To the Concentrix CVG Employee Benefits Committee
Convergys Corporation Retiree Benefits Program

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have audited the accompanying financial statements of Convergys Corporation Retiree Benefits Program, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of benefit obligations and net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in benefit obligations and net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Convergys Corporation Retiree Benefits Program's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Convergys Corporation Retiree Benefits Program and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Convergys Corporation Retiree Benefits Program's ability to continue as a going concern within one year after the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Convergys Corporation Retiree Benefits Program's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Convergys Corporation Retiree Benefits Program's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025 and schedule of reportable transactions for the year ended December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Convergys Corporation Retiree Benefits Program

Notes to Financial Statements

December 31, 2025 and 2024

1. Description of the Plan

General

The Convergys Corporation Retiree Benefits Program (the Plan) provides eligible retired employees with the opportunity to participate in subsidized or pension benefits to cover pre-65 medical, dental and life insurance programs of their choice for their benefit and the benefit of their dependents. A retirees' eligibility to participate in the Plan is based upon their date of hire.

Convergys Information Management Group, Inc. established The Flex Benefits Plan on January 1, 1991. Convergys Corporation (Convergys) assumed The Flex Benefits Plan on January 1, 1999, as part of its spin-off from Cincinnati Bell, Inc. Through November 30, 2010, the Flex Benefits Program covered both active and retired eligible employees of Convergys and its subsidiaries. Effective December 1, 2010, The Flex Benefits Plan was amended such that no further benefits would be provided to eligible retirees and their dependents. With the effectiveness of this amendment, benefits due to eligible retirees and dependents are provided under the Plan. As a result of this amendment, obligations for benefits to retirees and assets held in trust for retirees were transferred to the Plan.

In October 2018, Convergys was acquired by Concentrix. In connection with the acquisition, Convergys was renamed Concentrix CVG Corporation (the "Company"), the Plan Sponsor, and up until December 1, 2020, was a subsidiary of Synnex Corporation (NYSE: SNX).

On December 1, 2020, the separation of Concentrix from SYNNEX Corporation was completed through a tax-free distribution of all of the issued and outstanding shares of Concentrix common stock to SYNNEX stockholders. As a result of the spin-off, Concentrix became an independent public company and Concentrix common stock commenced trading on the Nasdaq Stock Market ("Nasdaq") under the symbol "CNXC".

The Plan is subject to provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). A more complete description of the Plan's provisions is contained in Summary Plan Descriptions, copies of which are available from the Company.

Administrative Expenses

Administrative expenses consist primarily of fees paid to the Plan's third-party claims administrators and benefit providers.

Funding Policy

The Company uses two Voluntary Employee Benefit Association (VEBA) trusts (the Convergys Retirees Life Insurance Trust and the Convergys Corporation Health and Welfare Trust) to fund a portion of the benefit payments of the Plan. The remaining portion of benefit payments is made from the general assets of the Company. The amount of funding to the VEBA trusts is subject to Internal Revenue Service (IRS) regulations. The Plan utilizes U.S. Bank National Association as the trustee. The Concentrix CVG Corporation Compensation and Benefits committee is responsible for the general administration of the Plan.

Benefits

Payments for medical, dental and vision benefits are funded by the Plan for certain participants depending on their location. Claims for participants in other locations continue to be provided under group insurance contracts for which the Plan funds the premium payments.

Contributions

Contributions to the Plan consist of (1) Participant contributions based on the coverage the participant has elected under the Plan, and (2) amounts the Company pays to the Plan that are in excess of the participant-directed deductions. Pursuant to the plan document, the participant contribution amount is determined at the sole discretion of the Plan Sponsor. Generally, the Plan Sponsor sets the participant premium rates annually at a level to where the Company contribution is capped at an average maximum per participant.

The funding of postretirement benefit obligations is not covered by present contribution rates. The Company intends to fund the excess of benefit obligations over net assets through future contributions.

2. Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment Valuation

Investments consist of temporary cash investments in money market funds managed by U.S. Bank National Association (U.S. Bank). Temporary cash investments are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an

exit price). See Note 4 for further discussion and disclosures related to fair value measurements.

Purchases and sales of investments are recorded as of the trade date. Interest earned on investments is recorded on an accrual basis. Investment assets of the Plan are held in any of the two trusts described above.

Postretirement Benefit Obligations

The postretirement benefit obligation represents the actuarial present value of those estimated future benefits that are attributed by the terms of the Plan to employee service rendered to the date of the financial statements, reduced by the actuarial present value of contributions expected to be received in the future from current retirees of the Plan. Postretirement benefits include future benefits expected to be paid for currently retired or terminated employees and their beneficiaries and dependents.

The actuarial present value of the expected postretirement benefit obligation is determined by applying actuarial assumptions to historical claims-cost data to estimate future annual incurred claims-costs per participant and to adjust such estimates for the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as those for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

Health care cost-trend rates, and other significant assumptions used to measure the expected cost of benefits covered by the Plan, are as follows:

Discount Rate	5.07% as of December 31, 2025 5.44% as of December 31, 2024 5.07% for the Plan year ended December 31, 2025
Retirement	Various rates ranging from 2% at under age 55 to 100% at age 70
Mortality and disability	Pri-2012 Mortality Table with MP-2021 Mortality Improvement Scale with a near-term and long-term adjustment for COVID-19

Assumed health care cost-trend rates are capped for all participants.

The foregoing assumptions presume that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of the postretirement benefit obligation.

Payment of Claims and Premiums

Claim payments are recorded when paid by the claims administrator. Amounts due to the claims administrator for claims that have been paid but not yet reimbursed by the Plan are

recorded as claims payable in the accompanying statement of benefit obligations and net assets available for benefits.

Certain premiums and claims are paid from the general assets of the Company; however, all premiums and claims are recorded in the accompanying statement of changes in benefit obligations and net assets available for benefits, regardless of whether they were paid from plan assets or from the general assets of the Company.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in money market funds. Money market funds, like other investment securities, are exposed to various risks such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and such changes could materially affect the amounts reported in the statement of benefit obligations and net assets available for benefits.

The actuarial present value of benefit obligations is reported based on certain assumptions pertaining to interest rates, health care inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimation and assumption processes, it is at least reasonably possible that changes in these estimates and assumptions in the near term could materially affect the amounts reported and disclosed in the financial statements.

Accounting for Medicare Subsidy

The Plan's postretirement benefits obligation does not reflect an amount associated with the Medicare subsidy allowed under the Medicare Prescription Drug Improvement and Modernization Act of 2003, as the Plan is not directly entitled to the Medicare subsidy.

Claims Incurred but not Reported

Plan obligations as of December 31, 2025 and 2024, for incurred but not reported claims, are estimated by the Plan's third-party administrators and reviewed by the Company. These amounts are paid by the Plan only if claims are submitted and approved for payment.

Subsequent Events

Management has evaluated subsequent events for the Plan through October 13, 2026, the date the financial statements were available to be issued. Management is not aware of any

subsequent events that would require recognition or disclosure in the Plan's financial statements.

3. Investments

All investment information disclosed in the accompanying financial statements and supplemental schedules, including investments held as of December 31, 2025 and 2024 and interest income for the year ended December 31, 2025, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by U.S. Bank, the trustee of the Plan in accordance with Section 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

The Plan's independent auditor did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

4. Fair Value Measurements

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e., an exit price). The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1), and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1: Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.

Level 2: Inputs other than quoted prices in active markets for identical assets and liabilities that are observable, either directly or indirectly, for substantially the full term of the asset or liability. Level 2 inputs include the following:

- Quoted prices for similar assets and liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in markets that are not active
- Observable inputs other than quoted prices that are used in the valuation of the asset or liabilities (i.e., interest rate and yield curve quotes at commonly quoted intervals)
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

Level 3: Unobservable inputs for the asset or liability (i.e., supported by little or no market activity). Level 3 inputs include management's own assumptions about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There were no transfers of assets within levels of the fair value hierarchy in 2025 or 2024.

The assets held in the Plan are comprised entirely of money market funds. Interest-bearing money market funds have a carrying value that approximates fair value. There have been no changes in methodologies used at December 31, 2025. The Plan's investments in money market funds have been estimated using the net asset value per share of the fund as of December 31, 2025 and 2024, based on actively quoted market prices, and are classified in Level 1 of the fair value hierarchy.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuations methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value on a recurring basis:

	Assets at Fair Value as of December 31, 2025			
	Total	**Level 1**	**Level 2**	**Level 3**
Investments:				
Money market funds	$ 3,803,641	$ 3,803,641	$ —	$ —
Investments at fair value	$ 3,803,641	$ 3,803,641	$ —	$ —

	Assets at Fair Value as of December 31, 2024			
	Total	**Level 1**	**Level 2**	**Level 3**
Investments:				
Money market funds	$ 3,759,048	$ 3,759,048	$ —	$ —
Investments at fair value	$ 3,759,048	$ 3,759,048	$ —	$ —

5. Income Tax Status

The Convergys Retirees Life Insurance Trust and the Convergys Corporation Health and Welfare Trust funding the Plan have received an exemption letter from the IRS, dated June 19, 2002 and October 27, 1992, respectively, stating that the trusts are tax exempt under the provisions of Section 501(c)(9) of the Internal Revenue Code (the Code) as a VEBA. The Plan and trusts are required to operate in conformity with the Code to maintain the tax-exempt status of each VEBA trust. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes the related VEBA trusts are tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods pending. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2022.

6. Priorities Upon Termination of the Plan

It is the intent of the Company to continue the Plan indefinitely; however, the Company reserves the right to terminate the Plan at any time subject to the provisions of ERISA and the Internal Revenue Code. In the event the Plan terminates, the trustee shall apply the net assets to pay any and all obligations of the Plan in an order of priority determined in accordance with ERISA, applicable regulations, and the plan document.

7. Related-Party Transactions

The Plan's assets are invested in a fund managed by the trustee of the Plan. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transaction rules under ERISA.

8. Reconciliation to Form 5500

The following is a reconciliation of benefit obligations per the financial statements to benefit claims payable per Form 5500 for the years ended December 31, 2025 and 2024:

	December 31,	
	2025	2024
Total benefit obligations per the financial statements	$ 3,872,178	$ 3,724,664
Less: Postretirement benefit obligations	3,867,998	3,724,639
Benefit claims per Form 5500	$ 4,180	$ 25

Postretirement benefit obligations are not required to be reported on Form 5500.

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 for the years ended December 31, 2025 and 2024:

	December 31,	
	2025	2024
Net assets available for benefits per the financial statements	$ 3,803,641	$ 3,759,048
Less: Benefit claims payable and claims incurred but not reported	4,180	25
Net assets available for benefits per Form 5500	$ 3,799,461	$ 3,759,023

Claims payable are recorded as liabilities on Form 5500.

The following reconciles insurance premiums and claims paid for participants per the financial statements to Form 5500:

	2025
Insurance premiums and claims paid per the financial statements	$ 118,349
Add: Claims payable and claims incurred but not reported at December 31, 2025	4,180
Less: Claims payable and claims incurred but not reported at December 31, 2024	25
Insurance premiums and claims paid per Form 5500	$ 122,504

Changes in claims payable and claims incurred but not reported are classified as benefit payments on Form 5500.
