INDEPENDENT AUDITORS' REPORT

Retirement Committee of University of Maryland Medical System Corporation
University of Maryland Capital Region Health Retirement Savings Plan
Baltimore, Maryland

Report on the Audit of the Financial Statements

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of University of Maryland Capital Region Health Retirement Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of University of Maryland Capital Region Health Retirement Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024 and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion–Financial Statements

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

CLA (CliftonLarsonAllen LLP) is an independent network member of CLA Global. See CLAglobal.com/disclaimer.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of University of Maryland Capital Region Health Retirement Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about University of Maryland Capital Region Health Retirement Savings Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the University of Maryland Capital Region Health Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about University of Maryland Capital Region Health Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

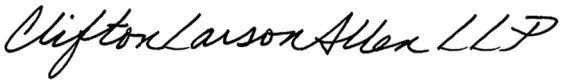

The supplemental schedule of assets (held at end of year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA..

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C)

NOTE 1 DESCRIPTION OF PLAN

The following description of the University of Maryland Capital Region Health Retirement Savings Plan (the Plan) provides only general information about the Plan's provisions. Dimensions Health Corporation dba: University of Maryland Capital Region Health (the Corporation) is the Plan Sponsor. Participants should refer to the Plan Document and Summary Plan Description for a more complete description of the Plan's provisions, copies of which may be obtained from the plan sponsor.

General

The Plan is a defined contribution plan. The Plan covers eligible employees of the Corporation excluding leased employees, employees of affiliated employers, and independent contractors. The Corporation contribution component of the Plan excludes resident physicians and common law employees. Effective December 31, 2022, employees eligible for another 403(b) plan sponsored by the Corporation and non-union employees are no longer eligible for the Plan. The Plan also permits employees of Dimensions Health Associates, who meet the same eligibility requirements of the Corporation, to participate in the Plan.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Eligibility

Employees of the Corporation are eligible to participate in the deferral component of the Plan immediately upon their date of hire. Employees other than resident physicians and individuals not treated as common law employees are eligible to participate in the employer contribution features of the Plan if they are at least 18 years of age. Full-time employees are eligible to receive the Corporation's base and matching contributions upon turning 18 years of age. Part-time employees are eligible to receive the Corporation's base and matching contributions upon turning 18 years of age and completing 1,000 or more hours of service during a consecutive 12-month period and being employed on the last day of the Plan year. Participants are eligible to participate in the Corporation's base and matching contributions on the first day of the month immediately following satisfying the eligibility requirements.

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Contributions

Participants may elect to contribute to the Plan an amount up to 100% of pre-tax compensation or Roth deferral, as defined by the Plan, subject to Internal Revenue Service (IRS) limits. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate. Automatically enrolled participants have their deferral rate set at 2% of eligible compensation, and their contributions invested in the designated default fund until changed by the participant. Their automatic deferral percentage will increase by 1% on July 1 of each year until the Plan participant has a 10% deferral rate, unless opted out by the participant.

The Corporation makes a matching contribution equal to 50% of the first 4% of the base compensation/gross pay that a participant contributes (thereby receiving an employer maximum match of 2%) to the Plan. Employees who are budgeted to work 40 or more hours per bi-weekly pay period are considered full-time employees and receive their matching contribution on a biweekly basis. Part-time employees who are budgeted less than 40 hours per pay period but who actually work 1,000 or more hours in the Plan year and are employed on the last day of the Plan year, receive their matching contribution in an annual payment in the subsequent year.

The Corporation makes a discretionary base contribution at a rate of 2% of the employees budgeted salary. Full-time employees receive their discretionary contribution on a biweekly basis. Part-time employees who actually work 1,000 or more hours in the Plan year and are employed on the last day of the Plan year, receive their discretionary contribution in an annual payment early in the subsequent year. If the part-time employee terminates due to death, becoming disabled, or attaining normal retirement age, they will be eligible for the Corporation contribution regardless of hours worked during the year.

In accordance with the collective bargaining agreement with 1199 SEIU Health Care Workers East – Registered Nurses Chapter, represented employees with 15 years of service receive an additional matching contribution of $25 for each pay period in which they defer $25 or more. Prior to September 3, 2025, this matching contribution was paid quarter. Effective September 3, 2025, this contribution is paid monthly.

Employees represented by 1199 SEIU Health Care Workers East – Registered Nurses Chapter, who as of January 1, 2008, were both 55 years or older and had 15 years of vesting service, receive an additional 6.5% biweekly contribution from the Corporation. To be eligible for the supplemental grandfathering contributions, the participant must continue to work in positions budgeted for at least 40 hours per pay period.

Participants direct the investment of contributions into various investment options offered by the Plan and can change their investment options on a daily basis. All contributions are subject to certain limitations of the Internal Revenue Code (IRC).

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Participant Accounts

Each participant's account is credited with the participant's contributions, the Corporation's matching contribution, an allocation of the Corporation's base contribution, and an allocation of Plan earnings or losses. Plan earnings are allocated based on the participant's share of net earnings or losses of their respective elected investment options. Allocations of administrative expenses are based on the participant's account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided by the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. A participant is 100% vested in the Corporation's contributions after three years of credited service. Notwithstanding the above, a participant is fully vested upon reaching normal retirement age, death, or permanent disability.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance for terms up to five years unless the loan is for the purchase of a primary residence which can have terms up to fifteen years. A participant may not have more than one loan outstanding at any point in time. If a participant terminates employment with the Corporation, they may continue to make loan payments through a pre-authorized check agreement. The notes are secured by the balance in the participant's account and bear interest at a rate of prime plus 1%. Principal and interest are paid ratably through payroll deductions.

Benefit Payments

Upon termination of service, death, disability, or retirement a participant may elect to receive the value of the vested interest in his or her account in the form of a lump sum distribution, various annuities, or in installments. The Plan allows for in-service distributions if a participant reaches age 59½ and hardship distributions are subject to Plan provisions. If a participant terminates employment and the participant's account balance does not exceed $1,000, the Plan administrator will authorize the benefit payment without the participant's consent. If the balance of the terminated participant's account is between $1,000 and $7,000, the Plan Sponsor may authorize that the benefit payment be rolled into an individual retirement account in the participant's name.

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Forfeited Accounts

Forfeited nonvested accounts are first used to reduce administrative expenses and then are used to reduce future Corporation contributions. Forfeited nonvested accounts as of December 31, 2025 and 2024 totaled $31,425 and $330,645, respectively. There were $0 and $26,956 of forfeitures used to pay administrative expenses for the years ended December 31, 2025 and 2024, respectively. There were forfeitures of $387,015 and $338,289 used to reduce Corporation contributions for the years ended December 31, 2025 and 2024, respectively.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 4 for further discussion and disclosures related to fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred Delinquent notes receivable are recorded as distributions on the basis of the terms of the Plan document.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Contributions

Contributions from participants and Corporation matching contributions are recorded in the year in which participant compensation is earned. The Corporation base contribution is recorded in the year in which participants earn the contribution based on service or other eligibility criteria under the terms of the Plan.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Corporation and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and processing benefit payments are charged directly to the participant's account and are included in administrative expense. Investment adviser and audit expenses are paid by the Plan and are included in administrative expenses. The investment management expenses paid by the Plan are included in net appreciation in fair value of the investment. The Plan received $3,197 of shared revenue, for which $785 was used to pay Plan expenses during the year ended December 31, 2025. There was no activity in the shared revenue account during the year ended December 31, 2024. As of December 31, 2025 and 2024, the shared revenue account totaled $947 and $-0.

Subsequent Events

The Plan has evaluated subsequent events through October 12, 2026, the date the financial statements were available to be issued.

NOTE 3 CERTIFICATION OF INVESTMENT INFORMATION

Empower Annuity Insurance Company of America and Empower Trust Company, LLC (collectively referred to as Empower), the qualified institutions of the Plan, have supplied the Plan administrator with a certification as to the completeness and accuracy of investments and notes receivable from participants as of December 31, 2025 and 2024, and investment income and interest income on notes receivable from participants for the years ended December 31, 2025 and 2024, in the accompanying financial statements and ERISA-required supplemental schedule.

NOTE 4 FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; or
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2025 and 2024.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money market fund: Valued and traded on an active market at stable $1.00 NAV.

NOTE 4 FAIR VALUE MEASUREMENTS (CONTINUED)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value, as of December 31, 2025 and 2024.

	2025			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 78,262,639	$ -	$ -	$ 78,262,639

	2024			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 70,513,518	$ -	$ -	$ 70,513,518
Money Market	687	-	-	687
	$ 70,514,205	$ -	$ -	$ 70,514,205

NOTE 5 INVESTMENT CONTRACT (GUARANTEED INTEREST ACCOUNT)

The Plan entered into a fully benefit-responsive investment contract with Empower Annuity Insurance Company of America (Empower). Empower maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged with participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer subject to a maximum of 3.00% and a minimum of 1.00%. The crediting rate is reviewed on a quarterly basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statements of net assets available for benefits at contract value. Contract value, as reported to the Plan by Empower, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

NOTE 5 INVESTMENT CONTRACT (GUARANTEED INTEREST ACCOUNT) (CONTINUED)

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) the investor provides communication that the contract will be terminated as of a date at least thirty days after the communication, (2) a breach of material provision under the contract and such breach is not cured by the Plan within ten business days, (3) the Plan provides written notification the agreement will be terminated, (4) the portion of the market value account attributable to the Plan is not more than $1,000 or the contract value is zero, (5) the issuer determines that it will not be able to continue to operate the agreement under the current terms following the Plan’s establishment, activation, or material change to any Plan investment, and (6) the Plan fails to make contributions as set forth in the contract.

NOTE 6 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 7 PLAN TERMINATION

Although it has not expressed any intent to do so, the Corporation has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the participants would become 100% vested in the Corporations contributions.

NOTE 8 PLAN TAX STATUS

The Corporation has adopted a pre-approved plan document that has received an opinion letter from the Internal Revenue Service (IRS) stating that the form of the pre-approved plan document was in compliance with the applicable requirements of the Internal Revenue Code (IRC). Although, the Plan has been amended since adopting the pre-approved plan document, the plan administrator believes the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and, therefore, believes that the plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan and has concluded that there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9 PARTY-IN INTEREST TRANSACTIONS

Certain Plan investments are managed by the qualified institution and record-keeper as defined by the Plan and, therefore, the investment transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment. These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.
