Independent Auditor's Report

To the Plan Administrator and Those Charged with Governance
Gentry Locke Rakes & Moore, LLP
Cash or Deferred Profit Sharing Plan and Trust
Roanoke, Virginia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Gentry Locke Rakes & Moore, LLP Cash or Deferred Profit Sharing Plan and Trust (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Gentry Locke Rakes & Moore, LLP Cash or Deferred Profit Sharing Plan and Trust's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.10-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by banks or similar institutions or insurance carriers that are regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the banks or similar institutions or insurance carriers in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institutions).

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined to meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Gentry Locke Rakes & Moore, LLP Cash or Deferred Profit Sharing Plan and Trust and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Gentry Locke Rakes & Moore, LLP Cash or Deferred Profit Sharing Plan and Trust's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Gentry Locke Rakes & Moore, LLP Cash or Deferred Profit Sharing Plan and Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events considered in the aggregate, that raise substantial doubt about Gentry Locke Rakes & Moore, LLP Cash or Deferred Profit Sharing Plan and Trust's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed

to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined to meet the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

Note 1 – Plan Description

The following description of the Gentry Locke Rakes & Moore, LLP Cash or Deferred Profit Sharing Plan and Trust (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time, part-time, and as-needed employees of Gentry Locke Rakes & Moore, LLP and its subsidiary, Gentry Locke Consulting (the "Partnership"), age twenty-one or older. Employees are eligible for elective deferrals on the first day of the month following the date of hire. For purposes of eligibility for Partnership discretionary and employer match contributions, the service requirement is one year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan document was amended effective February 8, 2024, to comply with required legislative and regulatory updates, which are the default provisions under the CARES Act and SECURE 2.0 Act.

Contributions

Participants may contribute a percentage of their compensation as pretax deferrals and Roth deferrals to the Plan, subject to *Internal Revenue Code (IRC)* limitations. Participants of qualifying age may make additional "catch up" contributions. Participants may also contribute amounts representing distributions from other qualified plans. The Plan includes an automatic enrollment provision. Automatic deferrals begin at 3% pre-tax once reaching eligibility requirements, unless the participant specifies an alternative amount or elects not to contribute to the Plan. This provision only applies to employees whose commencement date or reemployment commencement date is on or following January 1, 2023.

The Partnership matches 50% of the first 2.5% of eligible compensation. Additional amounts may be contributed at the discretion of the Partnership's Management Committee. For 2025, the Partnership contributed $1,485,744 in additional discretionary contributions. Participants direct the investment of their contributions, matching, and any discretionary contributions into various investment options offered by the Plan. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution, allocation of the Partnership's contributions, and an allocation of earnings and administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes from Participants

Participants may borrow from their accounts an amount greater than $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Note terms range from one year to five years unless the note is for the purchase of a primary residence, in which case the term may exceed five years. Notes are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Custodians. At December 31, 2025, interest rates ranged from 4.25% to 9.50%. Principal and interest are paid ratably through payroll deductions.

Vesting

Participants are immediately vested in their contributions and the Partnership's matching and discretionary contributions, plus earnings thereon.

Payments of Benefits

Upon termination of service due to death, disability, or retirement a participant may elect to receive a lump-sum distribution equal to the value of the participant's vested interest in his or her account or rollover that amount into a qualified retirement plan or IRA account. In-service distributions are available upon demonstration of financial hardship or after participants reach the age of 55, as defined by the Plan document.

Administrative Costs

Administrative expenses incurred by the Plan may be paid by either the Plan or the Partnership as provided by the Plan document.

Note 2 – Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement attribute for fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Interest-Bearing Cash

The Plan maintains interest-bearing cash. The amount of interest-bearing cash as of December 31, 2025 and 2024, was $229,345 and $256,823, respectively. These amounts are included in the self-directed brokerage account and are eligible for FDIC insurance, subject to applicable FDIC coverage limits. At times these amounts may have exceeded these limits.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Valuation of Investments and Income Recognition

The Plan's investments are stated at fair value except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Notes from Participants

Notes from participants are reported at their unpaid principal balances plus any accrued but unpaid interest.

Benefit Payments

Benefit payments are recorded when paid.

Note 3 – Fair Value Measurements

The Plan's investments, excluding the Nationwide Fixed Select Contract, are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority; Level 2 inputs consist of observable inputs other than quoted prices for identical assets; and Level 3 inputs consist of unobservable inputs and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs are used only when Level 1 or Level 2 inputs are not available.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024. Classification within the fair value hierarchy table is based on the lowest level of input that is significant to the fair value measurement.

	Fair Value Measurements at Reporting Date Using:	
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)
December 31, 2025		
Mutual funds	$ 34,594,156	$ 34,594,156
Self-directed brokerage account	11,843,948	11,843,948
Investments at fair value	**$ 46,438,104**	**$ 46,438,104**
December 31, 2024		
Mutual funds	$ 31,234,884	$ 31,234,884
Self-directed brokerage account	10,112,119	10,112,119
Investments at fair value	**$ 41,347,003**	**$ 41,347,003**

Level 1 Fair Value Measurements

The fair values of mutual funds are based on quoted net asset values of the shares held by the Plan at year end. The self-directed brokerage accounts consist of money market funds, U.S. Government securities, bonds, common stocks, exchange traded funds, and mutual funds, which are valued at the closing price reported on the active market on which the individual securities are traded.

Note 4 – Investment Contracts

Participants were able to invest in the Nationwide Fixed Select Contract, which is a traditional investment contract. This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. The following represents the total contract value of this investment contract held by the Plan.

	2025	2024
Traditional investment contracts	**$ 3,709,751**	**$ 4,469,866**

With traditional investment contracts, the Plan owns only the contract itself. Traditional investment contracts are designed to accrue interest based on crediting rates established by the contract issuers. The average yield for this fund was 1.67% and 1.93% for the years ended December 31, 2025 and 2024, respectively.

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The

crediting rate is based on a formula established by the contract issuer but will not fall below zero percent. The crediting rate is reviewed on a quarterly basis for resetting. The contract cannot be terminated before the scheduled maturity date.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

- The Plan's failure to qualify under Section 401(a) of the *IRC* or the failure of the trust to be tax exempt under Section 501(a) of the *IRC*
- Premature termination of the contracts
- Plan termination or merger
- Changes to the Plan's prohibition on competing investment options
- Other Plan Sponsor events that significantly affect the Plan's normal operations

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

- An uncured violation of the Plan's investment guidelines
- A breach of material obligation under the contract
- A material misrepresentation
- A material amendment to the agreements without the consent of the issuer

Note 5 – Related Party Transactions

Certain administrative functions are performed by officers or employees of the Partnership. These employees are also Plan participants. No such officer or employee receives compensation from the Plan.

Plan participants may direct their investments into funds issued and managed by the Plan's Custodians. Investments in funds issued by the Custodians are considered related party transactions. Fees paid to the Custodians for investment management and trust services amounted to $92,962 for the year ended December 31, 2025.

Note 6 – Plan Termination

Although they have not expressed any intent to do so, the Partnership has the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 7 – Tax Status

The Plan has adopted a non-standardized prototype plan sponsored by Pension Financial Services, Inc. which received a favorable opinion letter from the Internal Revenue Service dated June 30, 2020, stating the Plan is designed in accordance with applicable sections of the *IRC*. The Plan has been amended and restated since receiving the determination letter. However, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the *IRC* and therefore believes the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

Note 8 – Certification

Certain information was certified as complete and accurate by Nationwide Trust Company, FSB, and Nationwide Life Insurance Company as of December 31, 2025 and 2024. This information is as follows:

- Investment assets
- Investment transactions
- Investment income
- Schedule H, Line 4i – Schedule of Assets (Held at End of Year)

Note 9 – Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

	2025	2024
Net assets available for benefits per the financial statements	$ 52,253,189	$ 47,954,060
Adjustment for deemed loans	(15,801)	(15,801)
Net assets available for benefits per the Form 5500	**$ 52,237,388**	**$ 47,938,259**

Note 10 – Subsequent Events

Subsequent events have been evaluated through October 12, 2026, the date the financial statements were available to be issued.

Effective January 1, 2026, the Plan document was amended to adopt certain provisions of the SECURE 2.0 Act of 2022. These include the requirement that catch-up contributions made by certain higher-income participants, as defined, be designated as Roth contributions, as well as increasing catch-up limits available to eligible participants ages 60 through 63, as defined.
