Independent Auditor's Report

To the Administrator/Representatives of
Lusardi 401(k) Plan
Lusardi Construction Co.

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Lusardi 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Lusardi 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Lusardi 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Lusardi 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Lusardi 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Lusardi 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule H, Line 4i - schedule of assets (held at end of year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

A. DESCRIPTION OF PLAN

The following description of the Lusardi Construction Co. (the "Plan Sponsor") 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering eligible employees of the Plan Sponsor. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). Lusardi Construction Co. serves as the Plan Administrator and Named Fiduciary and is responsible for the overall administration and oversight of the Plan.

Eligibility

Employees are eligible to participate in the Plan if they have worked the lesser of six consecutive months with 500 hours of service or one year with 1,000 hours of service and are eighteen or older. Leased employees, reclassified employees and union employees under a collective bargaining agreement are not eligible to participate in the Plan.

Entry Date

Employees may enter the Plan on the day the eligibility requirements are satisfied.

Contributions

Each year, participants may contribute up to 50% of pretax annual compensation, as defined in the Plan. Contributions are subject to certain Internal Revenue Code (IRC) limitations. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. The Plan allows participants to designate contributions as Roth contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollover).

Participants direct the investment of all contributions into various investment options offered by the Plan.

The Plan Sponsor may make, in its sole discretion, matching contributions. Matching contributions are calculated based on the participants' compensation and elective deferrals for the plan year and are made by January 15 after the end of the applicable Plan calendar year.

For 2025, the Plan Sponsor matched $1 per dollar contributed to a maximum of $2,080, then $0.50 per dollar contributed to the maximum contributed by the employee.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Plan Sponsor's contribution, (b) plan earnings and (c) an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

A. DESCRIPTION OF PLAN (CONTINUED)

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Plan Sponsor's matching and discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after six years of credited services.

Investment Options

Upon enrollment in the Plan, participants direct the investment of their employee contributions and their employer matching contribution into one or more selected registered investment companies. The investments are held by Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company, a member of the Principal Financial Group, the trustee of the Plan. Participants may change their investment options at any time by telephone or internet.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 and up to a maximum equal to the lesser of:

- $50,000 reduced by the highest outstanding loan balance of loans during the one-year period ending on the day before the new loan is made, or
- The greater of 50% of their vested account balance or $10,000, reduced by any outstanding loan balance on the date the new loan is made.

Loan transactions are treated as a transfer to (from) the investment fund and from (to) the participant fund. The loans are secured by the balance in the participant's account. Principal and interest are paid ratably through payroll deductions over a period not to exceed five years, unless the loan is used to purchase a principal residence for the participant, in which case the repayment period won't exceed the repayment period currently in effect for a commercial home loan. The interest rate is the prime rate.

Payment of Benefits

Upon termination of service due to death, disability or attaining normal retirement, a participant receives an amount equal to the value of the participant's vested interest in their account. For termination of service due to other reasons, a participant may receive the value of the vested interest in their account as a lump-sum distribution. A participant may elect to have their benefits paid directly to them or have the benefits directly rolled over to another qualified retirement plan or an individual retirement account. Under certain circumstances, participants may make a financial hardship withdrawal.

A terminated employee with a vested balance (excluding rollover contributions) of $5,000 or less will automatically have their vested balance distributed from the Plan. In this case, participants can elect to receive the distribution in a single lump-sum payment or rollover the distribution to another qualified plan or to an individual retirement account (IRA). If the vested balance is more than $1,000, the participant has not reached normal retirement age, or timely participant election has not been attained, the Plan will automatically transfer the participant's vested account to an IRA. A vested account of $1,000 or less will automatically be paid in a single lump sum.

A. DESCRIPTION OF PLAN (CONTINUED)

Forfeited Accounts

Upon certain terminations of participation in the Plan, the nonvested portion of a participant's account is forfeited. Forfeitures are used to pay plan administrative expenses, and any remaining amounts may be used to reduce future employer contributions. At December 31, 2025 and 2024, forfeiture account balances were $1,509 and $0, respectively. During the year ended December 31, 2025, account balances totaling $43,478 were forfeited, of which $33,422 was used to offset employer contributions. In addition, earnings of $542 were credited to the forfeiture accounts, and plan administrative expenses of $9,089 were paid from those accounts.

Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions. Under the Plan, the Plan Sponsor may also temporarily suspend matching contributions, which does not constitute or require termination of the Plan.

In the event the Plan is terminated, the respective accounts of the participants under the Plan will become 100% vested and nonforfeitable. After payment of expenses properly chargeable against the Plan, the trustee shall distribute all plan assets to the participants in proportions determined by their respective amounts.

B. SUMMARY OF SIGNIFICANT POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Investment Valuations and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received upon sale of an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The plan administrator determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and other third parties. See Note D for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The classification of investment earnings reported in the statement of changes in net assets available for benefits may differ from the classification of earnings on Form 5500 due to different reporting requirements on Form 5500.

B. SUMMARY OF SIGNIFICANT POLICIES (CONTINUED)

Contributions

Participant contributions and the related Plan Sponsor matching contributions are recorded in the year in which the employee contributions are withheld from compensation.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments for more than 90 days, the loan is considered to be in default and treated as a distribution based on the terms of the Plan.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Plan Sponsor. Expenses that are paid by the Plan Sponsor are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Subsequent Events

The Plan Sponsor has evaluated subsequent events through October 14, 2026, which is the date the financial statements were available to be issued.

C. INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA required supplemental schedule, including investments and notes receivable from participants held at December 31, 2025 and 2024, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company (the custodian of the Plan).

D. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, provides the framework for measuring the fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). Following is a description of the three levels of the fair value hierarchy:

Level 1 Unadjusted, quoted prices for identical assets or liabilities in active markets that the Plan has access.

Level 2 Quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, and inputs other than quoted prices that are observable or that can be corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Unobservable inputs that are significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024:

Mutual funds: valued at the daily closing price as reported by the fund. Mutual funds held with the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled separate accounts ("PSA"): invests mainly in short term securities such as commercial paper. The NAV is not publicly quoted but is available to plan participants when they access their account values. The NAV is the basis for current transactions, and the PSA can be redeemed at NAV as of the measurement date.

Self-directed brokerage accounts: holdings in the Schwab Personal Choice Retirement Account are publicly traded securities and are valued at the daily closing price reported by the fund. These funds are required to publish their daily NAV and to transact at that price and are deemed to be actively traded.

Common/collective trust fund: valued using the NAV per unit provided by the funds' trustees as a practical expedient to measure fair value. The practical expedient is not used when it is probable, as of the measurement date, that the Plan will sell an investment for an amount different from its reported NAV. Participant-directed transactions are permitted daily.

D. FAIR VALUE MEASUREMENTS (CONTINUED)

Guaranteed investment contract: consists of the Principal Fixed Income Guaranteed Option and is reported at contract value which approximates fair value. Contract value represents the aggregation of contributions, plus interest, less withdrawals, if any.

Participant loans: valued at amortized cost, which approximates fair value.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2025 and 2024.

Investments at fair value as of December 31, 2025:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 44,231,462	$ -	$ -	$ 44,231,462
Pooled separate accounts	-	291,925	-	291,925
Self-directed brokerage accounts	3,412,570	-	-	3,412,570
Total assets in the fair value hierarchy	$ 47,644,032	$ 291,925	$ -	$ 47,935,957
Common/collective trust fund*				2,634,401
Total investments, at fair value				$ 50,570,358

Investments at fair value as of December 31, 2024:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 37,493,460	$ -	$ -	$ 37,493,460
Pooled separate accounts	73,886	-	-	73,886
Self-directed brokerage accounts	3,190,980	-	-	3,190,980
Total investment fair value	$ 40,758,326	$ -	$ -	$ 40,758,326

* In accordance with ASC 820-10, investments in common/collective trust funds are measured at net asset value (NAV) per share or unit using the practical expedient and are not classified within the fair value hierarchy. The amounts presented in the table for these investments permit reconciliation of the investments classified within the fair value hierarchy to the amounts reported in the statement of net assets available for benefits.

E. GUARANTEED INVESTMENT CONTRACT

The Plan held a fully benefit-responsive guaranteed investment contract ("GIC") issued by Principal Life Insurance Company in 2024. Principal Life Insurance Company maintains the contributions in the general account and is considered a traditional investment contract. The GIC issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

The GIC is included in the financial statements at contract value which approximates fair value. Contract value, as reported to the Plan by Principal Life Insurance Company, represents contributions made under contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

E. GUARANTEED INVESTMENT CONTRACT (CONTINUED)

The Fixed Income Guaranteed Option is a single group annuity contract with a fixed rate of interest. As a result, the average yield earned by the Plan is the yield earned (i.e. interest credited) on the group annuity contract.

There are no reserves against the contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract at December 31, 2025 and 2024 was $0 and $2,600,348, respectively. Under the terms of the existing contract, the crediting interest rate is based on a formula agreed upon with the Issuer. The crediting rate is currently reset on a semiannual basis and will not be less than the guaranteed minimum interest rate.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following:

1. Amendments to the Plan documents (including complete or partial plan termination or merger with another plan)
2. Changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions
3. Bankruptcy of the Plan Sponsor or other Plan Sponsor events that cause a significant withdrawal from the Plan
4. Failure of the trust to qualify for exemption from federal income tax or any required prohibited transaction exemption under ERISA.

The plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

F. PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest include fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, or a person who owns 50% or more of such an employer or employee organization or relatives of such persons.

As of December 31, 2025, plan investments included shares of pooled separate accounts managed by Principal Financial Group. As of December 31, 2024, plan investments included units held in a fully benefit-responsive guaranteed investment contract ("GIC") with Principal Life Insurance Company (see Note E), and shares of mutual funds and pooled separate accounts managed by Principal Financial Group. Principal Financial Group is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. In addition, the Plan holds notes receivable from participants and paid certain expenses related to plan operations and investment activities to various service providers. These transactions are exempt party-in-interest transactions under ERISA.

G. TAX STATUS

The Internal Revenue Service ("IRS") has determined and informed the Plan Sponsor by a letter dated March 26, 1999, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods.

H. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or global conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
