INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of
North Mill Equipment Finance Retirement Plan
Norwalk, CT

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements

We have performed audits of the accompanying financial statements of North Mill Equipment Finance Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certification from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

Auditors' Responsibilities for the Audit of the Financial Statements (Continued)

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

The supplemental schedule, Form 5500, Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

INDEPENDENT AUDITORS' REPORT (CONTINUED)

Supplemental Schedule Required by ERISA (Continued)

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

A. DESCRIPTION OF PLAN

The following brief description of the North Mill Equipment Finance Retirement Plan (the "Plan") is provided for general information purposes only. Participants should refer to the plan agreement for more complete information.

General

The Plan is a defined contribution plan covering all eligible employees of North Mill Equipment Finance LLC (the "Company"). The Plan is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The inception date of the Plan was January 1, 2013. Employees are eligible to participate upon achieving 18 years of age and completing six months of service. Voya Retirement Insurance and Annuity Company ("Voya" or the "Trustee") is the Plan's trustee.

The Plan completed the required Cycle 3 restatement effective January 1, 2022.

During the year ended December 31, 2024, BriteCap Financial LLC was added as a participating employer and its participants were merged into the Plan. Effective April 1, 2025, the Plan was amended to recognize service with additional previous employers as defined in the Plan document.

During the year ended December 31, 2025, Pawnee Corporation was added as a participating employer and its participants were merged into the Plan.

Contributions

Each year, participants are able to contribute up to 100% of eligible compensation, as defined in the Plan document, subject to certain limitations under the Internal Revenue Code ("IRC"). Unless an employee is excluded from participating, or elects to not participate, the Company will withhold 5% of the employee's compensation each payroll period. Effective January 1 of each Plan year, the amount withheld will increase by 1% up to a maximum of 10% withholding. Contributions can be made as pre-tax contributions or as Roth contributions. Catch-up contributions and rollover contributions are also permitted. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan offers a variety of mutual funds, pooled separate accounts, and a guaranteed investment contract as investment options for the participants.

The Company makes a safe-harbor contribution equal to 4% of an employee's eligible compensation. For the year ended December 31, 2025, employer safe-harbor contributions totaled $1,188,817. The Company, at its discretion, may also make discretionary nonelective profit sharing contributions each year. The profit-sharing contribution for the year ended December 31, 2025, was $190,172.

Due to year-end payroll processing, certain contributions related to early January 2026 payroll were received by the Plan in December 2025. These amounts have been recorded as a liability at year-end and are not included in 2025 contributions. The contributions will be recognized in 2026 when the related payrolls occurred.

A. DESCRIPTION OF PLAN (CONTINUED)

Participants' Accounts

Each participant's account is credited with the participant's contributions, the Company's matching and profit sharing contributions, and Plan earnings (losses) and is charged with an allocation of investment expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their own contributions, all rollovers and transfers from qualified plans, the employer safe-harbor matching contribution and actual earnings or losses therein. Participants become vested in employer profit sharing contributions based on a graded-vesting schedule, with participants becoming fully vested after six years. In addition, participants become fully vested in their accounts upon reaching normal retirement age (as defined in the Plan) prior to termination of employment or in the event of death or permanent disability.

Notes Receivable from Participants

Participants are allowed to borrow from their fund accounts a minimum of $1,000 up to a maximum amount equal to the lesser of (i) 50% of their vested account balance, or (ii) $50,000. The notes receivable are secured by the balance in the participant's account. Interest is charged at a rate of the prime rate plus 1% at the time of borrowing. Terms range from 1-5 years for personal borrowings. Participants are permitted to have a maximum of one loan outstanding at a time. The interest rate on the notes receivable from participants ranged from 4.25% - 9.50% at December 31, 2025 and 2024.

Payments of Benefits

On termination of service due to death, disability or retirement, a participant is to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. For termination of service due to other reasons, subject to Internal Revenue Service ("IRS") regulations, a participant is to receive the value of the vested interest in his or her account as a lump-sum distribution or have the balance deposited directly into another qualified retirement account.

Forfeited Accounts

At December 31, 2025 and 2024, forfeited non-vested accounts totaled $0. Forfeited non-vested accounts are available to reduce future employer contributions or pay Plan expenses. During the year ended December 31, 2025, $4,934 of forfeitures were used to pay Plan expenses.

Administrative Expenses

Expenses related to the administration of the Plan are primarily paid by the Company. Investment related expenses are borne by the participants.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for the fully benefit-responsive guaranteed investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the Trustee. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Subsequent Events

Management has evaluated subsequent events for potential recognition and disclosure that occurred through October 8, 2026, the date the financial statements were available to be issued. No items were determined by management to require disclosure.

C. INFORMATION CERTIFIED BY THE TRUSTEE

The plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s Rules and regulations for Reporting and Disclosure under ERISA. Accordingly, Voya Retirement Insurance and Annuity Company, a qualified institution, has certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments as shown in the statements of net assets available for benefits as of December 31, 2025 and 2024.
- Total investment income and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2025.

C. INFORMATION CERTIFIED BY THE TRUSTEE (CONTINUED)

- Investment information included in the schedule of assets (held at end of year) as of December 31, 2025, as shown on the ERISA-required supplemental schedule.

At the request of the Plan administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

Notes receivable from participants as of December 31, 2025, were not certified and were subject to additional procedures by the Plan's independent auditors.

D. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures to Fair Value Measurement*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: • Quoted prices for similar assets or liabilities in active markets; • Quoted prices for identical or similar assets or liabilities in less active markets; • Inputs other than quoted prices that are observable for the asset or liability; and • Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Pooled Separate Accounts: The Plan invests in a group annuity contract with the Trustee. The Plan's investments are stated at net asset value ("NAV") as report to the Plan by the Trustee, based on market values of the underlying assets. Because the pooled separate accounts invested in by the Plan do not publish a daily NAV, the NAV is a practical expedient in determining the fair value of the funds.

D. FAIR VALUE MEASUREMENTS (CONTINUED)

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Because the Plan holds investments in a pooled separate account that does not publish a daily NAV, the investments are not subject to the fair value hierarchy classification requirements of U.S. GAAP. Total investments at fair value were $16,205,670 and $11,146,602 at December 31, 2025 and 2024, respectively.

Fair Value Estimated Using Net Asset Value per Share

The following table summarized investments measured at fair value based on NAV per share as a practical expedient as of December 31, 2025 and 2024:

	Fair Value Using Net Asset Value per Share				
	Fair Value at December 31, 2025	Fair Value at December 31, 2024	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Pooled Separate Accounts	$ 16,205,670	$ 11,146,602	$ -	Immediate	None

Changes in Fair Value Levels

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the end of the reporting period.

E. GUARANTEED INVESTMENT CONTRACT

The Plan maintains an investment in a guaranteed investment contract, the Voya Fixed Account. The Voya Fixed Account is a fully benefit-responsive investment contract and is stated at contract value. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Contributions to the Plan under this contract are maintained in a general account that is credited with earnings on the underlying investment and charged for participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all, or a portion, of their investment at contract value. There are no reserves against contract value for credit risk. The Voya Fixed Account guarantees minimum rates of interest and may credit interest that exceeds the guaranteed minimum rates. Withdrawals from the Voya Fixed Account for reasons other than payment of benefits may be subject to a market value adjustment and a surrender charge.

E. GUARANTEED INVESTMENT CONTRACT (CONTINUED)

There are no unfunded commitments. Under the terms of the contract, the Plan sponsor must provide a minimum of 90 days' notice to the Trustee prior to redemption of the contract. Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (2) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (3) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

F. RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities in general are exposed to various risks such as those involving interest rates, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

G. RELATED PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are units in a guaranteed funds managed by an entity related to the Trustee. The Trustee holds the assets of the Plan through an agreement; therefore, these transactions qualify as party-in-interest transactions.

H. TAX STATUS

The IRS has determined and informed the Plan by a letter dated and June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

I. PLAN TERMINATION

Although it has not expressed any intention to do so, the Company reserves the right to terminate the Plan, in whole or in part, at any time, subject to the provisions of ERISA. In the event that such termination occurs, all amounts credited to participant accounts will become 100% vested and the Trustee, in accordance with the Plan document, will distribute the net assets of the Plan in a uniform and non-discretionary manner.
