INDEPENDENT AUDITOR'S REPORT

October 14, 2026

To the Participants and Administrator of the
EchoStar Corporation 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit
We have performed audits of the accompanying financial statements of the EchoStar Corporation 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the EchoStar Corporation 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion
In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to the assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the EchoStar Corporation 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the EchoStar Corporation 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the EchoStar Corporation 401(k) Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the EchoStar Corporation 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA
The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

Other Matter – Supplemental Schedule Required by ERISA (Continued)
In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to the assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF THE PLAN

The following is a brief description of the EchoStar Corporation 401(k) Plan (the Plan) provided for general information purposes only. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General
The Plan is a defined contribution plan and subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan utilizes a prototype plan, which received an advisory letter from the Internal Revenue Service (IRS) dated June 30, 2020, stating that the prototype plan design is acceptable under Section 401(k) of the Internal Revenue Code (IRC) and exempt from federal income taxes under Section 501(a) of the IRC. Management believes the Plan continues to be designed and operated in compliance with applicable IRC requirements.

Corporate and Plan Merger
On December 31, 2023, DISH Network Corporation (DISH), merged with EchoStar Corporation (EchoStar, the “Company”), (the “Corporate Merger”). Prior to the Corporate Merger, DISH maintained a separate employee benefit retirement plan, known as the “DISH Network Corporation 401(k) Plan” (DISH Plan), and EchoStar maintained a separate employee benefit retirement plan, known as the “EchoStar 401(k) Plan” (EchoStar Plan). On December 31, 2024, the EchoStar Plan merged into the DISH Plan (the “Plan Merger”). As a result of the Plan Merger, all plan assets from the EchoStar Plan, totaling $741,823,647, were transferred to the DISH Plan on this date. As a result of the Corporate Merger, 4,379,995 shares of DISH Class A common stock held in the DISH Plan were exchanged for 1,536,840 shares of EchoStar Class A common stock on January 2, 2024. On January 29, 2025, the DISH Plan was amended and restated effective January 1, 2025. Under this restatement, the DISH Plan was formally renamed the "EchoStar Corporation 401(k) Plan" and plan provisions (including eligibility, matching, and profit-sharing provisions) were harmonized across all participating entities. EchoStar is the Plan Sponsor of the Plan.

Presentation of Financial Statements
In accordance with accounting principles generally accepted in the United States of America, the Statement of Net Assets Available for Benefits as of December 31, 2024, presents the combined asset balances of the merged plans at year-end. The Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2024, reflects solely the operating activity of the DISH Plan prior to the transfer of plan assets from the EchoStar Plan.

The Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2025, reflects the full 12-month combined operational activity (contributions, investment returns, benefit distributions, and administrative fees) of all eligible employees across EchoStar and its participating subsidiaries under the restated plan terms.

Eligibility
Prior to January 1, 2025, employees of DISH and its eligible subsidiaries became eligible to participate on the first day of the month following or coinciding with the completion of 90 days of service and attaining age 19. Effective January 1, 2025, under the restated plan document, employees of EchoStar and its eligible subsidiaries become eligible to participate in the Plan immediately upon their hire date (first day of service) and attainment of age 19. Employees covered by a collective bargaining agreement, leased employees, non-resident aliens, or employees of foreign affiliated employers are not eligible to participate in the Plan.

1. DESCRIPTION OF THE PLAN (Continued)

Contributions

Participants may contribute on a pre-tax and Roth basis from 1% to 75% of their eligible compensation, subject to annual IRC limits. Participants can change their contribution percentages or elections at any time. Eligible employees may also make rollover contributions from other qualified plans.

Participants may also make voluntary after-tax contributions to the Plan, subject to applicable Internal Revenue Code limits. Voluntary after-tax contributions are not eligible for Company matching contributions.

Prior to January 1, 2025, newly eligible DISH employees were automatically enrolled to contribute 3% of eligible compensation into an age-appropriate target-date fund. Effective January 1, 2025, newly eligible employees are automatically enrolled to contribute 6% of eligible compensation into an age-appropriate target-date fund unless they affirmatively elect a different percentage or opt out.

Participants direct the investment of their contributions into various investment options offered by the Plan. Participants are not permitted to direct new contributions into EchoStar Class A common stock.

The Company may make a discretionary matching contribution to all eligible employees who are active employees on the last day of each calendar quarter. In 2025 and 2024, DISH employees and their subsidiary employees received a matching contribution equal to $0.50 for each $1.00 contributed by an employee, subject to a maximum Company matching contribution of $1,250 per calendar quarter. In 2025 and 2024, the maximum employer contribution was $5,000.

Effective January 1, 2025, the Plan includes an annual true-up matching contribution feature. The Company provides a matching contribution equal to 50% of eligible participant contributions, subject to a maximum annual Company contribution of $5,000. To the extent quarterly matching contributions made during the year are less than the participant's annual matching contribution entitlement, an additional true-up contribution is made after year-end. Participants must be actively employed on the last day of the Plan year to be eligible for the true-up contribution.

The Company may also make a discretionary profit-sharing contribution to active employees who are employed on the last day of the Plan year, as determined annually by the Company’s Board of Directors. Discretionary profit-sharing contributions may be contributed in cash or in shares of EchoStar Class A common stock. When Company stock contributions are credited to participants' accounts, they become participant-directed as there are no restrictions on transferring such stock to other investment options, subject to applicable securities laws.

For the year ended December 31, 2025, the Board of Directors authorized a discretionary profit-sharing contribution of EchoStar Class A common stock valued at $108.70 per share (the market price at December 31, 2025), equal to 5% of eligible 2025 earnings up to a maximum of $4,000 for each eligible participant active on December 31, 2025.

For the year ended December 31, 2024, the Company made a discretionary profit-sharing contribution of EchoStar Class A common stock valued at $22.90 per share (the market price at December 31, 2024), equal to 2% of eligible 2024 earnings up to a maximum of $2,000 for each eligible DISH employee active on December 31, 2024.

1. DESCRIPTION OF THE PLAN (Continued)

Contributions (Continued)
Below is a summary of employer contributions made in cash and offset by forfeitures for the years ended December 31, 2025 and 2024. Matching and Profit Share contribution amounts reported in the financial statements for the year ended December 31, 2024, reflect solely the activity of DISH employees prior to the merger. No matching contributions for EchoStar participants are presented in the 2024 comparative figures.

	2025	2024
Employer Contributions:		
Matching:		
Cash	$ 22,163,168	$ 18,048,748
Forfeitures	6,001,283	3,794,453
Total Matching	$ 28,164,451	$ 21,843,201
Profit Sharing:		
EchoStar Class A Common stock	$ 34,838,973	$ 16,834,015

Vesting
Participants are automatically 100% vested in their before-tax, Roth, and rollover contributions. Vesting in the Company's contributions is based on years of service. For matching and discretionary profit-sharing contributions, a participant becomes 20% vested after one year of service, 40% vested after two years of service, 60% vested after three years of service, 80% vested after four years of service, and 100% vested after five years of service. However, if an active participant dies or becomes disabled prior to attaining normal retirement age, the participant's account becomes 100% vested.

Forfeitures
Terminated participants forfeit the non-vested portion of their employer matching and discretionary profit-sharing accounts upon reaching the break in service requirement, as defined in the Plan document, or upon receiving a total distribution of their vested account balance. Forfeited amounts are held in a separate non-participant forfeiture account within the Plan.

During the years ended December 31, 2025 and 2024, forfeitures of $6,001,283 and $3,794,453, respectively, were used to offset Company matching contributions. Additionally, forfeitures of $156,938 and $600,532 were used to pay Plan administrative expenses during 2025 and 2024, respectively. Unused forfeiture balances available at December 31, 2025 and 2024 totaled $2,184,542 and $1,281,038, respectively, and will be used to reduce future employer matching contributions or pay Plan expenses.

Forfeitures are used to offset future Company matching contributions and, to the extent determined by the Plan Administrator, to pay allowable Plan administrative expenses (such as trustee, audit, and investment advisory fees).

Administrative Expenses
Investment fees are paid by the Plan. Administrative expenses not paid by the Plan are paid by the Company.

1. DESCRIPTION OF THE PLAN (Continued)

Notes Receivable from Participants

Participants may borrow 50% of their vested account balance, with a minimum of $1,000 and up to a maximum of $50,000. All general loans must be repaid within 5 years, and all home loans must be repaid within 15 years. The loans are secured by the balance in the participant's account and bear a reasonable rate of interest as defined (3.25% to 9.50% as of December 31, 2025, and 2024) which is fixed for the term of the note. The loan interest rate for new loans will be reset at the beginning of each calendar year. Principal and interest are paid ratably through payroll deductions. No more than one general and one home loan (two total loans) may be outstanding to a participant at any time.

Payment of Benefits

On termination of service for any reason or upon death or disability, a participant may elect to receive a lump-sum amount equal to the value of the vested portion of their account or may elect a direct rollover into another qualified plan or individual retirement account (IRA). Participants may also make hardship and age 59 ½ in-service withdrawals if certain criteria are met. Plan participants may receive an in-service withdrawal from the rollover source at any time.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right, under the Plan, to discontinue contributions to the Plan or terminate the Plan subject to the provisions of ERISA. Upon a complete discontinuance of contributions, termination, or partial termination of the Plan, the accounts of all affected participants shall become fully vested.

Participant Accounts

Each participant's account is credited with the participant's contribution and (a) an allocation of Company matching and discretionary profit sharing contributions, (b) plan earnings or losses, and (c) administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participants can change their investment options at any time.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan prepares its financial statements on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Valuation of Investments

Investments are reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under terms of the Plan. The Plan invests in an investment contract measured at contract value through the guaranteed interest funds. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest and dividend income is recorded when received. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold or held during the year.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Notes Receivable from Plan Participants

Notes receivable from Plan participants are measured at their unpaid principal balance plus any accrued but unpaid interest. If a participant does not make loan repayments and the Plan Administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Income Taxes

The Plan uses a non-standardized pre-approved profit sharing plan with CODA sponsored by Donohue Feiman Retirement Plan Services Inc. Donohue Feiman Retirement Plan Services Inc received an advisory letter from the Internal Revenue Service dated June 30, 2020, stating that the non-standardized pre-approved Plan and related Trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Estimates

The preparation of the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan's assets include various types of investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments and the level of uncertainty related to the value of such investments, changes in the values of investments will occur and such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Payment of Benefits

Benefits are recorded when paid.

Excess Contributions Payable

Amounts payable for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The plan distributed the 2025 excess contributions to the applicable participants prior to March 15, 2026.

3. FINANCIAL CERTIFICATION

The following financial information relating to the Plan's assets at December 31, 2025 and 2024, as well as investment income and investment transactions for the years then ended, has been derived from information provided by Fidelity Management Trust Company, the Trustee of the Plan, and has been certified by them as complete and accurate.

4. FAIR VALUE MEASUREMENT AND DISCLOSURES

The Plan uses various valuation techniques in determining fair value. ASC Section 820 established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

4. FAIR VALUE MEASUREMENT AND DISCLOSURES (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Mutual funds and common stock – These investments consist of various publicly traded mutual funds and common stock and are valued at the daily closing price as reported by the fund. Mutual funds are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The investments held by the Plan are deemed to be actively traded.

The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds: Values are determined based on quoted market prices in active markets.

Common stocks: Valued at quoted market prices.

Common collective trusts: Valued at the net asset value (NAV) of units of the collective trust, using independent pricing services approved by the trustee. The net asset value is based on the fair value of the underlying investments held by the fund. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. There are no unfunded commitments or redemption restrictions.

Fair value information for investments that are measured at fair value on a recurring basis is as follows at December 31, 2025 and 2024:

	Assets at Fair Value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Investments:				
Mutual funds	$232,985,202	$ -	$ -	$ 232,985,202

	$522,862,502	$ -	$ -	522,862,502
Common collective trusts, at net asset value (a)				1,469,580,925
Total investments				$1,992,443,427

4. FAIR VALUE MEASUREMENT AND DISCLOSURES (Continued)

	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Investments:				
Mutual funds	$717,349,654	$ -	$ -	$ 717,349,654

Common collective trusts, at net asset value (a)				765,110,524
Total investments				$1,574,736,094

(a) In accordance with the FASB authoritative guidance regarding fair value measurement, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

5. GUARANTEED INTEREST FUND

The Plan allows participants to direct their contributions into an investment contract with Prudential Retirement Insurance and Annuity Company. Prudential maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The Guaranteed Interest Fund is a general account product. The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. Interest crediting rate is reset quarterly. The contract is included in the financial statement at contract value as reported to the Plan by Prudential. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

As described in Note 2, because the investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of net assets available for benefits attributable to the fully benefit-responsive investment contract.

Certain events limit the Plan's ability to transact at contract value. The plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring. The investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

6. INCOME TAX STATUS

The Company had adopted a prototype plan document. On June 30, 2020, the IRS advised the prototype plan sponsor that the form of the prototype plan, as then designed, was acceptable under Section 401 of the IRC and therefore exempt from federal income taxes under the provisions of Section 501(a) of the IRC. The Plan has been amended; however, the Company believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC, thus no provision for income taxes has been provided for in the accompanying financial statements.

On January 29, 2025, the Company adopted the amended and restated prototype plan document (see Note 1 - General).

U.S. generally accepted accounting principles require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. ADMINISTRATIVE EXPENSES

All expenses lawfully payable from the assets of the Plan may be paid from such assets in accordance with the Plan document. Effective January 1, 2025, under the restated plan document, recordkeeping administrative fees are paid directly by participants through quarterly deductions from their individual account balances. Prior to January 1, 2025, recordkeeping administrative fees were paid directly by the Plan.

Investment management fees, individual transaction fees (such as participant loan processing and maintenance fees), and brokerage commissions are also charged directly to participant accounts or netted against investment returns. All other expenses are paid by the Company and are excluded from these financial statements.

8. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Plan assets include investments in funds managed by Fidelity Management Trust Company. As such, these transactions qualify as party-in-interest transactions.

The Plan’s investments also include common stock of the Company, which qualifies both as related parties and parties-in-interest. At December 31, 2025, the Plan held 2,253,013 shares of EchoStar Class A common stock valued at $244,910,785. At December 31, 2024, the Plan held 2,491,005 shares of EchoStar Class A common stock valued at $57,048,162.

During the year ended December 31, 2025, the Plan, received 735,109 shares of EchoStar Class A common stock valued at $16,834,015 contributed directly by the Company from treasury shares to satisfy the 2024 discretionary employer profit-sharing contribution. Participant-directed open-market purchases of EchoStar Class A common stock totaled 30,554 shares ($1,146,669) and 54,606 shares ($983,338) for the years ended December 31, 2025 and 2024, respectively. Participant-directed open-market sales totaled 677,991 shares ($35,561,597) and 224,217 shares ($5,134,563) for the years ended December 31, 2025 and 2024, respectively.

Notes receivable from participants of $23,329,299 and $21,223,836 as of December 31, 2025 and 2024, respectively, with interest rates ranging from 3.25% to 9.50%, qualify as party-in-interest transactions.

8. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS (Continued)

Personnel and facilities of the Company have been used to perform administrative functions for the Plan at no charge to the Plan.

9. CONCENTRATIONS, RISKS, AND UNCERTAINTIES

The Plan holds a significant investment concentration in EchoStar Class A common stock. Changes in the market value of EchoStar Class A common stock can cause the value of the Plan's net assets to fluctuate significantly.

As of December 31, 2025 and 2024, there were two investments that individually represented over 10% of investments held.

The Plan provides for various investments in mutual funds, common collective trusts, corporate common stock, and debt securities. Investments, in general, are exposed to various risks, such as significant world events, interest rate, credit, and overall market volatility risk. The Plan allows for participants to invest in mutual funds, which may in turn invest in securities with contractual cash flows, such as asset-backed securities, collateralized mortgage obligations, and commercial mortgage-backed securities, including securities backed by subprime mortgage loans. The value, liquidity, and related income of those securities are sensitive to changes in economic conditions, including real estate value, delinquencies or defaults, or both, and may be adversely affected by shifts in the market's perception of the issuers and changes in interest rates. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of the investments will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

10. COMMITMENTS AND CONTINGENCIES

On January 20, 2022, a class action complaint titled Jones et al. v. DISH Network Corporation et al. (Case No. 1:22-cv-00167) was filed in the U.S. District Court for the District of Colorado alleging breaches of fiduciary duties under ERISA regarding the selection and retention of certain plan investment options.

On March 1, 2024, pursuant to a stipulation, the Board of Directors, the Plan's Retirement Plan Committee, and individual defendants were dismissed from the lawsuit, leaving DISH Network Corporation as the remaining defendant. Fact discovery is complete, and the Defendant's motion for summary judgment was denied on July 23, 2026. The matter is currently scheduled for trial beginning June 28, 2027.

The plaintiffs' expert claims total damages of approximately $16,700,000, which is reduced to approximately $10,700,000 when Fidelity revenue sharing is credited. DISH Network Corporation intends to defend this case vigorously and believes it has meritorious defenses. Outside legal counsel and management are currently unable to offer an assessment of the likelihood of an unfavorable outcome or estimate a range of potential loss beyond the claimed amounts. The Plan is not a direct named defendant, and any potential liability or legal expense is expected to be borne by DISH Network Corporation or covered by applicable fiduciary insurance policies.

Accordingly, no accrual for losses has been recorded in the accompanying financial statements because a loss is not considered probable and reasonably estimable at this time.

11. RECONCILIATION TO FORM 5500

Certain items have been classified differently between the financial statements and Form 5500. Net assets available for benefits and changes in net assets available for benefits per the financial statements have been agreed to Form 5500 in total as of and for the years ended December 31, 2025 and 2024.

12. SUBSEQUENT EVENTS

The plan administrator has evaluated subsequent events through October 14, 2026, the date the financial statements were available to be issued and determined there were no material subsequent events that required recognition or additional disclosure in these financial statements.
