Independent Auditor's Report

Employee Benefits Administrative Committee
Lamb Weston, Inc. Pension Plan for Plant Hourly Employees
Eagle, Idaho

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Lamb Weston, Inc. Pension Plan for Plant Hourly Employees (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 (in liquidation) and 2024 (in liquidation), and the related statements of changes in net assets available for benefits for the year ended December 31, 2025 (in liquidation) and the year ended December 31, 2024 (in liquidation), and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter – Plan Termination and Liquidation Basis of Accounting

As further discussed in Note 1 to the financial statements, the Board of Directors approved a termination of the Lamb Weston, Inc. Pension Plan for Plant Hourly Employees on November 30, 2023, and management determined liquidation is imminent. In accordance with accounting principles generally accepted in the United States of America, the Plan is reporting under the liquidation basis of accounting. Our opinion is not modified with respect to that matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - Supplemental Schedules Required by ERISA

The supplemental schedule h, line 4i-schedule of assets held at end of year and schedule h, line 4j-schedule of reportable transactions as of or for the year ended December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1. Description of the Plan

The following description of Lamb Weston, Inc. Pension Plan for Plant Hourly Employees (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: The Plan is effective as of January 1, 2017, and is a successor to the ConAgra Brands, Inc. Pension Plan for Hourly Rate Production Employees (the "Prior Plan") following the spin-off of Lamb Weston, Inc. (the "Company" or "Plan Sponsor") from ConAgra Brands, Inc. (formerly ConAgra Foods, Inc.) ("ConAgra"). Accrual of benefits for the Company's eligible employees under the Prior Plan was terminated effective November 9, 2016 (the "Spin Date"). As of the Plan effective date, accumulated plan benefits due to Plan participants totaled $3,171,844. No assets were transferred to the Plan. Responsibility for funding and payment of vested benefits accrued prior to the Spin Date, along with related funds, was retained by the Prior Plan.

Participants in the Prior Plan as of the Spin Date who were employed by the Company immediately after the Spin Date became participants in the Plan effective January 1, 2017, with service and benefit credit provided from the Spin Date. Generally, other covered plant hourly employees become participants after they work 1,000 hours in the 12 months following hire or a subsequent calendar year.

Per a Plan amendment on November 13, 2018, the accrual of future benefit service credit was frozen effective January 1, 2019, for all participants of the Plan not covered by a collective bargaining agreement. As of the effective date, all affected participants became 100% vested in the pension benefits.

Per Plan amendments on December 17, 2018 and June 27, 2019, additional collectively bargained groups were frozen relative to Plan entry and future benefit service credit, effective January 1, 2021. As of the effective date, all affected participants became 100% vested in the pension benefits.

As of December 31, 2022, the Plan fully froze for all participants and no new participants may enter the plan and no further benefit accruals may occur. Additionally, as of this date, all participants were accelerated to become fully vested, if not already. The Company's Employee Benefits Investment Committee (the "EBIC") approved the start of the termination process of the Plan in November 2023.

Plan administration and funding policy: The Plan is a defined benefit pension plan to which the Company contributes such amounts as are necessary on an actuarial basis to provide the Plan with assets sufficient to provide specified retirement benefits to covered employees and meet the funding provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Contributions of $13,500,000 were made by the Company during calendar year 2025 related to contribution receivables for the Plan year ended December 31, 2024. The Plan does not require or permit employee contributions. During the liquidation process, and subsequent to the Plan year ended December 31, 2025, the Company made a contribution of approximately $400,000 which was required for funding the benefit payments and group annuity purchases related to the participant annuity contract audit completed by the selected insurer. Management believes that the Plan satisfied the applicable minimum funding requirements for the year ended December 31, 2025.

Responsibility for administration of the Plan has been delegated to the Employee Benefits Administrative Committee (the "Committee"), the members of which are employees of the Company appointed by the senior human resources officer of the Company. Responsibility for oversight of Plan investments has been delegated to the EBIC, the members of which are the Company's treasurer, controller, and senior human resources officer. The EBIC determines the appropriateness of the Plan's investments and monitors investment performance. State Street Bank and Trust Co. (the "Trustee" or "State Street") serves as the trustee of the Plan.

Note 2. Summary of Significant Accounting Policies

The following are the significant accounting policies followed by the Plan:

Basis of accounting: The accompanying financial statements have been prepared using the liquidation basis of accounting, due to Plan termination.

Cash and cash equivalents: Cash and cash equivalents consist of highly liquid investments with an original maturity of three months or less.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of Plan assets available for benefits and the actuarial present value of accumulated plan benefits at the date of the financial statements. Actual results could differ from those estimates. The Plan uses an actuary to determine the actuarial present value of accumulated plan benefits. A change in the actuarial assumptions used could significantly change the amount of the actuarial present value of accumulated plan benefits reported in Note 5, Actuarial Present Value of Accumulated Plan Benefits, Methods and Assumptions.

Contributions: Contributions from the Company are accrued based upon amounts required to be funded under provisions of ERISA or, if greater, amounts to be contributed for the year, under the funding policy adopted. It is the Company's policy to fund quarterly contributions that will comply with or exceed the minimum funding requirements of ERISA.

Investment valuation and income recognition: Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's net gains and losses on investments bought and sold, as well as held, during the year.

Payment of Benefits: Benefit payments to participants are recorded when paid. There are no future benefit payments to be made from the Plan due to the termination of the Plan.

Administrative expenses: The Plan's expenses are paid either by the Plan or the Company, as provided by the Plan document. Expenses that are paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statements of changes in net assets available for benefits. In addition, certain investment-related expenses are included in net appreciation (depreciation) in fair value of investments presented in the accompanying statements of changes in net assets available for benefits.

Subsequent events: The Plan has evaluated all subsequent events through October 14, 2026, the date that the financial statements were available to be issued. See Note 4 for further information on termination events that have occurred through October 14, 2026.

Note 3. Tax Status

The Internal Revenue Service ("IRS") has determined and informed by a letter dated March 4, 2025, that the Plan, as designed pursuant to termination, was in compliance with applicable regulations of the Internal Revenue Code ("IRC"). The Plan has not been amended since receiving the determination letter, therefore, the Plan continues to be tax exempt, and no provision for federal income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2025 and 2024, there were no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 4. Termination of the Plan

In November 2023, the EBIC provided approval to begin the process of terminating the Plan making liquidation imminent. In May 2024, the Company mailed out the Notice of Intent to Terminate to all pension plan participants and in June 2024, a notice of intent to terminate the Plan was filed with the IRS and in July 2024, the Plan was formally amended to approve the termination. The EBIC expected final participant activity to conclude in calendar year 2025. The existing net assets, along with necessary contributions from the Company, will fully fund all pension plan benefits as prescribed by ERISA and its related regulations.

During calendar year 2025, the Plan offered a lump-sum election window in May 2025 and participants that elected a lump-sum payment were paid their full benefits in July 2025, totaling approximately $28 million. Retirees, deferred vested and active participants with a present value of over $7,000, that did not elect the lump-sum payout, or those that selected an annuity during the election window were sent to the selected insurer. The EBIC selected an insurer and transferred approximately $10 million to the insurer for the purchase of the annuity contracts during the second half of calendar year 2025. All remaining participants were sent to the Pension Benefit Guaranty Corporation ("PBGC") before the end of calendar year 2025. The Company expects to use the remaining plan assets to fulfill remaining plan expenses related to the termination of the Plan, including legal, accounting, and other expenses. The Plan will fully terminate once all expenses are paid and required participant audits are completed by the selected insurer and PBGC.

Note 5. Actuarial Present Value of Accumulated Plan Benefits, Methods and Assumptions

During calendar year 2025, the Plan distributed all participant benefits through lump-sum payouts, purchase of annuity contracts, or by transferring participant balances to the PBGC, and liquidated substantially all of its assets as part of the ongoing termination of the Plan. As of December 31, 2025, there were zero remaining participants in the plan, thus there was no present value of accumulated plan benefits calculated.

There were no methods and assumptions that occurred on January 1, 2026, as the plan had zero remaining participants and no present value of accumulated plan benefits.

The methods and significant assumptions used in the actuarial valuation of the Plan as of January 1, 2025 related to the calendar year 2025 settlement process was completed by an independent actuary, and were as follows:

Interest: Interest is 5.59% for calculating actuarial present value of accumulated plan benefits at January 1, 2025.

Mortality: The PRI-2012 Mortality Table was used for precommencement and postcommencement participants with blue collar adjustments using Mercer’s MMP-2021 generational mortality improvement scale for the January 1, 2025, calculation of actuarial present value of accumulated plan benefits (in liquidation).

Retirement: Retirement is assumed at increasing rates beginning at age 55 (3.5%) and continuing through age 75 (100%) for employees in calculating the actuarial present value of accumulated plan benefits at January 1, 2025. On average, vested terminated employees are assumed to commence benefits at normal retirement age.

Spousal benefits: It is assumed that 60% of the male employees are married, with spouses three years younger, and 60% of the female employees are married, with spouses one year older, for the actuarial present value of accumulated benefits at January 1, 2025.

Disability: Disability is assumed according to sex-distinct rates in the 1985 Pension Disability Study, Class 3.

In November 2023, it was determined that Plan liquidation was imminent, therefore the assumptions used at January 1, 2025 were based on the Plan's future termination.

The actuarial present value of accumulated plan benefits and the changes in accumulated plan benefits were as follows:

	2025 (in liquidation)	2024 (in liquidation)
Actuarial present value of accumulated plan benefits:		
Vested benefits:		
Active participants	$ —	$ 18,533,577
Inactive participants with deferred benefits	—	9,879,565
Inactive participants currently receiving benefits	—	5,233,172
Expected liquidation expenses	—	1,100,000
Total actuarial present value of accumulated plan benefits	$ —	$ 34,746,314
Actuarial present value of accumulated plan benefits at beginning of year	$ 34,746,314	$ 39,092,189
Decrease during the year attributable to:		
Change in actuarial assumptions	—	(2,929,402)
Increase for interest due to decrease in discount period	—	1,947,295
Actuarial gains and losses and benefits accumulated	—	(2,157,253)
Benefits paid	(27,939,055)	(556,515)
Group annuity transaction	(9,888,484)	—
Change for liquidation basis (a)	3,081,225	(650,000)
Net decrease	(34,746,314)	(4,345,875)
Actuarial present value of accumulated plan benefits at end of year	$ —	$ 34,746,314

(a) The change for liquidation basis in calendar year 2025 accounts for the final payouts to plan participants via lump sum payouts, the purchase of annuity contracts for plan participants not receiving a lump sum payout, and the payment to the PBGC for participants unable to be located.

Note 6. Information Certified by State Street Bank and Trust Co., the Trustee

The following is a summary of the Plan's asset information as of and for the years ended December 31, 2025 and 2024, included throughout the Plan's financial statements and supplemental schedules, that was prepared by or derived from information provided by the Trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the Trustee that information provided to the Plan Administrator by the Trustee related to the following assets is complete and accurate to the best of their knowledge and belief. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information that appears throughout the financial statements and supplemental schedules related to the following assets:

	2025 (in liquidation)	2024 (in liquidation)
Cash and cash equivalents	$ 130,314	$ —
Money market mutual funds	—	13,710,900
Mutual funds	—	10,541,895
Accrued interest and dividends	3,995	94,157

The Trustee also certified to the completeness and accuracy, to the best of their knowledge and belief, of $161,088 and $(747,868) of net appreciation (depreciation) in fair value of investments, and $643,282 and $1,055,630 of interest, dividends and other income related to the aforementioned investments for the years ended December 31, 2025 and 2024, respectively.

Note 7. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. Due to the Plan's change to liquidation basis during 2023, we have identified no exit restrictions for our assets which would require us to change our fair value measurement methodology.

Money market mutual funds: Money market mutual funds are valued at cost, which approximates fair value.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value:

	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Money market mutual funds	$ 13,710,900	$ —	$ —	$ 13,710,900
Mutual funds	10,541,895	—	—	10,541,895
Total assets at fair value	$ 24,252,795	$ —	$ —	$ 24,252,795

Note 8. Related-Party Transactions and Party-in-Interest Transactions

Certain investments of the Plan are managed by the Trustee. The related transactions qualify as exempt party-in-interest transactions. Total expenses paid for these services were approximately $20,000 and $5,000 for the years ended December 31, 2025 and 2024. These transactions are exempt party-in-interest transactions.

Mercer d/b/a Mercer Investments LLC is the investment manager, as defined by the Plan; therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan for investment management, administrative, and actuarial services totaled approximately $1,150,000 and approximately $1,277,000 for the years ended December 31, 2025 and 2024, respectively. These transactions are exempt party-in-interest transactions.

Note 9. Risks and Uncertainties

As of the end of calendar year 2025, the Plan is on track to finalize the termination process in calendar year 2026. The Plan no longer invests funds into various investment securities as all participants have received a lump-sum payment, a purchased annuity contract, or been transferred to the PBGC.

The Plan is currently going through the final regulatory reviews and resolutions of missing participants that could result in future additional contributions, as notated in Note 4, recovery of residual amounts, and additional expenses related to the termination process.
