Independent Auditors' Report

Plan Sponsor
Barry-Wehmiller Companies' 401(k) Plan for Bargaining Unit Employees
St. Louis, Missouri

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Barry-Wehmiller Companies' 401(k) Plan for Bargaining Unit Employees (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company and Transamerica Financial Life Insurance Company as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audits of the Financial Statements section—

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP") .

- The information in the financial statements, referred to above, related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Plan Description

The following description of the Barry-Wehmiller Companies' 401(k) Plan for Bargaining Unit Employees (the "Plan") is provided for financial reporting purposes only. Participants of the Plan should refer to the plan document and summary plan description for a more complete description of the Plan's provisions.

General

The Plan was established September 1, 1997, amended and restated as of August 1, 2023, and is a defined contribution plan as defined by Section 401 of the Internal Revenue Code ("IRC") for certain employees of Barry-Wehmiller Companies, Inc. and other adopting affiliated companies (collectively the "Plan Sponsor"). The adopting affiliated companies include Angelus Sanitary Can Machine Company, Paper Converting Machine Company, and Thiele Technologies, Inc. covered under the collective bargaining agreement between the Metal Shop Warehouse and Helpers Local 970, affiliated with the International Brotherhood of Teamsters or the United Electrical, Radio and Machine Workers of America and its Local 1139. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Eligibility

Employees may become participants on their hire date.

Contributions

Participants may contribute up to 100 percent of pretax or after-tax annual eligible compensation, as defined in the plan document, not to exceed certain dollar limits established by the IRC. Participants may also contribute compensation as an after tax non-Roth contribution up to the maximum permitted by the IRC. Certain participants, as defined in the plan document, are automatically enrolled at 6 percent of eligible compensation. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Plan provides for a discretionary employer matching contribution of up to 100 percent of the first 3 percent of eligible compensation plus 50 percent of the next 1 percent of eligible compensation. These contributions may be suspended or discontinued at any time.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Plan Sponsor's contributions and Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting and Forfeitures

All contributions to participant accounts are fully vested at all times; therefore, there were no forfeited, non-vested accounts at December 31, 2025 and 2024.

Notes Receivable from Participants

The plan document includes provisions authorizing loans from the Plan to active eligible participants. Participants may borrow from their accounts a minimum of $1,000 up to the maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. The maximum number of loans available to any participant is one. The loans are secured by the balance in the participant's account and bear interest at rates that range from 4.25 percent to 9.50 percent, which are determined by the plan administrator and are based on prime rate plus one percent. The loan repayment period is dictated by the plan document based on the original use of the funds. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Prior to separation from service with the Plan Sponsor, a participant may request a distribution of rollover contributions. In the event of a financial hardship, certain participant funds, as defined in the plan document, may be requested for distribution. In-service distributions may also be requested by participants who are at least age 59 1/2.

Upon attainment of normal retirement age, total disability, or death, the amount credited to a participant's account is payable in a lump sum or installments. Upon termination of employment for reasons other than retirement, total disability, or death, the participant's account balance will be distributed in a manner based on the value of the account. If a separated participant's account does not exceed $7,000, the benefit will be distributed in a lump sum within a reasonable time after termination of employment. If the participant's account balance exceeds $7,000, the participant may elect to receive the benefit in a lump sum or installments in accordance with the plan document.

2. Summary of Significant Accounting Policies

Basis of Presentation

The financial statements of the Plan have been prepared in accordance with the provisions of the Financial Accounting Standards Board ("FASB"), Accounting Standards Codification (the "FASB ASC"), which is the source of authoritative, non-governmental accounting principles generally accepted in the United States of America ("GAAP"). All references to authoritative accounting guidance contained in our disclosures are based on the general accounting topics within the FASB ASC.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Plan's management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments, other than fully benefit responsive investment contracts, are reported at fair value. Fully benefit responsive investment contracts are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the amount that would be received from permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Fair Value Measurements

The Plan follows guidance issued by the FASB on fair value measurements, which establishes a framework for measuring fair value, clarifies the definition of fair value within that framework, and expands disclosures about the use of fair value measurements. This guidance applies whenever fair value is the applicable measurement. The three general valuation techniques used to measure fair value are the market approach, cost approach, and income approach.

Employer Contributions Receivable

The Plan provides an allowance for credit losses equal to the estimated losses that will be incurred in the collection of employer contributions receivable, if any. The allowance is based on multiple factors, including historical experience, the credit quality of the Plan Sponsor, the aging of contributions receivable, current economic conditions, and management's expectations of conditions in the future, as applicable. The allowance and associated employer contribution receivable are reduced when the receivables are determined to be uncollectible. There was no allowance for credit losses as of December 31, 2025 and 2024.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2025 and 2024. Delinquent loans are treated as distributions based upon the terms of the plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

The Plan permits the payment of Plan expenses from Plan assets. If the Plan Sponsor does not pay these expenses from its own assets, then the expenses paid using Plan assets will generally be allocated among the accounts of all participants in the Plan. These expenses will be allocated either proportionately based on the value of the account balances or as an equal dollar amount based on the number of participants in the Plan. The method of allocating the expenses depends on the nature of the expense. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in the net appreciation in fair value of investments.

3. Information Certified by the Trustee and Custodian

At December 31, 2025 and 2024, the Plan's investments, including notes receivable from participants, were held by Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company ("Principal"), the trustee of the Plan. During 2024, and through December 16, 2025, the Plan had an investment held by Transamerica Financial Life Insurance Company ("TFLIC"). Financial information relating to those investments is included in the accompanying financial statements and supplemental schedules based on information provided by the trustee and custodians. That information has been prepared and certified as complete and accurate by Principal and TFLIC.

4. Fair Value Measurements

The framework for measuring fair value establishes a fair value hierarchy which prioritizes the inputs to valuation techniques used to measure fair value into Levels 1, 2, and 3. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical instruments in active markets.
Level 2	Inputs to the valuation methodology to include quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in inactive markets, inputs other than quoted prices that are observable for the instrument, or inputs that are derived principally from or corroborated by observable market data by correlation or other means.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The instruments' fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for instruments measured at fair value.

Level 1 investments include participant-directed brokerage accounts and publicly traded mutual funds. The participant-directed brokerage accounts include common stocks and money market funds. The mutual funds and money market funds are valued at daily closing prices of the funds at year-end. Common stocks are valued at the closing price reported on the active market on which the individual securities are traded.

Investments also consist of collective trust funds. These securities are valued at the net asset value (“NAV”) based on the observable underlying investments. The NAV is based on the fair value of the underlying investments held by the fund. Participant transactions (issuances and redemptions) may occur daily. Were the Plan to initiate a full redemption of the collective trust fund, the the investment advisor reserves the right to temporarily delay withdrawal in order to ensure that securities liquidations will be carried out in an orderly business manner.

The fair value of investments is measured as of December 31, as follows:

	2025			
		Fair Value Measurements		
	Total	Level 1	Level 2	Level 3
Mutual funds	$ 37,424,284	$ 37,424,284	$ -	$ -
Participant-directed brokerage accounts	410,139	410,139	-	-
Total assets in fair value hierarchy	37,834,423	$ 37,834,423	$ -	$ -
Investments measured at NAV	2,977,299			
	$ 40,811,722			

	2024			
		Fair Value Measurements		
	Total	Level 1	Level 2	Level 3
Mutual funds	$ 33,511,349	$ 33,511,349	$ -	$ -
Participant-directed brokerage accounts	187,744	187,744	-	-
Total assets in fair value hierarchy	33,699,093	$ 33,699,093	$ -	$ -
Investments measured at NAV	4,275,184			
	$ 37,974,277			

In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent), as a practical expedient, have not been classified in the fair value hierarchy. The fair value amounts presented in the tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Investments measured at fair value based on NAV per share as a practical expedient as of December 31, are as follows:

December 31, 2025	Fair Value	Unfunded Commitments	Participant Redemption Frequency	Participant Redemption Notice Period
Collective trust fund	$ 2,977,299	N/A	Daily	N/A

December 31, 2024	Fair Value	Unfunded Commitments	Participant Redemption Frequency	Participant Redemption Notice Period
Collective trust fund	$ 4,275,184	N/A	Daily	N/A

5. Master Trust and Stable Value Fund

At December 31, 2025 and 2024, the Plan participates in a master trust investment. The master trust investment holds a traditional investment contract issued by TFLIC and a traditional investment contract issued by Principal. The assets and related income are allocated to the Plan based on outstanding participant units and the unit value as calculated by Principal. The Plan's assets held in the TFLIC traditional investment contract were liquidated as of December 16, 2025.

These traditional investment contracts meet the fully benefit-responsive investment contract criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. The following represents the disaggregation of contract value between types of investment contracts held by the Plan.

	2025	2024
Traditional investment contracts	$ 4,212,389	$ 3,966,773

The Plan does not own the underlying assets of a traditional investment contract. With traditional investment contracts, the Plan owns only the contract itself. Traditional investment contracts are designed to accrue interest based on crediting rates established by the contract issuers.

The traditional investment contracts held by the Plan are guaranteed investment contracts. The contract issuers are contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1.5 percent for TFLIC and 2.75 percent for the period January 1, 2024 to June 30, 2024, 2.95 percent for the period July 1, 2024 to December 31, 2024 and 2.90 percent for the period January 1, 2025 to June 30, 2025, 2.85 percent for the period July 1, 2025 to December 31, 2025 for Principal. The crediting rate is reviewed on a quarterly basis for TFLIC and semi-annual basis for Principal. The contracts cannot be terminated before the scheduled maturity date.

The Plan participates in a stable value fund with Principal. Principal maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The stable value fund issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the stable value fund. Contract value, as reported to the Plan by Principal represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events limit the ability of the Plan to transact at the contract value with the issuers. Such events include the following for TFLIC: it is determined that contributions do not comply with the requirements of Section 401(a) or 401(k) of the IRC or of ERISA; contributions required in accordance with the contracts are not received by TFLIC; TFLIC receives written notice from the Plan Sponsor to transfer assets under the contract to a successor funding agent; TFLIC is advised that TFLIC's service agent, Transamerica Retirement Solutions Corporation ("TRSC"), has received or has given notice that it will no longer be providing recordkeeping and administrative services to the Plan; TFLIC determines that it can no longer continue to provide benefits under this contract because of a change in the Plan; or at any time the five year contract maturity treasury rate, less 0.75 percent, is lower than the minimum Declared Rate of Interest stated in the TFLIC contract. Such events include the following for Principal: the Plan's failure to qualify under Section 401(a) or Section 401(k) of the IRC; the establishment of a defined contribution plan that competes with the Plan for employee contributions; any change in law, regulation or administrative rulings applicable to the Plan that could have a material adverse effect on the guaranteed investment contract's cash flow; any communication given to unitholders by the Plan Sponsor, any other Plan fiduciary or Principal that is designed to induce or influence unitholders not to invest in the guaranteed investment contract or to transfer assets out of the guaranteed investment contract; any transfer of assets from the guaranteed investment contract to a competing investment option; or withdrawals initiated by the Plan Sponsor. The Plan Sponsor does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The guaranteed investment contracts do not permit TFLIC or Principal to terminate the agreement prior to the scheduled maturity date.

The balance in the master trust investment and the Plan's interest in the master trust investment as of December 31, is as follows:

	2025	
	Master Trust Balance	Plan's Interest in Master Trust Balance
Guaranteed investment contracts	$ 97,799,313	$ 4,212,389
Total investments at contract value	97,799,313	4,212,389
Plus:		
Other Receivables	4	-
Total	$ 97,799,317	$ 4,212,389

	2024	
	Master Trust Balance	Plan's Interest in Master Trust Balance
Guaranteed investment contracts	$ 90,059,369	$ 3,965,834
Total investments at contract value	90,059,369	3,965,834
Plus:		
Other Receivables	21,330	939
Total	$ 90,080,699	$ 3,966,773

Net appreciation in value of the master trust investment for December 31, 2025 and 2024 was $190,057 and $133,249, respectively.

6. Related Party and Party-in-Interest Transactions

At December 31, 2025 and 2024, certain Plan investments are held by Principal. Principal provides trustee, reporting, and related services to the Plan and, therefore, these transactions qualify as party-in-interest transactions. During 2024 and through December 16, 2025, TFLIC and its affiliate TRSC also provided reporting and related services to the Plan. As of December 31, 2025, there were no investments held by TFLIC. These transactions also qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services are included in net appreciation in fair value of investments.

During 2025 and 2024, the Plan Sponsor paid certain administrative expenses of the Plan.

During 2025 and 2024, transfers to/from other plans were sent to/received from another plan sponsored by the Plan Sponsor.

7. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

8. Tax Status of Plan

The Plan adopted a prototype plan provided by Principal. The prototype plan received a favorable opinion letter from the IRS on June 30, 2020 stating that the prototype plan is designed in accordance with the applicable sections of the IRC. The Plan has been amended since the date of the opinion letter. Plan Sponsor management believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax-exempt.

In accordance with GAAP, the Plan Sponsor is required to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan Sponsor has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan Sponsor believes the Plan is no longer subject to income tax examinations for years prior to 2022. The Plan is also subject to routine audits by the Department of Labor, generally for six years after the statutory due date of the annual information return. There are currently no audits in progress for any tax periods.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

10. Delinquent Participant Contributions

In 2024 and 2023, the Plan Sponsor failed to remit certain participant contributions totaling $83,788 and loan repayments totaling $13,742 to the Plan on the earliest date these amounts could reasonably have been segregated from the Plan Sponsor's general assets. Late remittances of participant contributions and loan repayments constitute a prohibited transaction under ERISA. In April 2024, the Plan Sponsor submitted a request to the U.S. Department of Labor, Employee Benefits Security Administration, under the Voluntary Fiduciary Correction Program for a compliance statement related to these delinquent contributions with the responding no action letter received in November 2024. Related lost earnings and excise taxes were paid by the Plan Sponsor in April 2024.

11. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, to Form 5500:

	2025	2024
Net assets available for benefits per the financial statements	$ 45,480,354	$ 42,438,445
Less: deemed distributions of participant loans	18,587	18,587
Less: employer contribution receivable	9,773	15,157
Net assets available for benefits per the Form 5500	$ 45,451,994	$ 42,404,701

The following is a reconciliation of notes receivable from participants per the financial statements at December 31, to Form 5500:

	2025	2024
Notes receivable from participants per the financial statements	$ 446,470	$ 482,238
Less: Deemed distributions of participant loans	18,587	18,587
Notes receivable from participants per Form 5500	$ 427,883	$ 463,651

The following is a reconciliation of employer contributions per the financial statements for the years ended December 31, to Form 5500:

	2025	2024
Employer contributions per the financial statements	$ 795,416	$ 776,842
Less: prior year contributions receivable	-	15,157
Plus: prior year contributions receivable	15,157	-
Less: current year contributions receivable	9,773	-
Employer contributions per Form 5500	$ 800,800	$ 761,685

The following is a reconciliation of employer contribution receivables per the financial statements for the years ended December 31, to Form 5500:

	2025	2024
Employer contributions receivable per the financial statements	$ 9,773	$ 15,157
Less: current year contributions receivable	9,773	-
Employer contributions per Form 5500	$ -	$ 15,157

12. Subsequent Event

The Plan has evaluated subsequent events through October 14, 2026, the date the financial statements were available to be issued. During 2026, the Plan Sponsor identified that certain participant investments had not been allocated in accordance with participant investment elections due to an administrative error in the Plan's recordkeeping process. The error affected the participant investments beginning in September 2023 and was identified in May 2026. Upon discovery of the error, the Plan's recordkeeper, Principal Financial Group, performed an analysis to determine the impact on affected participant accounts. As of October 14, 2026, management estimates the impact to participant accounts as of December 31, 2025, is not material to the Plan's financial statements. Accordingly, no adjustment has been recorded in the accompanying financial statements. The corrective contributions to affected participant accounts are expected to be funded in the future.
