Report of Independent Auditors

To the Administrator of RTX Puerto Rico Savings Plan

Opinion

We have audited the accompanying financial statements of RTX Puerto Rico Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, including the related notes (collectively referred to as the "financial statements").

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2025 and 2024, and the changes in its net assets available for benefits for the year ended December 31, 2025 in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. Schedule H, line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025 ("supplemental schedule"), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying supplemental schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE 1 - DESCRIPTION OF THE PLAN

General. The RTX Puerto Rico Savings Plan (the Plan) is a defined contribution savings plan sponsored by RTX Corporation (RTX, the Company, Employer, or the Plan Sponsor). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), covering all eligible employees who reside or primarily work in Puerto Rico. The following description of the Plan provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

Trustee and Recordkeeper. Banco Popular de Puerto Rico (Trustee) is the Plan Trustee. State Street Bank and Trust is the Plan Custodian and holds all of the Plan assets. Alight Solutions LLC is the Plan Recordkeeper and performs participant account recordkeeping services.

On November 3, 2025, the Plan Sponsor approved a transition of recordkeeping services from Alight Solutions LLC to Fidelity Workplace Services. The transition is currently expected to occur during 2027.

Contributions and Vesting. Participants may elect to contribute up to the lesser of 40% of pre-tax eligible compensation, as defined, or $15,000. Participants may also make additional after-tax contributions of up to 10% of eligible compensation through payroll deductions, subject to statutory and Plan limits. Participants direct the investment of their contributions into various investment options offered by the Plan. As of December 31, 2025, the Plan offered seventeen investment options to participants: twelve target-date retirement funds, a Total Stock Market Index Fund, a Total International Stock Index Fund, a Total Bond Market Index Fund, a money market fund, and an employer stock fund (RTX Stock Fund).

Participant contributions, plus actual earnings thereon, are fully vested at all times under the Plan. New participants are automatically enrolled at a pre-tax deferral rate of 6% of eligible compensation. The contribution rate will automatically increase by 1% each year thereafter until it reaches 10%. Participants may opt out of automatic enrollment at any time. Participants may also opt in or out of automatic contribution rate increases at any time. Automatic contributions are invested in an age appropriate target retirement fund. Company contributions, plus actual earnings thereon, become fully vested after two years of continuous service or earlier upon other events specified in the Plan.

Generally, RTX matches 100% of the first 3%, and 33.3% thereafter, up to 6%, of eligible compensation, as defined in the Plan documents. Company and participant contributions are deposited into the investment options in accordance with the participants' elections.

Participant Accounts. Each participant account is credited with (a) the participant contributions, (b) Company contributions, and (c) Plan earnings and losses reduced by expense allocations. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Forfeited balances of terminated participants' non-vested Company contribution amounts are used to reduce the Company's contributions to the Plan and to pay Plan expenses. For the year ended December 31, 2025, amounts forfeited from non-vested accounts for the Plan totaled approximately $98,000, a total of $104,000 of forfeitures were used to fund RTX’s contributions. As of December 31, 2025 and 2024, the balance of forfeited non-vested accounts for the Plan was $36,000 and $103,000, respectively.

Voting Rights. RTX common stock held in the RTX Stock Fund are voted by the Trustee at RTX shareowner meetings, in accordance with the confidential instructions of the participants whose accounts are invested in that fund. All shares of Company stock for which the Trustee receives voting instructions from participants to whose accounts the shares are allocated, are voted in accordance with those instructions. All RTX common stock for which the Trustee does not receive timely voting instructions are voted by the Trustee in accordance with the timely instructions it receives with respect to a plurality of the shares.

Notes Receivable from Participants. Under the terms of the Plan, participants are allowed to borrow up to the lesser of 50% of their vested account balances or $50,000 (less the amount of the participant's highest outstanding loan balance in the preceding 12 month period), with a minimum loan amount of $1,000, and must repay their loan within five years. Participants may have two loans outstanding at a time. Loans are secured by the balance in the participant's account, and bear interest at the prime rate published in the Wall Street Journal plus 1%. At December 31, 2025 and 2024, the interest rates on the outstanding loans ranged from approximately 4.25% to 9.5%, and approximately 4.25% to 9.56%, respectively. Principal and interest are paid ratably through payroll deductions by active participants or through direct payment by inactive participants.

Payment of Benefits. Generally, on termination of service of a participant, benefits may be left in the Plan, or paid to the participant in a lump sum or in installments. In the case of death of a participant, benefits may be paid to beneficiaries in a lump sum or in installments. Participants are also eligible for hardship withdrawals in accordance with the Plan document.

NOTE 2 - SUMMARY OF ACCOUNTING PRINCIPLES

Basis of Accounting. The financial statements of the Plan are prepared under the accrual method of accounting.

Investment Valuation and Income Recognition. Plan investments are stated at fair value as determined by the Plan Trustee, typically by reference to published market data. See Note 3 for further discussion regarding the determination of the fair value of Plan investments.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date. Net appreciation in the fair value of investments includes realized and unrealized gains and losses.

Notes Receivable from Participants. Notes receivable from participants are valued at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are reclassified as distributions, which become taxable to the participant, based upon the terms of the Plan.

Plan Expenses. Most administrative expenses, such as Trustee, custodial, legal, audit, and recordkeeping fees, were paid directly by the Company in 2025. Other administrative expenses were paid from Plan assets or certain forfeited balances of participants' non-vested accounts during 2025. Investment management fees are included within Net appreciation in fair value of investments.

Payments of Benefits. Benefit payments to participants or beneficiaries are recorded when paid.

Use of Estimates. The preparation of the Plan's financial statements, in conformity with accounting principles generally accepted in the United States of America (US GAAP), requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits at the dates of the financial statements, and changes therein during the reporting period and, when applicable, disclosures of contingent assets and liabilities at the dates of the financial statements. Actual results could differ from those estimates.

Risks and Uncertainties. The Plan provides for various investment options in any combination of stocks, mutual funds, and other investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. These risks can be adversely impacted by shifts in the market's perception of the issuers, changes in interest rates, and global economic conditions. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Subsequent Events. In preparing the accompanying financial statements, the Plan evaluated events occurring from December 31, 2025 through the date the financial statements were issued and determined there were none to disclose.

NOTE 3 - FAIR VALUE OF INVESTMENTS

The Fair Value Measurements and Disclosure Topic of the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) establishes a valuation hierarchy for disclosure of the inputs to the valuations used to measure fair value. Classification of a financial asset or liability within the hierarchy is determined based on the lowest level input that is significant to the fair value measurement. This hierarchy prioritizes the inputs into three broad levels:

Level 1 – quoted prices in active markets for identical assets or liabilities;

Level 2 – inputs other than quoted prices included within Level 1 that are observable for the asset or liability either directly or indirectly;

Level 3 – unobservable inputs based on our own assumptions used to measure assets and liabilities at fair value.

The following is a description of the valuation methodologies used for the Plan's investments measured at fair value, including the general classification of those investments:

Short-term Investments. Short-term investments represent investments held by the Plan in commingled institutional funds and are valued at the published net asset values (NAV) per unit as of the valuation date. The commingled institutional funds classified as short-term investments, known as short-term investment funds, transact daily without restriction in a manner similar to money market funds with an objective of maintaining a constant $1.00 NAV through investment in high-quality securities with short durations and are valued at the NAV per unit as of the valuation date. Although not traded on an active market, the NAV of the short term investment funds are observable.

RTX Stock Fund. The RTX Stock Fund is a unitized fund that invests primarily in shares of RTX common stock in addition to holding a small amount (generally less than 1.5% of the fund's value) in highly liquid short-term investments, which provide readily available cash to fund participants' distributions, loans, and investment exchanges. The value of the units credited to participants' RTX Stock Fund accounts reflects the fair value of the shares of RTX common stock as determined using the closing sales price on the valuation date plus the value of the cash position. Therefore, the unit value closely, but, because of the small cash position, not exactly, tracks the value of RTX common stock. At December 31, 2025 and 2024, the RTX Stock Fund was stated at fair value determined using the closing sales price of RTX common stock as of the valuation date plus the value of the cash position as of that date.

Mutual Funds. Shares held in mutual funds are stated at fair value using the published NAV on the last business day of each period presented. Mutual funds are traded daily without restriction.

NOTE 4 - RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Plan holds common shares of RTX, the Plan sponsor, and these qualify as exempt party-in-interest transactions. The total value of the Plan's interest in the RTX Stock Fund was $22,628,626 and $14,780,221 at December 31, 2025 and 2024, respectively. During the year ended December 31, 2025, the Plan purchased shares of RTX common stock in the amount of $3,455,249, sold shares of RTX common stock in the amount of $4,068,849, and had net appreciation in the fair value of the RTX common stock in the amount of $8,428,239, including dividend income of $331,667.

In addition, certain of the Plan's investment options are managed by State Street Investment Management (formerly known as State Street Global Advisors), an affiliate of the Custodian. Transactions in such investments qualify as exempt party-in-interest transactions. Notes receivable from participants transactions also qualify as exempt party-in-interest transactions.

NOTE 5 - PLAN TERMINATION

Although it has not expressed any intent to do so, RTX has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their account balances.

NOTE 6 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following are reconciliations of net assets available for benefits and benefits paid from the financial statements to the Form 5500:

	December 31,	
	2025	2024
Net assets available for benefits per the financial statements	$ 171,212,281	$ 126,777,958
Less: Deemed distributions of participant loans	(359,086)	(202,405)
Net assets available for benefits per Form 5500	$ 170,853,195	$ 126,575,553

	Year Ended December 31, 2025
Distributions to participants or beneficiaries per the financial statements	$ 7,122,453
Add: Deemed distributions of participant loans at December 31, 2025	359,086
Less: Deemed distributions of participant loans at December 31, 2024	(202,405)
Distributions to participants or beneficiaries per Form 5500	$ 7,279,134

Deemed distributions of participant loans are included within the Notes receivable from participants balance per the Statements of Net Assets Available for Benefits, however, are reported as taxable distributions per Form 5500.

NOTE 7 - TAX STATUS

The Puerto Rico Treasury Department determined and informed the Company by letter dated November 20, 2025 that the Plan meets the requirements of Section 1081.01 of the Puerto Rico Internal Revenue Code of 2011 (“Code”) and that the trust established thereunder (“Trust”) will be entitled to exemption from local income taxes under the Code. The Plan has been amended since receiving the determination letter. The Company believes that the current design and operation of the Plan are consistent with preservation of the qualification of the Plan and exemption of the Trust in the context of the applicable procedures of the Puerto Rico Treasury Department.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by The Puerto Rico Treasury Department. As of December 31, 2025 and 2024, the Company has analyzed the tax positions taken by the Plan and has concluded that there are no uncertain positions taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Company believes it is no longer subject to income tax examinations for years prior to 2021.
