INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
Tylok 401(k) Plan
Euclid, Ohio

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2025 Financial Statements

We have performed an audit of the accompanying financial statements of Tylok 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements (2025 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2025 Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from Fidelity Management Trust Company, the trustee of the Plan, a qualified institution, as of and for the year ended December 31, 2025, stating that the certified investment information, as identified in Note C to the financial statements, is complete and accurate.

Opinion on the 2025 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2025 Financial Statements section:

- the amounts and disclosures in the accompanying 2025 Financial Statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).

- the information in the 2025 Financial Statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2025 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2025 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2025 Financial Statements

Management is responsible for the preparation and fair presentation of the 2025 Financial Statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the 2025 Financial Statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the 2025 Financial Statements.

In preparing the 2025 Financial Statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the 2025 Financial Statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the 2025 Financial Statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2025 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2025 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the 2025 Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the 2025 Financial Statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the 2025 Financial Statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the 2025 Financial Statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the 2025 Financial Statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2025 Financial Statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2025 Financial Statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - 2025 Supplemental Schedule Required by ERISA

The supplemental schedule, as listed in the table of contents, as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2025 Financial Statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the 2025 Financial Statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2025 Financial Statements or to the 2025 Financial Statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Report on Compiled 2024 Financial Statement

Plan management is responsible for the accompanying statement of net assets available for benefits as of December 31, 2024, and the related notes to the financial statement (2024 Financial Statement) in accordance with GAAP. We have performed a compilation engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the American Institute of Certified Public Accountants. We did not audit or review the 2024 Financial Statement, nor were we required to perform any procedures to verify accuracy or completeness of the information provided by Plan management. Accordingly, we do not express an opinion, a conclusion, nor provide any assurance on the 2024 Financial Statement.

NOTE A - DESCRIPTION OF PLAN

The following description of Tylok 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General
The Plan is a defined contribution plan covering substantially all employees of Tylok International, Inc. (the Company, Plan Sponsor, and Plan Administrator) who are not residents of Puerto Rico and have reached the age of 18. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions
Participants may elect to defer up to 100% of their eligible compensation as defined by the Plan on either a pre-tax or Roth after-tax basis. Non-highly compensated participants may also elect to defer up to 50% of their eligible compensation as defined by the Plan on an after-tax basis, not to exceed 100% of compensation in combination with pre-tax and Roth after-tax deferrals. Employees who have not declined participation or completed a salary deferral agreement as of the date of their eligibility to participate in the Plan will be automatically enrolled in the Plan with a pre-tax deferral rate of 1% invested in a fund designated by the Plan Administrator until changed by the participant. Additionally, the deferral rate for those participants automatically enrolled increases by 1% per year each January 1, up to a maximum of 5%. The Plan provides for the acceptance of certain rollover contributions as defined by the Plan from other plans qualified under the Internal Revenue Code (the Code). The Plan also provides for catch-up contributions for participants who reach the age of 50 by the end of the Plan year.

The Plan provides four types of employer contributions:

- employer safe harbor nonelective contributions to eligible employees at 3% and not to exceed 25% of compensation as defined by the Plan;
- employer discretionary matching contributions to eligible participants which was at 50% of the first 4% deferred and not to exceed 2% of compensation as defined by the Plan for the year ended December 31, 2025;
- discretionary nonelective employer contributions for eligible participants; and
- qualified matching employer contributions to eligible non-highly compensated participants

The contributions net of forfeitures used for the year ended December 31, 2025 were $239,769, $76,664, $-0-, and $-0-, for each of the employer contribution types listed above, respectively.

Participants direct the investment of their elective deferrals and related employer contributions into the various options offered by the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

NOTE A - DESCRIPTION OF PLAN (CONTINUED)

Participant Accounts

Each participant's account is credited with the participant's contributions, employer safe harbor nonelective contributions, employer discretionary matching contributions, discretionary nonelective employer contributions, and qualified matching employer contributions, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, compensation, specific participant transactions, or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their deferral, rollover, employer safe harbor nonelective contributions, and qualified employer matching contributions, plus actual earnings thereon. The discretionary matching contributions and discretionary nonelective employer contributions are subject to the following vesting schedule:

Years of Service	Vested Percentage
Less than 2	0%
2 Years	20%
3 Years	40%
4 Years	60%
5 Years	80%
6 Years	100%

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balances, subject to Plan provisions and certain Department of Labor (DOL) and IRS requirements. Notes receivable terms range from 1 - 5 years or up to 20 years for the purchase of a primary residence. Notes receivable are secured by the balances in the participants' accounts and bear interest at rates that range from 6.50% to 9.50% at December 31, 2025. Principal and interest are paid ratably through bi-weekly or weekly payroll deductions.

NOTE A - DESCRIPTION OF PLAN (CONTINUED)

Payment of Benefits
Upon attaining age 59½ or termination of service, a participant may elect to receive a lump-sum amount or installment payments equal to the value of the participant's vested account or partial withdrawals based upon the terms of the Plan document. If the value of the vested benefits credited to a participant's account is $7,000, excluding rollover balances, or less at the time of termination, the entire amount will automatically be distributed to a participant without the participant's consent. In the event of a mandatory distribution of amounts greater than $1,000 but not exceeding $7,000, excluding rollover balances, the entire amount will be distributed in the form of a direct rollover to an individual retirement account as designated by the Plan Administrator.

Active participants may elect hardship withdrawals or active military distributions from all vested account balances, subject to Plan provisions.

Forfeited Accounts
Forfeitures are used to pay Plan administrative expenses or to reduce the Company's employer contributions to the Plan. Unallocated forfeiture balances as of December 31, 2025 and 2024 were $4,516 and $16,673, respectively. Forfeitures of $21,152 were used during the year ended December 31, 2025 to reduce employer contributions.

Recently Adopted Accounting Pronouncement
Effective January 1, 2025, the Plan early adopted Accounting Standards Update (ASU) 2025-05, *Financial Instruments—Credit Losses (Topic 326): Measurement of Credit Losses for Accounts Receivable and Contract Assets (ASU 2025-05).* The ASU includes an option for an accounting policy election that permits entities classified as not public business entities to consider subsequent collection activity in estimating expected credit losses. The Plan elected this accounting policy prospectively. The adoption of the ASU did not result in an adjustment at the adoption date nor did it have a material effect on the Plan's financial statements.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The financial statements of the Plan are prepared using the accrual basis of accounting.

Investment Valuation
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the trustee. See Note D for discussion of fair value measurements.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. If a participant ceases to make payments on a note receivable and the Plan Administrator deems the note receivable to be uncollectible, the balance on the note receivable is reclassified to benefits paid to participants.

Investment Income Recognition
Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions and Contributions Receivable
Contributions from Plan participants and related employer contributions are recorded in the year in which the employee's participant contributions are withheld from compensation. Any contributions attributable to the Plan year but not received by the trust by the last day of the Plan year are recorded as a receivable.

The carrying amount of contributions receivable is assessed for the need to record a valuation allowance. The valuation allowance is an estimate derived from the Plan's historical losses of contributions receivable, adjusted for the Plan Administrator's assessment of current conditions, reasonable and supportable forecasts regarding future events, collections after year end, and any other factors deemed relevant by the Plan. Based on the Plan Administrator's assessment as of December 31, 2025 and 2024, no allowances for contributions receivable were recorded as of December 31, 2025 and 2024.

Payment of Benefits
Benefits are recorded when paid.

Expenses
Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefits paid to participants are charged directly to the participants' accounts and are included in administrative expenses. Investment-related expenses are included in net appreciation in fair value of investments on the accompanying statement of changes in net assets available for benefits.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Income Taxes

The Company adopted a non-standardized pre-approved profit-sharing plan with a cash or deferral arrangement, which received an opinion letter from the IRS dated June 30, 2020, stating that the form of the non-standardized pre-approved plan document complies with the applicable requirements of the Code. Although the Plan has been amended since adopting the non-standardized pre-approved plan document, the Plan Sponsor believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code. Accordingly, the Plan Sponsor believes that the Plan remains qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Subsequent Events

The Plan has evaluated subsequent events through October 13, 2026, the date which the financial statements were available to be issued.

NOTE C - CERTIFICATIONS

Investment information and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2025 and 2024, and net appreciation in the fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2025 were obtained by management and agreed to or derived from information certified as complete and accurate by the trustee.

NOTE D - FAIR VALUE MEASUREMENTS

The three levels of the fair value hierarchy, which are based upon the inputs used to measure fair value, are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices in active markets that are accessible at the measurement date for identical unrestricted assets or liabilities (for example, exchange quoted prices).

Level 2 - Inputs to the valuation methodology are observable inputs, other than Level 1 prices, such as quoted prices for similar assets or liabilities in active markets, quoted prices in markets that are not sufficiently active to qualify as Level 1, other observable inputs, or inputs that can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - Inputs to the valuation methodology are significant to the fair value measurement and unobservable (for example, supported by little or no market activity).

Financial assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the valuation of fair value assets and liabilities and their placement within the fair value hierarchy levels.

The Plan's investments accounted for at fair value as of December 31, 2025 are summarized below:

	Level 1	Total
Mutual funds	$ 7,522,157	$ 7,522,157
Total investments in the fair value hierarchy	$ 7,522,157	$ 7,522,157

The Plan's investments accounted for at fair value as of December 31, 2024 are summarized below:

	Level 1	Total
Mutual funds	$ 6,270,968	$ 6,270,968
Total investments in the fair value hierarchy	$ 6,270,968	$ 6,270,968

NOTE D - FAIR VALUE MEASUREMENTS (CONTINUED)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2025 and 2024.

Mutual funds are valued at the net asset values of shares held by the Plan at year end, as reported on the active markets on which the investments are traded.

The method described above may produce fair value calculations that may not be indicative of net realizable values or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair values of certain financial instruments could result in different fair value measurements as of the reporting date.

NOTE E - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their total participant account balances.

NOTE F - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE G - RELATED-PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Party-in-interest transactions include investments in the funds of the trustee and its affiliates, and the related dividend income, interest, and the payment of investment and administrative expenses by the Plan. Such transactions are exempt from being prohibited transactions.

Fidelity Workplace Services LLC (Fidelity), an affiliate of Fidelity Management Trust Company, provides certain administrative services to the Plan. Fidelity received revenue for these services at crediting rates per investment ranging from 0.01% to 0.99% of the funds' balances as of December 31, 2025. These fees reduce the rate of return to the Plan for applicable investments and are netted within net appreciation in fair value of investments on the statement of changes in net assets available for benefits.

INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
Tylok 401(k) Plan
Euclid, Ohio

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2025 Financial Statements

We have performed an audit of the accompanying financial statements of Tylok 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements (2025 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2025 Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from Fidelity Management Trust Company, the trustee of the Plan, a qualified institution, as of and for the year ended December 31, 2025, stating that the certified investment information, as identified in Note C to the financial statements, is complete and accurate.

Opinion on the 2025 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2025 Financial Statements section:

- the amounts and disclosures in the accompanying 2025 Financial Statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).

- the information in the 2025 Financial Statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2025 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2025 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2025 Financial Statements

Management is responsible for the preparation and fair presentation of the 2025 Financial Statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the 2025 Financial Statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the 2025 Financial Statements.

In preparing the 2025 Financial Statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the 2025 Financial Statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the 2025 Financial Statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2025 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2025 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the 2025 Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the 2025 Financial Statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the 2025 Financial Statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the 2025 Financial Statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the 2025 Financial Statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2025 Financial Statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2025 Financial Statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - 2025 Supplemental Schedule Required by ERISA

The supplemental schedule, as listed in the table of contents, as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2025 Financial Statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the 2025 Financial Statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2025 Financial Statements or to the 2025 Financial Statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Report on Compiled 2024 Financial Statement

Plan management is responsible for the accompanying statement of net assets available for benefits as of December 31, 2024, and the related notes to the financial statement (2024 Financial Statement) in accordance with GAAP. We have performed a compilation engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the American Institute of Certified Public Accountants. We did not audit or review the 2024 Financial Statement, nor were we required to perform any procedures to verify accuracy or completeness of the information provided by Plan management. Accordingly, we do not express an opinion, a conclusion, nor provide any assurance on the 2024 Financial Statement.

NOTE A - DESCRIPTION OF PLAN

The following description of Tylok 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General
The Plan is a defined contribution plan covering substantially all employees of Tylok International, Inc. (the Company, Plan Sponsor, and Plan Administrator) who are not residents of Puerto Rico and have reached the age of 18. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions
Participants may elect to defer up to 100% of their eligible compensation as defined by the Plan on either a pre-tax or Roth after-tax basis. Non-highly compensated participants may also elect to defer up to 50% of their eligible compensation as defined by the Plan on an after-tax basis, not to exceed 100% of compensation in combination with pre-tax and Roth after-tax deferrals. Employees who have not declined participation or completed a salary deferral agreement as of the date of their eligibility to participate in the Plan will be automatically enrolled in the Plan with a pre-tax deferral rate of 1% invested in a fund designated by the Plan Administrator until changed by the participant. Additionally, the deferral rate for those participants automatically enrolled increases by 1% per year each January 1, up to a maximum of 5%. The Plan provides for the acceptance of certain rollover contributions as defined by the Plan from other plans qualified under the Internal Revenue Code (the Code). The Plan also provides for catch-up contributions for participants who reach the age of 50 by the end of the Plan year.

The Plan provides four types of employer contributions:

- employer safe harbor nonelective contributions to eligible employees at 3% and not to exceed 25% of compensation as defined by the Plan;
- employer discretionary matching contributions to eligible participants which was at 50% of the first 4% deferred and not to exceed 2% of compensation as defined by the Plan for the year ended December 31, 2025;
- discretionary nonelective employer contributions for eligible participants; and
- qualified matching employer contributions to eligible non-highly compensated participants

The contributions net of forfeitures used for the year ended December 31, 2025 were $239,769, $76,664, $-0-, and $-0-, for each of the employer contribution types listed above, respectively.

Participants direct the investment of their elective deferrals and related employer contributions into the various options offered by the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

NOTE A - DESCRIPTION OF PLAN (CONTINUED)

Participant Accounts

Each participant's account is credited with the participant's contributions, employer safe harbor nonelective contributions, employer discretionary matching contributions, discretionary nonelective employer contributions, and qualified matching employer contributions, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, compensation, specific participant transactions, or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their deferral, rollover, employer safe harbor nonelective contributions, and qualified employer matching contributions, plus actual earnings thereon. The discretionary matching contributions and discretionary nonelective employer contributions are subject to the following vesting schedule:

Years of Service	Vested Percentage
Less than 2	0%
2 Years	20%
3 Years	40%
4 Years	60%
5 Years	80%
6 Years	100%

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balances, subject to Plan provisions and certain Department of Labor (DOL) and IRS requirements. Notes receivable terms range from 1 - 5 years or up to 20 years for the purchase of a primary residence. Notes receivable are secured by the balances in the participants' accounts and bear interest at rates that range from 6.50% to 9.50% at December 31, 2025. Principal and interest are paid ratably through bi-weekly or weekly payroll deductions.

NOTE A - DESCRIPTION OF PLAN (CONTINUED)

Payment of Benefits
Upon attaining age 59½ or termination of service, a participant may elect to receive a lump-sum amount or installment payments equal to the value of the participant's vested account or partial withdrawals based upon the terms of the Plan document. If the value of the vested benefits credited to a participant's account is $7,000, excluding rollover balances, or less at the time of termination, the entire amount will automatically be distributed to a participant without the participant's consent. In the event of a mandatory distribution of amounts greater than $1,000 but not exceeding $7,000, excluding rollover balances, the entire amount will be distributed in the form of a direct rollover to an individual retirement account as designated by the Plan Administrator.

Active participants may elect hardship withdrawals or active military distributions from all vested account balances, subject to Plan provisions.

Forfeited Accounts
Forfeitures are used to pay Plan administrative expenses or to reduce the Company's employer contributions to the Plan. Unallocated forfeiture balances as of December 31, 2025 and 2024 were $4,516 and $16,673, respectively. Forfeitures of $21,152 were used during the year ended December 31, 2025 to reduce employer contributions.

Recently Adopted Accounting Pronouncement
Effective January 1, 2025, the Plan early adopted Accounting Standards Update (ASU) 2025-05, *Financial Instruments—Credit Losses (Topic 326): Measurement of Credit Losses for Accounts Receivable and Contract Assets (ASU 2025-05).* The ASU includes an option for an accounting policy election that permits entities classified as not public business entities to consider subsequent collection activity in estimating expected credit losses. The Plan elected this accounting policy prospectively. The adoption of the ASU did not result in an adjustment at the adoption date nor did it have a material effect on the Plan's financial statements.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The financial statements of the Plan are prepared using the accrual basis of accounting.

Investment Valuation
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the trustee. See Note D for discussion of fair value measurements.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. If a participant ceases to make payments on a note receivable and the Plan Administrator deems the note receivable to be uncollectible, the balance on the note receivable is reclassified to benefits paid to participants.

Investment Income Recognition
Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions and Contributions Receivable
Contributions from Plan participants and related employer contributions are recorded in the year in which the employee's participant contributions are withheld from compensation. Any contributions attributable to the Plan year but not received by the trust by the last day of the Plan year are recorded as a receivable.

The carrying amount of contributions receivable is assessed for the need to record a valuation allowance. The valuation allowance is an estimate derived from the Plan's historical losses of contributions receivable, adjusted for the Plan Administrator's assessment of current conditions, reasonable and supportable forecasts regarding future events, collections after year end, and any other factors deemed relevant by the Plan. Based on the Plan Administrator's assessment as of December 31, 2025 and 2024, no allowances for contributions receivable were recorded as of December 31, 2025 and 2024.

Payment of Benefits
Benefits are recorded when paid.

Expenses
Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefits paid to participants are charged directly to the participants' accounts and are included in administrative expenses. Investment-related expenses are included in net appreciation in fair value of investments on the accompanying statement of changes in net assets available for benefits.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Income Taxes

The Company adopted a non-standardized pre-approved profit-sharing plan with a cash or deferral arrangement, which received an opinion letter from the IRS dated June 30, 2020, stating that the form of the non-standardized pre-approved plan document complies with the applicable requirements of the Code. Although the Plan has been amended since adopting the non-standardized pre-approved plan document, the Plan Sponsor believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code. Accordingly, the Plan Sponsor believes that the Plan remains qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Subsequent Events

The Plan has evaluated subsequent events through October 13, 2026, the date which the financial statements were available to be issued.

NOTE C - CERTIFICATIONS

Investment information and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2025 and 2024, and net appreciation in the fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2025 were obtained by management and agreed to or derived from information certified as complete and accurate by the trustee.

NOTE D - FAIR VALUE MEASUREMENTS

The three levels of the fair value hierarchy, which are based upon the inputs used to measure fair value, are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices in active markets that are accessible at the measurement date for identical unrestricted assets or liabilities (for example, exchange quoted prices).

Level 2 - Inputs to the valuation methodology are observable inputs, other than Level 1 prices, such as quoted prices for similar assets or liabilities in active markets, quoted prices in markets that are not sufficiently active to qualify as Level 1, other observable inputs, or inputs that can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - Inputs to the valuation methodology are significant to the fair value measurement and unobservable (for example, supported by little or no market activity).

Financial assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the valuation of fair value assets and liabilities and their placement within the fair value hierarchy levels.

The Plan's investments accounted for at fair value as of December 31, 2025 are summarized below:

	Level 1	Total
Mutual funds	$ 7,522,157	$ 7,522,157
Total investments in the fair value hierarchy	$ 7,522,157	$ 7,522,157

The Plan's investments accounted for at fair value as of December 31, 2024 are summarized below:

	Level 1	Total
Mutual funds	$ 6,270,968	$ 6,270,968
Total investments in the fair value hierarchy	$ 6,270,968	$ 6,270,968

NOTE D - FAIR VALUE MEASUREMENTS (CONTINUED)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2025 and 2024.

Mutual funds are valued at the net asset values of shares held by the Plan at year end, as reported on the active markets on which the investments are traded.

The method described above may produce fair value calculations that may not be indicative of net realizable values or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair values of certain financial instruments could result in different fair value measurements as of the reporting date.

NOTE E - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their total participant account balances.

NOTE F - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE G - RELATED-PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Party-in-interest transactions include investments in the funds of the trustee and its affiliates, and the related dividend income, interest, and the payment of investment and administrative expenses by the Plan. Such transactions are exempt from being prohibited transactions.

Fidelity Workplace Services LLC (Fidelity), an affiliate of Fidelity Management Trust Company, provides certain administrative services to the Plan. Fidelity received revenue for these services at crediting rates per investment ranging from 0.01% to 0.99% of the funds' balances as of December 31, 2025. These fees reduce the rate of return to the Plan for applicable investments and are netted within net appreciation in fair value of investments on the statement of changes in net assets available for benefits.
