Unitil Retiree Health and Welfare Benefits Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Unitil Retiree Health and Welfare Benefits Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits and Plan's benefit obligations as of December 31, 2025, and 2024 and the related statements of changes in net assets available for benefits and changes in Plan's benefit obligations for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with U.S. generally accepted accounting principles (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with U.S. generally accepted auditing standards (U.S. GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with U.S. GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) and schedule of reportable transactions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplemental information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with U.S. GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

The accompanying notes are an integral part of these financial statements.

1. Description of Plan

The following description of the Unitil Retiree Health and Welfare Benefits Plan (the Plan) is provided for general information purposes only. Unitil Service Corp. (USC) is the Plan Administrator and fiduciary. In addition, USC reserves the right to amend, modify, or terminate the Plan at any time. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan, established January 1, 2006 as a successor to the Unitil Group Insurance Plan, provides postretirement medical and life insurance benefits to eligible current and future retirees and eligible dependents of USC and participating employers (collectively, the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The Plan is in part maintained pursuant to certain collective bargaining agreements (CBAs) for certain union employees.

Eligibility

Eligible employees who retire while enrolled in the health and welfare programs provided by the Company for active employees shall become eligible to participate in the Plan. Additionally, subject to the limits described below, active employees who have attained age 65 with five years of service are eligible for medical benefits. The Plan permits early retirement for employees with at least 15 years of credited service who have attained the age of 55.

The following employees are not eligible for coverage at age 65 or later: Non-union employees hired after January 1, 2010; Utility Workers Union of America (UWUA) bargaining unit employees of Northern Utilities and Granite State hired after April 1, 2009; United Steelworkers (USW) bargaining unit employees of Northern Utilities hired after June 5, 2010; International Brotherhood of Electrical Workers (IBEW) bargaining unit employees of Unitil Energy Services (UES) hired after June 1, 2012; UWUA bargaining unit employees of Fitchburg Gas & Electric Light Company hired after June 1, 2013; and IBEW bargaining unit employees of USC hired after January 1, 2010.

Benefits

The Plan provides postretirement medical and life insurance benefits to eligible retired employees and their spouses and to spouses of deceased retired employees meeting specified age and/or years of service requirements. Medical and prescription claims (Claims) are subject to certain deductibles, copayments, and coinsurance. Claims of participants and their eligible dependents are provided under group contracts administered by Anthem Blue Cross and Blue Shield (Anthem).

Stop-Loss Coverage

The Plan holds excess loss coverage term insurance policies with Anthem that cover certain medical benefits. The insurance company is responsible for claims above a predetermined amount per participant. The policies also cover certain aggregate benefit ceilings for the Plan for the full Plan year. Premiums for these policies are paid by the Plan.

Insurance Policies – Non-Experience-Rated

The Company enters into fully insured, non-experience-rated group paid-up policies with insurance companies for the provision of life insurance under the Plan. Premiums for these policies are paid by the Plan upon an employee's retirement.

Funding of Retiree Benefits

The Company has established two Voluntary Employee Benefit Association trusts (VEBAs) into which it funds certain contributions to the Plan. These trusts are established pursuant to Section 501(c)(9) of the Internal Revenue Code (IRC). The assets of the VEBAs are intended to fund retiree health and welfare benefits and are held in two segregated trust accounts (Union Trust and Non-Union Trust, collectively referred to as the Trusts) at SEI Private Trust Company (the Trustee). These Trusts were established effective January 1, 2004. The Trusts are maintained to meet certain liquidity objectives of the administration of postretirement benefit obligations of the Plan. The Company may also seek to balance considerations with respect to income tax deduction qualification of the contributions and requirements of state utility regulatory agencies to which it is subject. The Company makes contributions to these Trusts on a voluntary basis. The Company made contributions of $1,599,996 for the Plan year ended December 31, 2025.

In addition, certain postretirement medical benefits of the Plan are partially funded through a 401(h) account in the Unitil Corporation Retirement Plan (the Retirement Plan). For the Plan year ended December 31, 2025, the Company made contributions to the 401(h) account of $650,000. See Note 6 for 401(h) account related disclosures.

Retiree Contributions

Prior to age 65, new retirees are eligible to continue the same medical benefits as they had as an active employee. When retirees reach age 65, or retire at age 65 or later, they may be eligible for Medicare supplemental benefits, depending on when they were hired and when they retire. Also depending on their date of hire and date of retirement, they may be required to pay a percentage of the cost of the retiree medical benefits.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with U.S. generally accepted accounting principles (U.S. GAAP).

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein; disclosure of contingent assets and liabilities; and the actuarial present value of the Plan's benefit obligations at the date of the financial statements, and changes therein. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants on the measurement date. See Note 7 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Postretirement Benefits

The postretirement benefit obligation represents the actuarial present value of those estimated future benefits that are attributed to employee service rendered through December 31, 2025 and 2024. Postretirement benefits include future benefits expected to be paid to or for (1) currently retired employees and their beneficiaries and dependents and (2) active employees and their beneficiaries and dependents after retirement from service with the Company. Prior to an active employee's full eligibility date, the postretirement benefit obligation is the portion of the expected postretirement benefit obligation that is attributed to that employee's service rendered to the valuation date. The actuarial present value of the expected postretirement benefit obligation is determined by an actuary and is the amount that results from applying actuarial assumptions to historical claims-cost data to estimate future annual incurred claims costs per participant and to adjust such estimates for the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as those for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

The significant actuarial assumptions used to determine the medical costs as of December 31, 2025 and 2024 were as follows:

	2025	2024
Discount Rate	**5.57%**	5.63%
Healthcare Cost Trend	**8.05% pre-65; 7.15% post-65, decreasing gradually to 4.50% in 2034**	8.50% pre-65; 7.50% post-65, decreasing gradually to 4.50% in 2034
Retirement	Graded scale from age 55 to age 65 with an average retirement age for Union and Non-Union of age 62.	
Mortality	PRI-2012 Employee Tables with the Retiree and Contingent Survivor Tables for annuitants projected forward with Scale MP-2021. Contingent Survivor Tables are applied following the death of the participant.	

The foregoing assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of the postretirement benefit obligation.

Medicare Subsidy

The Plan's postretirement benefit obligation does not reflect an amount associated with the Medicare subsidy allowed under the Medicare Prescription Drug Improvement and Modernization Act of 2003 because the Plan is not directly entitled to the Medicare subsidy.

Contributions

Company contributions to the Trust, which are all made within the Plan year, are funded as determined by actuarial computations based on the aggregate cost method and are recorded when those contributions are made to the Trust. Participant contributions are recorded on the accrual basis based on premium payments due each month.

Benefit Payments and Premium Payments to Insurance Companies

Benefit payments are recorded upon payment. For the years ended December 31, 2025 and 2024, substantially all benefit and premium payments were paid directly to insurance companies out of the assets of the Trusts.

Claims payments are recorded when paid by the Plan regardless of when they are paid by the third-party claim's processor. Claims invoiced but not paid are recorded as claims and premiums reported and approved for payment on the statements of changes in Plan's benefit obligations.

Administrative Expenses

As provided by the Plan agreement, administrative expenses related to Plan's investments, trust and custody expenses, and audit fees were paid by the Plan. Additionally, other Plan related administrative expenses were paid by the Plan.

3. Tax Status

The Trusts, which are funding vehicles for the Plan, are VEBA trusts and are tax exempt under section 501(c)(9) of the IRC. The Trusts obtained their determination letters on October 18, 2006, in which the Internal Revenue Service (IRS) stated that the design of the Trusts was in compliance with the applicable requirements of the IRC. The Plan Administrator believes the Trusts as designed are operating in accordance with the IRC. The Plan holds no income-producing assets outside the Trusts.

Under IRC Section 512 and related regulations, a portion of the Plan's investment income is taxable as unrelated business income for both federal and state purposes if investment assets exceed Plan benefit obligation amounts currently payable. For the year ended December 31, 2025, there was $229,133 in current income tax expense and a change in deferred income tax of $36,796 was recorded for unrelated business income tax (UBIT). The Plan had a deferred income tax asset of $30,537 as of December 2025. The Non-Union VEBA Trust is subject to UBIT at a maximum rate of 37% as prescribed by the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

4. Plan Termination

Although the Plan was established with the intent to maintain it indefinitely, and there is currently no intention to terminate it, the Company may amend or terminate the Plan at any time, in whole or in part, including, without limitation, modifying, eliminating, or reducing benefits thereunder for any class of individuals, including present and/or future participants and their dependents and/or beneficiaries otherwise entitled to receive benefits.

Although the Company has not expressed any intention to do so, the Company has the right to terminate the Trusts. Upon termination, the assets of the Trusts, after the satisfaction of any benefits payable pursuant to the Plan and required administrative expenses, shall be used for the continuance of one or more of the benefits of the character contemplated by the Trusts until all assets of the Trusts are exhausted.

5. Party-in-Interest Transactions

Section 3(14) of ERISA defines a party-in-interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan, or an employer whose employees are covered by the Plan. Accordingly, the services provided by the Trustee for the management of investments held by the Trustee are considered party-in-interest transactions.

6. 401(h) Account

The Retirement Plan includes a 401(h) account, which is available to fund a portion of the postretirement healthcare benefits in this Plan. The Company’s funding limit for postretirement benefits through the 401(h) account is actuarially determined (and partially dependent on the level of contributions made to the Retirement Plan) and any funded amounts are accounted for separately in a segregated trust account held by the Trustee. Assets included in the 401(h) account must only be used for postretirement healthcare benefits. Assets in the pension trust beyond those in the 401(h) account must be used to pay pension benefits and cannot be used to pay postretirement healthcare benefits.

The net assets of the 401(h) account have been excluded from the net assets of the Retirement Plan. Benefit obligations to be funded by the 401(h) account assets are included in the Plan's financial statements. Detailed information on the investments held by the 401(h) account can be found in the Notes of the Retirement Plan financial statements.

The following is a summary of the statements of net assets available for 401(h) benefits as of December 31, 2025 and 2024.

	2025	2024
Investments at fair value:		
Mutual funds	**$ 29,884,014**	$ 25,766,860
Accrued income	**37,942**	34,184
Net assets available for 401(h) benefits	**$ 29,921,956**	$ 25,801,044

The following is a summary of the statement of changes in net assets available for postretirement health and welfare benefits held in the 401(h) account for the years ended December 31, 2025 and 2024.

	2025	2024
Additions (reductions):		
Employer contributions	**$ 650,000**	$ 900,000
Net appreciation in fair value of investments	**2,747,900**	2,070,914
Interest and dividends	**795,056**	736,961
Administrative expenses	**(72,044)**	(63,796)
Net increase in 401(h) account	**$ 4,120,912**	$ 3,644,079

7. Fair Value Measurements

The Financial Accounting Standards Board Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC Topic 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2025 and 2024.

Mutual funds– Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

	December 31, 2025			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	**$ 35,512,170**	**$ -**	**$ -**	**$ 35,512,170**
Total investments in the fair value hierarchy	**$ 35,512,170**	**$ -**	**$ -**	**$ 35,512,170**

	December 31, 2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 32,557,539	$ -	$ -	$ 32,557,539
Total investments in the fair value hierarchy	$ 32,557,539	$ -	$ -	$ 32,557,539

8. Certified Investments

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments held at December 31, 2025 and 2024, and net appreciation in fair value of investments and interest and dividends for the years then ended, was obtained by management and agreed to or derived from information certified as complete and accurate by the Trustee of the Plan.

9. Benefit Obligations

The healthcare cost trend rate assumption (see Note 2) has a significant effect on the amounts reported in the accompanying financial statements. If the assumed rates increased by one percentage point, the Plan's benefit obligation would increase by approximately $12,132,569 and $10,072,260 as of December 31, 2025 and 2024, respectively.

10. Subsequent Events

Subsequent events have been evaluated through October 14, 2026, which is the date the financial statements were available to be issued.

11. Risks and Uncertainties

The Plan invests in a combination of investment securities, which are exposed to various risks such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits. The actuarial present value of the Plan's total benefit obligations is reported based on certain assumptions pertaining to interest rates, inflation rates, and demographics. Due to the changing nature of these assumptions, it is at least reasonably possible that changes in these assumptions will occur in the near term and, due to the uncertainties inherent in setting assumptions, that the effect of such changes could be material to the financial statements.

12. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31 to Form 5500:

	2025	2024
Net assets available for benefits per the financial statements	**$ 65,365,580**	$ 58,365,862
401(h) account not included on Form 5500	**(29,921,956)**	(25,801,044)
Net assets available for benefits per Form 5500	**$ 35,443,624**	$ 32,564,818

The following is a reconciliation of net increase in net assets available for benefits per the financial statements for the years ended December 31 to Form 5500:

	2025	2024
Net increase in net assets available for benefits on the financial statements	**$ 6,999,718**	$ 6,332,644
Change in 401(h) account not included on Form 5500	**(4,120,912)**	(3,644,079)
Net increase in net assets available for benefits on Form 5500	**$ 2,878,806**	$ 2,688,565

Amounts allocated to withdrawing participants are reported in Form 5500 for benefit claims that have been processed and approved for payment prior to December 31, 2025, but not yet paid as of that date.

13. Funding Policy

The medical benefits to be provided will be funded by participant and Company contributions. The Company may make contributions to the Trusts to fund future medical benefits. It is anticipated the deficit of assets related to the Plan's benefit obligation will be funded with future participant and Company contributions.
