Independent Auditor's Report

Plan Administrator and the Savings and Pension Administrative Committee
Savannah River Nuclear Solutions, LLC Defined Contribution Plan
Aiken, South Carolina

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Savannah River Nuclear Solutions, LLC Defined Contribution Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from State Street Bank and Trust Company as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by State Street Bank and Trust Company agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

"Elliott Davis" is the brand name under which Elliott Davis, LLC (doing business in North Carolina and D.C. as Elliott Davis, PLLC) and Elliott Davis Advisory, LLC and its subsidiary entities provide professional services. Elliott Davis, LLC and Elliott Davis Advisory, LLC and its subsidiary entities practice as an alternative practice structure in accordance with the AICPA Code of Professional Conduct and applicable law, regulations and professional standards. Elliott Davis, LLC is a licensed independent CPA firm that provides attest services to its customers. Elliott Davis Advisory, LLC and its subsidiary entities provide tax and business consulting services to their customers. Elliott Davis Advisory, LLC and its subsidiary entities are not licensed CPA firms. The entities falling under the Elliott Davis brand are each individual firms that are separate legal and independently owned entities and are not responsible or liable for the services and/or products provided by any other entity providing services and/or products under the Elliott Davis brand. Our use of the terms "our firm" and "we" and "us" and terms of similar import, denote the alternative practice structure conducted by Elliott Davis, LLC and Elliott Davis Advisory, LLC.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for within one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risk of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

Auditor's Responsibilities for the Audit of the Financial Statements, Continued

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Other Matter - Supplemental Schedule Required by ERISA, Continued

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by State Street Bank and Trust Company agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1. Description of the Plan

The following description of the Savannah River Nuclear Solutions, LLC Defined Contribution Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General:

The Plan was established on April 1, 1989. The Plan is a defined contribution retirement savings plan covering all eligible employees of the Participating Employers (collectively, the "Company"). The Participating Employers include Savannah River Nuclear Solutions, LLC ("SRNS"), Battelle Savannah River Alliance ("BSRA"), and Savannah River Mission Completion, LLC ("SRMC"), the current contractors at the Savannah River Site in Aiken, South Carolina ("SRS") that participate in the Plan, and certain former SRS contractors, (Westinghouse Savannah River Company "WSRC" and Bechtel Savannah River, Inc. "BSRI", collectively), that previously participated in the Plan (collectively, the "Participating Employers") who are either classified as full or limited service employees as defined by the Plan. Limited service employees who have worked 1,000 hours or more in a 12-month period are eligible to receive Company matching and non-elective contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and is sponsored by SRNS and SRMC (collectively, the "Plan Sponsor"). Representatives of SRNS administer the Plan. The trustee of the Plan is State Street Bank and Trust Company ("State Street" or "trustee"). Transamerica Retirement Solutions ("Transamerica") provides third-party administration and recordkeeping services to the Plan.

Plan amendment:

Effective June 1, 2025, the Plan was amended for Program B employees, as defined below, to revise the Company matching contribution formula and vesting provisions. All employees with fewer than five years of service are eligible for a Company match equal to 50% of the first 8% of eligible compensation deferred into the Plan, while only SRNS employees with five or more years of service are eligible for a Company match equal to 50% of the first 12% deferred into the Plan. In addition, all Program B employees hired or rehired on or after June 1, 2025, are subject to a five-year vesting schedule with respect to Company matching contributions.

Contributions:

Each year, participants may contribute up to 75 percent of eligible compensation, as defined in the Plan. Participants who have attained the age of 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible Program B employees, as defined below, are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 8 percent of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. Automatically enrolled participants have an annual escalation of their deferral rate of 1 percent to a maximum of 15 percent.

Note 1. Description of the Plan, Continued

Contributions, continued:

The Participating Employers make contributions to participant accounts under one of the following programs:

Program A:
Employees who meet the following criteria are eligible to participate in Program A of the Plan.

- Eligible SRNS employees employed on or before July 31, 2008.
- Eligible WSRC or BSRI employees employed on or before December 8, 2008.
- Eligible SRMC employees employed on or before June 30, 2009.

For participants in Program A, the Participating Employers contribute an amount equal to 50 percent of each participant's contributions up to 6 percent of eligible compensation, as defined by the Plan.

Program B:
Employees who do not meet the eligibility requirements for Program A participate in Program B. Prior to June 1, 2025, the Participating Employers contributed a matching contribution equal to 50% of participant contributions up to 8% of eligible compensation, as defined by the Plan, for participants in Program B. Effective June 1, 2025, the matching contribution formula was amended as follows: All participants with fewer than five years of service receive a matching contribution equal to 50% of the first 8% of eligible compensation deferred into the Plan. SRNS-only participants with five or more years of service receive a matching contribution equal to 50% of the first 12% of eligible compensation deferred into the Plan.

The Participating Employers make a non-elective contribution equal to 5 percent of each eligible Program B participant's eligible compensation, as defined by the Plan. The participant does not need to make a salary deferral in order to receive the non-elective contribution.

Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant accounts:

Each participant’s account is credited with the participant’s contributions, Company contributions, and Plan earnings. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting:

Participants are vested immediately in their voluntary contributions plus actual earnings thereon. Participants in Program B are immediately vested in the Participating Employers' non-elective contributions. Participants of both Programs become fully vested in all other Participating Employers' contributions after completing three years of credited service. Program B employees hired or rehired on or after June 1, 2025 will be subject to a five-year vesting schedule with respect to company matching contributions.

Note 1. Description of the Plan, Continued

Notes receivable from participants:

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance excluding Program B non-elective contributions. The loans are secured by the balance in the participant's account. The loan interest rate is 1 percent above prime rate as of the first day of the month in which the loan was originated, as defined by the plan. Principal and interest are paid ratably through payroll deductions. For participant loans that are in default, as defined by the Plan, the balance of the loan is deemed to be a taxable distribution.

Payment of benefits:

On termination of service, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount or the installment options as provided by the Plan. Hardship distributions are permitted upon demonstration of financial hardship. All fully vested balances are available for distribution after the participant reaches the age of 59½.

Forfeited accounts:

At December 31, 2025 and 2024, forfeited nonvested accounts totaled $113,015 and $264,805, respectively. These accounts will be used to reduce future employer contributions. In 2025 and 2024, Company contributions were reduced by $896,489 and $813,755 from forfeited nonvested accounts.

Note 2. Summary of Significant Accounting Policies

Basis of accounting:

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein. Actual results could differ from those estimates.

Contributions:

Contributions from Plan participants and the matching contributions from the Company are recorded in the year in which the employee contributions are withheld from compensation. Non-elective contributions are recorded in the year in which participant compensation is paid.

Note 2. Summary of Significant Accounting Policies, Continued

Investment valuation and income recognition:

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Savings and Pension Administrative Committee determines the Plan's valuation policies utilizing information provided by the trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Payment of benefits:

Benefits are recorded when paid.

Expenses:

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and other distributions to participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent events:

The Plan has evaluated subsequent events through October 14, 2026, the date the financial statements were available to be issued.

Recently issued accounting pronouncements:

Accounting standards that have been issued or proposed by the Financial Accounting Standards Board (FASB) or other standards-setting bodies are not expected to have a material impact on the Plan's financial statements.

Note 3. Trustee Certifications

The following is a summary of the Plan's asset information as of December 31, 2025 and 2024, and for the years then ended, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the trustee and furnished to the plan administrator. The plan administrator has obtained certifications from the trustee that the information provided to the plan administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets:

	2025	2024
Investments at fair value:		
Mutual funds	$ 92,583,991	$ 77,409,626
Collective trust funds	2,549,347,418	2,212,917,455
Stable value funds	429,345,955	455,596,673
Self-directed brokerage accounts	65,305,290	47,721,443
	3,136,582,654	2,793,645,197
Notes receivable from participants	40,203,806	36,172,057
	$3,176,786,460	$2,829,817,254

The trustee also certified to the completeness and accuracy of $423,200,016 and $341,502,443 of net appreciation in the fair value of investments and $3,071,692 and $2,469,139 of interest and dividends, as well as $3,105,840 and $2,738,798 of interest income on notes receivable from participants for the years ended December 31, 2025 and 2024, respectively.

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Note 4. Fair Value Measurements, Continued

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Collective trust and stable value funds: Valued at net asset value (NAV) of units held. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust and stable value funds, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidation will be carried out in an orderly business manner.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-directed brokerage accounts: Accounts primarily consist of equities (corporate stocks), ETFs, mutual funds, and money market funds that are valued on the basis of readily determinable market prices, classified as level 1 investments; and cash, bonds, and certificates of deposit that are valued based on amortized or original cost plus accrued interest, which approximates fair value, classified as level 2 investments.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets:

	December 31, 2025			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 92,583,991	$ -	$ -	$ 92,583,991

Investments at fair value				$2,793,645,197

(a) Certain investments that were measured at NAV per share or its equivalent have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table sets forth a summary of the Plan's investments reported at NAV as a practical expedient to estimate fair value:

Note 5. Related-Party and Party in Interest Transactions

Certain Plan assets are shares of collective trust funds managed by Wells Fargo Asset Management Holdings, LLC, investment funds manager, of assets held for the Plan's Stable Value Funds, and, therefore, these investment transactions qualify as party in interest transactions. Certain other Plan assets are shares of common collective trust funds or mutual funds that are managed by firms that are investment managers for the Plan. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investments, as they are paid through revenue sharing, rather than a direct payment. These investment transactions and expenses are also party in interest transactions. The Plan participants incur certain fees for actions such as participant loans, the use of the Plan's investment advisory services offered through Financial Engines, Inc., and trading fees for certain short-term investment sale activities. Such fees totaled $685,984 in 2025 and $676,904 in 2024, and were paid to Transamerica, Financial Engines, Inc., and other service providers. These fees are party in interest transactions.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their Company contributions.

Note 7. Tax Status

The IRS has determined and informed the Company by a letter dated August 21, 2013, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter. The Plan administrator believes the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Note 7. Tax Status, Continued

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the 2025 statement of net assets available for benefits.

Note 9. Subsequent Events

Effective January 1, 2026, the company match percentage for SRMC Program B employees was changed to be 50% of the first 8% of pay for employees with less than five years of service and 50% of the first 12% for employees with five or more years of service.

Effective April 1, 2026, the Plan was amended to permit participants to transfer all or a portion of their vested and nonforfeitable Plan accounts to an In-Plan Roth Conversion account held on behalf of the participant.
