RSM US LLP

Plan Trustee and Plan Administrator
Bukas Lighting Group, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2025 Financial Statements
We have performed an audit of the financial statements of Bukas Lighting Group, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The 2025 financial statements comprise the statement of net assets available for benefits as of December 31, 2025, the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2025 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2025, and for the year then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2025 Financial Statements
In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2025 Financial Statements section:

- The amounts and disclosures in the accompanying 2025 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- The information in the accompanying 2025 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2025 Financial Statements
We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2025 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2025 Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2025 Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of the 2025 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2025 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Auditor's Report on the 2024 Financial Statements
Predecessor auditors performed an audit of the 2024 financial statements of the Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated September 25, 2025, indicated that (a) the amounts and disclosures in the 2024 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2024 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2024 supplemental schedules, other than the information in the 2024 supplemental schedules that agreed to or is derived from the certified investment information, were presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2024 supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

2025 Supplemental Schedules Required by ERISA
The supplemental schedule of delinquent participant contributions for the year ended December 31, 2025, and the schedule of assets (held at end of year) as of December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1. Plan Description

The following description of Bukas Lighting Group, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering substantially all employees of Bukas Lighting Group, Inc. (the Employer or Company) who have attained the age of 21 and completed three months of service. The Plan does not cover interns, temporary or seasonal employees. Employees covered by the Plan are eligible to participate on the first day of the next pay period following the date age and service requirements are met.

The Plan conforms to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended, and has been approved as being exempt by the Internal Revenue Service (IRS).

Nationwide Trust Company, FSB (Nationwide) is the trustee, custodian and recordkeeper for the Plan.

Contributions: The Plan provides for participant pre-tax salary deferral contributions and Roth contributions up to 100% of annual compensation. Participants who have attained age 50 may make catch-up contributions in addition to their regular deferral contributions. All contributions are subject to limitations established by the Internal Revenue Code (IRC). Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan.

Employer discretionary matching contributions are determined at the discretion of the Company each plan year. During 2025, the Employer matching contributions amounted to 100% of the participant's first 3% of deferred compensation and 50% of the participant's next 3% of deferred compensation, limited to 4.5% of an eligible participant's compensation, as defined.

The Company may also make an additional discretionary nonelective Employer contribution to the Plan for eligible employees who met the age and service requirements during the plan year. There were no discretionary nonelective Employer contributions made for the year ended December 31, 2025.

Participant accounts: Each participant's account is credited with the participant's contributions and allocations of the Employer's contributions and plan earnings and charged with an allocation of administrative expenses. Allocations are based on participants' compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

Vesting: Participants are immediately 100% vested in participant salary, Roth, and rollover contribution accounts and any income or loss thereon. Vesting in the Employer's discretionary matching and nonelective contribution portion of the participants' accounts is based on years of service and occurs at the rate of 20% for each year of service beginning with the first year and until the participant becomes fully vested after five years of service.

Forfeitures: If a participant is not fully vested on his or her termination date, the nonvested amount of the account is forfeited. Forfeitures are used to reduce future Employer contributions or to pay administrative expenses of the Plan. At December 31, 2025 and 2024, the balance of forfeited account balances was $9,632 and $0, respectively. For the year ended December 31, 2025, forfeitures of $10,078 were used to reduce Employer discretionary matching contributions.

Note 1. Plan Description (Continued)

Participant investment options: Upon enrollment in the Plan, a participant directs their account balances to be invested in selected mutual funds and guaranteed investment contract as made available and determined by the Plan Administrator. Participants are allowed to change their investment options on a daily basis.

Notes receivable from participants: Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balances. The notes receivable are secured by the balance in the participant's account and bear interest at rates commensurate with local prevailing rates determined periodically by the Plan Administrator at the time of loan origination. Principal and interest are paid ratably through monthly payroll deductions. Loan terms range from one to five years, or longer for the purchase of a primary residence.

Payment of benefits: Distributions are payable upon retirement, death, disability, or termination of employment in the form of a lump-sum amount equal to the vested balance of a participant's account. Certain in-service withdrawals are allowed under the Plan, including withdrawals from a participant's rollover contribution account and for participants who have attained age 59½.

Participants may request that all or a portion of their accounts be distributed in the case of financial hardship, as defined in the plan document. If a participant's vested account balance does not exceed $5,000, the participant must receive the value of the vested interest in his or her account as a lump-sum distribution.

At December 31, 2025, there were no amounts owed to former participants whose employment had been terminated and who requested payouts of their account balances.

Administrative costs: Some administrative costs of the Plan are paid for by the Plan with the remainder paid by the Plan's Sponsor.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting.

Contributions: Contributions from Plan participants and Employer contributions, if any, are recorded in the year in which the participant-directed contributions are withheld from compensation.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Valuation of investments: Investments are reported at fair value (except for direct investments in fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment custodian. See Note 4 for discussion of fair value measurements.

Income recognition: Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Note 2. Summary of Significant Accounting Policies (Continued)

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Defaulted notes receivable from participants are treated as distributions based upon the terms of the plan document surrounding defaults.

Payment of benefits: Benefit payments are recorded when paid.

Administrative expenses: Certain administrative expenses of the Plan are paid by the Employer. Although the Employer has elected to pay some administrative costs, it is not obligated to do so. If the Employer ceases to pay all or part of these costs in the future, they will be paid by the Plan's trustee out of the assets of the Plan.

Subsequent events: The Plan Administrator has evaluated subsequent events for recognition and/or disclosure through October 12, 2026, the date the financial statements were available to be issued .

Note 3. Information Certified and Provided by Nationwide

The following is a summary of the Plan's asset and income information as of December 31, 2025 and 2024, and for the year ended December 31, 2025, included throughout the Plan's financial statements and supplemental schedules, that were prepared by or derived from information certified by Nationwide and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from Nationwide that the information provided to the Plan Administrator by Nationwide related to the following assets and income is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the U.S. Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedules related to the following assets and income:

	2025	2024
Shares of registered investment companies (mutual funds), at fair value	$ 10,423,270	$ 8,881,999
Guaranteed investment contract, at contract value	382,670	75,895
Net appreciation in fair value of investments	1,454,079	
Interest and dividends	2,446	

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Accounting Standards Codification (ASC) 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Note 4. Fair Value Measurements (Continued)

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Shares of registered investment companies (mutual funds): Valued at the daily closing price as reported by the fund. Shares of registered investment companies held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The shares of registered investment companies held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

	2025			
	Level 1	Level 2	Level 3	Total
Shares of registered investment companies (mutual funds)	$ 10,423,270	$ -	$ -	$ 10,423,270

	2024			
	Level 1	Level 2	Level 3	Total
Shares of registered investment companies (mutual funds)	$ 8,881,999	$ -	$ -	$ 8,881,999

Changes in fair value levels: To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the end of the reporting period.

Note 4. Fair Value Measurements (Continued)

The Plan evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available. For the year ended December 31, 2025, there were no transfers in or out of Level 3.

Note 5. Investment Contracts with Insurance Companies

The Plan holds a traditional fully benefit-responsive guaranteed investment contract with Voya Retirement Insurance and Annuity Company (Voya) and Nationwide. Nationwide maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

The crediting rate is based on a formula established by the contract issuer but may not be less than 0%. The crediting rate is reviewed on a quarterly basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The contracts meet the fully benefit-responsive investment contract criteria and therefore they are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Nationwide, represents contributions made under the contracts, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of his/her investment at contract value.

The Plan’s ability to receive amounts due is dependent on the issuer’s ability to meet its financial obligations. The issuer’s ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan’s prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Such events include: (1) an uncured violation of the Plan’s investment guidelines, (2) a breach of material obligation under contract, (3) a material misrepresentation and (4) a material amendment to the agreement without the consent of the issuer.

Note 6. Party-in-Interest Transactions

The Plan's investments are held by and managed by Nationwide and, therefore, these transactions qualify as party-in-interest transactions. Nationwide also performs administrative and recordkeeping services for the Plan. The administrative expenses incurred by the Plan to Nationwide totaled $29,991 for the year ended December 31, 2025.

Certain employees of the Employer provide administrative services to the Plan. These employees are not paid by the Plan for their services. Certain other administrative expenses are paid by the Employer on behalf of the Plan. These amounts are not material to the financial statements.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in all of their accounts.

Note 8. Tax Status

The Plan has adopted a non-standardized preapproved plan of FIS Business Systems LLC. The preapproved plan has received an opinion letter from the IRS dated June 30, 2020, as to the preapproved plan's qualified status. The preapproved plan opinion letter has been relied upon by this Plan. The Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state or local tax authorities for years before 2022.

Note 9. Risks and Uncertainties

The Plan provides options for investment in various securities. These investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits at December 31, 2025.

Note 10. Prohibited Transactions

During 2025, the Company inadvertently failed to deposit $64,015 of participant contributions within the required timeframe as stated by the DOL regulations, of which $10,006 were corrected in February 2026 along with the applicable lost earnings. The Plan Sponsor plans to deposit lost earnings, file the Form 5330 and pay the applicable excise tax in 2026 for the remaining portion of failures. The excise tax payments will be made from the Plan Sponsor's assets and not from the assets of the Plan.

Note 11. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 at December 31, 2025 and 2024:

	2025	2024
Net assets available for benefits per the financial statements	$ 11,110,153	$ 9,064,595
