REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Employee Benefit Committee and Participants of
Employees' Retirement and Savings Plan of Royston LLC

Scope and nature of the ERISA Section 103(a)(3)(C) audit
We have performed audits of the financial statements of Employees' Retirement and Savings Plan of Royston LLC (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion
In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Grant Thornton LLP is a U.S. member firm of Grant Thornton International Ltd (GTIL). GTIL and each of its member firms are separate legal entities and are not a worldwide partnership.

Basis for opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the financial statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s responsibilities for the audit of the financial statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matter - supplemental schedules required by ERISA
The supplemental schedule of delinquent participant contributions for the year ended December 31, 2025 and schedule of assets (held at end of year) as of December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Employees' Retirement Savings Plan of Royston LLC (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible full-time employees (eligible participants) of Royston LLC (the Company or Employer). The purpose of the Plan is to enable eligible participants to save for retirement. In addition to retirement benefits, the Plan provides certain benefits in the event of death, disability, or other termination of employment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Eligibility

Eligible participants are able to participate in the Plan on the first day of the month following the participant's date of hire.

Contributions

Each year, participants may contribute from 2% to 100% of pretax eligible annual compensation up to the annual limit defined by the Internal Revenue Code (IRC) limitations. Participants may also elect to contribute Roth after-tax contributions. Participants are also allowed to make rollover contributions of amounts received from other tax-qualified employer-sponsored retirement plans. Participants who have obtained age 50 or ages 60 to 63 before the end of the Plan year are eligible to make catch-up and super catch-up contributions, respectively.

The Company makes matching contributions of 50% of employee deferrals up to 6% for all current participants. The Company may make additional discretionary contributions to the Plan. The Company did not make discretionary contributions to the Plan for the year ended December 31, 2025.

Contributions are deposited in the appropriate investment funds in accordance with the participant's direction and the Plan's provisions.

Participant Accounts

Each participant's account is credited with their contributions, Employer contributions and an allocation of any Plan earnings, and charged with withdrawals, administrative expenses, and Plan losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Forfeitures

Forfeited balances of terminated participants' non-vested accounts are used to reduce Company matching contributions or pay administrative expenses. As of December 31, 2025 and 2024, the forfeitures account totaled $40,786 and $5,617, respectively. The Company used $178,681 to offset Company matching contributions during the year ended 2025.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. The portion of participants' accounts, that is attributable to the Company's contributions, vests based on years

of credited service. A participant's Company matching and discretionary contributions vest at a rate of 20% per year and are 100% vested after five years of credited service.

Investment Options

Upon enrollment in the Plan, a participant may direct employee and Company contributions in any of the Plan's investment options. Participants may change their investment options on a daily basis.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000, or 50% of their vested account balance. The maximum term of repayment for loans, other than those utilized to purchase a primary residence, is five years. The maximum term of repayment for a loan utilized to purchase a primary residence is 10 years. The loans bear interest at the prime rate as published in the Wall Street Journal on the date the loan is approved, plus 1%. The notes bear interest at rates that range from 4.25% to 9.50% as of December 31, 2025 and 2024. Each loan requires payment of principal and interest by payroll deduction at a minimum payment of $10 per week.

Payment of Benefits

On termination of service due to death, disability, retirement or any other reason, the participant or beneficiary may receive the benefits in a lump-sum amount equal to the value of the participant's vested interest in his or her account, or in installments, paid at least annually over a period not exceeding the joint and survivor life expectancy of the participant and beneficiary. The Plan allows for automatic lump-sum distributions of participants' vested account balances which do not exceed $5,000. Account balances which exceed $1,000 but are less than $5,000 are rolled over to an IRA account set up for the participant by the Plan Administrator. The Plan also provides for minimum required distributions per IRS regulations by April 1 of the calendar year following the later of the calendar year in which the participant reaches age 73 or the calendar year the participant retires. In addition, participants may elect in-service withdrawals of their vested account balances after reaching age 59½.

Administrative Expenses

Certain expenses related to maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of withdrawals are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation in fair value of investments.

Beginning in 2019, pursuant to the plan's agreement with Fidelity, revenue-sharing and other investment-related fee offsets that exceed Fidelity's recordkeeping charges are credited to the Plan's revenue credit account. Amounts in the account may be used to offset eligible Plan administrative expenses or allocated to eligible participants. During 2025, the Plan received revenue credits of $108,720 which are reported as other income on the statement of changes in net assets available for benefits and were used to offset administrative expenses.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan's financial statements are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (US GAAP).

Use of Estimates

The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value (Note 4). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Net appreciation in fair value of investments is comprised of realized, as well as unrealized, gains or losses resulting from investment transactions. Realized gains and losses represent the difference between sales proceeds of plan investments and the fair market value of such investments at the beginning of the year, or the cost of such investments if investments were purchased during the current year. Unrealized gains and losses represent the difference between the fair market value of investments at the beginning of the year, or historical cost for investment purchased during the current Plan year, and the fair market value at the end of the Plan year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. If a participant ceases to make loan repayments and the participant loan is deemed to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Risks and Uncertainties

The Plan provides for investments in various investment securities that are exposed to interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is reasonably possible that changes in the value of investment securities could materially affect the amounts reported in the statements of net assets available for benefits.

NOTE 3 - INFORMATION CERTIFIED BY THE TRUSTEE

The Plan Administrator has elected to have the audit performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company (the Trustee), has certified that the following information included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments, at fair value and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2025 and 2024.

- Investment income and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2025.

- Schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2025.

NOTE 4 - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the standards are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full-term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The fair value measurement level of an asset or liability within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual funds: Valued at the net asset value of shares held by the Plan at year-end, which are quoted in an active market.

Money market fund: Valued at amortized cost, which equates to the closing price reported in the active market in which the fund is traded.

Collective trust: Valued at the net asset value as the practical expedient to estimate fair value. Calculated at year end by the fund manager based on the fair value of the underlying Investments divided by the units of participation.

The Plan invests in the Galliard Stable Return Fund M, a collective trust fund, a "fund of fund" investment comprised 100% of the Trustee Galliard Stable Return Fund Core. The collective trust fund

seeks to provide participants with a stable crediting rate and safety of principal plus accrued interest. The Plan must provide 12 months' notice to exit the Galliard Stable Return Fund M investment in its entirety. A participant who elects to make a direct exchange from the fund to a "competing fund" (as determined by Wells Fargo) is required to invest in a "noncompeting fund" for at least 90 days before transferring into the "competing fund" option. There are no other redemption restrictions and no unfunded commitments.

The valuation methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date; however, the likelihood of such is not probable.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

	Assets at Fair Value			
December 31, 2025	Level 1	Level 2	Level 3	Total

[(a)] In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

NOTE 5 - PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are held and managed by an affiliate of the Trustee. The Plan permits notes receivable from participants. These transactions qualify as party-in-interest transactions that are exempt from the prohibited transaction rules.

NOTE 6 - PLAN TERMINATION

The Company has the right under the Plan to terminate the Plan at any time subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts. The Company determines the date and manner in which participants' accounts will be distributed in accordance with ERISA.

NOTE 7 - INCOME TAX STATUS

On June 30, 2020, the Company obtained an opinion letter from the Internal Revenue Service (IRS) stating that the prototype plan adopted by the Plan, as then designed, qualifies under the applicable sections of the IRC. Although the Plan has been amended since receiving the opinion letter, the Plan Administrator believes the Plan is designed and being operated in compliance with the applicable requirements of the IRC. Plan management believes the Plan is qualified and the related trust is tax exempt.

US GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that would more than likely not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements as of December 31, 2024, to net assets per the Plan's Form 5500:

	2025	2024
Net assets available for benefits per the financial statements	$ 64,423,363	$ 55,648,287
Participant contributions receivable	(61,012)	(70,202)
Company contributions receivable	(21,628)	(22,707)
Net assets per Form 5500	$ 64,340,723	$ 55,555,378

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements for the year ended December 31, 2025, to net income per the Plan's Form 5500:

Net increase in net assets available for benefits per the financial statements	$ 8,775,076
Participant contributions receivable as of December 31, 2025	(61,012)
Company contributions receivable as of December 31, 2025	(21,628)
Participant contributions receivable as of December 31, 2024	70,202
Company contributions receivable as of December 31, 2024	22,707
Net income per Form 5500	$ 8,785,345

NOTE 9 - SUBSEQUENT EVENTS

On March 18, 2026, the Board of Directors of SRR Holdings, Inc authorized the termination of the Plan, effective March 23, 2026. The Board authorized and directed the proper officers of the Company, or their delegates, to take appropriate and necessary actions to carry out the resolution. The Company has the right under the Plan document to terminate the Plan subject to the provisions of ERISA.

Plan management evaluated the Plan's financial statements for subsequent events through October 14, 2026, the date the financial statements were available to be issued. Plan management is not aware of any other subsequent event which would require recognition or disclosure in the financial statements.
