INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
of the CHSU 401(k) Plan
Clovis, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of CHSU 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of CHSU 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

To the Plan Administrator
of the CHSU 401(k) Plan

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of CHSU 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about CHSU 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

To the Plan Administrator
of the CHSU 401(k) Plan

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of CHSU 401(k) Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about CHSU 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

CHSU 401(k) Plan

NOTES TO THE FINANCIAL STATEMENTS

December 31, 2025 and 2024

NOTE 1 – DESCRIPTION OF PLAN

The following brief description of CHSU 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) profit sharing plan established January 1, 2013, which covers substantially all employees of California Health Sciences University (the Company). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan has been restated for final Cycle 3 regulations effective January 1, 2022. The Plan's purpose is to enable eligible employees to defer a portion of their salary to provide for their retirement.

Eligibility

The Plan covers substantially all employees of the Company, except a) members of a collective bargaining unit where retirement benefits were the subject of good faith bargaining, b) non-resident aliens with no U.S. source income, and c) part-time or per diem employees scheduled to work less than 20 hours per week unless they work at least 1,000 hours during an employment year. An employee becomes immediately eligible to participate in the Plan for salary deferrals upon hire. An employee becomes eligible to participate in the Plan's employer contributions after attaining age 21 and completing one year of service.

Employee contributions

An employee will be eligible to make a pre-tax or Roth salary deferral immediately upon completion of the eligibility requirements. Plan participants may contribute a percentage or dollar amount of their annual compensation to the Plan up to the maximum determined annually by the Internal Revenue Service (IRS). If the participant is age 50 or older, the participant may elect to defer additional amounts as defined by law. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

Employer contributions

Upon fulfillment of the eligibility requirements, participants will receive a safe harbor match of 100% of employee deferrals up to 4% of eligible compensation. The safe harbor match is allocated to participant accounts that have received deferrals during the year. During the years ended December 31, 2025 and 2024, the Company made safe harbor match contributions of $366,236 and $361,847, respectively, to the Plan.

Additionally, the Company may make a discretionary non-elective contribution to the Plan each year and in such amount, if any, as it may determine, as a percentage of compensation or a dollar amount per participant. The Company did not elect to make any discretionary non-elective contributions for the plan years ended December 31, 2025 and 2024.

Each year, the Company may, at its discretion, make an additional matching contribution in an amount allocated proportionate to the amount of salary deferrals. The Company did not elect to make any additional match contributions for the plan years ended December 31, 2025 and 2024.

Contributions are subject to certain IRS limitations.

NOTE 1 – DESCRIPTION OF PLAN (continued)

Participant accounts
Each participant's account is credited with the participant's contributions and the Company's matching contributions, as well as allocations of the Company's non-elective contribution and plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting
Participants are vested immediately in their contributions and employer contributions, plus actual earnings thereon.

Notes receivable from participants
Participants may borrow a minimum amount of $1,000 and a maximum of 50% of their vested balance up to $50,000. Participant loans are to be repaid with interest at least quarterly and in a time period not to exceed five years, unless the loan is being used to purchase a primary residence, in which case the loan must be repaid within 15 years of the original date of the loan. The loans are secured by the balance in the participant's account and bear a reasonable interest rate which is defined by the Loan Policy as the prime rate plus one percent. Principal and interest are paid ratably through semi-monthly payroll deductions. Notes receivable were $123,118 and $38,369 as of December 31, 2025 and 2024, respectively.

Payment of benefits
Upon retirement, death, disability or termination of service due to other reasons, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account. The participants may make a direct rollover of their taxable distributions to another employer's qualified retirement plan or individual retirement account.

Forfeitures
Forfeitures may be applied to pay administrative expenses of the Plan, restore forfeited account balances of rehires who are eligible for a restoration of forfeitures, or reduce employer contributions. At December 31, 2025 and 2024, forfeited nonvested accounts totaled $2,915 and $7,204, respectively. During the years ended December 31, 2025 and 2024, $22 and $56 of forfeitures were utilized to pay plan Plan administrative expenses, respectively. During the years ended December 31, 2025 and 2024, $4,384 and $18,689 of forfeitures were utilized to reduce employer contributions, respectively.

NOTE 2 – ACCOUNTING POLICIES

Basis of accounting
The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTE 2 – ACCOUNTING POLICIES (continued)

Investment valuation and income recognition
Investments are reported at fair value (except for the fully benefit-responsive insurance contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's trustees determine the Plan's valuation policies utilizing information provided by the investment advisors, custodians, and insurance company. See Note 3 for additional discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions
Contributions from Plan participants and the matching contributions from the Employer are recorded in the year in which participant compensation is earned.

Notes receivable from participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the plan document. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Payment of benefits
Benefits are recorded when paid.

Administrative expenses
Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in the net appreciation of fair value of investments.

Subsequent events
Plan management has evaluated subsequent events through August 25, 2026, the date the financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2025 and 2024.

Pooled separate accounts: Pooled separate accounts invest in mutual funds, domestic equity securities, or fixed maturity securities. More than one source may be used to generate unit prices. The market price of the fund and the unitized pricing model are both used.

NOTE 3 – FAIR VALUE MEASUREMENTS (continued)

The following tables set forth, by level within the fair value hierarchy, the Plan's assets at fair value on a recurring basis as of December 31, 2025 and 2024.

	Assets at Fair Value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ -	$ 8,875,128	$ -	$ 8,875,128

	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ -	$ 7,214,988	$ -	$ 7,214,988

NOTE 4 – FULLY BENEFIT RESPONSIVE INSURANCE CONTRACTS

The Plan holds insurance contracts that meets the fully benefit-responsive insurance contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive insurance contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Contract value was $102,468 and $272,929 at December 31, 2025 and 2024, respectively.

The average yield earned by the Plan's Stable Value Option investment choice is equal to the average yield earned by the Plan adjusted to reflect the actual interest rate credited to plan participants. The effective annual rate of interest is established prior to January 1st and July 1st for the corresponding six-month period. The Stable Value Option investment choice is not considered a Guaranteed Interest Contract and there is no stated minimum or maximum interest rate. Closing interest rates at December 31, 2025 and 2024, were 1.60% and 1.65%, respectively. Contract charges may reduce this return.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive insurance contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. Examples of such events include termination of contract, spin-offs, divestitures, layoffs, corporate relocation, partial or total plan termination, retirement incentive programs, and liberalization of plan withdrawal or transfer rules. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the plan to transact at contract value with the participants.

NOTE 4 – FULLY BENEFIT RESPONSIVE INSURANCE CONTRACTS (continued)

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Examples of such events include 1) an uncured violation of the Plan's investment guidelines, 2) a breach of material obligation under the contract, 3) a material misrepresentation, 4) a material amendment to the agreement without consent of the issuer.

NOTE 5 – INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

Certain information in the accompanying financial statements and ERISA-required supplemental schedule was obtained by management and agreed to or derived from information certified as complete and accurate by Transamerica Life Insurance Company (the trustee of the Plan), a qualified institution.

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified as complete and accurate by the trustee as of and for the years ended December 31:

	2025	2024
Investments, at fair value:		
Pooled separate accounts	$ 8,875,128	$ 7,214,988
Investments, at contract value:		
Fully benefit-responsive contracts	$ 102,468	$ 272,929
Interest	$ 3,522	$ 2,114
Net appreciation in fair value of investments	$ 1,250,475	$ 874,730
Notes receivable from participants	$ 123,118	$ 38,369
Interest income on notes receivable from participants	$ 5,244	$ 3,373

NOTE 6 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE 7 – TAX STATUS

The Plan obtained its latest opinion letter on June 30, 2020, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed, and currently being operated, in compliance with the applicable requirements of the IRC, and therefore, believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 – ALLOCATION OF ASSETS

Net assets available in the amount of $2,133,477 and $2,389,734 for the years ended December 31, 2025 and 2024, respectively, have been allocated to the accounts of employees who have separated service with the Company.

NOTE 9 – RELATED PARTY TRANSACTIONS

While acting as trustee, Transamerica provided record keeping and investment services to the Plan and, therefore, these transactions qualified as party-in-interest transactions. Fees paid by the Plan for the services to Transamerica amounted to $29,463 and $24,432 for the years ended December 31, 2025 and 2024, respectively.

Investment management services and third-party administrative services are paid for by the Company. Certain fees received by Transamerica or its affiliates and expenses charged by the mutual funds may be netted against investment income earned by the Plan. Broker commissions paid by Transamerica Life Insurance Company related to the Plan totaled $40,876 and $34,389 for the years ended December 31, 2025 and 2024, respectively. Third party administrative services paid by Transamerica Life Insurance Company related to the Plan totaled $4,097 and $3,467 for the years ended December 31, 2025 and 2024, respectively.

Administrative functions are jointly performed by employees of the Company and the third-party administrator. No employee receives compensation from the Plan. The independent auditor's fees are paid directly by the Company.

NOTE 10 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
