INDEPENDENT AUDITOR'S REPORT

October 14, 2026

To the Plan Administrator of
Advance Care Alliance of New York, Inc. 403(b) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2025 Financial Statements

We have performed an audit of the accompanying financial statements of Advance Care Alliance of New York, Inc. 403(b) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2025, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2025 Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2025 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2025 Financial Statements section:

- The amounts and disclosures in the 2025 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

Opinion on the 2025 Financial Statements (Continued)

- The information in the 2025 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2025 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2025 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis-of-Matter

The accompanying financial statements have been prepared assuming that the Plan will continue as a going concern. As discussed in Note 10 to the financial statements, the Board of Directors of Advance Care Alliance of New York, Inc., the Plan's sponsor, voted in February 2026 to terminate the Plan, which indicates that the Plan is not a going concern. The financial statements do not include any adjustments that might be necessary upon termination. Our opinion is not modified with respect to that matter.

Responsibilities of Management for the 2025 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2025 Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2025 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2025 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - 2025 Supplemental Schedule Required by ERISA
The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matters - Auditor's Report on 2024 Financial Statements

The financial statements of the Plan as of and for the year ended December 31, 2024, were audited by predecessor auditors. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated October 3, 2025 indicated that in their opinion (a) the amounts and disclosures in the 2024 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2024 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2024 supplemental schedules, other than the information in the 2024 supplemental schedules that agrees to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, and the information in the 2024 supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF PLAN

The following brief description of Advance Care Alliance of New York, Inc. 403(b) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General
The Plan is a defined contribution plan established to provide retirement benefits for employees of Advance Care Alliance of New York, Inc. (the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility
All permissible employees of the Company, as defined in accordance with the Plan document, are eligible to participate in the elective deferrals on the next regularly scheduled payroll after the date they become an employee. Employees are eligible for employer discretionary contributions on the first day of the month following attainment of age 21 and the completion of one year of eligibility service with 1,000 hours completed. To receive an allocation of employer discretionary contributions, participants generally must be eligible for the employer contribution feature of the Plan and be employed on the last day of the Plan year.

Contributions
Each year, participants may contribute up to 100% of pretax eligible pay through direct payroll withholding subject to maximum allowable contributions under the Internal Revenue Code as defined in the Plan. The Plan includes an automatic deferral election at 2% of compensation, unless participants opted out. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

The Plan also allows for elective deferral contributions to be made as Roth contributions. Roth contributions are made to the Plan on an after-tax basis. The sum of the participant’s Roth contributions and regular elective deferral contributions may not exceed the annual limit noted above. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover).

Each year, the Company may make a discretionary contribution to the Plan as determined by the Board of Directors, which is allocated based on participants' eligible compensation. For the years ended December 31, 2025 and 2024, the Company's discretionary contributions to the Plan were 3.5% and 4.0% of participants' eligible compensation and totaled approximately $1,900,000 and $2,023,000, respectively.

Participant Accounts
Each participant’s account is credited with the participant’s contributions and allocations of the Company’s contribution, if any, and Plan earnings/(losses). Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings/(losses) or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account. Participants direct the investment of their contributions and their share of the Company’s contributions into various investment options offered by the Plan. Participants may change their investment allocation at any time.

1. DESCRIPTION OF PLAN (Continued)

Vesting
Participants are immediately vested in their voluntary contributions plus actual earnings/(losses) thereon. Vesting in the Company's contributions plus earnings/(losses) thereon is based on years of service. Participants are 20% vested in the Company's contribution after one year of service. Vesting increases in increments of 20% for each additional year of service thereafter until 100% vesting occurs after five years.

Forfeitures
At December 31, 2025 and 2024, forfeited nonvested accounts totaled $40,446 and $18,755, respectively. Forfeited nonvested accounts may be used to pay any administrative expenses of the Plan first, then any excess may be used to reduce employer contributions. During 2025 and 2024, forfeitures of approximately $101,976 and $186,905 were used to reduce administrative expenses, respectively. In addition, Company contributions were reduced by $19,462 and $109,433 through the application of forfeitures in 2025 and 2024, respectively.

Payment of Benefits
Distributions are made in the form of a lump sum distribution or installments over a period of time. Upon termination of employment, if the account balance is less than $1,000, the participant will receive a single lump sum amount equal to the value of his or her account. If the account balance is greater than $1,000 but less than or equal to $5,000 and the participant has not elected to receive the benefit pursuant to the lump sum form of benefit payment, the account balance will be automatically rolled into an automatic rollover IRA. Distributions, without penalty, may be made upon attainment of age 59½. Distributions of Roth contributions may be taxable (and subject to penalties for early withdrawal) if the withdrawal is not a "qualified distribution".

Hardship Withdrawals
Hardship withdrawals are permitted in the event of immediate and heavy financial need. Participants may elect to receive a hardship withdrawal in an amount equal to the value of their elective deferral contributions. All hardship withdrawals must comply with the rules relating to hardships, which are uniformly applicable to all participants.

Notes Receivable from Participants
Participants may obtain a loan from their account in an amount not less than $1,000 and not more than the lesser of (1) $50,000 reduced by the participant's highest outstanding loan balance during the one-year period preceding the loan, or (2) 50% of the participant's vested account balance. Loans are secured by the participant's vested account balance. Participants may have only one loan outstanding at any time and only one loan shall be permitted in any twelve-month period. Interest is charged at the Prime Rate in effect on the date the loan is originated. Loans must generally be repaid within five years. Upon termination of employment, the participant may either repay the loan in full or continue making scheduled loan repayments.

Plan Expenses
All costs and expenses with regard to the purchase or sale of investments are paid by the Plan and are netted with investment income. Certain administrative expenses of the Plan, such as distribution fees, are paid by Plan participants. Personnel and facilities of the Company have been used by the Plan for its accounting and other activities at no charge to the Plan.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Contributions Receivable and Allowance for Credit Losses
The Plan records a receivable for the contributions that are remitted to the Plan subsequent to the Plan's year end. The Plan recognizes an expected allowance for credit losses that is updated to reflect any changes in credit risk since the receivable was initially recorded. The estimated allowance for credit losses is based on historical, current, and expected future conditions. No significant deteriorations are expected in the future economic conditions; therefore, management has determined that no allowance for credit losses is necessary for the years ended December 31, 2025 and 2024.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent participant loans are reclassified as distributions based upon terms of the Plan document.

Investment Valuation and Income Recognition
Investments are reported at fair value (except for fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Board of Directors determines the Plan's valuation policies utilizing information provided by the investment advisers, trustee and insurance company.

The Plan's investments in fully benefit-responsive investment contracts are reported at contract value. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Fair Value Measurement - Definition and Hierarchy
Financial Accounting Standards Board (FASB*) ASC 820, Fair Value Measurements and Disclosures*, provides the framework for measuring fair value and disclosing fair value measurements. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurement). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- *Level 1*: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- *Level 2*: Inputs to the valuation methodology include:
  - quoted prices for similar assets or liabilities in active markets;
  - quoted prices for identical or similar assets or liabilities in inactive markets;
  - inputs other than quoted prices that are observable for the asset or liability;
  - inputs that are derived principally from or corroborated by observable market data by correlation or other means.

  If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- *Level 3*: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fair Value Measurement - Definition and Hierarchy (Continued)
The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Registered investment companies are valued using quoted market prices. There were no changes in the valuation techniques during 2025 or 2024.

Risks and Uncertainties
The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Payment of Benefits
Benefits are recorded when paid.

Administrative Expenses
Management fees and operating expenses charged to the Plan for investments are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of net appreciation in fair value of investments. Expenses that are paid by the Company are excluded from these financial statements.

Use of Estimates
The preparation of financial statements in accordance with U.S. GAAP requires management to make significant estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Accordingly, actual results may differ from those estimates.

3. CERTIFIED FINANCIAL INFORMATION

The following information was certified as complete and accurate by the Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company (Principal) and is included in the financial statements and supplemental schedule as follows:

	2025	2024
Investments, at fair value	$ 20,117,598	$ 14,692,170
Investments, at contract value	$ 499,040	$ 401,072
Notes receivable from participants	$ 297,893	$ 227,362
Dividend and interest income	$ 481,116	$ 451,017
Net appreciation in fair value of investments	$ 2,497,050	$ 1,329,120
Interest income on notes receivable from participants	$ 15,356	$ 13,760
Schedule H, line 4i – Schedule of Assets (Held at End of Year)	Schedule I	

4. FAIR VALUE MEASUREMENTS

The following table sets forth the Plan's investments that were accounted for at fair value at December 31, 2025 and 2024:

December 31, 2025	Level 1	Level 2	Level 3	Total
Registered Investment Companies	$ 20,117,598	$ -	$ -	$ 20,117,598

December 31, 2024	Level 1	Level 2	Level 3	Total
Registered Investment Companies	$ 14,692,170	$ -	$ -	$ 14,692,170

5. GUARANTEED INTEREST ACCOUNT

The Plan invests in a guaranteed interest account through Principal Fixed Income Guaranteed Option (PFIGO). PFIGO meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by the sponsoring trustee, represents the aggregation of contributions, plus interest, and less withdrawals, if any. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. At December 31, 2025 and 2024, the contract value was $499,040 and $401,072, respectively.

The contract issuer is contractually obligated to repay the principal and interest at the specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with Principal. Under the terms of the contract, the crediting rate is reset on a semiannual basis.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. These events may be different under each contract. Such events include (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer that also would limit the ability of the Plan to transact at contract value with the participants.

5. GUARANTEED INTEREST ACCOUNT (Continued)

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. These events may be different under each contract. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreement without the consent of the issuer.

6. TAX STATUS

The IRS has determined and informed by letter for the prototype plan adopted by the Plan, dated March 31, 2017, that the prototype plan is designed in accordance with applicable sections of the IRC. The Plan has not requested its own determination letter from the IRS. The Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC. Therefore, no provisions for income taxes have been included in the Plan’s financial statements.

7. PLAN TERMINATION

The trustees of the Plan have the right to terminate the Plan at any time, subject to the provisions of ERISA. In the event of termination, partial termination, or complete discontinuance of contributions to the Plan, all amounts credited to the accounts of the participants would become fully vested and nonforfeitable. All distributions would be made in accordance with any applicable requirements of ERISA and the Internal Revenue Code (the Code).

8. PARTY-IN-INTEREST TRANSACTIONS

Principal manages the Plan’s investments and is the custodian of the Plan. As such, transactions between Principal and the Plan qualify as party-in-interest transactions. In addition, the Plan issues notes receivable to participants, which are secured by the balances in participants' accounts and therefore also qualify as party-in-interest transactions. Certain administrative functions of the Plan are performed by officers or employees of the Company.

9. RECONCILIATION TO FORM 5500

Certain items have been classified differently between the financial statements and Form 5500. However, net assets available for benefits and changes in net assets available for benefits shown in the financial statements agreed to Form 5500 in total as of December 31, 2025, and 2024, and for the years ended December 31, 2025, and 2024, respectively.

10. SUBSEQUENT EVENTS

Subsequent to year end, on February 17, 2026, the Company's Board of Directors adopted a resolution to freeze the Plan effective March 31, 2026 and terminate the Plan effective April 30, 2026. Upon termination of the Plan, all affected participants became fully vested in their account balances. As part of the termination, Plan participants that have not withdrawn their funds were paid out on September 18, 2026.

Subsequent to year end and effective April 1, 2026, Advance Care Alliance of New York, Inc. became an adopting employer of CCANY 401(k) Retirement Plan sponsored by Coordinated Care Alliance NY, Inc.

Subsequent events were evaluated through October 14, 2026, which is the date the financial statements were available to be issued.
