SpotHero 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of SpotHero 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter - Plan Termination

As discussed in Note 1 to the financial statements, subsequent to December 31, 2025, the Plan's sponsor approved the termination of the Plan effective April 15, 2026. Accordingly, the accompanying financial statements as of and for the year ended December 31, 2025 have been prepared on the going concern basis of accounting. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Auditors' Responsibilities for the Audit of the Financial Statements (Continued)

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4a – Schedule of Delinquent Participant Contributions and Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

SpotHero 401(k) Plan
Notes to Financial Statements
December 31, 2025 and 2024

Note 1 – Description of Plan

The following description of the SpotHero 401(k) Plan (the Plan) provides only general information. Interested parties should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan was a defined contribution plan established by SpotHero, Inc. (the Plan Sponsor and Employer) for the benefit of eligible employees of the Employer. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as well as certain provisions of the federal income tax laws.

All employees of the Employer were subject to the following eligibility requirements:

- Age: 21
- Service: 0 months
- Status Exclusions:
    a. Members of collective bargaining agreement
    b. Leased employees
    c. Interns and seasonal employees
    d. Non-resident aliens with no U.S. earned income

Upon satisfying the eligibility requirements, employees could participate in the Plan on the first day of the next month. Intern and seasonal employees must complete 1,000 hours, in addition to the requirements above, to be able to participate in the Plan. Participants must be employed on the last day of the plan year to be eligible for the Company's discretionary profit sharing contributions.

Termination of the Plan

The Plan Sponsor made the decision to terminate the Plan effective April 15, 2026, and determined liquidation was imminent on the same date. In accordance with IRS regulations, participants had the option to receive a lump-sum cash distribution, rollover their balance into another qualified plan, or a combination of both. As the decision to terminate the Plan occurred subsequent to December 31, 2025, the accompanying financial statements have been prepared on the going concern basis of accounting. The Plan expects to apply the liquidation basis of accounting prospectively, beginning April 15, 2026. The Company will direct the distribution of the participants' accounts in a manner permitted by the Plan as soon as practicable. Substantially all Plan assets have been distributed as of October 13, 2026.

Note 1 – Description of Plan (Continued)

Contributions

The Plan was funded through employee elective deferrals and Employer contributions. Each year, participants could elect to contribute a portion of their compensation, subject to certain maximum limitations imposed by Section 402(g) of the Internal Revenue Code (IRC). At the discretion of the Plan Administrator, participants could be permitted to deposit or "rollover" into the Plan distributions they have received from other plans and certain Individual Retirement Accounts (IRAs). Participants who had attained age 50 before the end of the plan year were eligible to make catch-up contributions.

The following contribution types were allowed by the Plan:

- Elective deferrals
- Employer matching
- Employer profit sharing
- Rollover contributions
- Roth deferrals

The Employer could make discretionary profit-sharing contributions which when provided, will be allocated as of the last day of the plan year based on a ratio of each eligible participant's compensation to total compensation for all eligible participants, in accordance with the plan document provisions. The Employer made no discretionary profit-sharing contributions to the Plan for the year ending December 31, 2025.

The Employer made discretionary matching contributions to the Plan totaling $769,204 for the year ended December 31, 2025, which have been allocated based on a percentage of the participant's contribution.

Participant Accounts

Each participant's account was credited with the participant's contribution, an allocation of the Employer's contributions, and plan earnings or losses and charged with an allocation of administrative expenses that are paid by the Plan. Allocations could be charged based on participant earnings, account balances, or specific participant transactions. The benefit to which a participant is entitled was the benefit that can be provided from the participant's vested account.

Vesting

Participants were immediately 100% vested in their elective deferrals including catch-up contributions, rollover contributions from other plans, and actual earnings thereon. Participants were also 100% vested in their nonelective employer contribution and matching employer contributions. If participants were employed on or after their Normal Retirement Age or if they terminate employment on account of death or disability, they were 100% vested in their Employer matching and profit sharing contributions.

Note 1 – Description of Plan (Continued)

Investment Options

Upon enrollment in the Plan, a participant could direct the contributions made to the Plan, for or on behalf of the participant, to any one or more of the investment funds determined at the discretion of the Plan Administrator and Plan Sponsor and in such multiples as the participant prescribes. A participant could change his or her investment direction with respect to future contributions or redirect the investment of his or her account balances.

Forfeited Accounts

Forfeitures represent unvested portions of terminated participants' accounts. The Plan allowed forfeitures of non-vested Employer contributions to be used as follows:

- Pay administrative expenses
- Reduce Company contributions

As of December 31, 2025 and 2024, forfeited non-vested accounts totaled $10,185 and $9,794, respectively. During the year ended December 31, 2025, no forfeited non-vested accounts were used.

Notes Receivable from Participants

Participants who were active employees could borrow against their vested account balances a minimum of $1,000 up to a maximum equal to the lesser of 50% of their vested account balance or $50,000. The loans, in the form of promissory notes, were secured by the balance in the participant's account, and bear interest at reasonable rates, which were commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest were paid ratably through payroll deductions and generally repaid within 5 years, unless for the purchase of a primary residence.

Benefits Paid to Participants

Upon termination of service, disability, or retirement, a participant was entitled to receive a distribution equal to the value of the participant's vested interest in his or her account. Distribution of a deceased participant's account will be made to the designated beneficiary.

The following types of distributions were also allowed by the Plan:

- Hardship
- In service
- Rollover source withdrawal at any time
- Involuntary cash-outs
- Termination

Note 1 – Description of Plan (Continued)

Plan Expenses

The Plan's expenses were paid by either the Plan or the Employer, as provided by the plan document. Expenses paid directly by the Employer were excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that were paid by the Plan were recorded as deductions in the accompanying statement of changes in net assets available for benefits. In addition, certain investment-related expenses were included in net appreciation in fair value of investments.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on the trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments, including realized gains and losses on sales during the year and current changes in unrealized appreciation in the market value of investments held at year end, is presented in the statement of changes in net assets available for benefits.

Contributions

Contributions from plan participants and the related Employer matching contributions were recorded in the period in which the employee contributions were withheld from compensation.

Note 2 – Summary of Significant Accounting Policies (Continued)

Notes Receivable from Participants

Notes receivable from participants were measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income was recorded on the accrual basis. Related fees were recorded as administrative expenses and were expensed when they were incurred. If a participant ceased to make scheduled repayments and the Plan Administrator deemed the participant note receivable to be in default, the participant note receivable balance was reduced and a benefit payment recorded.

Payment of Benefits

Benefits were recorded when paid.

Note 3 – Certified Investments

Certain information summarized below related to the accompanying financial statements and ERISA-required supplemental schedules was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company, a qualified institution (the Trustee of the Plan).

	2025	2024
Investment values certified	$ 22,319,002	$ 16,248,280
Notes receivable from participants certified	$ 149,162	$ 107,585

	Year ended December 31, 2025
Investment income certified:	
Net appreciation in fair value of investments	$ 2,924,454
Interest and dividends	$ 797,964
Interest income on notes receivable from participants certified	$ 10,935

Note 4 – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2: Inputs to the valuation methodology include:
    - Quoted prices for similar assets or liabilities in active markets;
    - Quoted prices for identical or similar assets or liabilities in inactive markets;
    - Inputs other than quoted prices that are observable for the asset or liability; and
    - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

  If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Stable Value Collective Trust Fund

A stable value fund that is composed primarily of fully benefit-responsive investment contracts that is valued at the NAV of units of the collective trust. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

Mutual Funds

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Note 4 – Fair Value Measurements (Continued)

Participant-directed brokerage accounts

Accounts primarily consist of mutual funds, common stocks, and exchange-traded funds that are valued on the basis of readily determinable market prices.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value:

	2025	2024
Level 1		
Mutual funds	$ 22,135,887	$ 16,064,857
Self directed brokerage accounts	143,536	157,725
Level 2	-	-
Level 3	-	-
Total investments in the fair value hierarchy	22,279,423	16,222,582
Investments measured at NAV*	39,579	25,698
Total investments at fair value	$ 22,319,002	$ 16,248,280

*Certain investments that were measured at NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in these tables for such investments are intended to permit reconciliation of the fair value hierarchy to the investments, at fair value line item presented in the statements of net assets available for benefits.

The following tables summarize investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2025 and 2024, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	2025	2024
Common collective trusts		
Fair value	$ 39,579	$ 25,698
Unfunded commitment	$ -	$ -
Redemption frequency	Immediate	Immediate
Redemption notice period	12 months	12 months

Note 5 – Related Party and Party-in-Interest Transactions

Plan investments were managed by the Trustee. Therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each investment.

Note 5 – Related Party and Party-in-Interest Transactions (Continued)

The Plan issued loans to participants, which were secured by the vested balance in the participant's accounts and certain administrative fees related to the administration of the Plan were paid by the Plan or by the Employer. These transactions qualified as party-in-interest. Employees of the Employer provided administrative services to the Plan for which no fees were charged.

Note 6 – Risks and Uncertainties

The Plan invested in various investment securities. Investment securities were exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is, at least, reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 7 – Tax Status

The Plan sponsor adopted a plan which received a favorable opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, which stated that the Plan was designed in accordance with the applicable sections of the IRC and was, therefore, not subject to tax under present income tax law. The Plan was required to operate in conformity with the IRC to maintain its qualification. Management was not aware of any course of action or series of events that have occurred that might adversely affect the Plan's qualified status.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not, based on the technical merits, would not be sustained upon examination by the IRS. The Plan Administrator had analyzed the tax positions taken by the Plan and had concluded that as of December 31, 2025 there are no uncertain positions taken or expected to be taken. The Plan had recognized no interest or penalties related to uncertain tax positions. The Plan was subject to routine audits by taxing jurisdictions; however, there were currently no audits for any tax periods in progress. Generally, the statute of limitations for the IRS to assess taxes on a plan expires three years from the due date of the return or the date on which it was filed, whichever is later.

Note 8 – Plan Amendments

Effective February 1, 2025, the Plan was amended to update allocation process of service compensation received from service providers.

On September 11, 2026, the Plan was amended to adopt certain provisions of the Securing a Strong Retirement Act (SECURE 2.0 Act).

Interested parties should refer to the plan document for a more complete description of the Plan's provisions.

Note 9 – Prohibited Transactions

As required by DOL Regulation Part 2510.3-102, the Plan Sponsor was required to segregate employee contributions and loan repayments to the Plan from its general assets as soon as practicable. The Plan had contributions totaling $252,957, which represented salary deferrals and loan repayments, that were either not remitted or not remitted timely. These contributions were considered prohibited transactions.

Note 10 – Subsequent Events

Subsequent events were evaluated through October 13, 2026, which is the date the financial statements were available to be issued. Plan management has determined that no events or transactions, other than the plan termination (Note 1) and Note 8, have occurred, subsequent to the statements of net assets available for benefits date that require disclosure in the financial statements.
