Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Greater Bergen Community Action, Inc. Tax Sheltered Annuity Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements were available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental information, Schedule H, line 4i - Schedule of Assets held at December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Tax Sheltered Annuity Plan

Notes to Financial Statements

Years Ended December 31, 2025 and 2024

Note 1 - Description of Plan

The following description of the Greater Bergen Community Action, Inc. Tax Sheltered Annuity Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

a. General

The Plan is a 403(b) defined contribution plan established by Greater Bergen Community Action, Inc. (the "Plan Sponsor" and "Company"), for the benefit of eligible employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as well as certain provisions of the federal income tax laws.

All employees of the Company are subject to the following eligibility requirements, as defined in accordance with the universal availability standards:

- Age: None
- Service: 0 months
- Status Exclusions:
  a. Employees who are members of a specific union (excluded from matching and non-elective contributions)
  b. Leased employees (excluded from matching and non-elective contributions)
  c. Non-resident aliens with no U.S. earned income (excluded from elective deferrals, matching and non-elective contributions)
  d. Per diem employees and residents of Puerto Rico (excluded from matching contributions)

Upon satisfying the eligibility requirements, employees may participate in the Plan immediately.

b. Contributions

The Plan is funded through employee elective deferrals and Company contributions. Each year, participants may elect to contribute a portion of their compensation, subject to certain maximum limitations imposed by Section 402(g) of the IRC. At the discretion of the Plan Administrator, participants may be permitted to deposit or "rollover" into the Plan distributions they have received from other plans and certain Individual Retirement Accounts (IRAs). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

The maximum participant deferral for the years ended December 31, 2025 and 2024, was $23,500 and $23,000, respectively. For participants age 50 or older, the maximum deferral was $31,000 and $30,500, respectively.

The following contribution types are allowed by the Plan:

- Rollover contributions
- Roth deferrals
- Employer discretionary matching
- Discretionary non-elective contributions
- Elective deferrals

Note 1 - Description of Plan - Continued

b. Contributions - Continued

The Plan sponsor may provide a discretionary "matching" contribution to the Plan. The maximum annual discretionary contribution shall not exceed 6% of eligible salary deferral contributions. Catch-up contributions are eligible for the employer discretionary match. For the years ended December 31, 2025 and 2024, The Plan sponsor's discretionary match was calculated at 50% of the participant's eligible deferral to the Plan, up to 6%, amounting to $295,538 and $277,751, respectively.

c. Participant Accounts

Each participant's account is credited with the participant's contribution, allocation of the Company's contributions, and Plan earnings or losses and charged with an allocation of administrative expenses that are paid by the Plan. Allocations may be charged based on participant earnings, account balances, or specific participant transactions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

d. Vesting

Participants are immediately 100% vested in their elective deferrals including catch-up contributions, rollover contributions from other plans, and actual earnings thereon. The method for crediting vesting service for Company matching and non-elective contributions is based on elapsed time. Participants are credited with a period of service for 12 months from date of hire. If participants are employed on or after their Normal Retirement Age or if they terminate employment on account of death or disability, they are 100% vested in their Company matching and non-elective contributions.

Employees hired prior to January 1, 2018, are 100% vested in their accounts.

Service Years	Matching	Profit Sharing
< 1	50%	50%
1	66.67%	66.67%
2	83.34%	83.34%
3	100%	100%

e. Forfeited Accounts

Forfeitures represent unvested portions of terminated participants' accounts. The Plan allows forfeitures of non-vested Company contributions to be used as follows:

- Reduce Company contributions
- Reallocated as Company contributions
- Pay administrative expenses
- Restore eligible rehire forfeiture account balance

Note 1 - Description of Plan - Continued

e. Forfeited Accounts - Continued

As of December 31, 2025 and 2024, forfeited non-vested accounts totaled $17,009 and $15,280, respectively. During the years ended December 31, 2025 and 2024, forfeited non-vested accounts of $0 were used. The unused forfeiture balance is held in and included in the Ei Fixed Account.

f. Investment Options

Upon enrollment in the Plan, a participant may direct the contributions made to the Plan, for or on behalf of the participant, to any one or more of the investment funds determined at the discretion of the Plan Administrator and Plan Sponsor and in such multiples as the participant prescribes. A participant may change his or her investment direction with respect to future contributions or redirect the investment of his or her account balances.

g. Notes Receivable from Participants

Participants who are active employees may borrow against their vested account balances a minimum of $1,000 up to a maximum equal to the lesser of 50% of their vested account balance or $50,000. The loans, in the form of promissory notes, are secured by the balance in the participant's account, and bear interest at reasonable rates, which are commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest are paid ratably through payroll deductions. Loan terms range from one to five years. However, the five-year maximum repayment term does not apply to loans used to acquire a principal residence, for which the repayment term may extend up to 20 years. At December 31, 2025 and 2024, the interest rates on outstanding loans ranged from 4.16% to 9.50%.

h. Benefits Paid to Participants

Upon termination of service, disability, or retirement, a participant is entitled to receive a distribution equal to the value of the participant's vested interest in his or her account. Distribution of a deceased participant's account will be made to the designated beneficiary.

The following types of distributions are also allowed by the Plan:

- Hardship
- In service
- Involuntary cash-outs
- Rollover source withdrawal at any time

i. Termination of the Plan

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Upon termination, no further contributions will be made to the Plan and all amounts credited to the participant's account will become 100% vested. The Company will direct the distribution of the participant's account in a manner permitted by the Plan as soon as practicable.

Note 2 - Summary of Significant Accounting Policies

a. Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

b. Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

c. Investment Valuation and Income Recognition

Investments are reported at fair value (except for any fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on the trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments, including realized gains and losses on sales during the year and current changes in unrealized appreciation (depreciation) in the market value of investments held at year end, is presented in the statements of changes in net assets available for benefits.

d. Contributions

Participant contributions and related employer matching contributions are recorded in the period the participant contributions are withheld; discretionary contributions are recorded when declared.

e. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make scheduled repayments and the Plan Administrator deems the participant note receivable to be in default, the participant note receivable balance is reduced and a benefit payment recorded. Loans treated as distributions totaled $8,977 and $6,169 for the years ended December 31, 2025 and 2024, respectively.

f. Payment of Benefits

Benefits are recorded when paid.

Note 2 - Summary of Significant Accounting Policies - Continued

g. Corrective Distributions

Contributions received in excess of the limits permitted by the nondiscrimination testing requirements of the Internal Revenue Code are refunded to the applicable participants, together with allocable earnings, following the end of the Plan year to which they relate. During the year ended December 31, 2025, the Plan made corrective distributions of $2,297 to correct a nondiscrimination testing failure for the 2024 plan year. This amount is included in corrective distributions in the accompanying 2025 statement of changes in net assets available for benefits. It was not recorded as a liability at December 31, 2024.

In 2026, the Plan refunded $911 of excess contributions to correct a nondiscrimination testing failure for the 2025 plan year. This amount was not recorded as a liability at December 31, 2025.

h. Plan Expenses

The Plan's expenses are paid by either the Plan or the Company, as provided by the plan document. Expenses paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statements of changes in net assets available for benefits. In addition, certain investment-related expenses are included in net appreciation (depreciation) in fair value of investments.

i. Subsequent Events

Subsequent events were evaluated through October 9, 2026 which is the date the financial statements were available to be issued. There were no material events that have occurred that require adjustment to or disclosure in the financial statements except as disclosed in Note 9.

Note 3 – Certified Investments

Certain information summarized below related to the accompanying financial statements and ERISA-required supplemental schedule was obtained by management and agreed to or derived from information certified as complete and accurate by Empower Annuity Insurance Company of America, the qualified institution that holds and administers the Plan assets, in accordance with 29 CFR 2520.103-5.

As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator has instructed the Plan's independent auditor not to perform any auditing procedures with respect to this information.

	2025	2024
Investment values certified	$ 12,750,615	$ 10,776,324
Notes receivable from participants certified	$ 307,240	$ 265,013

	2025	2024
Investment income certified:		
Net appreciation in fair value of investments	$ 1,422,699	$ 1,102,204
Interest	$ 25,566	$ 25,362
Dividends	$ 342,091	$ 241,887
Interest income on notes receivable from participants certified	$ 20,289	$ 17,815

Note 4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual Funds

Mutual funds are valued at the net asset value (NAV) of shares held by the Plan at year end based on quoted market prices.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value:

	2025	2024
Level 1		
Mutual funds	$ 11,820,235	$ 9,913,125
Total Investments at fair value	$ 11,820,235	$ 9,913,125

Note 5 - Fully Benefit-Responsive Investment Contracts

The Plan holds a traditional investment contract, a group unallocated fixed deferred annuity contract with Empower Annuity Insurance Company of America. Plan assets allocated to the contract are invested in the EI Fixed Account, Series Class II, which is part of the issuer's general account. The issuer is obligated to repay amounts allocated to the account plus interest credited at a rate it declares, which is subject to a guaranteed minimum rate stated in the contract. Participants may ordinarily direct withdrawals and transfers at contract value. Contract value represents contributions and transfers in, plus credited interest, less participant withdrawals, transfers out, and contract charges. Because the contract is fully benefit-responsive, it is reported at contract value.

The following represents the disaggregation of investment contracts held by the Plan:

	2025	2024
Traditional investment contracts	$ 930,380	$ 863,199
Total Fully Benefit-Responsive Investment Contracts	$ 930,380	$ 863,199

Certain events may limit the Plan's ability to transact at contract value with the issuer. These include Plan Sponsor-initiated events such as a spin-off, sale, merger or layoff; termination of the contract, or removal of the fixed account as an investment option, by the Plan Sponsor for reasons other than full plan termination; and the offering of competing investment options without the issuer's agreement. Upon such events, amounts in excess of a de minimis amount may be paid at book value over periods of up to 36 months or in installments, or at an adjusted amount paid by the Plan Sponsor. Upon full plan termination, the contract provides for payment of the contractual account value, less any outstanding fees and charges. The Plan Administrator does not believe that the occurrence of any such event that would also limit the Plan's ability to transact at contract value with participants is probable.

Either the issuer or the Plan Sponsor may terminate the contract upon 75 days' written notice. Upon termination, amounts are paid in accordance with the contract's termination provisions, less any outstanding fees and charges, with interest continuing to be credited at not less than the guaranteed minimum rate until payment.

Note 6 - Related Party Transactions and Transactions with Parties-in-Interest

A related party is any party who can control or significantly influence Plan management or operating policies. Parties-in-interest are defined under DOL regulations as any employees of the Plan, fiduciaries of the Plan, service providers to the Plan, the employer whose employees are covered by the Plan, and certain significant owners of the employer and their relatives. Service providers may include, but are not limited to, the custodian, trustee, third-party administrator ("TPA"), investment managers, investment advisors, legal counsel, and Plan auditor.

During the years ended December 31, 2025 and 2024, the Plan made direct payments of $141,106 and $120,340, respectively, to certain parties-in-interest for administration and investment advisory fees, as allowed by ERISA. The Plan Sponsor pays directly any other fees related to the operation of the Plan.

Fees incurred by the Plan for the investment management services are included in the net appreciation (depreciation) in fair value of the related investment, as they are paid using investment earnings rather than a direct payment.

The Plan participates in an expense offset agreement whereby certain third-party expenses are paid with rebates received by the Plan from investment managers. During the years ended December 31, 2025 and 2024, the Plan received investment manager rebates totaling $56,517 and $48,689, respectively. These rebates are included in other income in the statements of changes in net assets available for benefits and are not offset against administrative expenses. Administrative expenses are presented gross.

The Plan's investments with Empower Annuity Insurance Company of America, the Custodian and the participant loans are party-in-interest transactions that qualify as exempt from prohibited transactions rules under ERISA.

Note 7 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is, at least, reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 8 - Tax Status

The Plan sponsor adopted a plan which received a favorable advisory letter, issued to the document provider by the Internal Revenue Service dated March 31, 2017. The letter states that the form of the plan document satisfies the requirements of Section 403(b) of the Internal Revenue Code ("IRC"). The Plan is required to operate in accordance with the IRC to maintain its tax-favored status under Section 403(b). Management is not aware of any course of action or series of events that have occurred that might adversely affect the Plan's tax-favored status.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not, based on the technical merits, would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2025 and 2024 there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Generally, the statute of limitations for the IRS to assess taxes on a plan expires three years from the due date of the return or the date on which it was filed, whichever is later.

Note 9 - Subsequent Events

Subsequent to the Plan's year end of December 31, 2025, effective January 1, 2026, the plan document was amended and restated to conform to the periodic update cycle applicable to pre-approved plan documents. The restatement does not change the Plan's sponsor, custodian, or recordkeeper. Significant changes adopted in the restatement include:

- Expansion of the exclusion for per diem employees and residents of Puerto Rico to apply to both matching and non-elective (employer) contributions; previously this class was excluded from matching contributions only.
- Adoption of a corrective-amendment method for addressing minimum coverage testing failures under the matching and non-elective contribution sources.
- Adoption of a defined determination period (each pay period) for calculating matching contributions.
- Liberalization of death benefit distribution timing to permit extended payments to all beneficiaries, and expansion of the permissible forms of death benefit payment.
- Addition of an explicit $1,000 automatic rollover threshold for mandatory cash-out distributions.
- An increase in the maximum number of participant loans a participant may have outstanding at one time, from one to two.
- In-plan Roth rollovers are permitted to the extent the Plan otherwise allows the distribution, and in-plan Roth transfers of amounts not otherwise distributable are permitted.
- Qualified birth or adoption distributions are permitted as a separate distribution event (elected effective January 1, 2022).

Note 9 - Subsequent Events - Continued

- The Plan requires spousal consent for any in-service withdrawal or conversion, including in-plan Roth rollovers and transfers.

Management does not believe this amendment has a material effect on the Plan's net assets available for benefits as of December 31, 2025, or on these financial statements taken as a whole.
