Report on the Audit of the Financial Statements

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Solventum Retiree Welfare Benefit Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits and benefit obligations as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits and benefit obligations for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Solventum Retiree Welfare Benefit Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, are complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

CLA (CliftonLarsonAllen LLP) is an independent network member of CLA Global. See CLAglobal.com/disclaimer.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of Solventum Retiree Welfare Benefit Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Solventum Retiree Welfare Benefit Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining current plan instruments, including all plan amendments, administering the plans, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Solventum Retiree Welfare Benefit Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Solventum Retiree Welfare Benefit Plan's abilities to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter — Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) and schedule of reportable transactions as of or for the year ended December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 DESCRIPTION OF THE PLAN

The following description of the Solventum Retiree Welfare Benefit Plan (the Plan) provides only general information. Participants should refer to the Summary Plan Descriptions (SPD) and plan document (collectively, Plan Agreements) for a more complete description of the Plan's provisions.

General

The Plan provides health and other benefits to eligible retirees that transferred into the Plan as a result of the separation of Solventum Corporation (the Company or Solventum) from 3M Company and its subsidiaries (3M). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

In conjunction with the Company's divestiture of its Purification and Filtration business to Thermo Fisher Scientific Inc. (Thermo Fisher) on September 1, 2025 (the Divestiture), Solventum transferred a portion of the Plan to the Thermo Fisher Scientific Inc. Retiree Health Reimbursement Plan (Thermo Fisher Plan). All active union employees and their accrued health benefits transferred to Thermo Fisher. Assets in the amount of $94 were transferred subsequent to year end to the Thermo Fisher Plan. This activity is reflected as a due to other plan on the statement of net assets available for benefits. The postretirement benefit obligation was reduced by $325 for the obligation transferred to the Thermo Fisher Plan as of September 1, 2025.

Eligibility and Benefits

The Plan covers United States regular full-time and part-time employees who were hired by 3M prior to the dates described below, who transferred to Solventum as active employees or retirees.

For employees hired before January 1, 2016, the Plan provides Retiree Medical Savings Account (RMSA) credits, which accrue for each year of employment starting at age 40. Upon retirement, the RMSA credits are transferred to a Medicare or Non-Medicare Health Reimbursement Account (HRA), based on eligibility. Participants' HRA balances can be used to help pay for qualified medical and dental premiums and expenses.

For employees hired before January 1, 2009, who retired before August 1, 2019, the Plan provides post-retirement life insurance benefits up to $8 per participant.

Contributions

Solventum contributes amounts required to provide the Plan with assets sufficient to fund the retiree medical, dental and life insurance benefit obligations. The life insurance benefits provided by the Plan are fully insured. Life insurance premiums are paid from the general assets of the Company. The retiree medical benefits are funded by contributions from the Company and from existing assets of the Plan. The yield on investments serves to reduce Solventum's future contributions that would otherwise be required to fund the Plan's benefits. During the year ended December 31, 2025, the Company paid $633 for retiree life insurance premiums and $437 for health benefits. The Company also has a $1,040 prefunding deposit on behalf of the Plan to administer future retiree health benefits. No participant or retiree contributions are made to the Plan.

NOTE 1 DESCRIPTION OF THE PLAN (CONTINUED)

401(h) Account

The Solventum Employee Retirement Income Plan (ERIP) includes a medical benefit component, in addition to normal retirement benefits, to fund a portion of the Plan's postretirement obligations for retirees and their beneficiaries in accordance with Section 401(h) of the Internal Revenue Code (IRC). A separate account has been established and maintained in the ERIP for such net assets. In accordance with IRC Section 401(h), the Plan's investments in the 401(h) account may not be used for, or diverted to, any purpose other than providing health benefits for retirees and their beneficiaries. The obligations for health benefits are not a component of the ERIP's accumulated plan benefits but are reported as obligations in the financial statements of the Plan. Any obligation of the ERIP is limited to the amount in the 401(h) account. Qualified transfers to the 401(h) account are determined annually and are at the discretion of Solventum.

Tax Status

The Voluntary Employees' Beneficiary Association (VEBA) trust funding certain benefits of the Plan is in the process of filing for an exemption letter from the Internal Revenue Service (IRS), stating that the trust is tax-exempt under the provisions of Section 501(c)9 of the IRC. However, as a result of the Plan's funding policy, from time to time the trust may be subject to income taxes. No federal or state income taxes have been recorded in 2025 or 2024 for unrelated business taxable income.

In addition, the Plan and trust are required to operate in conformity with the IRC to maintain the tax-exempt status of the trust. The Plan administrator believes that the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Trustee

The Bank of New York Mellon/BNY Mellon N.A. (the Trustee) is the Plan's Trustee.

Plan Termination

While it has not expressed any intent to do so, the Company has the right under the Plan to modify the benefits provided to participants and to terminate the Plan, subject to the provisions set forth in ERISA. If the Company terminates or partially terminates the Plan, the net assets of the Plan will be used to pay benefit obligations of the Plan.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date.

Payment of Benefits

Benefits are recorded when paid.

Expenses

The Company pays certain administrative costs of the Plan. The majority of external administrative costs are paid by the Plan.

Prefunding Deposit

The Plan maintains a prefunding deposit to administer benefit payments. As of December 31, 2025 and 2024, the balance was $1,040. The deposit is restricted for use in accordance with the contract with the third party benefits administrator.

Benefit Obligation

The postretirement benefit obligation represents the actuarial present value of those estimated future benefits that are attributed by the terms of the Plan to employees' service rendered to the date of the financial statements. Postretirement benefits include future benefits expected to be paid to or for (1) currently retired or terminated employees and their beneficiaries and dependents and (2) active employees and their beneficiaries and dependents after retirement from service with participating employers. The postretirement benefit obligation represents the amount that is to be funded by contributions from the Company and from existing plan assets. Prior to an active employee's full eligibility date, the postretirement benefit obligation is the portion of the expected postretirement benefit obligation that is attributed to that employee's service rendered to the valuation date.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

The actuarial present value of the expected postretirement benefit obligation is determined by an actuary and is the amount that results from applying actuarial assumptions to estimate future annual benefit costs per participant and to adjust such estimates for the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as those for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

The following were significant assumptions used in the valuation as of December 31, 2025 and 2024:

Discount rate - Retiree life	5.42% as of December 31, 2025 and 5.60% as of December 31, 2024
Discount rate - Retiree medical/dental	5.30% as of December 31, 2025 and 5.65% as of December 31, 2024
Mortality basis	Pri-2012 white collar base mortality table projected generationally from 2012 with Scale MP-2021

The foregoing assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of the postretirement benefit obligation.

Funded Status

The Plan's deficiency of benefit obligations over net assets as of December 31, 2025 and 2024 relates to the postretirement benefit obligation. It is expected that the deficiency will be funded by the Company as the benefits become due and by investment income.

Risks and Uncertainties

The Plan benefit obligations are reported based on certain assumptions pertaining to interest rates, inflation rates, and participant demographics. Due to the changing nature of these assumptions, it is at least reasonably possible that changes in these assumptions will occur in the near term and, due to the uncertainties inherent in setting assumptions, that the effect of such changes could be material to the financial statements. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. It is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the financial statements.

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including October 13, 2026, which is the date the financial statements were available to be issued.

NOTE 3 401(H) ACCOUNT

A portion of the Plan's obligations is funded through contributions to the ERIP in accordance with IRC Section 401(h). The following tables present the components of the net assets available for such obligations as of December 31, 2025 and 2024 and the related changes in the net assets available for such obligations for the year ended December 31, 2025:

Benefit Payments/Claims Payments	(14,741)
Administrative Expenses	(779)
Net Decrease in Net Assets in 401(h) Account	$ (4,657)

NOTE 4 CERTIFICATION OF INVESTMENTS INFORMATION

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified that substantially all investments, including investment information included in Note 5, and related income (loss) included in the accompanying financial statements are complete and accurate.

NOTE 5 FAIR VALUE OF INVESTMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used between December 31, 2025 and 2024.

Short-Term Investment Fund – The short-term investment fund is valued at quoted prices reported in active markets.

Common/Collective Trust – The common/collective trust is valued at Net Asset Value (NAV) as a practical expedient for fair value. The investment has a daily redemption notice period. There are no unfunded commitments related to this investment.

NOTE 5 FAIR VALUE OF INVESTMENTS (CONTINUED)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

	2025

Total Investments in the Fair Value Hierarchy	$ 20	$ -	$ -	20
Investments Measured at NAV:				
Common/Collective Trust				315
Total Investments at Fair Value				$ 335

NOTE 6 RELATED PARTIES

The Company provides certain administrative services to the Plan and does not charge the Plan for these services.

The Trustee and the investment managers are authorized under contract provisions and by ERISA regulations which provide administrative and statutory exemptions, to invest in funds under their control and in securities of Solventum. The Plan does not currently invest in any securities of Solventum.

NOTE 7 RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 as of December 31:
