INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees of
East Bay Tire Co. 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit
We have performed audits of the financial statements of the East Bay Tire Co. 401(k) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024 and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion
In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(continued)

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion on the financial statements.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

(continued)

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control–related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

(continued)

INDEPENDENT AUDITOR'S REPORT (continued)

The information included in the supplemental schedule, other than the information that agrees to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agrees to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information that agrees to or is derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that is agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF PLAN AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following description of the East Bay Tire Co. (the "Company") 401(k) Profit Sharing Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan covering eligible employees of the Company. Employees generally become eligible to make elective deferrals and receive employer matching contributions upon attaining age twenty-one and completing six months of service. Eligibility for non-elective employer contributions requires attainment of age twenty-one and completion of one year of eligibility service, generally defined as 1,000 hours of service. Eligible employees enter the Plan on the first payroll following completion of the applicable eligibility requirements. Employees covered by a collective bargaining agreement under which retirement benefits were the subject of good-faith bargaining, leased employees, nonresident aliens with no applicable U.S. earned income, and employees of affiliated employers that have not adopted the Plan are not eligible to participate.

The Plan was amended and restated effective January 1, 2022, and was subsequently amended on June 12, 2023, to retroactively modify the Plan's entry dates effective January 1, 2022.

The Plan is intended to qualify under Section 401(a) of the Internal Revenue Code and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Administration - The Company is the sponsor and administrator of the Plan. The Plan's Trustees are responsible for oversight of the Plan. The Company has established an Investment Policy Statement pursuant to which the individuals or committees designated as investment fiduciaries are responsible for establishing and monitoring the Plan's investment program, including the selection and periodic review of investment options.

The investment fiduciaries may engage investment advisors to assist in carrying out these responsibilities. California Retirement Plans ("CRP") serves as the Plan's third-party administrator and assists with Plan administration and compliance matters. Empower Retirement, LLC, a division of Empower Annuity Insurance Company of America, and Empower Trust Company, LLC (collectively, "Empower"), serve as recordkeeper, custodian, and directed trustee for the Plan's participant-directed investments.

Expenses incurred for administering the Plan may be paid by either the Plan or the Company, as permitted by the Plan. During the year ended December 31, 2025, the Company paid certain administrative expenses on behalf of the Plan. Investment management fees, recordkeeping and administrative fees, and redemption charges were paid from Plan assets.

Basis of accounting - The accounting records of the Plan are maintained on the accrual basis in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of estimates - The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reported period. Actual results could differ from these estimates.

Employee contributions - Eligible participants may elect to defer up to 100% of eligible Plan compensation on a pre-tax basis, subject to the maximum amounts permitted under the Internal Revenue Code. Participants who attain age 50 by the end of the calendar year may make additional catch-up contributions, subject to applicable statutory limitations. Participants may also designate all or a portion of their elective deferrals as Roth 401(k) contributions, which are made on an after-tax basis. The Plan does not permit separate voluntary after-tax employee contributions. Participants may also make rollover contributions to the Plan from eligible retirement plans, subject to the provisions of the Plan.

Employer contributions – The Plan provides for safe harbor matching contributions equal to 100% of participants' eligible elective deferrals, including Roth and catch-up contributions, up to 5% of Plan compensation. The Plan also permits the Company to make discretionary employer matching contributions and discretionary non-elective profit-sharing contributions. Discretionary matching contributions, if made, are allocated as a uniform percentage of eligible matched employee contributions.

For the year ended December 31, 2025, the Company made safe-harbor matching contributions equal to $661,452. The Company made no discretionary non-elective profit-sharing contributions for the year ended December 31, 2025.

Participant accounts – A separate account is maintained for each participant. Each participant's account is credited with the participant's elective deferrals, including Roth contributions, rollover contributions, employer contributions, and an allocation of Plan earnings, and is reduced by withdrawals, distributions, and administrative expenses, if any. Participants direct the investment of their accounts among the investment options offered by the Plan. Investment income and losses are allocated to participant accounts based on the investment performance of the options selected by each participant. The benefit to which a participant is entitled is limited to the participant's vested account balance.

Vesting – Participants are immediately vested in their contributions and safe harbor match plus actual earnings thereon. Vesting in the employer's profit-sharing contributions is based on years of vesting service. A participant is fully vested after six years of credited service. To earn a year of service for vesting purposes, a participant must be credited with at least 1,000 hours of service during the Plan year.

Forfeitures – Forfeitures may first be applied to pay administrative expenses under the Plan or used to reduce employer contributions. During the plan years ended December 31, 2025 and 2024 forfeitures totaling $169 and $158, respectively, were used to reduce Plan expenses. There were no unallocated forfeiture balances as of December 31, 2025 and 2024.

Investments – Investments of the Plan are held by the Plan's custodian and are invested based upon instructions from participants. Investments are valued in accordance with the valuation methods described below.

Mutual funds – Mutual funds are registered with the Securities and Exchange Commission. The mutual funds held by the Plan are deemed actively traded and are valued based on prices quoted on a national exchange.

Collective trust funds - Collective trust funds are reported at net asset values as reported by the Plan's custodian and obtained directly from the underlying investment provider. Collective trust funds are credited with contributions made, plus earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

Self-directed brokerage accounts – Self-directed brokerage accounts consist primarily of interest-bearing cash, common stocks and money market mutual funds. Common stocks are valued at the closing price reported on the active market on which the individual securities are traded. Money market mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. The money market mutual funds held by the Plan are deemed actively traded.

Guaranteed investment contract – The Plan's investment in a guaranteed investment contract is a fully benefit-responsive investment contract and is reported at contract value. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses, if applicable.

Investment income – Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis, and dividend income is recorded on the ex-dividend date. Net appreciation or depreciation in the fair value of investments consists of realized gains and losses on investments sold during the year and unrealized appreciation or depreciation in the fair value of investments held at year end. Realized gains and losses are determined based on the difference between proceeds received and the fair value of the investment at the beginning of the year, or cost if acquired during the year.

Notes receivable from participants – The Plan permits participants to borrow from their vested account balances, subject to the provisions of the Plan's loan procedures. The maximum loan amount is generally the lesser of 50% of the participant's vested account balance or $50,000, reduced by the applicable outstanding loan balance adjustment, and the minimum loan amount is $1,000. Participant loans bear interest at prime plus 1% per annum. Loans generally must be repaid over a period not exceeding five years, except loans used to purchase a participant's principal residence, which may be repaid over a period of up to 15 years. Loans are secured by the participant's vested account balance, and principal and interest payments are generally made through payroll deductions each pay period.

Payment of benefits – Upon termination of employment, a participant is entitled to receive the vested portion of the participant's account in accordance with the provisions of the Plan. The normal retirement age under the Plan is the later of age 65 or the fifth anniversary of Plan participation. Distributions following termination of employment generally commence as soon as administratively feasible and may be made in a lump sum or, if elected, in substantially equal installments.

The Plan also permits certain in-service distributions. Participants may receive hardship distributions from their 401(k) accounts, including Roth contributions, subject to the Plan's hardship provisions. Participants who attain age 59½ may receive distributions from certain fully vested accounts. Participants who attain age 50 may receive distributions from their fully vested employer matching, non-elective profit-sharing, and rollover accounts. In-service distributions are also permitted upon disability, as defined by the Plan, and upon attainment of Normal Retirement Age. Upon a participant's death, the participant's vested account balance is payable to the participant's designated beneficiary in accordance with the terms of the Plan.

Under the Plan documents provided, after termination of employment, vested account balances of $5,000 or less, excluding rollover contributions for purposes of determining the applicable account balance, are subject to mandatory distribution provisions. A participant may elect to receive the distribution in cash or roll it over to an eligible retirement plan. If a timely election is not made, the vested account balance is transferred to an individual retirement account in accordance with the Plan's automatic rollover provisions. Participants with vested account balances greater than $5,000 generally must consent to a distribution, except when distributions are required under applicable law. Benefits, including rollover distributions to other qualified plans, are recorded when paid.

Plan termination - The Company intends to continue the Plan indefinitely for the benefit of its employees. However, it reserves the right to terminate the Plan at any time by resolution of its Board of Directors and subject to the provisions of ERISA. In the event the Plan is terminated in the future, participants would become fully vested in their accounts.

Subsequent events – The Plan evaluates events or transactions occurring after the statements of net assets available for benefits date but before the financial statements are available to be issued for potential recognition or disclosure. The financial statements include all subsequent events considered necessary for fair presentation. For the purposes of the accompanying financial statements, subsequent events have been evaluated through October 12, 2026, which represents the date the financial statements were available to be issued.

2. INVESTMENTS

The Plan follows the guidance of GAAP for measuring fair value of investments. Those principles establish a framework for the measurement of fair value and provide a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level one measurements) and the lowest priority to unobservable inputs (level three measurements).

The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market
data by correlation or other means. If the asset or liability has a specified (contractual) term, the level two input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement. The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used should maximize the use of observable inputs and minimize the use of unobservable inputs.

The Plan's method of valuing investments may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan's management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth in accordance with GAAP, the Plan's investments measured at fair value, contract value and net asset value, as applicable, as of December 31, 2025 and 2024:

	2025	2024
Level 1:		
Mutual funds	$ 2,270,185	$ 3,387,159
Self-directed accounts	2,122,333	2,163,139
Total investments, at fair value	4,392,518	5,550,298
Guaranteed investment contract, at contract value	2,198,929	3,441,850
Collective trust funds, at net asset value	14,386,886	11,979,850
Total investments	$20,978,333	$20,971,998

3. GUARANTEED INVESTMENT CONTRACT

The Plan holds a fully benefit-responsive guaranteed investment contract with Empower. Under the contract, participant contributions are invested in Empower's general account. The contract provides for repayment of principal and interest at a crediting rate established in accordance with the terms of the contract.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for the portion of net assets available for benefits attributable to the contract. Accordingly, the guaranteed investment contract is presented on the statement of net assets available for benefits at contract value. Contract value, as reported to the Plan by Empower, represents contributions made under the contract, plus credited earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct withdrawals or transfers of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting rate is determined pursuant to a formula established by the contract issuer and averaged 1.45% and 1.41% for the years ended December 31, 2025 and 2024, respectively. The crediting rate is reviewed and reset quarterly.

Certain events may limit the Plan's ability to transact with Empower at contract value. Such events include, among others, certain amendments to the Plan, complete or partial Plan termination or merger, changes affecting competing investment options or equity wash provisions, certain Plan sponsor events that result in significant withdrawals from the Plan, and loss of the Plan's tax-qualified status or applicable prohibited transaction exemptions under ERISA. The Plan Administrator does not believe that any events that would limit the Plan's ability to transact at contract value are probable of occurring.

The guaranteed investment contract does not permit the insurance company to terminate the contract prior to its scheduled maturity date.

4. INCOME TAX STATUS

The Company has adopted a pre-approved, non-standardized 401(k) profit-sharing plan. The pre-approved Plan document received a favorable opinion letter from the Internal Revenue Service dated June 30, 2020, stating that the form of the Plan is designed in accordance with the applicable requirements of Section 401(a) of the Internal Revenue Code and that the related trust is intended to be exempt from federal income taxes under Section 501(a) of the Internal Revenue Code. Once qualified, the Plan is required to operate in conformity with the Internal Revenue Code to maintain its qualified status. The Plan Administrator is not aware of any course of action or series of events that have occurred that would adversely affect the Plan's qualified status.

5. CERTIFIED INFORMATION

In accordance with 29 CFR 2520.103-8 of the U.S. Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, Empower certified the fair value of investments held at December 31, 2025 and 2024, and investment activities for the year ended December 31, 2025, that were used in the preparation of the accompanying financial statements and ERISA-required supplemental schedule. The following information was obtained by management and agreed to or derived from information certified as accurate and complete by Empower, but was not a subject to auditing procedures other than those required in an ERISA Section 103(a)(3)(C) audit.

	2025	2024
Total investments	$ 20,978,333	$ 20,971,998
Notes receivable from participants	$ 509,082	$ 388,940
Net appreciation in fair value of investments	$ 2,049,972	
Interest and dividend income	$ 151,692	

6. RELATED PARTY TRANSACTIONS

Certain Plan investments are managed by Empower, the Plan's custodian, or their affiliate. Therefore, payments from the Plan to Empower or its affiliates related to transactions involving investment management services and recordkeeping and other related services qualify as party-in-interest transactions as defined by ERISA. In addition, notes receivable from participants are considered party-in-interest transactions. Such transactions are permitted under the provisions of the Plan and are exempt from the prohibited transaction provisions of ERISA when made in accordance with applicable Plan provisions and regulatory requirements.

7. RISKS AND UNCERTAINTIES

The Plan provides for various investment options in any combination of investment securities offered by the Plan. Investment securities are exposed to various risks, such as interest rate, market fluctuations and credit risks. Due to the risk associated with certain investment securities, it is at least reasonably possible that changes in market values, interest rates or other factors in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Financial instruments, which potentially subject the Plan to concentrations of credit risk, consist principally of mutual funds, a guaranteed investment contract, collective trust funds and individual investment securities held in various self-directed brokerage accounts. As the portfolio is well diversified and issuers of the funds' underlying securities are dispersed throughout many industries and geographies, the concentrations of credit risk are limited.
