# INDEPENDENT AUDITORS' REPORT

To the Plan Sponsor and Management of the
Sabel Steel Service, Inc. Money Purchase Plan

## Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Sabel Steel Service, Inc. Money Purchase Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

## Opinion on the Financial Statements

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**Basis for Opinion**
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

**Responsibilities of Management for the Financial Statements**
Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

**Auditors' Responsibilities for the Audit of the Financial Statements**
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

**Supplemental Schedules Required by ERISA**

The supplemental Schedule H, Line 4a – Schedule of Delinquent Participant Contributions, Schedule H, Line 4i –Schedule of Assets (Held at End of Year), and Schedule H, Line 4j – Schedule of Reportable Transactions for the year ended December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including the form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## 1. DESCRIPTION OF THE PLAN

The following description of the Sabel Steel Service, Inc. (the Company or the Employer) Money Purchase Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

### General

The Plan is a defined contribution plan covering all hourly employees of the Company who are not covered under any qualified profit sharing or pension plan to which the Company contributes. Employees are eligible for membership in the Plan when they have attained age 18 and have three months of eligible service. The Plan is subject to certain provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

### Contributions

Employees may voluntarily elect to contribute to the Plan but are not required to do so to participate. Participants direct the investment of their contributions into various investment options offered by the Plan. The Employer contributes a negotiated rate per hour of service worked by the eligible participant. Effective July 1, 2017, the negotiated rate per hour for the Employer contribution increased to 80 cents. A covered employee may contribute up to a like amount per hour to the Plan. A covered employee may also contribute up to an additional 20 cents per hour and the Company will match such amount.

### Participant Accounts

Employee accounts are maintained for each participant. Each participant's account is credited with the participant's contribution, employer contribution, and an allocation of expenses and investment income as of each valuation date.

### Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Participants' rights to amounts contributed to the Plan by the Company vest after three years of service. The Plan also provides that participants become 100% vested when they reach age 65, or in the event of death, total disability, or upon termination of the Plan. If a participant's employment is terminated before the participant has completed three years of service, the account balance applicable to employer contributions is forfeited.

### Payment of Benefits

Employees may withdraw any part of their voluntary contributions. Such a withdrawal, however, is limited to once in any twelve-month period. Effective January 1, 2025, vested employer contributions within employees' accounts may not be distributed before age 65, except in the case of death, disability, separation from employment of the Company, or early retirement for participants who attain age 55 and have participated for at least six years. Distributions can be made in one lump sum or on an installment basis.

**Forfeitures**
Forfeited nonvested amounts may be used to reduce Company contributions to the Plan. Forfeited nonvested accounts totaled $2,099 and $25 for years ended December 31, 2025 and 2024, respectively. During 2025, forfeited nonvested accounts of $83,800 were used to reduce the Company contribution.

## 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

**Basis of Presentation**
The financial statements of the Plan are prepared on the accrual basis of accounting.

**Use of Estimates in the Preparation of Financial Statements**
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

**Investment Valuation and Income Recognition**
The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurement.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

**Payment of Benefits**
Benefits are recorded when paid.

**Administrative Expenses**
Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Administration fees are charged directly to the participants' account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

**Subsequent Events**
The Plan has evaluated subsequent events through October 6, 2026, the date the financial statements were available to be issued.

## 3. CERTIFIED INFORMATION

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments at December 31, 2025 and 2024 and net appreciation in fair value of investments and interest for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by Principal Life Insurance Company, the trustee.

## 4. FAIR VALUE MEASUREMENT

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurement,* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1. Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2. Inputs to the valuation methodology include —

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs which are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3. Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

*Guaranteed interest account:* Fair value represents contract value adjusted to reflect current market interest rates and is the amount Plan participants or sponsors would receive currently if they were to withdraw or transfer funds within the Plan prior to their maturity for an event other than death, disability, termination or retirement.

*Pooled separate accounts:* Valued at the Net Asset Value (NAV) of shares held by the Plan at year-end. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in the methodologies used at December 31, 2025 and 2024.

The following tables set forth by level, within fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024.

| | Assets at Fair Value as of December 31, 2025 | | | |
|---|---|---|---|---|
| | Level 1 | Level 2 | Level 3 | Total |
| Investments, at fair value: | | | | |
| Guaranteed interest accounts | $ - | $ - | $ 2,003,174 | $ 2,003,174 |
| Investments measured at NAV: | | | | |
| Pooled separate accounts[(a)] | | | | 430,414 |
| Total investments at fair value | | | | $ 2,433,588 |

| | Assets at Fair Value as of December 31, 2024 | | | |
|---|---|---|---|---|
| | Level 1 | Level 2 | Level 3 | Total |
| Investments, at fair value: | | | | |
| Guaranteed interest accounts | $ - | $ - | $ 1,955,842 | $ 1,955,842 |
| Investments measured at NAV: | | | | |
| Pooled separate accounts[(a)] | | | | 387,643 |
| Total investments at fair value | | | | $ 2,343,485 |

(a) In accordance with ASC Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following tables summarize investments measured at fair value based on NAV per share as of December 31, 2025 and 2024, respectively:

| December 31, 2025 | Fair Value | Unfunded Commitments | Redemption Frequency (If currently eligible) | Redemption Notice Period |
|---|---|---|---|---|
| Pooled separate accounts | $ 430,414 | N/A | Daily | N/A |

| December 31, 2024 | Fair Value | Unfunded Commitments | Redemption Frequency (If currently eligible) | Redemption Notice Period |
|---|---|---|---|---|
| Pooled separate accounts | $ 387,643 | N/A | Daily | N/A |

The following table sets forth a summary of changes in the fair value of the Plan's level 3 assets for the year ended December 31, 2025:

| | Guaranteed Interest Accounts |
|---|---|
| Balance, beginning of year | $ 1,955,842 |
| Interest credited | 66,172 |
| Administrative expenses | (18,668) |
| Purchases | 455,951 |
| Sales | (456,123) |
| Balance, end of year | $ 2,003,174 |

The following tables represent the Plan's level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the ranges of values for those inputs:

| December 31, 2025 | Fair Value | Principal Valuation Technique | Unobservable Inputs | Range of Significant Input Values |
|---|---|---|---|---|
| Guaranteed Interest Accounts | $ 2,003,174 | Market Value Adjustment | Composite Guaranteed Rate | 0.17% - 4.37% |
| | | | Current Rate | 3.98% - 4.14% |

| December 31, 2024 | Fair Value | Principal Valuation Technique | Unobservable Inputs | Range of Significant Input Values |
|---|---|---|---|---|
| Guaranteed Interest Accounts | $ 1,955,842 | Market Value Adjustment | Composite Guaranteed Rate | 0.17% - 4.36% |
| | | | Current Rate | 4.65% - 4.86% |

## 5. RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are guaranteed interest accounts and units of pooled separate accounts managed by Principal Life Insurance Company. Principal Life Insurance Company is the trustee (see Note 3), as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct payment. For the year ended December 31, 2025, the Plan made a direct payment to the third party administrator of $24,847, which was not covered by revenue sharing. The Company pays directly any other fees related to the Plan's operations.

## 6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

## 7. TAX STATUS

The Plan has adopted a nonstandardized pre-approved money purchase pension plan sponsored by a prototype plan provider. The Internal Revenue Service (IRS) issued an opinion letter dated June 30, 2020, stating that the form of the prototype plan satisfies the applicable requirements of Section 401(a) of the Internal Revenue Code (IRC). The Plan has been amended since the issuance of the IRS opinion letter. The Plan Administrator believes that these amendments are consistent with the provisions of the prototype plan and applicable requirements of the IRC and that the Plan is currently designed and operated in compliance with the IRC. Accordingly, the Plan Administrator believes that the Plan is qualified under Section 401(a) of the IRC, and the related trust, is exempt from federal income taxes under Section 501(a) of the IRC.

Accounting principles generally accepted in the United States of America requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and concluded that, as of December 31, 2025 and 2024, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

## 8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

## 9. MINIMUM FUNDING REQUIREMENTS

The Plan has met the minimum funding requirements.

## 10. TERMINATING PARTICIPANTS

Net assets available for benefits as of December 31, 2025 and 2024 include amounts allocated to accounts of participants who have elected to withdraw from the Plan but have not been paid. These amounts were $185,676 and $130,995 as of December 31, 2025 and 2024, respectively.

## 11. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for Plan benefits per the financial statements at December 31, 2025 to the Form 5500.

| | 2025 | 2024 |
|---|---|---|
| Net assets available for benefits per the financial statements | $ 2,454,620 | $ 2,365,690 |
| Miscellaneous variance | - | 1 |
| Net assets available for benefits per the Form 5500 | $ 2,454,620 | $ 2,365,691 |

The following is a reconciliation of net increase per the financial statements for the year ended December 31, 2025, to net income per the Form 5500:

| | | |
|---|---|---|
| Net increase in net assets available for benefits per the financial statements | $ | 88,930 |
| Change in miscellaneous variance | | (1) |
| Net income per Form 5500 | $ | 88,929 |
