Independent Auditors' Report

To the Plan Administrator and Management
L.D. Retirement Plan
Worthington, Ohio

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the L.D. Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audits of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified to by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified to by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1. Description of Plan

The following is a summary of certain provisions of the L.D. Retirement Plan (the "Plan"). Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

Participation – The Plan is a defined contribution plan that was initially adopted by the management of L. D. Management Company (the "Company" and the "plan administrator") on January 1, 1998, to provide benefits to eligible employees of the Company, Excellent Pictures & Words, Incorporated, and LDM Retail Associates, Inc. (the "Group"). Participation is available to all employees of the Group who have completed one year of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Administration – The Company is responsible for controlling and managing the operations and administration of the Plan.

Contributions – Participants may elect to defer a portion of their eligible compensation, pre-tax and Roth, and contribute it to the Plan. Maximum contributions are subject to certain limitations which are established by the Internal Revenue Service ("IRS"). Participants may also rollover distributions from other qualified retirement plans.

The Group is required to make a safe harbor matching contribution to the Plan equal to 100% of the first 3% of the participant's compensation and 50% of the next 2% of the participant's compensation.

The Group can make a discretionary profit-sharing contribution. There was no profit-sharing contribution for the year ended December 31, 2025.

Participant Accounts – Each participant's account is increased by the participant's elective deferral, the Group's matching contribution, profit-sharing contributions, and investment earnings. Each participant's account is reduced by participant withdrawals and an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which each participant is entitled is the benefit that can be provided from that participant's vested account.

Plan participants are permitted to determine the investments within their account based on a combination of permitted investment options. The Company has the sole discretion to determine or change the number and nature of investment options in the Plan.

Included in the investment options is a unitized managed account held by Charles Schwab whose underlying holdings consist of stocks, bonds, and other investments with published market values and are selected by the Group and its advisors. Participants can choose to invest in units of the unitized managed account within their account. Participants may ordinarily direct permitted withdrawals or transfers of all or a portion of their account balances. Company initiated liquidation is subject to a 30 day advance notice requirement.

Note 1. Description of Plan (Continued)

Notes Receivable From Participants – The Plan allows loans to participants subject to certain regulatory restrictions. The amount of the loans cannot exceed the lesser of $50,000 reduced by the excess, if any, of the participant's highest outstanding balance of all loans on any day during the one year period ending on the day before the loan is made, over the outstanding balance of loans from the Plan on the date the participant's loan is made, or 50% of the participant's vested balance. Interest is charged based on the prevailing rate at the time of the loan. Loan terms must provide for equal payments to be made not less frequently than quarterly over a period generally not to exceed five years; however, if the loan is for the purchase of the participant's principal residence, the administrator may permit a longer repayment term. Principal and interest are paid ratably through payroll deductions. Repayments of principal and interest are credited to the participant's separate account within the funds as elected by the participant. Until such repayments are received, the notes receivable are accounted for in the participant loan fund.

Vesting – Participants are at all times vested in their elective deferrals, Employer safe harbor matching contributions, rollover contributions, and earnings thereon. The Group's discretionary profit-sharing contribution and actual earnings thereon follow a vesting schedule as follows:

Years of Service	Vesting Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Payment of Benefits – On termination of service, if a participant's balance less than $7,000, the plan administrator will have the account balance rolled over into an Individual Retirement Account.

On termination of service, a participant with a balance in excess of $7,000 may elect to receive a lump-sum distribution or roll the account balance over into a qualifying account.

The Plan also provides for the following in-service withdrawals: 1) early withdrawals by participants after they reach age 59½, 2) hardship withdrawals, if they meet certain restrictions, and 3) withdrawals for participants who become disabled.

If a participant dies before distribution of his or her interest, the entire undistributed amount will be paid to the designated beneficiary in a cash lump sum as soon as administratively practical following the date of death. If the participant terminates because of total and permanent disability, the participant shall be entitled to receive a distribution of the entire value of his or her account as of the disability date.

Note 1. Description of Plan (Continued)

Forfeitures – Forfeitures are used to offset future Employer contributions or administrative expenses at the Company's discretion. At December 31, 2025 and 2024, forfeited nonvested accounts totaled $321 and $246, respectively. For the year ended December 31, 2025, no forfeitures were used.

Termination Provisions – The Company anticipates and believes that the Plan will continue indefinitely. However, the Company reserves the right to discontinue its contributions and to terminate the Plan at any time subject to the provisions of ERISA. In the event of termination of the Plan, participants would become 100% vested in their accounts and the assets then remaining in the funds would be allocated and distributed to participants in accordance with the terms and provisions of the Plan.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting – The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on the trade-date basis. Dividends are recorded on the ex-dividend date. Interest income including interest on participant loans is recorded when earned. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates – The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from such estimates.

Risks and Uncertainties – The Plan holds various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amount reported in the statement of net assets available for benefits.

Notes Receivable From Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits – Benefits are recorded when paid.

Note 2. Summary of Significant Accounting Policies (Continued)

Administrative Expenses – Certain administrative fees are paid from the general assets of the Group and are excluded from these financial statements. Participant loan fees and fees for plan distributions are charged directly to the specific participants. Investment related expenses are included in net appreciation in fair value of investments. Commission credit payments are made from excess revenue generated by the Plan through fund revenue or fees that are made available to the Plan. At December 31, 2025 and 2024, there were $3,754 and $4,178, respectively, of unused commission credits. During 2025, commission credit deposits of $-0- were received and $584 was utilized for expenses. The Company monitors the payments received by the Plan service providers to ensure that they are used properly for qualifying Plan administrative and operating expenses.

Subsequent Events – The Company has evaluated subsequent events through October 13, 2026, which is the date the financial statements were available to be issued.

Note 3. Unaudited Information

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The plan administrator received a certification from Ascensus Trust Company, the Trustee, acknowledging the completeness and accuracy of all investments and notes receivable from participants reflected in the statements of net assets available for benefits at December 31, 2025 and 2024, the supplemental schedule of assets (held at end of year) at December 31, 2025, the related investment and loan interest activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2025, and investment related information in the accompanying notes to the financial statements. This information is unaudited by independent accountants.

Note 4. Fair Value Measurements

The Plan estimates the fair value of financial instruments using available market information and other generally accepted valuation methodologies. The inputs used to measure fair value are classified into three levels:

- Level 1 – Quoted market prices in active markets for identical assets and liabilities
- Level 2 – Observable market-based inputs or unobservable inputs that are corroborated by market data
- Level 3 – Unobservable inputs in which little or no market data exists

The following is a description of the valuation methodologies used for Plan assets measured at fair value:

- *Mutual Funds and Money Market Fund*: Valued at the daily closing price as reported by the fund. Funds held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily price and to transact at that price. These funds are deemed to be actively traded and are classified as Level 1.

Note 4. Fair Value Measurements (Continued)

- *Unitized Managed Account*: The fair value of the investments held in this account is based on their reported net asset value ("NAV"). The NAV is based primarily on observable inputs and the market value of the underlying investments and is classified as Level 2.

The methods described above may produce a fair value that may not be indicative of net realizable value or reflective of future fair values. There have been no changes in the methodologies used at December 31, 2025 and 2024. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level the Plan's assets at fair value at December 31, 2025 and 2024:

	Assets at Fair Value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Money market fund	$ 266,130	$ -	$ -	$ 266,130
Mutual funds	3,140,249	-	-	3,140,249
Unitized managed account	-	4,759,434	-	4,759,434
Total	$3,406,379	$4,759,434	$ -	$8,165,813

	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Money market fund	$ 264,687	$ -	$ -	$ 264,687
Mutual funds	2,962,643	-	-	2,962,643
Unitized managed account	-	4,294,505	-	4,294,505
Total	$3,227,330	$4,294,505	$ -	$7,521,835

Note 5. Tax Status

The prototype on which the Plan is based obtained an opinion letter dated June 30, 2020, in which the IRS stated that the prototype document on which this Plan is based was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). Although the Plan has been amended since adopting the prototype plan, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

Note 5. Tax Status (Continued)

The Company has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require such recognition or disclosure in the financial statements.

The Plan is in the process of completing the 2025 compliance and non-discrimination testing. Management does not believe the ultimate results of the testing will have a material impact on the financial statements. Any impact on the Plan's tax-exempt status is unknown at this time.

Note 6. Party-in-Interest Transactions

Administrative expenses were paid to the Plan's Trustee, or its affiliates. These amounts represent administrative fees and fees charged directly to participants for participant loans and distributions; therefore, these transactions qualify as party-in-interest transactions.
