, including audit approach, results, and internal control. The standards do not require the auditor to design procedures for the purpose of identifying other matters to be communicated with those charged with governance.
Independence	The engagement team, others in our firm, as appropriate, and our firm, have complied with all relevant ethical requirements regarding independence.
Your Responsibilities	Our audit does not relieve management or those charged with governance of your responsibilities. Your responsibilities and ours are further referenced in our contract.
Distribution Restriction	This communication is intended solely for the information and use of the following and is not intended to be, and should not be, used by anyone other than these specified parties: • Plan Administrator and Trustee • Others within the Plan

Other Documents Containing Audited Financial Statements

The Plan's audited financial statements are included in the Form 5500, *Annual Return/Report of Employee Benefit Plan*, filed with the Department of Labor Employee Benefits Security Administration. As part of our procedures, we read the draft Form 5500 that is substantially complete to determine if financial information discussed in sections outside the financial statements materially contradicts the audited financial statements. If we identify any such matters, we bring them to management's attention and review subsequent revisions.

Our responsibility also includes communicating to you any information we believe is a material misstatement of fact. Nothing came to our attention that caused us to believe that such information, or its manner of presentation, is materially inconsistent with the information, or manner of its presentation, appearing in the financial statements.

Changes in Significant Risks

Auditing standards require that auditors establish and leverage good communication with those charged with governance throughout an audit engagement. On July 31, 2026, we provided the Plan Trustees with certain planning communications in which we identified and communicated significant risks identified during our risk assessment procedures. A significant risk is defined as a risk of material misstatement that requires special audit consideration. During the course of the audit, there was a change in our original identified significant risks, that we are required to communicate to the Plan Trustees, along with the reasons for such a change.

Change in Originally Identified Significant Risk & Reason for Change

Benefit Obligations - We determined that benefit obligations are a significant risk after receiving the Plan's annual actuarial valuation report. The valuation involves significant judgment and estimation, including the use of actuarial assumptions and specialized calculations. As the Plan sponsor is required to fund any underfunded status, errors in the valuation could result in a material misstatement of the benefit obligation and related funding requirements. Therefore, the valuation of the benefit obligation is considered a significant risk.

Qualitative Aspects of Significant Accounting Policies & Practices

Significant Accounting Policies

Significant accounting policies are described in Note 2 of the audited financial statements.

With respect to new accounting standards adopted during the year, we call to your attention the following topics detailed in the following pages:

- No matters are reportable

Unusual Policies or Methods

With respect to significant unusual accounting policies or accounting methods used for significant unusual transactions (significant transactions outside the normal course of business or that otherwise appear to be unusual due to their timing, size, or nature), we noted the following:

- No matters are reportable

Alternative Accounting Treatments

We had discussions with management regarding alternative accounting treatments within GAAP for policies and practices for material items, including recognition, measurement, and disclosure considerations related to the accounting for specific transactions as well as general accounting policies, as follows:

- No matters are reportable

Management Judgments & Accounting Estimates

Accounting estimates are an integral part of financial statement preparation by management, based on its judgments. Significant areas of such estimates for which we are prepared to discuss management’s estimation process and our procedures for testing the reasonableness of those estimates include:

- Fair value of investments
- Actuarial assumptions

Financial Statement Disclosures

The following areas involve particularly sensitive financial statement disclosures for which we are prepared to discuss the issues involved and related judgments made in formulating those disclosures:

- Actuarial Present Value of Accumulated Plan Benefits
- Fair Value Measurements

Our Judgment About the Quality of the Plan's Accounting Principles

During the course of the audit, we made the following observations regarding the Plan's application of accounting principles:

- No matters are reportable

Adjustments Identified by Audit

During the course of any audit, an auditor may propose adjustments to financial statement amounts. Management evaluates our proposals and records those adjustments that, in its judgment, are required to prevent the financial statements from being materially misstated.

A misstatement is a difference between the amount, classification, presentation, or disclosure of a reported financial statement item and that which is required for the item to be presented fairly in accordance with the applicable financial reporting framework.

Proposed & Recorded Adjustments

Auditor-proposed and management-recorded entries include the following:

- No matters are reportable

Uncorrected Misstatements

There were no uncorrected misstatements.

Reportable Findings

During the course of the audit, we have identified the following reportable findings that are considered significant and relevant to those charged with governance over the Plan:

- Required Minimum Distributions
- SOC 1, Trust Report and Actuary Report Review
- Retiree Death Support
- Participant Data and Fiduciary Responsibility
- Personnel Support
- Investment Oversight Documentation

See the "Required Communications Regarding Internal Control" that follows for more information on these reportable findings.

Other Required Communications

Disagreements with Management

The following matters involved disagreements which if not satisfactorily resolved would have caused a modified auditor's opinion on the financial statements:

- No matters are reportable

Consultation with Individuals Outside of the Engagement Team

During our audit, we encountered the following matters, for which we consulted the views of individuals outside of the engagement team:

- No matters are reportable

Consultation with Other Accountants

During our audit, we became aware that management had consulted with other accountants about the following auditing or accounting matters:

- No matters are reportable

Significant Issues Discussed with Management

Prior to Retention

During our discussion with management prior to our engagement, the following issues regarding application of accounting principles or auditing standards were discussed:

- No matters are reportable

During the Audit Process

During the audit process, the following issues were discussed or were the subject of correspondence with management:

- No matters are reportable

Difficulties Encountered in Performing the Audit

Our audit requires cooperative effort between management and the audit team. During our audit, we found significant difficulties in working effectively on the following matters:

- No matters are reportable other than the difficulty in receiving timely information and requests from Principal, which were primarily limited to the actuary report for the pension benefit obligation, census and draft 5500.

Significant Related-Party Findings

We would like to communicate the following significant findings or issues that arose during our audit, related to the Plan's related-party activity:

- No matters are reportable

Other Material Communications

Listed below are other material communications between management and us related to the audit:

- Management representation letter (see Attachments)

Forvis Mazars Internal Control Communication

OneSource Employees' Retirement Pension Plan

Communication Regarding Internal Control Related Matters Identified in an Audit

December 31, 2025

Required Communications Regarding Internal Control (AU-C 265)

Consideration of Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements of OneSource Employees' Retirement Pension Plan as of and for the year ended December 31, 2025, in accordance with auditing standards generally accepted in the United States of America (GAAS), we considered the Plan's internal control over financial reporting (internal control).

This consideration served as a basis for designing our audit procedures that are appropriate in the circumstance for the purpose of expressing our opinion on the financial statements.

However, this consideration was **not** for the purpose of expressing an opinion on the effectiveness of the Plan's internal control.

Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraphs and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that were not identified.

This communication is intended solely for the information and use of the following and is not intended to be, and should not be, used by anyone other than these specified parties:

- Plan Administrator and Trustee
- Others within the Plan

Categorizing Deficiencies by Severity

Deficiency

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis.

Significant Deficiency

A significant deficiency is a deficiency, or combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Material Weakness

A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that material misstatements of the Plan's financial statements will not be prevented or detected and corrected on a timely basis.

Identified Deficiencies

We identified certain deficiencies in internal control that we consider to be a significant deficiency and others we consider deficiencies.

Significant Deficiencies

- Required Minimum Distributions - Internal Revenue Service regulations and Article II of the Plan Document required that participants that have attained 73 years of age are required to received required minimum distributions ("RMDs"). After detailed review of the census, it was determined that there are potentially 185 active participants that might qualify for receiving RMDs.

  In communication with the third-party administrator ("TPA"), the accounts are considered active as someone has signed and returned a registered letter, which is the TPA's process to validate the address of the participant and keep an account as active. However, the TPA does not believe their process is sufficient to validate that the letter was received by the beneficiary and requires a signed distribution form to process and begin RMDs.

  We recommend that the Plan institute a process to ensure participant RMDs being at 73 years of age to ensure compliance with IRS regulations and the Plan Document.

Deficiencies

- Participant Data and Fiduciary Responsibility - For the Plan, the census is the primary record detail of participant information. In our procedures, we noted that Plan management does not perform a review or reconciliation of census data and relies solely on Principal for the completeness and accuracy of the participant information. We recommend that the Plan institutes policies to ensure that evidence of fiduciary responsibilities are performed and documented. Specifically, we recommend that at least annually information and changes made to the census data is correct and complete and that a reconciliation be performed periodically to ensure their consistency. Further, we recommend that supporting information for changes made (i.e., forfeitures, deaths, etc.) are retained.

- Personnel Support - The plan sponsor cannot locate participants' personnel file for participants who are terminated vested or retired, and in some cases for actives. Per discussion with plan management, the personnel files were retained by the original actuarial firm for the pension plan. When AON Consulting acquired the actuarial firm, no participant personnel files were kept, and when the Plan was transferred to Principal personnel info was grandfathered in. The plan was frozen in 1989 and no new employees can enter the plan, therefore AON and subsequently Principal only kept the data stored in their system. We note ultimately as the Plan sponsor it is their fiduciary responsibility to retain support for this information.
- Retiree Death Support - We noted retirees stopped receiving monthly benefit payments during the 2025 Plan year. We were unable to obtain a death support for the retirees from Principal, however, they agreed their payments stopped and they should be removed from the retiree listing. We recommend all support for stop payments be retained at the time of notification.
- Investment Oversight Documentation - During our review of governance documentation, we noted the Plan was not specifically referenced in pension committee meeting minutes during the year. Management indicated the Plan remains an agenda item; however, due to its frozen status and limited activity, no matters arose that warranted discussion. While we believe overall Plan oversight remains appropriate, we recommend management formally document an annual review of Plan investments through committee minutes or other retained evidence to demonstrate ongoing fiduciary monitoring and oversight of Plan assets.
- SOC 1, Trust Report and Actuary Report Review - We note while the Plan does have a Retirement Committee that meets regularly to discuss the Plan, no formal documentation of review of the Principal Trust Report, SOC 1 or annual Actuary Report is performed. We recommend these three reports are reviewed for accuracy and to ensure the entity has the appropriate CEUCs in place as recommended by the SOC 1.

The undersigned ("We") are providing this letter in connection with Forvis Mazars' audits of the financial statements of OneSource Employees' Retirement Pension Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Our representations are current and effective as of the date of Forvis Mazars' report: October 14, 2026.

Our engagement with Forvis Mazars is based on our contract for services dated: March 30, 2026.

Our Responsibility & Consideration of Material Matters

We confirm that we are responsible for the fair presentation of the financial statements subject to Forvis Mazars' report in conformity with accounting principles generally accepted in the United States of America and for the fair presentation of the accompanying supplemental schedules in conformity with the Department of Labor's (DOL) Rules and Regulations under the *Employee Retirement Income Security Act of 1974* (ERISA).

We are also responsible for adopting sound accounting policies; establishing and maintaining effective internal control over financial reporting, operations, and compliance; and preventing and detecting fraud.

We elected to have the audit(s) of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. We acknowledge that the audit(s) did not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier, that is regulated, supervised and subject to periodic examination by a state or federal agency, a qualified institution, that prepared and certified the investment information in accordance with 29 CFR 2520.103-5 of the DOL Rules and Regulations for Reporting and Disclosure under ERISA. We have determined that an ERISA Section 103(a)(3)(C) audit is permissible under the circumstances. We have also determined that the investment information is prepared and certified by a qualified institution as described by 29 CFR 2520.103-8, that the certification meets the requirements in 29 CFR 2520.103-5 and, that the certified investment information is appropriately measured, presented, and disclosed in accordance with accounting principles generally accepted in the United States of America.

The purpose of an ERISA Section 103(a)(3)(C) audit is to express an opinion on whether the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with generally accepted accounting principles and that the assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the certified investment information.

Certain representations in this letter are described as being limited to matters that are material. Items are

considered material, regardless of size, if they involve an omission or misstatement of accounting information that, in light of surrounding circumstances, makes it probable that the judgment of a reasonable person relying on the information would be changed or influenced by the omission or misstatement. An omission or misstatement that is monetarily small in amount could be considered material as a result of qualitative factors.

Confirmation of Matters Specific to the Subject Matter of Forvis Mazars' Report

We confirm, to the best of our knowledge and belief, the following:

Broad Matters

1. We have fulfilled our responsibilities, as set out in the terms of our contract, for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America .

2. We acknowledge our responsibility for the design, implementation, and maintenance of:

    a. Internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

    b. Internal control to prevent and detect fraud.

3. We have provided you with:

    a. Access to all information of which we are aware that is relevant to the preparation and fair presentation of the financial statements, such as financial records and related data, documentation, and other matters.

    b. The most current Plan instrument for the audit period, including all Plan amendments.

    c. A draft of the Form 5500 that is substantially complete.

    d. Additional information that you have requested from us for the purpose of the audit.

    e. Unrestricted access to persons within the Plan from whom you determined it necessary to obtain audit evidence.

    f. All minutes of the plan sponsor or other committee meetings held through the date of this letter or summaries of actions of recent meetings for which minutes have not yet been prepared. All unsigned copies of minutes provided to you are copies of our original minutes approved by the administrative committee, if applicable, and maintained as part of our records.

    g. All significant contracts.

4. We have disclosed to you all instances in which artificial intelligence (AI) systems or tools were used related to financial reporting, internal controls, and other processes relevant to the financial statements. We acknowledge our responsibility for the design, implementation, and maintenance of internal controls related to the use of AI.

5. We acknowledge the Plan does not meet the definition of a "public entity" under generally accepted accounting principles.

6. We have responded fully and truthfully to all your inquiries.

Plan Design & Operations

7. We acknowledge our responsibility for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the ERISA plan financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants to determine the benefits due or which may become due to such participants.

8. The Plan is qualified under the appropriate section of the Internal Revenue Code, and we intend to continue them as a qualified Plan and trust. We do not have any intention at present to terminate the Plan. Required nondiscrimination testing under the appropriate Code Sections has been completed for the Plan, and any excess contributions have been disposed of in accordance with regulations.

9. The Plan instrument has not been amended during the year.

10. The Plan obtained its latest determination letter on July 23, 2012, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, we believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, we believe that the Plan was qualified, and the related trust was tax-exempt as of the financial statement date.

11. The Plan has complied with the fidelity bonding requirements of ERISA.

12. The Plan has made no investments during the year that violate the terms of the Plan or Trust Agreement.

13. The Plan provisions at the date of this letter are the same as those at the actuarial valuation date.

14. The participant data that we provided the Plan's actuary for the purposes of determining the actuarial present value of accumulated Plan benefits and other actuarially determined amounts in the financial statements were complete.

15. We agree with the actuarial methods and assumptions that the actuary used for funding purposes and for determining accumulated Plan benefits and know of nothing that would make such methods or assumptions inappropriate in the circumstances.

16. Except as disclosed in the financial statements, the actuarial methods or assumptions used in calculating amounts recorded or disclosed in the financial statements have not been changed since the previous year.

17. We have reviewed the reports of all transactions processed by third-party servicers, and, based on our review, we believe the transactions shown in the reports are valid and in accordance with our instructions to the third-party processor. We also have had no communications from any of the Plan's service organizations regarding any fraud, noncompliance with laws and regulations, or uncorrected misstatements.

18. As applicable, we have complied with the DOL's regulations concerning the services provider fee disclosures in accordance with Section 408(b)(2).

19. We understand the values of the assets and liabilities recorded in the financial statements could change rapidly, resulting in material future adjustments to investment values that could negatively impact the Plan. We acknowledge that you have no responsibility for future changes caused by the current economic environment and the resulting impact on the Plan's financial statements.

Further, the Plan Sponsor is solely responsible for all aspects of managing the Plan, including questioning the quality and valuation of investments.

20. We have evaluated whether there are conditions or events known or reasonably knowable, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year of the date of this letter without consideration of potential mitigating effects of management's plans not yet fully implemented and concluded substantial doubt does not exist.

Misappropriation, Misstatements, & Fraud

21. We have informed you of all current risks of a material amount that are not adequately prevented or detected by our procedures with respect to:

    a. Misappropriation of assets.
    b. Misrepresented or misstated assets or liabilities.

22. We have no knowledge of fraud or suspected fraud affecting the Plan involving:

    a. Management or employees who have significant roles in internal control over financial reporting, or
    b. Others when the fraud could have a material effect on the financial statements.

23. We have no knowledge of any allegations of fraud or suspected fraud affecting the Plan received in communications from participants, former participants, regulators, third-party servicers or others.

24. We have assessed the risk that the financial statements may be materially misstated as a result of fraud and disclosed to you any such risk identified.

Related Parties & Parties-in-Interest

25. We have disclosed to you the identity of all of the Plan's related parties and parties-in-interest and all the related-party and party-in-interest relationships of which we are aware.

    In addition, we have disclosed to you all related-party transactions and amounts receivable from or payable to related parties of which we are aware, including any modifications during the year that were made to related-party transaction agreements which existed prior to the beginning of the year under audit, as well as new related-party transaction agreements that were executed during the year under audit.

    Related-party relationships and transactions have been appropriately accounted for and disclosed in accordance with accounting principles generally accepted in the United States of America.

26. We understand that the term related-party refers to:

    - Affiliates
    - Entities for which investments are accounted for by the equity method
    - Trusts for the benefits of employees, such as pension and profit-sharing trusts that are managed by or under the trusteeship of management
    - Principal owners and members of their immediate families

- Management and members of their immediate families
- Any other party with which the Plan may deal if one party can significantly influence the management or operating policies of the other to an extent that one of the transacting parties might be prevented from fully pursuing its own separate interests.

Another party is also a related party if it can significantly influence the management or operating policies of the transacting parties or if it has an ownership interest in one of the transacting parties and can significantly influence the other to an extent that one or more of the transacting parties might be prevented from fully pursuing its own separate interests.

The term affiliate refers to a party that directly or indirectly controls, or is controlled by, or is under common control with, the Plan.

Litigation, Laws, Rulings & Regulations

27. Neither the Plan nor the Plan Sponsor are aware of any pending or threatened litigation or claims whose effects should be considered when preparing the financial statements. Neither the Plan nor the Plan Sponsor have sought or received attorney's services related to pending or threatened litigation or claims during or subsequent to the audit period. Also, we are not aware of any litigation or claims, pending or threatened, for which legal counsel should be sought.

28. We have no knowledge of communications, other than those specifically disclosed, from regulatory agencies, governmental representatives, employees, or others concerning investigations or allegations of noncompliance with laws and regulations, deficiencies in financial reporting practices, or other matters that could have a material adverse effect on the financial statements.

29. We have disclosed to you all known instances of violations or noncompliance or possible violations or suspected noncompliance with laws and regulations whose effects should be considered when preparing financial statements or as a basis for recording a loss contingency.

30. We have apprised you of all communications, written or oral, with regulatory agencies concerning the operation of the Plan.

Nonattest Services

31. You have provided nonattest services, including the following, during the period of this engagement:

    - Preparing a draft of the financial statements and related notes and supplemental schedules
    - Preparing entries to convert cash basis accounting records to accrual basis accounting records

32. With respect to these services:

    a. We have designated a qualified management-level individual to be responsible and accountable for overseeing the nonattest services.
    b. We have established and monitored the performance of the nonattest services to ensure they meet our objectives.
    c. We have made any and all decisions involving management functions with respect to the nonattest services and accept full responsibility for such decisions.

d. We have evaluated the adequacy of the services performed and any findings that resulted.

e. We have established and maintained internal controls, including monitoring ongoing activities.

f. When we receive final deliverables from you we will store those deliverables in information systems controlled by us. We have taken responsibility for maintaining internal control over these deliverables.

Financial Statements & Reports

33. We have reviewed and approved a draft of the financial statements and related notes referred to above, which you prepared in connection with your audit of our financial statements. We acknowledge that we are responsible for the fair presentation of the financial statements and related notes.

34. With regard to the supplemental schedules:

    a. We acknowledge our responsibility for the fair presentation of the supplemental schedules including their form and content in conformity with relevant regulatory requirements or other applicable criteria.

    b. The methods of measurement and presentation of the supplemental schedules are unchanged from those used in the prior period, and we have disclosed to you any significant assumptions or interpretations underlying the measurement and presentation of the supplemental schedules.

    c. We believe the significant assumptions or interpretations underlying the measurement and/or presentation of the supplemental schedules are reasonable and appropriate.

    d. The supplemental schedules, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Transactions, Records, & Adjustments

35. All transactions have been recorded in the accounting records and are reflected in the financial statements.

36. We have everything we need to keep our books and records.

37. We have disclosed any significant unusual transactions the Plan has entered into during the period, including the nature, terms, and business purpose of those transactions.

38. There are no uncorrected misstatements or omitted disclosures.

Accounting & Disclosure

39. We are not aware of any side agreements or other arrangements (either written or oral) that are in place.

40. Except as reflected in the financial statements, there are no:

    a. Plans or intentions that may materially affect carrying values of assets, liabilities or net assets.

    b. Material transactions omitted or improperly recorded in the financial records.

    c. Material unasserted claims or assessments that are probable of assertion or other gain/loss

contingencies requiring accrual or disclosure in accordance with Accounting Standards Codification (ASC) Topic 450, *Contingencies*, including those arising from environmental remediation obligations.

d. Events occurring subsequent to the date of the statement of net assets available for benefits through the date of this letter, which is the date the financial statements were available to be issued, requiring adjustment or disclosure in the financial statements.

e. Reportable transactions as defined in Section 103(b)(3)(H) of ERISA.

41. Except as disclosed in the financial statements, the Plan has:

    a. Satisfactory title to all recorded assets, and those assets are not subject to any liens, pledges, or other encumbrances.

    b. Complied with all aspects of contractual agreements, for which noncompliance would materially affect the financial statements.

42. The Plan has used the work of a specialist for actuarial valuation and determination of the pensions benefit obligation disclosed in the financial statements. We agree with the findings of specialists in evaluating the accuracy and valuation of the calculations and have adequately considered the qualification of the specialists in determining the amounts and disclosures used in the financial statements and underlying accounting records. We did not give or cause any instructions to be given to the specialists with respect to the values or amounts derived in an attempt to bias their work, and we are not otherwise aware of any matters that have had impact on the independence or objectivity of the specialists.

Receivables

43. Adequate allowances have been accrued for any material losses from uncollectible receivables.

Estimates

44. We have identified all accounting estimates that could be material to the financial statements, and we confirm the appropriateness of the methods and the consistency in their application, the accuracy and completeness of data, and the reasonableness of significant assumptions used by the Plan in making the accounting estimates, including those measured at fair value reported in the financial statements.

45. Significant estimates that may be subject to a material change in the near term have been properly disclosed in the financial statements. We understand that “near term” means the period within one year of the date of the financial statements. In addition, we have no knowledge of concentrations, which refer to volumes of loans, investments, or deposits, existing at the date of the financial statements that would make the Plan vulnerable to the risk of severe impact in the near term that have not been properly disclosed in the financial statements.

Fair Value

46. With respect to the fair value measurements of financial assets and liabilities, recognized in the financial statements or disclosed in the notes thereto:

    a. The underlying assumptions are reasonable and they appropriately reflect management’s intent and ability to carry out its stated course of action.

    b. The measurement methods and significant assumptions used in determining fair value are appropriate in the circumstances for financial statement measurement and disclosure

purposes and have been consistently applied.

c. The significant assumptions appropriately reflect market participant assumptions.

d. The disclosures related to fair values are complete, adequate, and in conformity with accounting principles generally accepted in the United States of America.

e. There are no subsequent events that require adjustments to the fair value measurements and disclosures included in the financial statements.

Investments

47. Investments are properly measured at fair value.. Investments measured at fair value include:

    a. Investments with a readily determinable fair value that are reported at net asset value (NAV) per share/unit.

    b. Investment values determined using NAV as a practical expedient.

Tax Matters

48. We understand the potential penalties for failure to disclose reportable tax transactions to the taxing authorities and have fully disclosed to Forvis Mazars any and all known reportable tax transactions.

49. We acknowledge that any delay in filing the audit report and the Form 5500 on a timely basis is our responsibility, and the penalties, if any, associated with such delays are our responsibility.

SCHEDULE H, line 4i - SCHEDULE OF ASSETS (HELD AT END OF YEAR)

Assumptions prescribed by law

Mortality

Before benefit payment period

IRS Prescribed Mortality - Generational Non-annuitant, male and female.

During benefit payment period

IRS Prescribed Mortality - Generational Annuitant, male and female.

Assumptions selected by actuary

Inflation

2.40% increase per year.

Our long-term inflation assumption considered the current economic environment, recent and historical data, and forecasts from Federal Reserve Bank FOMC, Congressional Budget Office, and Survey of Professional Forecasters. See Long-Term Capital Market Assumptions link.

Asset return

4.50% for the current plan year.

The asset return is developed as a weighted average rate based on the target asset allocation of the plan and the long-term capital market assumptions. The calculated return is on an arithmetic mean basis. For details, see the Long-Term Capital Market Assumptions link.

Expected expense

The expected expense included in target normal cost is an estimate based on prior year expenses paid from plan assets, with an updated estimate of PBGC premiums. This is the best estimate available of upcoming year's expenses.

Retirement

Inactive participants

Age	Probability of retirement
65	100%
66	25%
67	25%
68	25%
69	25%
70+	100%

Active participants are assumed to retire at age 65.

We don't have the plan experience necessary to directly set this assumption; therefore, we are relying on the assumption set by the prior actuary. This assumption is reasonable with the plan's design. As we gain plan experience, we will monitor and make appropriate adjustments in the future.

Disability

Age	Male rate of disability	Female rate of disability
25	0.015%	0.025%
40	0.035%	0.05%
55	0.18%	0.245%

We don't have the plan experience necessary to directly set this assumption; therefore, we are relying on the assumption set by the prior actuary. This assumption is reasonable with the plan's design. As we gain plan experience, we will monitor and make appropriate adjustments in the future.

Marriage

85% married; husbands are 3 years older than wives.

This assumption does not have material impact on the results of this report and has been selected based on our best estimate of active workforce.

Withdrawal

Selected rates of withdrawal are shown below:

Age	Rate of withdrawal
25	5.29%
40	3.50%
55	0.00%

Form of benefit and basis

100% of active participants will elect a benefit paid in a lump sum at the assumed retirement ages.

Participants who are already terminated on the valuation date are assumed to elect a single sum payable at the assumed retirement age.

The lump sum benefit is based on the Applicable Mortality and the plan's funding target interest rates, as prescribed.

We don't have the plan experience necessary to directly set this assumption; therefore, we are relying on the assumption set by the prior actuary. This assumption is reasonable with the plan's design. As we gain plan experience, we will monitor and make appropriate adjustments in the future.

Methods prescribed by law

Liability measure

Funding target is the present value of the benefits accrued on the valuation date. Included in Funding Target is the value of any missed required minimum distributions (defined in IRC §401(a)(9) and Treasury Regulation §1.401(a)(9)), equal to back payments with interest at 8.00%.

Target normal cost is based on benefits expected to accrue during the current plan year and includes an estimate of plan expenses for the year.

Forfeitures

Terminated vested participants over age 65 where due diligence has been done to attempt to locate, including sending registered letters, will have their benefits assumed to be forfeited under the plan.

Methods selected by plan sponsor

Asset method

The asset valuation method is prescribed by law for plans that elect to use a value other than market value.

For each of the preceding two years, an expected value of assets at the end of the year is compared to the end of year market value. The resulting gain or loss is recognized evenly over three plan years.

The expected value includes contributions, distributions, any deducted administrative expenses, and expected earnings (based on the lesser of the assumed interest rate or the maximum allowable rate). The deferred gains and losses are added to the current market value and then restricted to no more than 110% and no less than 90% of that market value.

When actual returns exceed the assumed return, the actuarial value of assets will lag below market value. The lag and the smoothing effect are limited since the value must be within 10% of market value.

Segment rates

24-month average with no weighting to prior law basis. Use rates where August is the last month included in the average.

PBGC premium basis

Variable rate premiums are calculated using census, market value of assets and the one-month average of corporate bond rates in effect on the valuation date. You elected this Standard interest method for the 01/01/2023 plan year and the method must be used for five years before a change can be made.

Segment 1 years 0-5	Segment 2 years 5-20	Segment 3 years 20+
4.65%	5.28%	5.63%

Methods elected by actuary

Retirees

Assets and liabilities for current and future retirees are included.

Vested benefits

A benefit is included in vested benefits if it meets the requirements under PBGC. The benefit is multiplied by the participant's vesting percentage applicable to each benefit on the valuation date.

The following ancillary benefits are always treated as nonvested: disability benefits payable to retirement age unless in pay status, pre-retirement death benefits in excess of the survivor annuity death benefit and post retirement death benefits for non-retired participants except as noted in the Plan provisions.

Assumptions and methods elected by actuary - plan accounting (ASC 960)

With the exceptions below, all assumptions and methods are the same as those used in determining your plan's regular funding target and target normal cost.

Mortality	Based on Pri-2012 Total dataset base rate mortality table projected generationally using MP-2021.
Mortality base rates	Before benefit payment period Employee amount-weighted, male and female During benefit payment period Retiree amount-weighted, male and female The Society of Actuaries (SOA) is an actuarial organization that periodically reviews mortality data and publishes mortality tables and improvement scales. In October 2019, the SOA released the Pri-2012 Mortality Tables for private-sector retirement plans in the U.S. The Pri-2012 report contains different sets of mortality tables based on complete dataset or various subsets. The Total dataset base rate table was selected based on information provided by the plan sponsor. Pri-2012 section 12.4. provided three approaches for designated beneficiaries in the calculation of joint-and-survivor annuities. We believe "Approach 1" is reasonable for this plan.
Mortality improvement	MP-2021 is the most recent improvement scale published by the SOA in October 2021. In selecting this assumption, we considered the other parameters available in the MIM-2021-v4 application tool issued by the SOA in October 2023 and consider the selections in MP-2021 reasonable. Based on the sponsor's input, plan experience does not show a need for long-term excess death or Covid death load adjustments.
Interest rate used to value liabilities	4.50% The interest rate used to value ASC 960 liabilities is developed as long-term expected geometric return on plan assets. Arithmetic expected return is calculated as the weighted average of broad asset classes' arithmetic returns of the plan's target asset allocation, and then converted to the geometric under lognormal distribution assumption. For details, see Long-Term Capital Market Assumptions link.

Treatment of administrative expenses	No adjustments are made for administrative expenses, either through a reduction in the discount rate or by calculating a present value of future expenses. Plan sponsors may change their administrative expense handling at any time. Our approach provides consistent handling of ASC 960 liabilities from year to year, whether expenses are paid with plan assets or directly by the employer. Note - expenses paid with plan assets are required to be included in funding normal cost. As a result, the plan is reimbursed annually through required funding. Exception – contributions are not required due to assets sufficiently in excess of liabilities to fund both expenses and normal cost. In this case, administrative expenses are taken from the excess assets.
Basis for lump sums	Interest rate IRC §417(e) segment rates as of November 2024 that are tied closed to high quality corporate bond yields. 4.66%/5.25%/5.57% We don't have the plan experience necessary to directly set this assumption; therefore, we are relying on the assumption set by the prior actuary. This assumption is reasonable with the plan's design. As we gain plan experience, we will monitor and make appropriate adjustments in the future. Mortality IRS Prescribed lump sum mortality for 2024. Future years are projected to decrement date with SOA mortality improvement scale MP-2021 as adjusted by the IRS Document Number 2023-23267. This assumption reflects current law as provided by the IRS.

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

The market value of assets on line 2a does not equal assets shown on Schedule H, Schedule I or Form 5500-SF. Schedule H, Schedule I and Form 5500-SF use the full value of contributions received after plan year end. Line 2a includes the value of $80,177 contributions received after the plan year end with a discounted value of $77,516.

Schedule SB, Line 22 - Description Of Weighted Average Retirement Age
OneSource Employees' Retirement Pension Plan
EIN 13-2598740 Plan No. 001

The weighted average retirement age is weighted by the expected percentage of active participants retiring at each age. The retirement rate reflects only those participants who meet retirement eligibility. An active participant working past assumed retirement age is expected to retire at current age.

Schedule SB, Part V - Summary of Plan Provisions
OneSource Employees' Retirement Pension Plan
EIN 13-2598740 Plan No. 001

This report reflects the maximum benefit limits under Internal Revenue Code (IRC) Section 415 and maximum compensation limits under IRC Section 401 in effect on the first day of each plan year.

The following is a summary of plan provisions and does not alter the intent or meanings of the provisions contained in the contract or plan document. This report reflects the provisions of the plan signed 01/26/2011 including amendments signed through 04/11/2024.

Plan eligibility

Age	Attained age 21.
Service	One year of service in which at least 1,000 hours worked.
Class	On and after December 31, 1993, no employee shall become an active participant.

Normal retirement benefit

Age	Attained age 65.
Form	Monthly annuity payable for life (optional forms may be elected in advance of retirement).
Amount (accrued benefit)	OneSource employees: 45% of Average Compensation, offset by 83 1/3% of Primary Insurance Amount, computed to the nearest cent. For participants who are projected to have earned less than 30 years of vesting service as of the end of the Plan Year in which they attain Normal Retirement Age, the percentage of Average Compensation shall be reduced by 1/30 for each such year of vesting service less than 30. NCC Salaried employees: The sum of (a) plus (b) for each year of accrual service after 12/31/1989, plus (c) but not less than (d): (a) .85% of Compensation up to $9,000 (b) 1.5% of Compensation in excess of $9,000 (c) Prior pension plan benefit as of 12/31/1989 (d) Accrued pension under the terms of the plan in effect on 9/30/1992 NCC Hourly employees: $30 for each year of accrual service prior to 10/1/1989; and $48 for each year of accrual service on or after 10/1/1989 Effective December 31, 1993 all employee group benefits were frozen.

Early retirement benefit

Age	Attained age 55.
Service	OneSource: Completed 11 years of service. NCC Salaried or Hourly: Completed 10 years of service.
Form	Same as normal retirement benefit.
Amount	Accrued benefit on early retirement date reduced by 6 2/3% for each year up to five and 3 1/3% for each year between five and ten that the early retirement date precedes normal retirement date.

Late retirement benefit

Age	No maximum age.
Form	Same as normal retirement benefit.
Amount	Greater of accrued benefit on late retirement date or accrued benefit on normal retirement date actuarially increased to late retirement date.

Termination benefit

Vesting percentage	100% for all participants at the time of the plan freeze.
Form	Same as normal retirement benefit with income deferred until normal retirement date.
Amount	Accrued benefit on date of termination multiplied by the vesting percentage.

Disability benefit

Eligibility	Must become disabled under definition of totally and permanently disabled prior to age 55.
Service	11 years of vesting service or 20 years of accrual service.
Form	Monthly income payable until death and a deferred annuity payable at the normal retirement date.
Amount	Equal to the accrued benefit as of April 30, 1989 reduced to reflect payments made prior to normal retirement date. The full accrued benefit is then payable at normal retirement date.

Survivor annuity death benefit (a vested benefit)

Eligibility	Qualified married participant fully or partially vested in an accrued benefit.
Form	Monthly annuity payable to spouse, deferred to participant's earliest retirement date if later than the date of death.
Amount	If death occurs, the amount paid to the surviving spouse is equal to the amount that would have been paid had the participant terminated employment on the date of death and survived to his/her earliest retirement age, retired with a qualified joint and 50% survivor annuity in effect, then died the next day.

Definitions

Average compensation

The average of the highest five consecutive plan years of compensation paid during all years preceding the participant's retirement, death or other termination of service.

Optional forms of benefit payments

The optional forms of benefit payments are:

- Monthly annuity payable for 5 or 10 years certain and life.
- Monthly annuity payable as a survivorship life annuity with survivorship percentages of 50, 66 2/3, 75, or 100.
- Life annuity with a full cash refund equal to the amount, if any, by which the following is in excess of the total payments received at date of death.
- Single sum equal to the present value of the retirement benefit

The optional form conversion basis is 7% interest (OneSource) or 8% interest (NCC Salaried and Hourly) and the UP-1984 Mortality table for payments other than lump sums.

Lump sum provisions

Small amount force out (SAFO) – allowed up to $7,000.
Lump sums in excess of SAFO - allowed at termination of employment and retirement.
Conversion – greater of the deferred or immediate rate with early retirement factor based on the applicable interest rate and applicable mortality table as set forth in Code Section 417. The applicable interest rate uses the second calendar month preceding the first day of the stability period which is the plan year.

Changes in Principal Eligibility or Benefit Provisions

There have been no changes in principal eligibility or benefit provisions since the last valuation.

Significant Event

The enrolled actuary has not been made aware that any significant events have occurred during the year.

Independent Auditor's Report

Retirement Plan Administrative Committee of ABM Industries, Inc.
OneSource Employees' Retirement Pension Plan
Houston, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of OneSource Employees' Retirement Pension Plan (the "Plan"), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedules listed in the table of contents are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1. Description of the Plan

The following description of the OneSource Employees' Retirement Pension Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined benefit plan, which was frozen by International Service System, Inc. ("ISS") effective April 30, 1989. ISS subsequently changed its name to OneSource Holdings, LLC (the "Company"). The Company is a wholly-owned and indirect subsidiary of ABM Industries, Inc. ("ABM"). The Plan was available to all non-union employees who had been employed by ISS for the specified time, as defined by the Plan.

In June 1993, ISS acquired National Cleaning Group, Inc. ("National"). Effective December 31, 1993, the Retirement Plans for Employees of National Cleaning Contractors, Inc. and its Participating Affiliated Companies ("Salaried Plan") and the Retirement Plan for Hourly-Paid Employees of National Cleaning Contractors, Inc. and its Participating Affiliated Companies ("Hourly Plan") were frozen and merged into the ISS Plan. Hereafter, the three plans are collectively referred to as the Plan. All participants of National's Salaried Plan and Hourly Plan remain subject to the rules of their originating plan documents before the merger.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company is the trustee of the Plan.

The Plan is administered by the Retirement Plan Administrative Committee at ABM ("Committee"), which was appointed by the Board of Directors of the Company. The Committee has overall responsibility for the operation and administration of the Plan. The Committee determines the appropriateness of the Plan's provisions and monitors the Plan's performance.

Pension Benefits

At December 31, 2025 and 2024, all participants are fully vested in the Plan and eligible to receive retirement benefits upon attaining retirement age. As the three plans are frozen, no additional benefits have been earned after April 30, 1989 for participants of the ISS Plan and after December 31, 1993 for participants of National's Salaried Plan and Hourly Plan. However, nonvested participants at that date were eligible to vest in benefits accrued to that date upon completion of the vesting service requirement.

For salaried participants, normal retirement benefits for each year of eligible service are equal to 0.85% of the first $9,000 of compensation plus 1.5% of any portion of compensation over $9,000. For hourly participants, members who attain the normal retirement age are entitled to receive an annual pension benefit up to a maximum of $48 for each year of service after January 1, 1990. For the ISS Plan's original participants at April 30, 1989, normal retirement benefits are 1.5% of defined compensation multiplied by benefit accrual years (not in excess of 30 years), less 83-1/3% of the employee's projected Social Security benefit. The ISS Plan provides that in no event shall the Social Security offset result in a participant receiving less than 30% of the participant's normal retirement benefit.

The Plan's normal retirement age is 65 years. Early retirement benefits are available at a reduced amount, beginning at age 55 or as early as age 50 if required years of service have been credited.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Estimates

The preparation of financial statements in conformity with GAAP requires the plan administrator to make estimates and assumptions that affect certain reported amounts of net assets available for benefits and changes therein, disclosure of contingent assets and liabilities, and the actuarial present value of accumulated Plan benefits at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Employer Contributions and Contribution Receivable

Employer contributions are recognized in the period in which the related obligation is incurred. Contributions due to the Plan but not received as of year-end are recorded as employer contribution receivable.

Benefit Payments

Benefit payments are recorded when paid to terminated participants or retirees.

Administrative Expenses

The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the Plan document. Certain administrative functions are performed by employees of the Company. No such employee receives compensation from the Plan. In addition, certain investment-related expenses are included in net appreciation of fair value of investments.

Note 3. Funding Policy

Contributions to provide benefits under the Plan are made solely by the Company. The Company's funding policy is to make contributions in amounts sufficient to meet applicable minimum funding requirements. Contributions are recorded by the Plan at the amounts received or receivable. Amounts used in actuarial funding calculations may differ because of actuarial timing and discounting conventions.

Note 4. Actuarial Present Value of Accumulated Plan Benefits

Accumulated Plan benefits are those estimated future periodic payments, including lump-sum distributions, which are attributable under the Plan's provisions to vested participants whose benefit was calculated when the Plan was frozen. Accumulated Plan benefits include vested benefits expected to be paid to (1) retired or terminated participants or beneficiaries, (2) beneficiaries of participants who have died, and (3) active participants or their beneficiaries.

The actuarial present value of accumulated benefits is determined by the Actuary and is that amount that results from applying actuarial assumptions to adjust the accumulated benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment. The Plan's computations of the actuarial present value of accumulated plan benefits were made as of December 31, 2025, and 2024.

The significant actuarial assumptions used in the valuation as of December 31, 2025 and 2024 include (a) a discount rate of 4.75% and 4.50% for 2025 and 2024, respectively, (b) return on investment rates of 4.75% and 4.50% for 2025 and 2024, respectively, (c) no adjustments are made for administrative expenses, (d) inflation rate of 2.40% for 2025 and 2024, (e) all employees will retire by the age of 65; and (f) mortality will occur as stated in the Pri-2012 Total dataset base rate mortality table, projected generationally using improvement scale MP-2021. The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated Plan benefits.

Under the above assumptions, the actuarial present value of accumulated Plan benefits, as of December 31, 2025 and 2024, were as follows:

	2025	2024
Actuarial present value of accumulated Plan benefits:		
Participants currently receiving payment	$ 1,027,882	$ 1,135,896
Vested benefits – active and terminated participants	6,084,084	5,797,352
Total actuarial present value of accumulated Plan benefits	$ 7,111,966	$ 6,933,248

Changes in the actuarial present value of accumulated Plan benefits for the year ended December 31, 2025, were as follows:

Actuarial present value of accumulated Plan benefits at December 31, 2024:	$ 6,933,248
Increase (decrease) during the year attributable to:	
Interest accumulation	306,942
Benefits paid to participants	(227,120)
Assumption changes	(5,725)
Benefits accumulated	104,621
Net change	178,718
Actuarial present value of accumulated Plan benefits at December 31, 2025	$ 7,111,966

Note 5. Certification of Plan Trustee

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee, a qualified institution, has certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedules is complete and accurate:

	2025	2024
Statements of Net Assets Available for Benefits		
Investments at fair value	$ 5,333,386	5,492,752
Statement of Changes in Net Assets Available for Benefits		
Net appreciation in fair value of investments	$ 346,659	
Other income	3,824	

Investment information included in the accompanying Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025, and Schedule H, Line 4j - Schedule of Reportable Transactions for the year then ended.

The Plan's independent auditors did not perform auditing procedures with respect to this certified information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

Note 6. Fair Value Measurements

Fair value as defined under GAAP is an exit price, representing the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. GAAP establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value. These tiers include:

Level 1 Observable inputs such as quoted prices in active markets.

Level 2 Inputs other than quoted prices in active markets that are either directly or indirectly observable.

Level 3 Unobservable inputs about which little or no market data exists, therefore requiring an entity to develop its own assumptions.

Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the valuation of fair value assets and liabilities and their placement within the fair value hierarchy levels.

There have been no changes in the methodologies used at December 31, 2025 and 2024. The following is a description of the valuation methodologies used for assets measured at fair value.

Pooled Separate Accounts
The Plan invests in pooled separate accounts for which quoted prices are not available in active markets for identical instruments. The Plan utilizes the NAV of units, as determined by the qualified institution, as the estimated fair value. Because quoted prices in active markets for identical assets are not available, these prices are determined using observable market information such as quotes from less active markets and/or quoted prices of securities with similar characteristics.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2025 and 2024. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	Fair Value at December 31, 2025	Fair Value at December 31, 2024	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Pooled separate accounts	$ 5,333,386	$ 5,492,752	None	Daily	None

Gains and losses (realized and unrealized) included in changes in net assets for the period above are reported in net appreciation in fair value of investments in the statement of changes in net assets available for benefits.

Note 7. Related Party and Party-In-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association or relatives of such persons.

Fees paid by the Plan for the investment management services were approximately $261,000 for the year ended December 31, 2025 and qualify as exempt party-in-interest transactions.

Note 8. Tax Status

The Internal Revenue Service ("IRS") has informed the Company by a determination letter dated July 23, 2012, that the Plan as amended and its related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, credit risks, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term could be material to the financial statements.

Note 10. Plan Termination

Although it has not expressed any intentions to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of termination, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

Priority I To each participant's accrued benefit derived from the participant's voluntary contributions.

Priority II To each participant's accrued benefit derived from the participant's mandatory contributions made under any provision.

Priority III To the extent permitted by ERISA, to provide accrued benefits for each participant who prior to the effective date of the termination of the Plan had begun to receive benefits at least three years prior, begun to receive retirement or disability benefits at least three years prior, or would have been eligible to receive retirement benefits at least three years prior.

Priority IV To all other participants to the extent such benefits are guaranteed or would be guaranteed pursuant to ERISA taking into account applicable dollar limits.

Priority V To provide the vested accrued benefits which are in excess of the amounts covered in Priority IV.

Priority VI To provide all other accrued benefits under the Plan.

Certain benefits under the Plan are insured by the Pension Benefit Guaranty Corporation ("PBGC") if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination, however, there is a statutory ceiling, which is adjusted periodically, on the amount of an individual's monthly benefit that the PBGC guarantees.

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations, and may also depend on the financial condition of the Company and the level of benefits guaranteed by the PBGC.

Note 11. Subsequent Events

The Plan has evaluated subsequent events through October 14, 2026, the date the financial statements were available to be issued.
