Independent Auditor's Report

Investment Committee and Plan Administrator
The Cineplex Odeon Corporation
U.S. Employees' Pension Plan
Leawood, Kansas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of The Cineplex Odeon Corporation U.S. Employees' Pension Plan ("the Plan"), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the "Auditor's Responsibilities for the Audit of the Financial Statements" section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the "Auditor's Responsibilities for the Audit of the Financial Statements" section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the "Scope and Nature of the ERISA Section 103(a)(3)(C) Audit" section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedules listed in the table of contents are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, have been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1: Description of the Plan

General

The following description of The Cineplex Odeon Corporation U.S. Employees' Pension Plan (the "Plan") is provided for general information purposes only. For more complete information, participants should refer to the Plan Document.

The Plan is a defined benefit cash balance pension plan which covers all employees who had met the eligibility requirements defined in the Plan as of December 31, 1998. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* ("ERISA").

The Plan was frozen effective December 31, 1998 (the "Plan Freeze Date"). As a result of this change, no further benefits accrue under the defined benefit plan arrangement, and each participant with a vested benefit as of December 31, 1998 is entitled to an accrued benefit, as described below, under the terms of the cash balance plan. Participants with unvested benefits as of December 31, 1998, became 100 percent vested upon completing five years of service, from their original date of eligibility. On January 26, 2006, the Plan's previous sponsor, Loews Cineplex Theatres, Inc. ("Predecessor Sponsor") was acquired by AMC Entertainment Inc. ("AMC" or "Sponsor").

The Plan was last restated effective January 1, 2012 and last amended effective September 15, 2017.

Pension and Death Benefits

Effective January 1, 1999, a notional account was established on behalf of each participant who was a participant on December 31, 1998 and an eligible employee on January 1, 1999 (other than any participant who was on Disability Status on December 31, 1998 or who had attained age 70½ and had commenced receipt of benefits under the Plan prior to December 31, 1998). The account was credited with the actuarial equivalent to the participants' accrued benefit on December 31, 1998 payable at his or her normal retirement date ("Cash Balance Account"). A participant's Cash Balance Account is credited with interest as of the last day of each month. The annual interest rate used is the interest rate on 30-year United States treasury bonds for the December immediately preceding the Plan year during which such interest is to be credited.

Upon termination or retirement, participants in the Plan are entitled to receive the greater of the participant's accrued benefit as of December 31, 1998, as defined in the Plan Document, or the actuarial equivalent of the participant's cash balance account as of his or her retirement date. If a participant dies prior to his or her normal retirement date, then his or her designated beneficiary will receive a monthly pre-retirement pension benefit as soon as practicable following the participant's death equal to the actuarial equivalent of the participant's cash balance account as of the first of the month coinciding with or next month following the date of death.

Effective January 1, 2014, the Plan was amended so that in the event a participant makes a claim for benefits and the present value of their accrued benefits are less than or equal to $5,000, the participant shall be paid in a lump sum. If a mandatory distribution of the participant's accrued benefit is greater than $1,000 and the participant does not elect to have such distribution paid directly to an eligible retirement plan in a direct rollover or to receive the distribution directly, the Plan Administrator shall direct the distribution to be made in a direct rollover to an Individual Retirement Account or an Individual Retirement Annuity. The Plan Administrator may also follow this procedure for distributions that are $1,000 or less.

Contributions

The Plan's funding policy is to contribute amounts to the Plan based upon the determination of the Plan's actuary in amounts sufficient to maintain at least the minimum funding required by Section 412 of the Internal Revenue Code ("IRC") and ERISA. No minimum funding requirement contributions were made in 2025 and 2024.

Although it has not expressed any intention to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA.

Vesting

Participants in the Plan prior to the Plan Freeze Date are fully vested upon completion of five years of eligible service (at least 1,000 hours of service per year). Participants are also fully vested if they are an employee of the Employer on the date the employee reaches normal retirement age. Participants with fewer than five years of eligible service have no vested interest.

Plan Trustee and Custodian

The custodian, State Street Bank and Trust Company, holds and invests all assets of the Plan in accordance with the provisions of the custodial agreement and is a party-in-interest to the Plan.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, the disclosure of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits at the date of the financial statements. Significant uncertainties relate to assumptions used to determine the benefit obligations. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition

The fair values of the Plan's investments are furnished by the custodian and are generally based upon published market quotations and market estimates valued at estimated fair value. Mutual funds are valued at the net asset value (NAV) of shares held by the Plan at year end.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in the fair value of investments includes the Plan's net gains or losses on investments bought and sold as well as held during the year.

Accumulated Plan Benefits

Accumulated plan benefits (see *Note 5*) are those estimated future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to:

a. Retired or terminated employees or their beneficiaries

b. Present employees or their beneficiaries

See *Note 1* for discussion of calculation of benefits to employees.

Plan Tax Status

The Plan obtained its latest determination letter on September 13, 2013, in which the Internal Revenue Service stated that the Plan, as then designed, was qualified under Section 401(a) of the IRC and therefore is exempt from taxes. The Plan has been amended since receiving the determination letter. In the opinion of management and counsel, the Plan is designed and was being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Benefit Payments

Benefit payments are recorded when paid.

Administrative Expenses

Administrative expenses are paid directly by the Plan, or are paid by the Plan Sponsor, and then subsequently reimbursed by the Plan. Certain plan expenses may be borne by the Plan Sponsor.

Note 3: Plan Termination

Although the Sponsor has currently expressed no intent to terminate the Plan, it continues to evaluate plan termination in addition to evaluating other alternatives for the Plan. Upon termination, the Plan Document outlines the method of allocation of the Plan's net assets in the event of a termination of the Plan. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits. Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations and may also depend on the financial condition of the Plan Sponsor and the level of benefits guaranteed by the Pension Benefit Guaranty Corporation, ("PBGC"). Some benefits may be fully or partially provided for by the then existing net assets and PBGC, while other benefits may not be provided for at all.

In the event the Plan terminates, the net assets of the Plan will be allocated in the following order of preference:

a) Benefits attributable to mandatory employee contributions
b) Benefits payable three years prior to plan termination
c) Other benefits guaranteed under applicable law
d) Maximum vested benefits
e) Other vested benefits
f) Other benefits

Generally, the PBGC guarantees most vested normal retirement benefits, early retirement benefits and certain disability and survivors benefits. However, the PBGC does not guarantee all types of benefits under covered plans and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination. However, there is a statutory ceiling, which is adjusted periodically, on the amount of an individual's monthly benefit that the PBGC guarantees.

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations and may also depend on the financial condition of the Plan Sponsor and the level of benefits guaranteed by the PBGC.

Note 4: Certification of Plan Custodian

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, State Street Bank and Trust Company, a qualified institution, has certified the following investment information included in the accompanying financial statements and ERISA-required supplemental schedules are complete and accurate:

- Investments as shown in the statements of net assets available for benefits as of December 31, 2025 and 2024.
- Investment income as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2025 and 2024.
- Investment information included in the accompanying schedule of assets (held at end of year) as of December 31, 2025 and schedule of reportable transactions for the year ended December 31, 2025.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedules.

Note 5: Accumulated Plan Benefits

An actuary from Transamerica Retirement Solutions ("Transamerica") determines the actuarial present value of accumulated plan benefits, which is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment.

The accumulated plan benefit information as of the beginning of the plan year was as follows:

	2025
Actuarial present value of accumulated plan benefits	
Vested benefits of participants currently receiving payments	$ 3,772,803
Other vested benefits	3,920,005
Total actuarial present value of accumulated plan benefits	$ 7,692,808

Vested benefits of other participants include $91,049 of present employees' accumulated contributions and interest earned at January 1, 2025.

The increase in the actuarial present value of accumulated plan benefits from January 1, 2024 through January 1, 2025 of $15,158 was comprised of the following:

	2025
Actuarial present value of accumulated plan benefits, beginning of the year	$ 7,677,650
Increase (decrease) during the year attributable to:	
Benefits paid	(431,592)
Interest	410,561
Changes in actuarial assumptions	(51,529)
Benefits accrued and actuarial experience	87,718
Net increase	15,158
Actuarial present value of accumulated plan benefits, end of the year	$ 7,692,808

The more significant principles and assumptions underlying the Topic 960 actuarial valuations for 2025 were:

Actuarial Cost Method – The "Unit Credit" actuarial cost method of valuation was used for the valuation of all benefits.

Present Value of Accumulated Benefits – Computed in accordance with Topic 960, this quantity is determined independently from the Plan's actuarial cost method. This is the present value of a participant's accrued benefit as of the valuation date, assuming the participant will earn no more credited service and will receive no future salary.

Mortality Rate – For 2025, the Pri-2012 and MP-2021 mortality basis tables (MP-2021).

Discount Rate – The rate used to measure the present value of accumulated benefits, 5.50 percent per annum for 2025.

Actuarial Value of Plan Assets – market value for 2025.

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits. The computations of the actuarial present value of accumulated plan benefits were made as of January 1, 2025. Had the valuations been performed as of December 31, there would be no material differences.

Note 6: Disclosures About Fair Value of Plan Assets

The Plan measures fair value based on the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value framework establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of inputs used to measure fair value are described below.

Level 1 Inputs to the valuation methodology are unadjusted quoted prices in active markets for identical assets or liabilities that are accessible to the reporting entity at the measurement date.

Level 2 Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly. Level 2 inputs include the following:

- Quoted prices for similar assets and liabilities in active markets;
- Quoted for identical or similar assets or liabilities in markets that are not active;
- Observable inputs other than quoted prices that are used in the valuation of the asset or liabilities;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level input that is significant to the fair value measure in its entirety.

The following table presents the fair value measurements of assets recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31, 2025 and 2024:

	Assets at Fair Value as of December 31, 2025			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 7,231,927	$ -	$ -	$ 7,231,927
Investments measured at fair value	$ 7,231,927	$ -	$ -	$ 7,231,927

	Assets at Fair Value as of December 31, 2024			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 7,073,480	$ -	$ -	$ 7,073,480
Investments measured at fair value	$ 7,073,480	$ -	$ -	$ 7,073,480

Note 7: Related-Party and Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50 percent or more of such an employer or employee association or relatives of such persons.

The Plan paid Transamerica $36,653 and $20,387 for trust actuarial and management services for 2025 and 2024, respectively.

The Plan paid investment advisory and management service fees of $16,500 and $12,375 for 2025 and 2024, respectively. The Plan also paid $60,652 and $55,468 in PBGC premiums for 2025 and 2024, respectively.

The Company pays certain audit and administrative fees on behalf of the Plan.

Note 8: Risks and Uncertainties

The Plan provides for various investment options in debentures, short-term notes and equity and other marketable securities. These investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk and uncertainty associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances, the amounts reported in the statements of net assets available for benefits and the amounts reported in the statements of changes in net assets available for benefits.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimation and assumption process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

Note 9: Subsequent Events

Subsequent events have been evaluated through October 9, 2026, which is the date the financial statements were available to be issued.

A ACTUARIAL COST METHOD

The actuarial cost method used to determine the target normal cost, target liability and required contribution amounts for the plan is the Traditional Unit Credit Actuarial Cost Method. Under this method, both the target normal cost and target liability are based on the annual accrual of benefits as accruals occur each year.

The target liability for each active plan participant is equal to the actuarial present value of the participant's accrued benefit as of the valuation date. The total target liability of the plan is equal to the sum of such liabilities as determined for each active participant plus the actuarial present value of benefits being paid, or due to be paid, to retirees, beneficiaries and former participants with deferred vested benefits.

The target normal cost for each active participant is equal to the actuarial present value of the benefit expected to be earned during the year starting on the valuation date. The total target normal cost of the plan is the sum of the target normal costs for each active plan participant.

All employees who are plan participants on a valuation date are included in the actuarial valuation.

B ASSET VALUATION METHOD

The actuarial value of assets is equal to the market value of assets on the valuation date.

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Part V – Statement of Actuarial Assumptions/Methods

Plan Name: The Cineplex Odeon Corporation U.S. Employees' Pension Plan
EIN/PN: 43-0908577/003

A ACTUARIAL COST METHOD

The actuarial cost method used to determine the target normal cost, target liability and required contribution amounts for the plan is the Traditional Unit Credit Actuarial Cost Method. Under this method, both the target normal cost and target liability are based on the annual accrual of benefits as accruals occur each year.

The target liability for each active plan participant is equal to the actuarial present value of the participant's accrued benefit as of the valuation date. The total target liability of the plan is equal to the sum of such liabilities as determined for each active participant plus the actuarial present value of benefits being paid, or due to be paid, to retirees, beneficiaries and former participants with deferred vested benefits.

The target normal cost for each active participant is equal to the actuarial present value of the benefit expected to be earned during the year starting on the valuation date. The total target normal cost of the plan is the sum of the target normal costs for each active plan participant.

All employees who are plan participants on a valuation date are included in the actuarial valuation.

B ASSET VALUATION METHOD

The actuarial value of assets is equal to the market value of assets on the valuation date.

Credited Service	Prior to November 22, 1985, no Benefit Service will be credited to an Employee unless the Employee was eligible to participate in the Plitt Employee Retirement Plan. Each Participant covered under the Plan on December 31, 1988 was credited under the terms of the Plan in effect on December 31, 1988. If an Employee was hired prior to January 1, 1988 and was at least age 60 at Date of Hire, Benefit Service will start at the later of January 1, 1988 or the date the Employee becomes a Participant. Beginning January 1, 1989, Benefit Service is based on completed years and months. A complete month is credited if the Participant has at least 15 days of service in the month. Credited Service is frozen effective December 31, 1998.
Vesting Service	Equal to the sum of the following: (1) Prior to January 1, 1989: For periods of service and including December 31, 1988, the number of years of Vesting Service credited shall be equal to the number of years of Vesting Service credited under the respective terms of the Plitt Employee Retirement Plan on December 31, 1988. (2) On or After January 1, 1989: For periods from January 1, 1989 or, if later, the eligible employee's commencement of employment date, to the Participant's severance from service date, the number of years and completed months between such dates based on the "Elapsed Time" method of computation. The month in which a Participant's severance from service date occurs shall be credited to the Participant as a full month of Vesting Service. Vesting Service is credited for the period of employment with an employee prior to the acquisition by Cineplex Odeon.

Cash Balance Account	As of December 31, 1998, participating employee's accrued benefits were converted to a cash balance account. The opening cash balance account was equal to present value of the Participant's accrued benefit based on the unisex 1983 Group Annuity Mortality Table at 7% interest. The cash balance is credited with interest based on the 30-year Treasury Rate for the month of December preceding the Plan Year.
Normal Retirement Age	Later of Age 65, or fifth anniversary of date of participation.
Normal Retirement Benefit	For Participants active or rehired on or after January 1, 1999, the Accrued Benefit payable is the greater of: (1) The Participant's Accrued Benefit as of December 31, 1998, or (2) The Actuarial Equivalent of the Participant's Vested Cash Balance Account as of Normal Retirement Date. Benefits are frozen effective December 31, 1998.
Early Retirement	Early Retirement is available for any participant who has attained age 55 with 10 years of service. The Early Retirement Benefit payable is the greater of: (1) The Participant's Accrued Benefit as of December 31, 1998, reduced 5/12% per month for the first 60 months and 4/12% per month for the next 60 months preceding Normal Retirement Date, or (2) The Actuarial Equivalent of the Participant's Vested Cash Balance Account as of Early Retirement Date.

Late Retirement

The Late Retirement Benefit payable is the greater of:

(1) The Participant's Accrued Benefit as of December 31, 1998 actuarially increased, or

(2) The Actuarial Equivalent of the Participant's Vested Cash Balance Account as of Late Retirement Date.

Pre-Retirement Survivor Benefit

For Participants who die on or after January 1, 1999, if a married Participant dies while actively employed or dies while inactive with a vested benefit prior to commencement of benefits, a death benefit will be payable to the Spouse.

The Pre-Retirement Death Benefit payable for a married participant is the greater of:

(1) The Pre-Retirement Surviving Spouse's Pension (50% Joint and Survivor) based on the Participant's Accrued Benefit as of December 31, 1998, or

(2) The Actuarial Equivalent of the Participant's Cash Balance Account as of the first of the month on or following the Participant's death and payable as a Single Life Annuity to the Spouse.

For Participants who die on or after January 1, 1999, if a non-married Participant dies while actively employed or dies while inactive with a vested benefit prior to commencement of benefits, a death benefit will be payable to the designated beneficiary.

The Pre-Retirement Death Benefit payable for an un-married participant is the greater of:

(1) The Pre-Retirement Surviving Beneficiary Pension (50% Joint and Survivor) based on the Participant's Accrued Benefit as of December 31, 1998, or

(2) The Actuarial Equivalent of the Participant's Cash Balance Account as of the first of the month on or following the Participant's death and payable as a Single Life Annuity to the beneficiary.

Credited Service	Prior to November 22, 1985, no Benefit Service will be credited to an Employee unless the Employee was eligible to participate in the Plitt Employee Retirement Plan. Each Participant covered under the Plan on December 31, 1988 was credited under the terms of the Plan in effect on December 31, 1988. If an Employee was hired prior to January 1, 1988 and was at least age 60 at Date of Hire, Benefit Service will start at the later of January 1, 1988 or the date the Employee becomes a Participant. Beginning January 1, 1989, Benefit Service is based on completed years and months. A complete month is credited if the Participant has at least 15 days of service in the month. Credited Service is frozen effective December 31, 1998.
Vesting Service	Equal to the sum of the following: (1) Prior to January 1, 1989: For periods of service and including December 31, 1988, the number of years of Vesting Service credited shall be equal to the number of years of Vesting Service credited under the respective terms of the Plitt Employee Retirement Plan on December 31, 1988. (2) On or After January 1, 1989: For periods from January 1, 1989 or, if later, the eligible employee's commencement of employment date, to the Participant's severance from service date, the number of years and completed months between such dates based on the "Elapsed Time" method of computation. The month in which a Participant's severance from service date occurs shall be credited to the Participant as a full month of Vesting Service. Vesting Service is credited for the period of employment with an employee prior to the acquisition by Cineplex Odeon.

Normal Retirement Benefit	For Participants active or rehired on or after January 1, 1999, the Accrued Benefit payable is the greater of: (1) The Participant's Accrued Benefit as of December 31, 1998, or (2) The Actuarial Equivalent of the Participant's Vested Cash Balance Account as of Normal Retirement Date. Benefits are frozen effective December 31, 1998.
Early Retirement	Early Retirement is available for any participant who has attained age 55 with 10 years of service. The Early Retirement Benefit payable is the greater of: (1) The Participant's Accrued Benefit as of December 31, 1998, reduced 5/12% per month for the first 60 months and 4/12% per month for the next 60 months preceding Normal Retirement Date, or (2) The Actuarial Equivalent of the Participant's Vested Cash Balance Account as of Early Retirement Date.

Late Retirement

The Late Retirement Benefit payable is the greater of:

(1) The Participant's Accrued Benefit as of December 31, 1998 actuarially increased, or

(2) The Actuarial Equivalent of the Participant's Vested Cash Balance Account as of Late Retirement Date.

Pre-Retirement Survivor Benefit

For Participants who die on or after January 1, 1999, if a married Participant dies while actively employed or dies while inactive with a vested benefit prior to commencement of benefits, a death benefit will be payable to the Spouse.

The Pre-Retirement Death Benefit payable for a married participant is the greater of:

(1) The Pre-Retirement Surviving Spouse's Pension (50% Joint and Survivor) based on the Participant's Accrued Benefit as of December 31, 1998, or

(2) The Actuarial Equivalent of the Participant's Cash Balance Account as of the first of the month on or following the Participant's death and payable as a Single Life Annuity to the Spouse.

For Participants who die on or after January 1, 1999, if a non-married Participant dies while actively employed or dies while inactive with a vested benefit prior to commencement of benefits, a death benefit will be payable to the designated beneficiary.

The Pre-Retirement Death Benefit payable for an un-married participant is the greater of:

(1) The Pre-Retirement Surviving Beneficiary Pension (50% Joint and Survivor) based on the Participant's Accrued Benefit as of December 31, 1998, or

(2) The Actuarial Equivalent of the Participant's Cash Balance Account as of the first of the month on or following the Participant's death and payable as a Single Life Annuity to the beneficiary.
