Independent Auditor's Report

The Scot Forge 401(k) Savings Plan Committee
Scot Forge Company 401(k) Plan
Spring Grove, Illinois

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Scot Forge Company 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

BDO USA, P.C., a Virginia professional corporation, is the U.S. member of BDO International Limited, a UK company limited by guarantee, and forms part of the international BDO network of independent member firms.

BDO is the brand name for the BDO network and for each of the BDO Member Firms.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The ERISA-required supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For

information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

1. Description of the Plan

The following description of the Scot Forge Company 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the comprehensive Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan that provides retirement benefits to the employees of Scot Forge Company (the Company), excluding union employees, leased employees, interns, apprentices, and students, as defined in the Plan. Generally, employees become eligible to participate in the Plan after 30 continuous days of employment in which the employee completes at least one hour of service. If such requirement is not met within the first 30 days of employment, the employee must be credited with a year of service to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Scot Forge 401(k) Savings Plan Committee is responsible for the administration and oversight of the Plan. The trustee of the Plan from the period December 31, 2024 through December 7, 2025 was Matrix Trust Company. On December 8, 2025, Plan assets were transferred to Voya Institutional Trust Company (Voya). Voya served as trustee of the Plan on this date through the end of the year. The trustee holds all the assets of the Plan in accordance with the service provider contract with the Company.

Contributions

Each year, participants may contribute up to 100% of their pre-tax annual compensation, as defined in the Plan, up to the maximum allowed by the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). The Plan also allows participants to designate all or a portion of their deferrals as Roth contributions to the Plan on an after-tax basis. The Plan allows for auto-enrollment on initial pre-tax deferral contributions of 3% for newly eligible employees on each employee's entry date. Their contributions are invested in a designated balanced fund until changed by the participant.

The Company may elect to make discretionary matching contributions to participants who are employed on the last day of the Plan year at the option of the Board of Directors. For the year ended December 31, 2025, the Company provided a dollar-for-dollar match of participant deferrals, up to $1,200 per participant.

Additionally, the Board of Directors may elect to make additional discretionary contributions to the Plan for any participants who complete 1,000 hours of service in the Plan year and are employed on the last day of the Plan year. The Company did not elect to make any additional discretionary contributions for the Plan year ended December 31, 2025.

Contributions are subject to certain IRC limitations.

Participants may direct the investment of all their contributions among one or more funds available in the Plan. Changes in allocation of future contributions and transfers among funds of presently invested contributions are permitted pursuant to the Plan provisions.

Participant Accounts

Each participant's account is credited with the participant's contributions and any Company discretionary matching contributions, as well as allocations of (a) any additional discretionary Company contributions and (b) Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at the greater of the prime rate or at the rate of a five-year certificate of deposit, as established by the Company's principal banking institution plus 2%. Interest rates on loans outstanding at December 31, 2025 range from 3.25% to 10.50%. Principal and interest are paid ratably through payroll deductions over a term not exceeding five years. Any loans taken for the purpose of the purchase of a primary residence may not exceed a repayment period of 15 years, and bear interest at the Company's principal banking institution's 15-year mortgage note rates.

Payment of Benefits

On termination of service due to retirement, death, disability, separation from service, or attainment of age 59½, a participant may elect to receive the value of their vested interest in his or her account in the form of a lump-sum amount or installment payment arrangements. If a terminating participant's vested account balance does not exceed $7,000, the Plan will distribute the benefit in a lump sum as soon as administratively practicable. Withdrawals from the Plan may also be made upon circumstances of financial hardship, in accordance with provisions specified in the Plan.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's discretionary matching contribution and additional discretionary Company contribution portion of their accounts plus actual earnings thereon is based on the following:

Vesting Service (in Years)	Vesting Percentage (%)
Less than 2	-
2 but less than 3	20
3 but less than 4	40
4 but less than 5	60
5 but less than 6	80
6 or more	100

Forfeited Accounts

At December 31, 2025 and 2024, forfeited non-vested accounts totaled $28,796 and $12,719, respectively. Forfeited non-vested accounts may be used to pay for Plan expenses or used to reduce Company contributions. During 2025, forfeitures of $12,727 were used to reduce Company contributions.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting, except for benefit payments, which are recorded when paid.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Scot Forge 401(k) Savings Plan Committee determines the Plan's valuation policies utilizing information provided by the trustees. See Note 3 for a description of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions Receivable

Participant contributions are recognized in the period during which the Company makes the respective payroll deduction from the participant's compensation. Company discretionary contributions are recorded in the relevant period in accordance with the terms in the Plan document.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus accrued unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2025 or 2024. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded. During 2025, there were $51,257 in deemed distributions.

Payment of Benefits

Benefit payments are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. The Plan pays for other third-party administration fees, which are included in administrative expenses. These fees are allocated proportionately to participants based on their respective account balances. Fees related to the administration of notes receivable from participants and requested distributions from participants are charged directly to the participants' accounts and are included in administrative expenses. Investment-related expenses are included in net appreciation in fair value of investments.

Subsequent Events

The financial statements and related disclosures include evaluations of events up through and including October 13, 2026, which is the date the financial statements were available to be issued.

3. Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value utilizing a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Shares of Registered Investment Companies – Shares of registered investment companies are valued at the daily closing prices as reported by the fund. Registered investment companies held by the Plan are open-ended funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The shares of registered investment companies held by the Plan are deemed to be actively traded.

Common/Collective Trusts – Common/collective trusts are valued using the NAV provided by the administrator of the fund. The NAV is based on the fair value of the underlying assets held by the fund, less its liabilities, and then divided by the number of shares outstanding. The NAV's unit price is quoted on a private market that is not active; however, the unit price is based on underlying investments that are traded on an active market.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments measured at fair value on a recurring basis:

December 31, 2025

	Level 1	Level 2	Level 3	Total
Registered investment companies, measured at fair value	$ 30,691,797	$ -	$ -	$ 30,691,797
Common/collective trusts, measured at NAV*				34,949,751
Total Investments, at fair value				$ 65,641,548

December 31, 2024

	Level 1	Level 2	Level 3	Total
Registered investment companies, measured at fair value	$ 46,339,912	$ -	$ -	$ 46,339,912
Common/collective trusts, measured at NAV*				15,023,992
Total Investments, at fair value				$ 61,363,904

* The common/collective trusts, which are measured at fair value using the NAV per share (or its equivalent) practical expedient, have not been categorized in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

For investments in certain funds that calculate the NAV per share as the investment's fair value measurement, the following tables provide an overview, by major category, of the nature and risks associated with such investments, as well as whether it is probable those investments will be sold at amounts different from their reported NAV per share based on redemption restrictions, if any.

4. Information Certified by the Trustees

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA as of December 31, 2025 and 2024, and for the year ended December 31, 2025. Accordingly, the Plan's trustees, Matrix Trust Company and Voya, have certified that the following data included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Cash, investments, and notes receivable from participants as shown in the accompanying statements of net assets available for benefits as of December 31, 2025 and 2024.
- Interest income on notes receivable from participants and investment income as shown in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2025.
- Investment information included in the Schedule of Assets (Held at End of Year) as of December 31, 2025, as shown in the ERISA-required supplemental schedule.

At the request of the Plan administrator, the Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information provided by the trustee to the related information included in the financial statements and ERISA-required supplemental schedule.

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in the Company contribution portion of their account.

6. Tax Status

The Plan uses a pre-approved plan document sponsored by One America Financial Partners Inc. One America Financial Partners Inc. received an opinion letter from the Internal Revenue Service (IRS), dated August 19, 2020, which states that the pre-approved plan document, as then designed, satisfies the applicable provisions of the IRC. Although the Plan has been amended since the date of this letter, the Plan administrator believes the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC and, therefore, no provision for income tax has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Included in investments are Fidelity Total Market Index Fund, T. Rowe Price TRP Blue Chip Growth Fund, and Putnam Fiduciary Trust Company Putnam Stable Value Fund, each of which represented 10% or more of total investments as of December 31, 2025. Included in investments are T. Rowe Price TRP Blue Chip Growth and Putnam Fiduciary Trust Company Putnam Stable Value Fund, each of which represented 10% or more of total investments as of December 31, 2024.

8. Related Party and Party-in-Interest Transactions

Certain employees of the Company provide administrative services to the Plan. Employees are not paid by the Plan for their services.

Certain administrative services are provided to the Plan pursuant to a service agreement between the trustees and the Company. The trustees receive revenue from registered investment companies and the common/collective trusts for services provided to the funds by the trustees. This revenue is used to offset certain amounts owed to the trustees for their administrative services to the Plan. If the revenue received by the trustees exceeds the amount owed under the agreement, the excess is remitted to the Plan, and such excess amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants. The Plan or Company makes payments to the trustees for administrative expenses not covered by revenue sharing.

Notes receivable from participants also qualify as party-in-interest transactions.

9. Transfers from Other Qualified Plan

The Plan permits participants who are also participants in the Scot Forge Company Employee Stock Ownership Plan (ESOP) to transfer certain assets from the ESOP to the Plan. Permissible transfers include ESOP balances of participants or beneficiaries who are in pay status in the ESOP, any S corporation dividends, and any amounts subject to diversification under the terms of the ESOP. During 2025, diversification balances of $1,733,016 and dividends of $36,434 were transferred from the ESOP to be remitted into the Plan.

10. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500:

Year ended December 31, 2025		
Net Assets Available for Benefits, per the financial statements	$	67,697,145
