Report of Independent Auditors

To the Administrator of ASM Global Retirement & Savings Plan

We have performed an audit of the accompanying financial statements of ASM Global Retirement & Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, including the related notes (collectively referred to as the "financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024 and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

Form 5500, Schedule H, Part IV, Line 4i -Schedule of Assets (Held at End of Year) as of December 31, 2025 ("supplemental schedule"), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

General

The following brief description of the ASM Global Retirement & Savings Plan (the "Plan") is provided for general information purposes only. Plan participants should refer to the plan document and summary plan document for a more complete description of the Plan's provisions. The Plan's sponsor is ASM Global Parent, Inc. (the "Company").

On August 22, 2024, a Merger Agreement dated November 4, 2023 for the sale of the Company's stock to Legends was finalized upon the completion of regulatory approval. Refer to Footnote 8, Subsequent Events, for the impact to the Plan.

Transfer of Assets

Effective January 1, 2025, eligible employees of Edge Sports Group began participating in the Plan. In connection with the transition from Edge Sports Group's former defined contribution plan administered by Voya, participant account balances totaling $572,491 were transferred into the Plan during 2025.

Eligibility

The Plan is a defined contribution plan that provides retirement and savings benefits to eligible employees of the Company and participating employers. Employees are generally eligible to participate upon attaining age 21 and satisfying the applicable Plan and statutory eligibility requirements. Certain employees, including leased employees, employees at facilities subject to collective bargaining agreements or union contracts that do not require participation, and certain high-volume event employees, are excluded as provided by the Plan. Certain exceptions apply for specified collectively bargained employees and employees who become eligible under applicable long-term, part-time employee provisions.

The Plan includes an automatic enrollment feature. Eligible employees are automatically enrolled in the Plan unless they affirmatively elect otherwise. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Contributions

The participants may contribute up to 90% of their annual pretax salary subject to certain limits set by the Internal Revenue Service (IRS). Participants who have attained age 50 before the end of the year are eligible to make catch-up contributions. In accordance with the SECURE 2.0 Act, beginning in 2025, participants who are age 60 through 63 are eligible for an additional catch-up contribution amount, subject to annual IRS limits. If automatically enrolled, a participant's deferral is set at a percentage of eligible compensation until changed by the participant. The automatic enrollment deferral percentage is 8%, and until changed by the participant, is invested in a Fidelity Freedom fund that approximates the participant's retirement date. Participants may change the allocation of their investments at any time during the year. The Company may make matching contributions to participants, as defined by the Plan, equal to a discretionary percentage to be determined by the Company, of the participant's elective deferrals. An eligible employee needs to be employed on December 31 of each plan year to receive the employer matching contributions. For 2025, the Company elected to match 100% of eligible participant deferrals up to 3% of the participant's eligible compensation.

An additional profit-sharing contribution may also be made at the Company's discretion based on annual performance. This additional discretionary contribution is allocated among participants'

accounts in proportion to their respective compensation amounts. No additional profit-sharing contribution amounts were contributed for 2025.

Participants may also contribute amounts representing distributions from other qualified plans.

Vesting
Participants vest in all Company contributions credited to their accounts according to the following vesting schedule:

Years of Service	Vested %
Less than 1	0 %
1	33
2	67
3 and more	100

Forfeitures
Forfeitures are first used to pay administrative expenses. Any remaining amounts, if applicable, may be applied to reduce employer contributions. The Plan used forfeited nonvested accounts to reduce administrative expenses by $99,383 and employer contributions by $734,460 in 2025. At December 31, 2025 and 2024, forfeited nonvested accounts totaled $1,157,980 and $952,585, respectively. If terminated participants resume employment, they may be eligible to make a restoration contribution and return their account balances to a level at which it stood at the time of distribution.

Participant Accounts
Each participant's account is credited with the participant's contributions and the Company's matching contributions and allocations of plan earnings (losses) and is charged with an allocation of administrative expenses. Plan earnings are allocated based on the participant's share of net earnings or losses of the participant's respective elected investment options. Allocations of administrative expenses are based on each participant's account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Distributions
Distributions are permitted upon death, disability, retirement, termination of employment, or upon reaching the age of 59 1/2. Lump-sum payment is the normal form of distribution under the Plan; however, participants may also elect systematic installment payments, and terminated participants may elect partial withdrawals, in each case from their vested account balances and subject to the applicable Plan provisions. Hardship distributions may be taken by all participants, regardless of age, if the participant satisfies certain conditions set out in the Plan. The required minimum distribution age is 73 and terminated participants must begin taking minimum distributions in April of the year following the year they turn age 73. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.

Administrative Costs
The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the plan provisions. During 2025, no administrative costs of the Plan were paid by the Company. Administrative costs paid by the Plan, after use of forfeitures, in 2025 were $210,192.

Notes Receivable From Participants
Participants may borrow against their vested interest in the Plan. The minimum loan amount is $1,000. The maximum loan is the lesser of one-half of the participant's vested balance or $50,000. Loans bear interest at a rate equal to the prime rate as received by Fidelity Management Trust Company from Reuters plus 2.00% at the date of issuance. Interest rates on participant loans outstanding ranged from 4.25% to 10.50% as of December 31, 2025 and from 4.00% to 10.50% as of December 31, 2024. A participant may only have one loan outstanding at any given time. Loan terms range from one to five years or up to ten years for the purpose of primary residence. Principal and interest is paid ratably through payroll deductions.

2. Summary of Significant Accounting Policies

Basis of Accounting
The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates
The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Notes Receivable From Participants
Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Investment Valuation and Income Recognition
The Plan's investments are stated at fair value. Plan management determines the methods for measuring fair value. Fair value is the price that would have been received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Retirement Committee determines the Plan's valuation policies utilizing information provided by the trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains or losses on investments bought and sold, as well as held during the year.

Contributions
Contributions from Plan participants and the matching contributions from the Employer are recorded in the year in which participant compensation is earned.

Payment of Benefits
Benefits are recorded when paid.

Risks and Uncertainties

The Plan provides for various investment options in any combination of assorted registered investment companies (mutual funds and a money market fund) and self-directed brokerage accounts (common stock and mutual funds). Investment securities are exposed to various risks, such as interest rate, market, and credit risk. Market values of investments may decline for a number of reasons, including changes in prevailing market and interest rates, increases in defaults, and credit rating downgrades. Market risks may also include global events which could impact the value of investment securities, such as a pandemic, international conflict, tariffs or trade wars. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported on the statements of net assets available for benefits.

3. Fair Value Measurements

Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, establishes a framework for measuring fair value and expands disclosures about fair value measurements in financial statements. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2025 and 2024:

Registered Investment Companies (Mutual Funds and Money Market Funds)
Valued at the net asset value of shares held by the Plan at year-end at the closing price reported on the active market. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-Directed Brokerage Accounts (Common Stocks, Registered Investment Companies, Interest Bearing Cash)
Valued at the closing price reported on the active market on which the individual securities are traded. Interest-bearing cash held within self-directed brokerage accounts is valued at its carrying amount, which approximates fair value due to the short-term maturity of the underlying cash balances.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value:

	Level 1	Level 2	Level 3	Total
December 31, 2025				
Registered investment companies	$ 374,963,775	$ -	$ -	$ 374,963,775
Self-directed brokerage accounts	6,203,993			6,203,993
Total assets at fair value	$ 381,167,768	$ -	$ -	$ 381,167,768
December 31, 2024				
Registered investment companies	$ 318,495,983	$ -	$ -	$ 318,495,983
Self-directed brokerage accounts	5,443,841			5,443,841
Total assets at fair value	$ 323,939,824	$ -	$ -	$ 323,939,824

4. Related Party and Party in Interest Transactions

Certain Plan investments are shares of registered investment companies or self-directed brokerage accounts managed by Fidelity Management & Research Company ("FMR"). FMR is an affiliate of Fidelity Management Trust Company ("Trustee"), the Trustee as defined by the Plan. Therefore, transactions in these investments qualify as party-in-interest transactions and are exempt from the prohibited transaction rules.

5. Certified Financial Data

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the ERISA. All investment balances and related investment information presented and disclosed in the accompanying financial statements, notes to financial statements and supplemental schedule required by ERISA, including investments, at fair value and participant notes receivable at December 31, 2025 and 2024; and net appreciation in fair value of investments, interest and

dividends; and interest on participant notes receivable for the year ended December 31, 2025, were obtained or derived from information provided to the plan administrator and certified as complete and accurate by the Trustee, Fidelity Management Trust Company.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become immediately 100% vested in the Company's contributions.

7. Tax Status of the Plan

The Plan is a Fidelity Non-Standardized Pre-Approved Profit Sharing Plan with CODA and has received an opinion letter from the IRS dated June 30, 2020, stating that the Plan is qualified under section 401(a) of the Internal Revenue Code (Code) and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The Plan has been amended since the receipt of the opinion letter; however, the plan administrator believes that the Plan is designed and is being operated in compliance with the applicable requirements of the Code and, therefore, believes the Plan, as amended and restated, is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions by the Plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is not subject to income tax examinations for years prior to 2022.

8. Subsequent Events

Effective January 1, 2026, the Plan was amended and restated and renamed the Legends Global Retirement & Savings Plan. In connection with the amendment and restatement, the Legends 401(k) Profit Sharing Plan was merged into the Plan effective January 1, 2026. In connection with the merger, $126,439,906 of assets were transferred into the Plan.

Effective April 1, 2026, the Plan was further amended to provide for the merger of the Nations Group, LLC 401(k) Profit Sharing Plan into the Plan. The amendment also reduced the Plan's normal retirement age from 65 to 62 and provided for certain vesting and predecessor-service provisions applicable to participants transferred from the Nations Group, LLC 401(k) Profit Sharing Plan.

The Plan's management has evaluated all activity of the Plan through October 7, 2026, the date the accompanying financial statements were available to be issued.
