Independent Auditor's Report

To the Board of Trustees of the
Vizion Health 401(k) Plan
Miami, Oklahoma

Scope and Nature of the ERISA 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Vizion Health 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Vizion Health 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section –

1. the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
2. the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Vizion Health 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Vizion Health 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

1. Exercise professional judgment and maintain professional skepticism throughout the audit.
2. Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
3. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Vizion Health 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
4. Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
5. Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Vizion Health 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets held at end of year is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and is derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

1. the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
2. the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

VIZION HEALTH 401(K) PLAN

Notes to the Financial Statements
As of and for the Year Ended December 31, 2025

NOTE A – DESCRIPTION OF THE PLAN:

Vizion Health - Oklahoma, LLC (the "Plan Sponsor") sponsors the Vizion Health 401(k) Plan (the "Plan") for the benefit of its employees and the employees of its related participating employers: Brookhaven Hospital, LLC; Community Neuro Rehab of Iowa, LLC; Shoreline Inc.; and, effective November 1, 2025, Tass, L.L.C. and Tass Covington, LLC (collectively with the Plan Sponsor, "the Companies"). The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution, 401(k) plan, covering employees of the Companies who are at least twenty-one (21) years of age and have completed at least sixty (60) days of service, as defined. Days of service need not be contiguous, but there can be no more than a one-year break in service. Plan entrance is available on the first day of the month after the employee becomes eligible. The Plan is intended to satisfy all the requirements for a qualified retirement plan under the appropriate provisions of the Internal Revenue Code ("IRC") and similar state tax laws. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Board of Trustees is responsible for oversight of the Plan, determining the appropriateness of the Plan's investment offerings and for monitoring investment performance.

Contributions

Participants may contribute a dollar amount or percentage of compensation, up to the current pre-tax 401(k) contribution limits permissible under the Internal Revenue Code, as defined in the Plan document. Participants who have attained age fifty (50) before the end of the Plan year are eligible to make "catch-up" contributions. Participants may also contribute amounts representing distributions or rollovers from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan. All participant contributions are invested according to the allocations as determined by each individual Plan participant. Participants are allowed to stop their elective deferrals to the Plan and may change their elective deferrals to the Plan on any date during the year.

The Companies may make an annual discretionary match contribution for participants who are still employed by the Companies on the date of the discretionary contribution, up to a percentage of each eligible participant's compensation and elective deferrals for the Plan year. The Company's Members determine, on an annual basis, if the Companies choose to make a discretionary match contribution. The Companies made a discretionary match contribution for calendar year 2025 totaling to $230,824.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Companies' contributions, and allocations of Plan earnings, including gains and losses on investments with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

NOTE A – DESCRIPTION OF THE PLAN – (Continued):

Vesting

Participants are immediately 100% vested in their contributions plus or minus any earnings or losses thereon. Vesting of employer matching and discretionary contributions is based on years of service according to the following schedule:

Years of Service	Vesting Percentage
Less than two	0%
Two, but less than three	50%
Three or more	100%

Participants automatically become 100% vested in the employer discretionary contributions upon (a) normal retirement age, i.e. attainment of age 65, (b) disability, (c) partial Plan termination or (d) death. Participants who terminate for any other reason are entitled to the vested portion of their accounts.

Notes Receivable from Participants

Participants may borrow from their Plan accounts a minimum of $1,000 up to a maximum of $50,000, not to exceed 50% of their vested account balance. Participants may not have more than one loan outstanding at any time. Loans will only be granted if the participant incurs a financial hardship or for the purchase of a personal residence. Notes receivable are secured by the balance in the participant's account, evidenced by a promissory note. Notes receivable from participants accrue interest at a reasonable rate that is determined by the Plan administrator. Repayment terms for notes receivable from participants are five (5) years or less for hardship loans and fifteen (15) years for personal residence related loans. Principal and interest are paid ratably through payroll deductions. At the end of the calendar quarter following termination of employment, outstanding loan balances are treated as distributions and are subject to applicable federal and state income taxes and penalties, if applicable.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive a lump-sum distribution or periodic installments equal to the vested balance of his or her account, under the terms of the Plan. For termination of service due to other reasons, a participant may receive the value of their account balance as a lump-sum distribution. Participants who have reached age seventy-three (73) must take required minimum distributions ("RMD") as required by the Internal Revenue Service.

Forfeitures

On December 31, 2025 and 2024, forfeited non-vested accounts totaled $0 and $6,426, respectively. Forfeitures of employer matching contributions resulting from participants withdrawing prior to becoming fully vested are allocated to offset employer matching contributions. Forfeitures are to be used in the year in which the forfeiture occurred. $9,808 of forfeitures were allocated to employer matching deposits during the year ended December 31, 2025.

VIZION HEALTH 401(K) PLAN

Notes to the Financial Statements
As of and for the Year Ended December 31, 2025

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of Accounting
The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

Use of Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from the estimates that were used.

Investment Valuation and Income Recognition
Investments are reported at fair value (see Notes C and D). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Board of Trustees determines the Plan's valuation policies utilizing information provided by the investment advisors and custodians. See Note D for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits
Benefits are recorded when paid. At December 31, 2025, there were no employees who had terminated employment with the Companies who had requested distributions from the Plan that had not yet been paid.

Hardship Withdrawals
The Plan allows hardship withdrawals subject to account balance limits and applicable laws.

Expenses
Except for employer absorbed costs, all expenses of maintaining the Plan are paid by the Plan. Fees related to the administration of withdrawals by participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Date of Management's Review and Subsequent Events
Management of the Plan has evaluated subsequent events through October 14, 2026, the date that the financial statements were available for issuance, and determined that there are no additional events that require recognition or disclosure in the accompanying financial statements and footnotes.

NOTE C – CERTIFIED INVESTMENTS:

On December 31, 2025, the Plan's investments were held by the insurance company, American United Life Insurance Company. The Plan investments that are included in the accompanying financial statements are based on information certified by the insurance company as complete and accurate in accordance with Section 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. During the year ended December 31, 2025, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $552,091, as follows:

Value of pooled separate accounts	$ 552,091

NOTE D – FAIR VALUE MEASUREMENTS:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities ("Level 1") and the lowest priority to unobservable inputs ("Level 3"). The three levels of the fair value hierarchy under The Financial Accounting Standards Board's ("FASB") Accounting Standards Codification ("ASC") 820 are described as follows:

Level 1
Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

The Plan did not hold investments determined to be "Level 1" as of December 31, 2025 and 2024.

Level 2
Inputs to the valuation methodology include quoted market prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified contractual term, the Level 2 input must be observable for substantially the full term of the asset or liability.

The Plan held investments determined to be "Level 2" as of December 31, 2025 and 2024.

Level 3
Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The Plan did not hold any "Level 3" investments as of December 31, 2025 and 2024.

Explanation of the Fair Value Hierarchy

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Fair Value Measurements of Pooled Separate Accounts

Pooled separate accounts are valued at the unit value reported by American United Life Insurance Company, the issuer of the group annuity contract. Unit values are calculated daily by dividing the fair value of each separate account's underlying investments, less its liabilities, by the number of units outstanding. The fair value of the underlying investments, which consist primarily of mutual funds, is based on quoted market prices. Because the unit values are derived from observable inputs but are not quoted in an active market, the pooled separate accounts are classified within Level 2 of the fair value hierarchy.

NOTE D – FAIR VALUE MEASUREMENTS – (Continued):

The following table sets forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

	Assets at Fair Value	
	Fair Value	("Level 2")
December 31, 2025		
Pooled separate accounts	$ 4,372,478	$ 4,372,478
Total	$ 4,372,478	$ 4,372,478
December 31, 2024		
Pooled separate accounts	$ 3,260,856	$ 3,260,856
Total	$ 3,260,856	$ 3,260,856

NOTE E – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS:

Plan investments are held in custody by American United Life Insurance Company ("OneAmerica") the insurance company of the Plan. Certain Plan investments are managed by Farmer & Betts ("F&B"). F&B is the recordkeeper for the Plan and, therefore these transactions qualify as party-in-interest transactions.

F&B provides certain administrative services to the Plan pursuant to the Plan Services Agreement ("PSA") between the Companies and F&B. F&B receives revenue from mutual fund service providers and a group annuity with One America, for services F&B provides to the funds and annuity contract. This revenue is used to offset certain amounts owed to F&B for its administrative services of the Plan.

Fees paid by the Plan to F&B for investment management and contract administration services amounted to $12,332 for the year ended December 31, 2025. All party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

NOTE F – EMPLOYER ABSORBED COSTS:

The Companies pay for certain administrative expenses of the Plan, such as professional fees. During the year ended December 31, 2025, The Companies paid administrative expenses of the Plan in the amount of $5,000 for other administrative expenses.

NOTE G – TAX STATUS:

The Internal Revenue Service has determined and informed the Companies by an opinion letter dated June 30, 2020, that the Plan and related trust are designed in accordance with the applicable sections of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that "more likely than not" would not be sustained upon examination by the Internal Revenue Service. Plan management has not taken any uncertain tax positions as of December 31, 2025. See Note K for operational error.

NOTE H – RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying "Statements of Net Assets Available for Benefits".

NOTE I – RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500:

Following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of Form 5500 at December 31, 2025 and 2024:

	2025	2024
Net assets available for benefits as per the financial statements	$ 4,452,692	$ 3,317,139
Net assets available for benefits as per Schedule H of the Form 5500	$ 4,452,692	$ 3,317,139

Following is a reconciliation of benefits paid to participants (distributions from the Plan) per the financial statements to Schedule H of Form 5500 for the year ended December 31, 2025:

	2025
Benefits paid to participants per the financial statements	$ 124,924
Benefits paid to participants per Form 5500	$ 124,924

As seen above, there were no reconciling items between the net assets available for benefits as per the financial statements as compared to Schedule H of the Form 5500.

NOTE J – GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY:

The Plan has a traditional fully benefit-responsive group annuity contract with American United Life Insurance Company. American United Life Insurance Company maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract meets the criteria to be considered fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statements of net assets available for benefits at contract value.

Contract value, as reported to the Plan by American United Life Insurance Company, represents contributions made under the contract, plus earnings, less withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

NOTE J – GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY – (Continued):

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract at December 31, 2025 and 2024 was $22,813 and $20,884, respectively. The crediting interest rate is based on an agreed-upon formula with the issuer but may not be less than 1%. Such interest rates are reviewed on an annual basis for resetting.

Certain events limit the Plan's ability to transact at contract value with American United Life Insurance Company. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other events that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. Furthermore, certain events would allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include (1) an uncured breach of the Plan's investment guidelines, (2) a material amendment to the contract without the issuer's consent, (3) a violation of a material obligation under the contract, or (4) a material misrepresentation. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with the Plan participants or the issuer is probable.

Except for the events mentioned above, the guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

NOTE K – OPERATIONAL ERROR

The Plan document defines eligible compensation as wages reported on Form W-2. During 2025, the Companies did not include shift bonuses paid to participants in eligible compensation when withholding participant elective deferrals and calculating employer matching contributions. The Plan Sponsor is evaluating whether this error also occurred in prior plan years.

The Plan Sponsor intends to correct this operational error under the Internal Revenue Service's Employee Plans Compliance Resolution System (EPCRS) by making corrective contributions, including allocable earnings, to the accounts of affected participants. As of the date the financial statements were available to be issued, the amount of the corrective contributions had not been determined. No receivable for these contributions has been recorded in the accompanying financial statements. The Plan Sponsor believes that, once the correction is complete, the error will not affect the Plan's tax-qualified status.
