REPORT OF INDEPENDENT AUDITORS

To the Plan Administrator of
Galephar Pharmaceutical Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Galephar Pharmaceutical Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Galephar Pharmaceutical Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Galephar Pharmaceutical Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Galephar Pharmaceutical Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Galephar Pharmaceutical Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Galephar Pharmaceutical Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H Line 4(i) - Schedule of Assets Held (At End of Year) for the year ended on December 31, 2025, and Schedule H Line 4(a) - Schedule of Delinquent Participant Contributions for the year ended on December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

The following description of Galephar Pharmaceutical Retirement Plan (the Plan) provides only general information. Participants should refer to the Summary of the Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution profit sharing plan covering all eligible employees of Galephar Pharmaceutical Research Inc. (the Company) who have completed three consecutive months of service and are aged 21 years or older. The original effective date of the Plan was January 1, 2023. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan Administration

The Company serves as the Plan Administrator. The Plan's Trustee is Plan's Sponsor Vice-President and the Human Resources Manager. The Plan's recordkeeper and custodian is Empower Retirement LLC.

Participants accounts

Each participant's account is credited with the participant's and Company contributions and a pro-rata allocation of the Plan's earnings, net of administrative expenses. The pro-rata allocation is based upon the proportion of individual account balances to total participants' accounts balances in the respective investment funds. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Contributions

A participant may contribute not less than 1% of pre-tax annual compensation as defined in the Plan and shall not exceed the pre-tax contribution limit allowed under Puerto Rico Internal Revenue Code section 1081.01(d) ($15,000). The participants may contribute after-tax contributions and may not be less than 1% nor exceed 10% of compensation. Participants who have attained age 50 or over are eligible to make catch-up contributions up to $1,500 per Plan Year. Participants direct the investment of their total contributions into various investments options offered by the Plan.

The Employer may make a discretionary matching contribution to the Plan. The matching contributions are currently equal to $0.25 per each dollar of the participant's elective deferrals up to 4% of participant's eligible compensation. The Employer matching contributions are funded during each pay period.

Vesting

Participants become immediately vested at the time of participation in the Plan in their contributions plus actual earnings thereon. Vesting in the Company's matching contributions portion of their accounts, plus actual earnings thereon is based on years of continuous service. Participants become 100% vested in the matching contributions after three years of credited service. Non-vested portions of participant accounts that are forfeited upon payment of benefits are retained in the Plan and used to reduce future employer contributions or administrative expenses.

Investment Options

Upon enrollment in the Plan, participants may direct their contributions into various investment options offered by the Plan. Participants may change their investment elections daily. If a participant does not have an investment election on file, contributions will be made to one of the Target Funds, that has a target retirement date closest to participant anticipated retirement year, based on the participant's date of birth.

1. Description of Plan (continued)

Payment of Benefits

Upon a participant's retirement, death, disability, other termination of employment with the Company, or termination of the Plan, the participant's account is distributed in the form of a lump sum distribution equal to the value of the participant's vested interest in his/her account or monthly, quarterly, or annual installments over a certain period of years. Also, the participant can choose to purchase a straight life annuity or an annuity contract from an insurance company selected by the Plan Administrator.

In conditions of "financial hardship", a participant may apply to the Plan administrator for approval to withdraw that portion of his retirement account balance necessary to meet the financial hardship, subject to the limitations of the Plan and the Internal Revenue Code.

Upon termination of the Plan, the assets will be distributed to participants in accordance with the Plan's provisions and existing laws and regulations.

Forfeited Accounts

When certain terminations of participants in the Plan occur, the non-vested portion of the participant's account, as defined by the Plan, is forfeited. At the discretion of the Company, forfeitures may be used to reduce future employer contributions or plan administrative expenses.

Plan Termination

Although the Company has not expressed any current intent to terminate the Plan, the Company has the authorization to terminate or modify the Plan and suspend contributions to the Plan in accordance with ERISA. In the event of Plan termination, all participants would become 100% vested in their accounts.

2. Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements of Galephar Pharmaceutical Retirement Plan have been prepared on the accrual basis and have been prepared in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with United States generally accepted accounting principles requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investments Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

2. Summary of Significant Accounting Policies (continued)

Investments Valuation and Income Recognition (continued)

The Plan presents in the Statements of Changes in Net Assets Available for Benefits, the net appreciation (depreciation) in the fair value of its investments which consist of the realized gains or losses and the unrealized appreciation (depreciation) on those investments.

Contributions

Participant contributions and employer matching contributions are recorded on an accrual basis in the period during which the Company makes payroll deductions from the Plan participants' earnings.

Benefit Payments

Benefit payments are recorded when paid. For the year ended on December 31, 2025, the benefits paid amounted to $17,055.

Administrative Expenses

The Company provides certain administrative and accounting services to the Plan at no cost. Administrative expenses including audit fees and legal fees are paid directly by the Employer. Other administrative expenses directly incurred by the Plan include investment management fees, and distributions fees are charged directly to the participant's accounts. Revenue sharing arrangements between the Plan's investments funds and the Plan's Trustee are credited against the Plan's administrative expenses.

Risk and Uncertainties

The Plan provides for various investment options that are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances, and the amounts reported in the Statements of Net Assets Available for Benefits and the Statements of Changes in Net Assets Available for Benefits.

3. Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits.

Financial Accounting Standard Board (FASB) established the Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, which provides a framework for defining and measuring fair value under generally accepted accounting principles. This codification establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs have the lowest priority.

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. In some cases where market prices are not available, observable market-based inputs are used to calculate fair value, in which case the measurements are classified within Level 2. If quoted or observable market prices are not available, fair value is based upon internally developed models that use, where possible, current market-based parameters such as interest rates, yield curves and currency rates. These measurements are classified within Level 3.

3. Fair Value Measurements (continued)

The following methods and assumptions were used to determine the fair value of investments recorded at fair value in the statements of net assets available for benefits:

Mutual Funds are valued at quoted market prices, which represent net asset value ("NAV") of shares held by the Plan at year end. The mutual funds held by the Plan are deemed to be actively traded.

A summary of the Plan's financial assets carried at fair value on a recurring basis on December 31, 2025 and 2024 is as follows:

		Fair Value Measurements at Reporting Date Using:		
	Total	(Level I)	(Level II)	(Level III)
December 31, 2025				
Mutual funds	$ 759,775	$ 759,775	$ -	$ -

		Fair Value Measurements at Reporting Date Using:		
	Total	(Level I)	(Level II)	(Level III)
December 31, 2024				
Mutual funds	$ 455,504	$ 455,504	$ -	$ -

4. Investment at Contract Value

The Plan has a general account fixed annuity contract with Great-West Life and Annuity Insurance Company that invests contributions in a guaranteed contract with fixed annuity options (the Contract). The Contract is a stable value investment with a guaranteed rate of return and a guaranteed principal that is backed by Great-West Life and Annuity Insurance Company general investment account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

Contract value is the relevant measurement attributed to that portion of the net assets available for benefits attributable to the contract which was determined to be fully benefit responsive. The contract is presented on the face of the statement of net assets available for benefits at contract value. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. The Contract value as of December 31, 2025 and 2024 is of $90 and $54, respectively.

The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 1 percent. Such interest rates are reviewed on a semi-annual basis for resetting.

Participants may ordinarily direct the withdrawal and/or transfer of all or a portion of their account balance at contract value. The Contract issuer is contractually obligated to repay the principal, and a specified interest rate guaranteed to the Plan.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following:

a) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan),
b) removal from the plan one or more groups or classifications of participants,

4. General Account Fixed Annuity Contract (continued)

c) partial or complete plan termination,

d) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan or

e) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA.

The Plan Administrator does not believe the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, are probable of occurring.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include:

1. Puerto Rico Department of Treasury determines that the Plan no longer meets the requirements of Code section 1081.01(a) or any other applicable Code provision,
2. a breach of material obligation under the contract,

5. Information Prepared and Certified by Empower Retirement

The following information included in the accompanying financial statements and supplemental schedule, including investments held on December 31, 2025 and 2024, net appreciation in fair value of investments and interest and dividends for the year then ended, were obtained or derived from information supplied by the plan administrator and certified as complete and accurate by the Custodian:

	December 31	
	2025	2024
Mutual funds	$ 759,775	$ 455,504
EI Fixed Account – Series Class I	$ 91	$ 54
Net appreciation in fair value of investments	$ 65,055	$ 11,491
Net interest and dividend income	$ 34,792	$ 21,816

6. Tax Status

On December 29, 2022, it was requested to the Treasury Department of Puerto Rico a determination letter to qualify the Plan under Puerto Rico Internal Revenue Code of 2011, Section 1081.01(d) with effective date of January 1, 2023.

On March 17, 2023, the Plan Administrator received the determination letter approving the participation on the new prototype retirement plan and establishing that the established new Trust is exempt under Section 1081.01(d) of Puerto Rico Internal Revenue Code of 2011.

Accounting principles generally accepted in the United States of America requires to the management of the Plan to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Puerto Rico Treasury Department.

The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

7. Related-Party Transactions and Party in Interest Transactions

Certain administrative expenses are paid by the employer on behalf of the Plan. Certain administrative functions of the Plan are performed by employees of the Company. No such employee receives compensation from the Plan. The Trustees of the plan are employees of the Company.

Empower Retirement LLC and certain subsidiaries provide administration and recordkeeping services to the Plan while another serves as Plan custodian. Transactions with these parties qualified as a party-in-interest transaction.

8. Subsequent events

Subsequent events were evaluated through October 9, 2026, which is the date of the financial statements were available to be issued. No events have occurred subsequent to the statement of net assets available for benefits date, and the date the financial statements were available to be issued that would require additional adjustment to or disclosure in the financial statements.

9. Non-exempt Transactions

As required by ERISA Section 2510.3-102, the Company is required to segregate employee contributions to the Plan from their general assets as soon as practicable, but in no event later than 15 business days following the end of the month in which such amounts are withheld from employees' wages. During the years ended December 31, 2025, and 2024, the Company did not remit certain employee contributions to the Plan on a timely basis. Based on the remittance patterns observed, the Company is generally able to remit employee contributions within 2 days following payroll payment; however, actual remittances were made between 4 and 10 days after payroll payment.

Accordingly, certain participant contributions were not remitted to the Plan as soon as administratively feasible and are considered prohibited transactions under ERISA and the Internal Revenue Code. The amount of delinquent participant contributions was approximately $21,393 for 2025 and $21,602 for 2024.

As of the date of our report, the Company had not completed corrective action with respect to 2025 delinquent remittances. On October 13, 2025, the Company remitted $32 in lost earnings to affected participants related to the 2024 delinquent remittances outside the U.S. Department of Labor's Voluntary Fiduciary Correction Program.

Part III Form M-1 Compliance Information (to be completed by welfare benefit plans)

11a If the plan provides welfare benefits, was the plan subject to the Form M-1 filing requirements during the plan year? (See instructions and 29 CFR 2520.101-2.) ..... ☐ Yes ☐ No

If "Yes" is checked, complete lines 11b and 11c.

11b Is the plan currently in compliance with the Form M-1 filing requirements? (See instructions and 29 CFR 2520.101-2.) ..... ☐ Yes ☐ No

11c Enter the Receipt Confirmation Code for the **2025** Form M-1 annual report. If the plan was not required to file the **2025** Form M-1 annual report, enter the Receipt Confirmation Code for the most recent Form M-1 that was required to be filed under the Form M-1 filing requirements. (Failure to enter a valid Receipt Confirmation Code will subject the Form 5500 filing to rejection as incomplete.)
