INDEPENDENT AUDITORS' REPORT

To the Board of Trustees of
CRI-Help, Inc. 401(k) Plan
North Hollywood, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the financial statements of CRI-Help, Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audits"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL's") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier ("qualified institution") in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audits of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("U.S. GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audits does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with U.S. GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

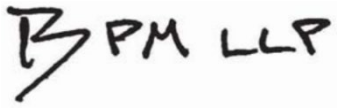

Other Matter - *Supplemental Schedules Required by ERISA*

The supplemental schedules of Schedule H, Line 4a - Schedule of Delinquent Participant Contributions for the year ended December 31, 2025 and Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with U.S. GAAS. For information included in the supplemental schedules that agreed to or are derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or are derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of the Plan

The following description of CRI-Help, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Summary Plan Description and/or the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan was adopted by CRI-Help, Inc. (the "Sponsor" or "Employer") on January 1, 2020, and was most recently restated effective January 1, 2022 to bring the Plan into compliance with legislative and regulatory changes. The Plan is a defined contribution retirement plan of the profit-sharing type containing a cash or deferred arrangement described in Internal Revenue Code ("IRC") Section 401(k). Employees who have attained age eighteen (18) and have completed two (2) months of service are eligible to participate in the Plan for all contribution types. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and certain provisions of the IRC. The Board of Trustees is responsible for oversight of the Plan.

Plan Administration

The Sponsor is the administrator of the Plan. As administrator, the Sponsor has exclusive authority and responsibility for all matters in connection with the operation and administration of the Plan. The Plan's assets are held under a group annuity contract issued by John Hancock Life Insurance Company (U.S.A.) ("John Hancock"), which was the appointed custodian for the Plan for the years ended December 31, 2025 and 2024 and acted at the direction of the Plan's administrator. In addition, the Sponsor has contracted with a third-party administrator to process and maintain the records of participant data.

SECURE 2.0 Act

On December 29, 2022, the SECURE 2.0 Act of 2022 ("SECURE 2.0") was enacted as part of the Consolidated Appropriations Act of 2023. Its provisions include changes to required minimum distributions, long-term part-time employee eligibility, catch-up contribution limits, a mandatory Roth catch-up contribution requirement for certain higher-income participants, and other retirement-plan provisions. The deadline for amending plan documents to reflect SECURE 2.0 has been extended to December 31, 2026. There were no amendments to the Plan during the year ended December 31, 2025, and the Plan Sponsor continues to evaluate applicable provisions and related guidance to determine the impact to the Plan and its participants.

Contributions

The Plan has an automatic enrollment feature for all employees, which commences on the first day of the next Plan quarter after eligibility, unless the employee affirmatively elects not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 4% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. Employees who elect to participate in the Plan may contribute up to 100% of their compensation for that period, or up to the limits imposed by Section 402(g) of the IRC. Participants who have attained the age of fifty (50) before the end of the Plan year are eligible to make catch-up contributions. Participants may elect to make Roth 401(k) contributions to the Plan and may contribute amounts representing distributions from other qualified defined benefit or contribution plans. Employer matching contributions are discretionary as determined by the Sponsor under a flexible discretionary matching formula. Generally, the Employer matching contributions will be the lesser of 100% of the employee elective deferral, or 4% of compensation. Additionally, the Plan allows qualified non-elective contributions at the discretion of the Plan Sponsor. Participants direct the investment of their contributions into various investment options offered by the Plan.

1. Description of the Plan, continued

Participant Accounts

A participant's account is credited with the participant's contributions, Employer contributions, Plan earnings or losses, and rollovers from other qualified plans. Plan earnings or losses are allocated based upon each participant's account balance. Certain fees are charged to the fund investments and are offset against Plan investment income and loss as presented on the statement of changes in net assets available for benefits. Participants should refer to the applicable fund fact sheet or prospectus for specifics on the various types and amounts of investment fees charged to the Plan and their individual accounts. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their elective contributions, as adjusted for actual earnings or losses thereon. Participants become vested in the Employer matching contributions based on the following schedule:

Years of Service	Vesting Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Participants are considered fully vested upon attainment of retirement age while an employee, retirement due to disability, death, and upon termination of the Plan.

Notes Receivable from Participants

Participants may only have one loan outstanding from the Plan at any time and may borrow from their fund accounts a minimum of $1,000 up to 50% of the value of their account balance, or $50,000, whichever is less. Note receivable terms range from one to five years, except for notes receivable used to purchase a primary residence, which have a maximum term of ten years. The notes receivable are secured by no more than 50% of the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates at the time the borrowing originates. As of December 31, 2025, the interest rates on notes receivable from participants ranged from 7.75% to 9.50% per annum. Principal and interest are remitted in equal installments through payroll deductions from each regular paycheck. Delinquent notes receivable are reclassified as deemed distributions based upon the terms of the Plan document.

Payments of Benefits

When participants terminate their employment, retire or for any other reason leave the employment of the Sponsor, the participant (or their beneficiaries) may receive the vested value of their account in a single lump-sum payment. The Plan also allows for in-service withdrawals when a participant attains the age of 59½, or has a hardship. In-service withdrawals may be taken from all vested accounts, with the exception of hardships that may not be taken from matching contributions. In addition, the Plan allows for withdrawals of any rollover contributions at any time.

1. Description of the Plan, continued

Plan distributions occur as soon as practicable after the date of retirement, date of death, or termination of employment. The Plan provides for mandatory distributions of account balances of less than $7,000, in accordance with SECURE Act 2.0, effective for distributions made on or after January 1, 2024. In the event of a mandatory distribution greater than $1,000, if the participant does not elect to have such distribution paid directly to an eligible retirement plan specified by the participant in a direct rollover, or to receive the distribution directly, then the Plan's administrator will remit the distribution in a direct rollover to an individual retirement account designated by the Plan's administrator.

Investment Options

Upon enrollment in the Plan, a participant may direct his or her contributions in percentage increments into a series of pooled separate accounts (investment sub-accounts) available under the Plan's group annuity contract with John Hancock, including a money market sub-account. Participants may change their investment options at any time.

Forfeitures

Forfeitures that occur during a Plan year will be used to pay expenses related to the administration of the Plan and to reduce future Employer matching contributions. As of December 31, 2025 and 2024, forfeited non-vested accounts totaled $0 and $10,637, respectively, and are included in cash on the statements of net assets available for benefits. During the year ended December 31, 2025, forfeited funds in the amount of $61,568 were used to reduce Employer matching contributions of the Plan.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, disclosure of contingent assets and liabilities and changes in net assets available for benefits. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the custodian. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are reflected on a trade-date basis. Interest is recorded on the accrual basis. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

2. Summary of Significant Accounting Policies, continued

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2025 and 2024.

Excess Contributions

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability with a corresponding reduction to contributions. As a result of the 2025 actual deferral percentage test, excess contributions payable to participants totaled $4,314 as of December 31, 2025, which were distributed to the applicable participant, together with allocable earnings, on February 26, 2026. No excess contributions were payable as of December 31, 2024. Corrective distributions of $3,170 reported for the year ended December 31, 2025 relate to the correction of the 2024 Plan year test.

Payment of Benefits

Benefits are recorded when paid. Benefits paid to participants for the year ended December 31, 2025 include deemed distributions of notes receivable from participants of $13,281 and corrective distributions of excess contributions of $3,170.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Sponsor. Expenses that are paid by the Sponsor are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation in fair value of investments.

Information Certified by the Custodian

John Hancock has prepared and certified as complete and accurate the Plan's schedule of investment assets, notes receivable from participants, investment transactions, net appreciation in fair value of investments, and interest on notes receivable from participants, which were used to prepare the accompanying financial statements and supplemental schedules.

Reclassifications

Certain reclassifications have been made to the prior year's balances in order to conform to the presentation in the current period. Such reclassifications had no effect on total investments, net assets available for benefits, or the change in net assets available for benefits.

3. Fair Value Measurements

Accounting standards for fair value measurements establish a framework for determining fair value, which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy assigns the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under these accounting standards are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2025 and 2024:

Pooled separate accounts: Valued at the net asset value ("NAV") of units of the separate account. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the separate account less its liabilities. This practical expedient is not used when it is determined to be probable that the separate account will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the separate account, the investment advisor reserves the right to temporarily delay withdrawal from the account in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

3. Fair Value Measurements, continued

All of the Plan's investments are held in pooled separate accounts under a group annuity contract with John Hancock and are measured at fair value using the NAV per unit practical expedient. Investments measured at fair value using the NAV per share (or its equivalent) practical expedient are not categorized within the fair value hierarchy. Accordingly, no fair value hierarchy table is presented. The following table summarizes the Plan's investments measured at fair value using the NAV practical expedient as of December 31, 2025 and 2024. There are no unfunded commitments or participant redemption restrictions; however, a Plan-initiated full redemption may be subject to a temporary delay, as described above.

December 31, 2025	Fair Value	Unfunded Commitments	Redemption Frequency (if eligible)	Redemption Notice Period
Pooled separate accounts	$ 3,666,827	N/A	Daily	Immediate

December 31, 2024	Fair Value	Unfunded Commitments	Redemption Frequency (if eligible)	Redemption Notice Period
Pooled separate accounts	$ 2,254,743	N/A	Daily	Immediate

As described in Note 2, the December 31, 2024 investment balance previously presented as mutual funds categorized within Level 1 of the fair value hierarchy has been reclassified to pooled separate accounts measured at NAV as a practical expedient, in order to conform to the current year presentation. The reclassification had no effect on total investments, net assets available for benefits, or the change in net assets available for benefits.

4. Information Prepared and Certified by Custodian (Unaudited)

The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified as complete and accurate by John Hancock as of December 31, 2025 and 2024, and for the year ended December 31, 2025:

	2025	2024
Cash - noninterest-bearing	$ -	$ 10,637
Investments in pooled separate accounts, at fair value	$ 3,666,827	$ 2,254,743
Notes receivable from participants	$ 132,885	$ 55,720
Interest on notes receivable from participants	$ 6,947	N/A
Net appreciation in fair value of investments	$ 522,972	N/A

5. Related-Party Transactions and Party-in-Interest Transactions

The Plan's assets are held in pooled separate accounts under a group annuity contract issued by John Hancock, the custodian of the Plan. Any purchases and sales of these investments are transacted at the unit values determined by John Hancock. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan, and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

Notes receivable from participants also qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules under ERISA.

6. Tax Status

The Plan uses a non-standardized pre-approved plan document sponsored by Ascensus, LLC ("Ascensus"). Ascensus received an opinion letter from the IRS dated June 30, 2020, which states that the non-standardized pre-approved plan document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS. The Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and to recognize a tax liability if the Plan has taken an uncertain tax position that is more likely than not to be reversed by the taxing authorities. No such liability has been recorded by the Plan. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no such audits for any tax periods in progress.

7. Plan Termination

The Sponsor has established the Plan with the intention and expectation that the Plan will continue indefinitely. However, the Sponsor reserves the right at any time to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, distributions will be made to participants as described in the Plan agreement, and participants would become 100% vested in their Employer contributions.

8. Risks and Uncertainties

The Plan provides for various investment options in any combination of pooled separate accounts offered by the Plan. Investment securities are exposed to various risks, such as interest rate, market fluctuations, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Approximately 38% and 58% of net assets available for benefits are held in three and five investment options as of December 31, 2025 and 2024, respectively.

9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2025 and 2024:

	2025	2024
Net assets available for benefits per financial statements	$ 3,795,398	$ 2,321,100
Excess contributions payable	4,314	-
Net assets available for benefits per Form 5500	$ 3,799,712	$ 2,321,100

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31, 2025:

	2025
Net increase in net assets available for benefits per the financial statements	$ 1,474,298
Change in excess contributions payable	4,314
Net income per the Form 5500	$ 1,478,612

Excess contributions payable to participants are recorded as a liability with a corresponding reduction to contributions in the accompanying financial statements, and are reported as a reduction of contributions in the year distributed on the Form 5500.

10. Subsequent Events

In accordance with accounting standards affecting disclosures of subsequent events, the Plan evaluated subsequent events for recognition and disclosure through October 7, 2026, the date these financial statements were available to be issued. Management concluded that no material subsequent events have occurred since December 31, 2025 that require recognition or disclosure in these financial statements.
