Auditors' Management Letter

In planning and performing our audit of the financial statements of the Majco, Inc. dba Big Brand Tire & Service 401(k) Profit Sharing Plan as of and for the year ended December 31, 2025, in accordance with auditing standards generally accepted in the United States of America, we considered the Plan's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control.

However, during our audit we became aware of matters that are opportunities for strengthening internal controls and operating efficiency. This letter summarizes our comments and suggestions regarding those matters. This letter does not affect our report dated October 13, 2026, on the financial statements of the Majco, Inc. dba Big Brand Tire & Service 401(k) Profit Sharing Plan.

We will review the status of these comments during our next audit engagement and would be pleased to discuss them in further detail at your convenience, to perform any additional study of these matters, or to assist you in implementing the recommendations. Our comments are summarized as follows:

Participant Information

During our testing, we noted there were a few erroneous entries while evaluating the beneficiary information of the participants. We noted date of hire per I-9 is different from date of hire per TPA website for some employees. We also noted that 22 out of 25 employees had not designated any beneficiary(ies) on file. We also noted that 12 out of 25 employees did not have a marital status on file. We recommend Plan management to review participant information periodically comparing TPA website with Human Resources' documentation. We also recommend Plan management to inquire employees for the updated status and compare it with TPA website. We also recommend TPA representative of the Plan takes additional steps to communicate periodically with participants and encourage reviewing and updating their personal details to ensure that the details are accurate.

Terminated employees

During our testing, we noted that the date terminated per census reports doesn't match the date terminated per employee notice for four participants. We also noted that three termination notices do not have an employee's signature. We recommend Plan Management review employees' documents periodically and inform TPA of any changes in the status of employees when noticed by the Plan Management.

Timely Deposit of Participants' Deferrals

During our testing related to the timeliness of participants' deferrals, we noted on two occasions where the participant's deferral took 4 days each to be transmitted to the Plan's Trustee. Under the current rules, employers of all sizes must transmit employee contributions to pension plans as soon as they can reasonably be segregated from the general assets of the employer. If a pattern of timeliness is established during the year, then this would the timing guideline which must be used (i.e., three days or less). Therefore, this means, should the DOL audit the Plan and consider the payment not to be in a timely manner based on their professional judgement, the Company could be subject to penalties or fines.

Distributions Testing

During our testing, we noted a small difference for one participant between the distribution amount reported on the Plan Summary documentation and the actual distribution amount per disbursement check details and Form 1099-R. Although this is insignificant, we recommend the Plan to review the calculation before distributions to minimize any chances of error.

Actual Deferral Percentage (ADP) and Maximum Annual Additions Tests

We noted that ADP and Maximum Annual Additional tests failed, and corrective actions were taken in accordance with IRS regulations. We recommend monitoring contribution levels throughout the year and working closely with the Plan's TPA to help ensure future compliance with ADP and annual addition testing requirements to avoid penalties and risks to the tax status of the Plan. We also recommend having at least one meeting with the TPA annually.

We wish to thank the Chief Financial Officer, Controller, and other staff members for their support and assistance during our audit.

Independent Auditors' Report

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Majco, Inc. dba Big Brand Tire & Service 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Majco, Inc. dba Big Brand Tire & Service 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the audit of the Financial Statements section—

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis of Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Majco, Inc. dba Big Brand Tire & Service 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Plan management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about of Majco, Inc. dba Big Brand Tire & Service 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Plan management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Majco, Inc. dba Big Brand Tire & Service 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Majco, Inc. dba Big Brand Tire & Service 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule of Form 5500, Schedule H 4(I) as of and for the year ended December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to, or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Majco, Inc. dba Big Brand Tire & Service 401(k) Profit Sharing Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General. The Plan is a single-employer defined contribution plan covering all employees of Majco, Inc. dba Big Brand Tire & Service Company who are eighteen years of age or older and have completed 500 hours of service in the first six consecutive months of employment, or 1,000 hours of service in one year. Majco, Inc. dba Big Brand Tire & Service 401(k) Profit Sharing Plan has adopted American Funds Distributors, Inc. Prototype 401(k), Profit Sharing Plan, and subsequent amendments to that Prototype Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Capital Bank and Trust Company is the Plan's directed trustee. American Funds, a company related to Capital Bank and Trust Company, manages the Plan's investments and acts as the Plan's administrator. American Funds contracts with FASCore, LLC to provide third party recordkeeping services.

Contributions. Participants may elect to reduce their compensation by a specific percentage or dollar amount and have that amount contributed to the Plan on a pre-tax basis as a salary deferral. Total deferrals in any taxable year may not exceed a dollar limit set by law, $23,500 for 2025. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Plan allows "catch up" contributions for participants age 50 or older as allowable under federal laws.

Matching Contributions. The employer may make a matching contribution equal to a discretionary percentage of the participant's salary deferrals, the discretionary percentage will be determined each year. In 2025, the matching percentage was 25% of employees' contribution. The Plan includes a discretionary employer profit sharing contribution provision, which may be determined by the employer each year. Beginning 2026, the Plan's employer matching contribution percentage will increase to 35%.

Nonelective Contributions. The employer may decide to make a nonelective contribution to the Plan, although the employer is not required to do so. The nonelective contribution will be allocated to all eligible participants, who are non-highly compensated employees.

Expenses. Any fees and expenses will be paid by the Plan at the discretion of the employer. The employer may reimburse the Plan for any fees and expenses paid by the Plan. Such reimbursement shall not be deemed to be a contribution for purposes of Code Sections 404 and 415. For the Plan year ended December 31, 2025, certain costs of the Plan were absorbed by the employer. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in the net appreciation of fair value of investments.

Participant Accounts. Each participant's account is credited with the participant's contribution and allocations of the employer's contribution, Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 - DESCRIPTION OF PLAN – Continued

Vesting. Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the employer's contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after six years of credited service.

Notes Receivable from Participants. Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of $50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account. The interest rate is based on the prime rate published in the Wall Street Journal on the first business day of each month, plus 3%, and such rate is fixed for the life of the loan. Principal and interest are paid ratably through monthly payroll deductions.

Credit Losses. On January 1, 2023, the Plan adopted Accounting Standards Update No. 2016-13, Financial Instruments – Credit Losses (Topic 326). During the year ended 2025, the Plan recorded notes receivable from participants, and employer and employee contributions receivable, net of an allowance for credit losses. Management's assessment of expected credit losses includes consideration of current and expected economic conditions, market and industry factors affecting the Plan's Participants (including their financial condition), the aging of account balances, historical credit loss experience, and participant creditworthiness. Amounts are written off when there is information that indicates the participant is facing significant financial difficulty and there is no possibility of recovery.

Based on management's assessment, the Plan determined that no provision for estimated credit losses was required at December 31, 2025.

Payment of Benefits. On termination of service, for any reason, including retirement, disability, or death, a participant may receive their vested benefit in a single lump sum payment or have the payment paid as a "direct rollover" to his or her individual retirement account (IRA) or to another employer's tax qualified plan (if separation is due to death, direct rollover is only available if the beneficiary is his or her spouse). If a participant's account balance (determined excluding any rollover contributions plus earnings) is greater than $5,000 a participant may elect to receive monthly installments or defer receiving payments until age 73.

Forfeited Accounts. Any forfeitures occurring during a Plan year will be transferred to the forfeiture account and will first be used to pay administrative expenses of the Plan. Any remaining amounts will be used to reduce future Company contributions to the Plan. For the Plan year ended December 31, 2024, $169,841 from the forfeiture account was used to pay Plan expenses. There was a balance of $265,362 remaining in the forfeiture account as of the year ended December 31, 2025.

Investment Options. Each employee directs the investment of funds in his or her individual account among any of the investment funds permitted under the Plan. The Plan offers various investment options through American Funds and each participant can select one or more investment options. To the extent that the employee directs the investment of his individual account, the trustees are relieved of their fiduciary responsibilities as provided in Section 404(a)(1)(C) of ERISA.

Comparative Information. Certain amounts in December 31, 2024, fair value measurements have been reclassified for comparison purposes to conform to the December 31, 2025, presentation.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation. The accompanying financial statements of the Plan have been prepared on the accrual basis and are presented in accordance with generally accepted accounting principles.

Estimates. The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition. The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment advisers and custodians. See Note 3 for discussion of fair value measurements.

Purchase and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants. Notes receivables from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2025.

Excess Contributions Payable. Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan generally distributes any excess contributions to the applicable participants prior to March 15 of the following year.

Concentration of Credit Risk. The Plan's exposure to credit loss in the event of nonperformance of investments is limited to the carrying value of such investments.

Payment of Benefits. Benefits are recorded when paid.

Subsequent Events. The Plan has evaluated subsequent events through October 13, 2026, the date the financial statements were available to be issued. The Plan did not experience material subsequent events requiring financial statements disclosure.

NOTE 3 - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures,* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

NOTE 3 - FAIR VALUE MEASUREMENTS - Continued

The three levels of fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for asset measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual funds: Valued at the quoted net asset value of shares held by the Plan at year end. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Interest-bearing cash: Includes investment in a money market account and is valued at carrying value which approximates fair value due to the short maturity of this instrument.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 3 - FAIR VALUE MEASUREMENTS - Continued

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

NOTE 4 - INFORMATION PREPARED AND CERTIFIED BY TRUSTEE (UNAUDITED)

In accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator has received certification from the trustee, Capital Bank and Trust Company, as to the accuracy and completeness of certain financial information. Accordingly, as permitted under such regulations, the Plan administrator instructed its independent auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by the trustee, except for comparing that information to the financial statements. The trustee has certified the accuracy and completeness of investments of $27,193,223 and $18,602,580 and notes receivable from participants of $769,157 and $624,361 at December 31, 2025 and 2024 respectively, and investment income of $4,390,427 and interest income on notes receivable from participants of $64,275 for the year ending December 31, 2025.

NOTE 5 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500 SCHEDULE H

The financial statements are prepared on the accrual basis of accounting. Schedule H of Form 5500 has been prepared on the cash basis. The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of Form 5500:

	2025
Net assets available for benefits per the financial statements	$ 28,140,233
Receivables: employer contributions	(43,991)
Receivables: employee contributions	(133,862)
NET ASSETS AVAILABLE FOR BENEFITS PER SCHEDULE H OF FORM 5500	$ 27,962,380

The following is a reconciliation of changes in net assets available for benefits per the financial statements to Schedule H of Form 5500:

Net increase per the financial statements	$ 8,813,128
Change in contributions receivable - employer	(23,957)
Change in contributions receivable - employee	(53,732)
NET INCREASE PER SCHEDULE H OF FORM 5500	$ 8,735,439

NOTE 6 - PARTIES-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by American Funds. Capital Bank and Trust Company, commonly owned with American Funds, is the directed trustee as defined by the Plan and the investment advisor, Morgan Stanley all qualify as party-in-interest transactions. Administrative fees paid by the Plan amounted to $121,247 for the year ended December 31, 2025.

NOTE 7 - TAX STATUS

The Internal Revenue Service has determined and informed American Funds Distributors, Inc., by a letter dated June 6, 2020, that their Prototype Non-Standardized Profit-Sharing Plan is acceptable under section 401 of the Internal Revenue Code (IRC) for use by employers for the benefit of their employees. The Plan adopted American Funds Distributors, Inc. Prototype Non-Standardized 401(k) Profit Sharing Plan. The Plan has been amended since receipt of the determination letter. However, the trustee and Plan administrator believe the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service or the Franchise Tax Board. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions, and the administrator believes it is no longer subject to income tax examinations for years prior to 2022.

NOTE 8 - PLAN TERMINATION

Although it has not expressed intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and amend or modify, or to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

NOTE 9 - RISKS AND UNCERTAINTIES

The Plan provides for various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

The Plan invests through some mutual funds in the securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than those of securities of comparable U.S. companies.
