INDEPENDENT AUDITOR'S REPORT

Board of Trustees
Iowa Orthopaedic Center, P.C. 401(k) Profit Sharing Plan
Des Moines, Iowa

Opinion

We have audited the accompanying financial statements of Iowa Orthopaedic Center, P.C. 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Iowa Orthopaedic Center, P.C. 401(k) Profit Sharing Plan as of December 31, 2025 and 2024, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Iowa Orthopaedic Center, P.C. 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Iowa Orthopaedic Center, P.C. 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Iowa Orthopaedic Center, P.C. 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Iowa Orthopaedic Center, P.C. 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets held at end of year as of December 31, 2025, and the schedule of delinquent participant contributions for the year ended December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE 1 DESCRIPTION OF PLAN

The following description of Iowa Orthopaedic Center, P.C. 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Iowa Orthopaedic Center, P.C. (plan sponsor or employer) who are age twenty-one or older for elective deferrals. Employees who have completed one year of service and are age twenty-one or older are eligible to participate for purposes of the employer matching and discretionary profit sharing contributions, subject to entry dates as defined in the Plan agreement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may contribute a portion of their annual compensation, as defined in the Plan, on a pretax basis. Participants also have the option to contribute post-tax compensation through Roth 401(k) contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The employer contributes a matching contribution, for all non-highly compensated non-physician employees, 100% of first 3%, plus 50% of excess of 2%, but not in excess of 4% of compensation that a participant contributes to the Plan. The employer may contribute additional discretionary profit sharing contributions that are allocated based on a four-tier formula. The formula includes allocations based on excess compensation. Excess compensation is a participant's compensation in excess of the designated integration level. This integration level is 80% of the taxable wage base in effect as of the beginning of the plan year under Section 230 of the Social Security Act. The federal government annually adjusts the taxable wage base. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the employer's contributions and (b) Plan earnings or losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and employer's matching contributions plus actual earnings thereon. Vesting in the employer's discretionary profit sharing contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after six years of credited service.

Investment Options

Upon enrollment in the Plan, a participant may invest in funds held in variable annuity contracts and other investment products offered by the investment company of their choice. Participants may change their investment options daily.

Distribution of Benefits

On termination of service, a participant whose vested account balance exceeds $1,000 may elect to receive either a lump-sum amount equal to the value of the participant's vested account balance, or annual installments over specified times, not exceeding the life expectancy or joint life expectancy of the participant and/or the beneficiary. A participant whose vested account balance does not exceed $1,000 on termination date will receive his or her vested account balance as a lump-sum distribution.

NOTE 1 DESCRIPTION OF PLAN (continued)

Forfeited Accounts

The nonvested portion of a terminated participant's account balance will be forfeited and allocated to each active participant's account for the Plan year in which the forfeiture occurs. Forfeited nonvested amounts totaling $35,931 and $118,863 were allocated to participants' accounts at December 31, 2025 and 2024, respectively. There were no forfeited, unallocated accounts on December 31, 2025 and 2024.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan have been prepared in accordance with accounting principles generally accepted in the United States of America using the accrual method of accounting.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Management fees and operating expenses charged to the Plan for investments in variable annuity contracts are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Payment of Benefits

Benefit payments to participants are recorded upon distribution. There were no amounts allocated to accounts of persons who have elected to withdraw from the Plan but have not yet been paid at December 31, 2025 and 2024.

Uncertain Tax Positions

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) for an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. Plan management has evaluated their material tax positions and determined there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

NOTE 3 INVESTMENTS

The Plan's investments are held by various investment companies, summarized as follows:

	December 31	
	2025	2024
Investments at fair value		
Variable annuity contracts	$ 34,588,555	$ 31,291,989
Self-directed brokerage accounts	41,620,146	35,904,755
Total investments at fair value	$ 76,208,701	$ 67,196,744

NOTE 4 FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB Accounting Standards Codification (ASC) 820 are described as follows:

Level 1—Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets that the Plan has the ability to access.

Level 2—Inputs other than quoted prices included within Level 1 that are observable for the asset, either directly or indirectly, such as:

- quoted prices for similar assets in active markets;
- quoted prices for identical or similar assets in inactive markets;
- inputs other than quoted prices that are observable for the asset;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset.

Level 3—Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Self-directed brokerage accounts—Self-directed brokerage accounts consist of: (a) mutual funds, common and preferred stocks, exchange traded funds, and closed-end funds that are valued on the basis of readily determinable market prices; (b) corporate debt and municipal bonds valued based on quoted prices in inactive markets; (c) certain closed-end funds, unit trusts, and warrants valued based on the underlying investments comprising the funds; (d) hedge and other funds valued based on information provided by the fund advisor as reported to the Plan by the investment company; and (e) limited liability partnerships and a real estate investment fund valued based on the liquidity of the various partnerships and other capital balance information provided by the partnerships' and the real estate investment fund's capital management companies.

Variable annuity contracts—Variable annuity contracts invest primarily in domestic or international mutual funds. The net asset value (NAV) is used as a practical expedient to determine fair value for these contracts and is based on the market value of its underlying investments which represents the NAV of the units held by the Plan at the end of the year. The NAV is not a publicly-quoted price in an active market.

NOTE 4 FAIR VALUE MEASUREMENTS (continued)

The following tables set forth by level within the fair value hierarchy the Plan's investments at fair value as of December 31, 2025 and 2024. Classification within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

	Investments at Fair Value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Self-directed brokerage accounts	$ 41,135,295	$ –	$ 484,851	$ 41,620,146
Investments measured at net asset value (1)				34,588,555
Investments at fair value				$ 76,208,701

	Investments at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Self-directed brokerage accounts	$ 35,528,322	$ –	$ 376,433	$ 35,904,755
Investments measured at net asset value (1)				31,291,989
Investments at fair value				$ 67,196,744

(1) Certain investments that are measured at net asset value per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Transfers between Levels

For the years ended December 31, 2025 and 2024, there were no significant transfers between Levels 1 and 2 and no transfers in or out of Level 3.

Changes in Fair Value of Level 3 Assets and Related Gains and Losses

The following tables include a summary of changes in the fair value of the Plan's Level 3 investments for the years ended December 31, 2025 and 2024.

NOTE 4 FAIR VALUE MEASUREMENTS (continued)

Investments Measured Using the Net Asset Value per Share (or its equivalent) Practical Expedient

The following table summarizes investments measured at fair value based on net asset value per share (or its equivalent) practical expedient as of December 31, 2025 and 2024, respectively.

Instrument	Fair value at December 31 2025	Fair value at December 31 2024	Unfunded commitments	Redemption frequency (if currently eligible)	Redemption notice period
Variable annuity contracts	$ 34,588,555	$ 31,291,989	None	Daily	None

NOTE 5 PLAN TERMINATION

Although it has not expressed any intent to do so, the employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 6 TAX STATUS

The Plan uses a prototype plan document sponsored by PACO, Inc. (PACO). PACO received an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, which states that the prototype document satisfies the applicable provisions of the Internal Revenue Code (IRC). The Plan itself has not received a determination letter. Although the Plan has been amended since receiving the opinion letter, the prototype sponsor and the Plan's management believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

NOTE 7 ADMINISTRATION OF PLAN ASSETS

Certain administrative functions are performed by officers or employees of the plan sponsor. The amount of such expenses and cost of such services have not been determined. No such officer or employee receives compensation from the Plan. Other administrative expenses are paid directly by the plan sponsor and include audit fees.

NOTE 8 RISKS AND UNCERTAINTIES

Participants invest their account balances in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 9 RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain investments are managed by The Nationwide Financial Services, Inc. (Nationwide). Nationwide is the custodian of the non-brokerage account investments as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

Employees of the Plan's trustee and the Plan administrator participate in the Plan.

All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

NOTE 10 PROHIBITED TRANSACTIONS

During the year ended December 31, 2025, participant deferrals of $38,890 were not deposited within the timeframe required by the United States Department of Labor (DOL). The DOL considers late deposits to be prohibited transactions. These late deposits resulted in $105 of lost earnings during the year ended December 31, 2025. The Plan Sponsor remitted these late deposits to the Plan in November 2025. Lost earnings (funded by the Plan Sponsor) are in the process of being remitted to the Plan.

NOTE 11 SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 14, 2026, the date which the financial statements were available to be issued. There were no subsequent events which required accrual or disclosure.
