Independent Auditor's Report

Plan Administrator
Cozzini Bros., Inc. Employees' Profit Sharing and Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Cozzini Bros., Inc. Employees' Profit Sharing and Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the year ended December 31, 2025. Management has obtained certifications from Transamerica Trust Company as of December 31, 2025 and 2024, and for the year ended December 31, 2025, and has obtained a certification from Empower Trust Company as of December 31, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate to the best of their knowledge and belief.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- The information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA
The supplemental schedules of Schedule H, line 4a—schedule of delinquent participant contributions for the year ended December 31, 2025, and Schedule H, line 4i—schedule of assets (held at end of year) as of December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Note 1. Plan Description

The following description of the Cozzini Bros., Inc. Employees' Profit Sharing and Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution profit sharing and savings plan organized in accordance with Section 401(k) of the Internal Revenue Code (IRC). It was established for the benefit of the employees of Cozzini Bros., Inc. (the Company), except those employees covered by a collective bargaining agreement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The plan trustees are responsible for oversight of the Plan.

Eligibility: Employees are eligible to begin making salary deferral contributions and are eligible for Company matching contributions on the first day of each month of the Plan year after completing 60 days of service. Eligible employees are automatically enrolled at 1% deferral percentage and automatically increased by 1% each year until they reach 10% deferral percentage. Employees can elect not to defer or to elect an alternative deferral percentage.

Employees are eligible for Company discretionary profit sharing contributions after completing 60 days of service. In addition, they must complete 1,000 hours of service during the Plan year and be employed on the last day of the Plan year in order to share the allocation of the Company discretionary profit sharing contributions. Participants who terminate employment due to death, disability or reaching normal retirement do not have to satisfy the eligibility requirements in order to share the allocation of the profit sharing contributions.

Contributions: Contributions from Plan participants and the Company matching contributions from the employer are recorded in the year in which participant compensation is earned. Each participant may elect to make contributions to the Plan through payroll deductions, up to the maximum amount allowed by the IRC, limited to $23,500 in 2025. Participants aged 50 and over may make catch-up contributions up to an additional $7,500. Participants may also contribute amounts representing distributions from other qualified plans (rollovers).

Company matching contributions are discretionary. Such amounts are credited among the accounts of participants who had made participant deferral contributions during the year. The Company's matching contribution for all participants is equal to 100% of the participant's contributions up to 3% of compensation. The Company's matching contributions during 2025 were $1,177,225.

Company discretionary profit sharing contributions to the Plan are made at the discretion of the Company's Board of Directors for the benefit of all participants. For year ended December 31, 2025, the Company did not make a profit sharing contribution.

Participant accounts: A separate account is maintained for each participant. Each participant's account balance is credited with the participant's contributions, Company matching contributions, if any, and receives an allocation of the Company's profit sharing contributions, if any, Plan earnings, and is charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific transactions as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment options: The Plan provides that participants may elect to invest their account balances in a variety of investment choices. Participants may change their investment options at any time.

Note 1. Plan Description (Continued)

Vesting: Participants are immediately vested in their portion of their account attributable to their own contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their account is based on years of service. A participant becomes vested in Company contributions and related earnings on a graded vesting schedule of 20% per year of service beginning with two years of service. A participant is fully vested in the Company's contributions after six years of credited service, as defined. Participants become fully vested in their accounts in the event of death, disability or retirement at designated ages for normal retirement.

Forfeitures: Forfeiture of nonvested Company matching and profit sharing contribution accounts are deemed to occur in the year the participant receives a distribution of the vested portion of their account balance, in the year of termination of service if the participant has no vested service, or after five years if the terminated participant was partially vested but did not receive a distribution.

At December 31, 2025 and 2024, forfeited nonvested accounts amounted to $2,327 and $28, respectively. These amounts are used to reduce the Plan's administrative expenses or to reduce Company contributions. During 2025, $2,299 in forfeitures were used to reduce the Plan's administrative expenses or to reduce Company contributions.

Notes receivable from participants: The Plan may make loans to participants at prevailing market interest rates and in accordance with plan provisions. The minimum amount of a loan is $1,000 up to a maximum equal to the lesser of: (1) $50,000, reduced by the participant's highest outstanding loan balance in the preceding 12 months or (2) one-half of the participant's vested account balance. Loan terms are available up to five years, or longer if used to purchase a primary residence. The loans are collateralized by the balance in the participant's account and bear interest at a fixed rate, not to exceed 2% over the prime rate at the time of loan origination. The interest rates ranged from 4.25% to 9.50% as of December 31, 2025, with maturities through November 2030. Principal and interest are paid ratably through biweekly payroll deductions.

Payment of benefits: On termination of service, a participant may elect to receive the vested portion of his or her account either in a full or partial lump-sum amount or in equal installments over a period not exceeding the life expectancy of the participant or the life expectancy of the participant and his or her designated beneficiary. Upon termination, the participant's vested account balance will be distributed as a lump sum within a reasonable period of time after the end of the calendar quarter. If the account balance exceeds $5,000, a terminated participant may elect to postpone the distribution of the account balance to a later date subject to limitations by law related to the attainment of age 70½. The Plan provides for in-service withdrawals of a portion of a participant's account in the event of hardship, as defined in the Plan.

Note 2. Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Note 2. Significant Accounting Policies (Continued)

Investment valuation and income recognition: The Plan's investments are stated at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment custodian. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for direct investments in fully benefit-responsive investment contracts. Contract value is the relevant measurement for the portion of the net assets available for benefits of a defined contribution plan attributable to direct investments in fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus accrued, but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan document.

Payment of benefits: Benefits are recorded when paid.

Excess contributions: Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability with a corresponding reduction to contributions.

Expenses: Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to Plan administration are charged directly to participant accounts and are included in administrative expenses.

Note 3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Note 3. Fair Value Measurements (Continued)

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used in 2025 and 2024:

Shares of registered investment companies: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value on a recurring basis as of December 31, 2025 and 2024:

	2025			
	Level 1	Level 2	Level 3	Total
Shares of registered investment companies	$ 14,081,616	$ -	$ -	$ 14,081,616
Assets measured at fair value	$ 14,081,616	$ -	$ -	$ 14,081,616

	2024			
	Level 1	Level 2	Level 3	Total
Shares of registered investment companies	$ 11,062,067	$ -	$ -	$ 11,062,067
Assets measured at fair value	$ 11,062,067	$ -	$ -	$ 11,062,067

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the end of the reporting period.

Note 3. Fair Value Measurements (Continued)

Plan management evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2025, there were no transfers in or out of Level 3.

Note 4. Investment Contract With Transamerica Trust Company

The Plan holds an investment in Key Guaranteed Portfolio Fund, a fully benefit-responsive guaranteed income fund contract with Transamerica Trust Company (Transamerica). The account is credited with earnings on the underlying investments and is charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 0%.

As the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Transamerica, represents contributions made under the contract plus the average and actual interest income of 2.25% for the period from January 1, 2025 through December 31, 2025, as determined by Transamerica, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Changes in future interest crediting rates will not affect the amount reported on the statements of net assets available for benefits representing the adjustment for the portion of net assets attributable to fully benefit-responsive investment contracts from fair value to a contract value as fair value is considered book value less early withdrawal charge.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Examples of such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA or (5) premature termination of the contract. The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date unless agreed upon by both parties.

Note 5. Information Certified and Provided by Transamerica Trust Company, Current Trustee, and Empower Trust Company, Former Trustee

The following is a summary of the Plan's asset and income information from Transamerica Trust Company (Transamerica) as of December 31, 2025 and 2024, and for the year ended December 31, 2025, and from Empower Trust Company (Empower) as of December 31, 2024, included throughout the Plan's financial statements and supplemental schedules that was prepared by or derived from information provided by the trustees and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the Transamerica and Empower that the information provided to the Plan Administrator by the trustees related to the following assets and income is complete and accurate to the best of their knowledge and belief. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information that appears throughout the financial statements and supplemental schedules related to the following assets and income:

The following information has been certified and provided by Transamerica:

	2025	2024
Shares of registered investment companies at fair value	$ 14,081,616	$ 11,062,067
Guaranteed income fund at contract value	$ 271,822	$ -
Notes receivable from participants	$ 382,567	$ 344,302
Net appreciation in fair value of investments	$ 1,942,009	
Dividends and interest	$ 213,325	
Interest income on notes receivable from participants	$ 29,004	

The following information has been certified and provided by Empower:

	2025	2024
Guaranteed income fund at contract value	$ -	$ 254,311

Note 6. Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Note 7. Income Tax Status

Effective January 1, 2015, the Plan adopted a volume submitter plan document sponsored by HPL&S Inc. The volume submitter plan has obtained a favorable opinion letter in which the IRS stated that the volume submitter plan is in compliance with the applicable section of the IRC. The volume submitter plan opinion letter has been relied upon by the Plan. The Plan was most recently amended July 21, 2023, to allow Roth deferrals. The Plan Administrator believes that the Plan is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8. Related-Party Transactions

The Plan has certain investments managed by Transamerica; the trustee or affiliate thereof; therefore, these transactions qualify as party-in-interest transactions. Transamerica also perform administrative and recordkeeping services for the Plan. The administrative and recordkeeping expenses paid by the Plan to Transamerica were $40,903 for 2025.

Certain employees of the Company provided administrative services to the Plan. These employees are not compensated for such services.

Note 9. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.
