INDEPENDENT AUDITOR'S REPORT

Plan Administrator
Rhombus Power, Inc.

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit
We have performed audits of the financial statements of the Rhombus Power, Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the Financial Statements
In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(continued)

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

(continued)

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025 and Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

(continued)

INDEPENDENT AUDITOR'S REPORT (continued)

The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF PLAN AND SUMMARY OF ACCOUNTING POLICIES

The following description of the Rhombus Power, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan was adopted by Rhombus Power, Inc. (the "Company") on January 1, 2019. The Plan was most recently amended and restated effective February 21, 2022. The Plan is a defined contribution retirement plan of the profit-sharing type containing a cash or deferred arrangement described in Internal Revenue Code ("IRC") Section 401(k). All employees of the Company are eligible to participate in the Plan upon employment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and certain provisions of the IRC.

Basis of accounting – The accounting records of the Plan are maintained on the accrual basis in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Administration – The Company is the Plan Administrator and controls the operation and administration of the Plan. The Company also utilizes the services of an independent third party administrator and independent investment advisor to determine the investment options available to Participants and to monitor the performance of those investments. Matrix Trust Company ("Matrix") is the Plan's investment custodian and trustee.

Participant contributions – Each year, participants may contribute a portion of pretax annual compensation, as defined in the Plan, up to the maximum allowed by law. Participants may also elect to make Roth contributions utilizing after-tax contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans.

Employer contributions – The Plan provides for a discretionary employer matching contribution. Under the terms of the Plan, the Company may make matching contributions as a uniform percentage of matched employee contributions. These contributions are fully vested when made. For the year ended December 31, 2025, the Company made matching contributions totaling $1,129,176.

As of December 31, 2025, the Plan recorded an employer contribution receivable of $428,364 representing a corrective QNEC of $196,565 and matching contributions of $231,799 attributable to affected compensation and deferral periods through December 31, 2025.

Participant accounts – A separate account is maintained for each participant. Each participant's account is credited with the participant's voluntary contributions, employer contributions and an allocation of Plan earnings, less withdrawals, distributions and administrative expenses, if any. Participants direct the investment of their contributions into the various investment options offered by the Plan. Investment income allocations are made

daily based on participant account balances. The benefit to which a participant is entitled is limited to the benefit that may be provided from the participant's vested account balance.

Vesting – Participants are immediately vested in both their voluntary contributions and any employer contributions, including all related earnings. There is no vesting schedule, and all account balances are non-forfeitable from the time of contribution.

Forfeited accounts – The Plan provides for immediate vesting of all contributions; therefore, no forfeitures were available or applied to reduce employer contributions or pay Plan administrative expenses for the year ended December 31, 2025.

Notes receivable from participants – The Plan provides a provision that allows a participant to borrow up to the lesser of $50,000 or 50% of their vested account balance subject to a minimum of $1,000. Participants may have one outstanding loan at a time. Such loans shall bear interest at commercially reasonable rates, which are generally equivalent to available market financing rates. The specific terms and conditions of such loans will be established by the Plan Administrator. The loans are secured by the participant's vested account balance. Principal and interest are paid ratably through payroll deductions. Notes receivable from participants are stated at their unpaid principal balances plus any accrued but unpaid interest. Delinquent notes receivable from participants are reported as distributions upon the occurrence of a distributable event, based on the terms of the Plan Agreement.

Investments – Investments of the Plan are held by the Plan's custodian and are invested in mutual funds and money market funds based solely upon instructions from participants. Mutual funds, including money market funds, are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds and money market funds held by the Plan are deemed to be actively traded and are valued at fair value as of the last day of the Plan year, as measured by quoted market prices on an established exchange.

Investment income – Realized gains or losses on investment transactions are recorded as the difference between the proceeds received and the fair value of the investment at the beginning of the Plan year, or cost of investments acquired during the Plan year. Net appreciation (depreciation) in fair value of investments consists of realized gains and losses and unrealized appreciation and depreciation on investments and is included in the statement of changes in net assets in the period in which the market change occurs. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date.

Payment of benefits – Benefits are recorded when paid. Participant account balances can be distributed prior to termination or retirement age for hardship claims, death or disability as defined in the Plan agreement. On termination or service due to death, disability or retirement, a participant will receive an amount equal to the value of the vested interest in their account. For termination of service due to other reasons, a participant may also receive the value of the

vested interest in their account as a lump sum distribution. On termination of service for account balances less than $5,000, a lump-sum distribution may be made at the employer's discretion. For account balances, greater than $5,000, written consent by the employee is required before distributions can be made.

The normal retirement age under the Plan is age 65. Participants who have reached age 59 ½ may take an in-service distribution subject to Plan provisions.

Administrative expenses – All reasonable expenses of administering the Plan may be paid out of the Plan assets or directly by the Company. Certain Plan expenses were paid by the Plan for the year ended December 31, 2025.

Use of estimates – The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Subsequent events – The Plan's management evaluates events or transactions occurring after the date of the statement of net assets available for plan benefits but before the financial statements are available to be issued for potential recognition or disclosure. The financial statements include all subsequent events considered necessary for a fair presentation. Events or transactions occurring subsequent to year end through the date the financial statements were available to be issued, October 12, 2026, have been evaluated in the preparation of the accompanying financial statements.

2. INCOME TAX STATUS

The Internal Revenue Service has determined and informed the Company in writing by a letter dated June 30, 2020 that the Plan and related trust are designed in accordance with the applicable sections of the IRC. The Plan has been restated and amended since receiving the determination letter. However, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

3. INVESTMENTS

The Plan's investments are valued at fair value in accordance with GAAP, which establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used should maximize the use of observable inputs and minimize the use of unobservable inputs.

The following table sets forth the Plan's assets at fair value as of December 31:

	2025	2024
Mutual funds – Level 1	$ 11,924,545	$ 8,056,251
Money market funds – Level 1	323,396	215,656
Total investments, at fair value	$ 12,247,941	$ 8,271,907

4. INFORMATION CERTIFIED BY THE CUSTODIAN AND TRUSTEE

In accordance with 29 CFR 2520.103-8 of the U.S. Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, Matrix certified the information presented below that was used in the preparation of the accompanying financial statements and ERISA-required supplemental schedules. The following information was obtained by management and agreed to or derived from information certified as complete and accurate and was not audited by independent certified accountants as of December 31:

	2025	2024
Investments, at fair value	$ 12,247,941	$ 8,271,907
Non-interest bearing cash	$ 55,266	$ 133,792
Investment income:		
Net appreciation in fair value of investments	$ 1,484,706	
Interest and dividend income	$ 249,730	

5. PRIORITIES ON TERMINATION

The Company has established the Plan with the intention and expectation that the Plan will continue indefinitely. However, the Company reserves the right at any time to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, distributions will be made to participants in accordance with the Plan agreement.

6. PARTY-IN-INTEREST TRANSACTIONS

During 2025, the Plan Sponsor did not remit participant salary deferral contributions totaling $260 to the Plan in a timely manner. The Plan Sponsor intends to correct the delinquent employee salary deferral contributions by remitting lost earnings to the accounts of the affected participants during 2026.

For the year ended December 31, 2025, fees paid by the Plan for recordkeeping services are included in administrative expenses and totaled $44,790. These transactions, in addition to notes receivable from participants, qualified as party-in interest transactions.

7. RISKS AND UNCERTAINTIES

The Plan provides for various investment options in any combination of mutual funds and money market funds offered by the Plan. Investment securities are exposed to various risks, such as interest rate, market fluctuations and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.
