INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of
Fruhauf Uniforms, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Fruhauf Uniforms, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Fruhauf Uniforms, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis of Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Fruhauf Uniforms, Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis of our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Fruhauf Uniforms, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks.

Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Fruhauf Uniforms, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Fruhauf Uniforms, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and other certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets held at end of year is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

The following description of the Fruhauf Uniforms, Inc. (Company) 401(k) Plan (Plan) provides only general information. Participants should refer to the Plan prototype plan and adoption agreement for a more complete description of the Plan's provisions.

a. General

The Plan is a defined contribution plan covering employees of the Company who are age twenty-one or older and have one year of service consisting of a minimum of 1,000 hours. Leased employees, employees covered under collective bargaining agreements and non-resident alien employees who do not have income form U.S. sources are not eligible to participate in the Plan.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The board of trustees oversees governance of the Plan. The Plan's Administrative Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Board of Trustees.

b. Contributions

Participants may contribute a percentage of their compensation to the Plan, not to exceed the federal limits. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Company will make a matching contribution equal to 25% of the participants' contributions up to 4%, for a maximum employer contribution of 1%. The Company may make an additional profit-sharing contribution at its own discretion. Participants direct the investment of both participant and employer contributions. Contributions are subject to certain statutory limitations.

The Plan also permits rollover contributions from plans of eligible employees who have not yet satisfied certain age and eligibility service requirements.

c. Participant Accounts

Each participant's account is credited with the participant's contribution and allocation of the Company's matching contributions, Plan earnings, and administrative fees. Forfeitures in excess of administrative expenses can be allocated to participants' accounts in lieu of Company contributions. Allocations are based on participant earnings or account balances, as defined. The participant is entitled to a benefit equal to his or her vested account balance.

Participants may choose from various funds, as listed in the financial statements, in which to invest their accounts. Participants may change their investment options at any time throughout the year via direct phone access or the Plan's third-party administrator.

d. Investment Elections

The participant contributions and the Company matching contributions are allocated to the various investment options offered by the Plan as directed by participants. The Plan currently offers registered investment accounts (mutual funds) and guaranteed investment accounts, principally run by Nationwide Trust Company, as investment options for participants.

1. Description of Plan (continued)

e. Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of continuous service, as follows:

Years of Vesting Service	Vesting Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

f. Notes Receivable from Participants

Loans to participants are not permitted.

g. Payment of Benefits

On termination of service, a participant may elect to receive either a lump sum equal to the value of the participant's vested interest in his or her account, or in various installment payments in the year following termination. Vested account balances of $1,000 or less will be distributed in a lump sum without the consent of the participant. Additionally, participants will begin receiving distributions from their accounts upon the attainment of age 70 ½ (or later depending on birthdate) or termination of employment, whichever is later.

h. In-Service Withdrawals

Participants may make withdrawals of any or all of their vested account balances upon attainment of age 59 ½ or normal retirement age.

i. Forfeited Accounts

Forfeitures of non-vested employer contributions are used to reduce future employe contributions. As of December 31, 2025 and 2024, forfeited nonvested accounts available for future use were $-0-. During the year ended December 31, 2025, forfeitures of $-0- were used to reduce employer contributions.

2. Summary of Accounting Policies

a. Basis of Accounting

The financial statements of the Plan are prepared on the accrual method of accounting in accordance with U.S. generally accepted accounting principles.

b. Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

2. Summary of Accounting Policies (continued)

c. Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Administrative Committee determines the Plan's valuation policy. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

d. Benefits

Benefits are recorded when paid.

e. Plan Administrative Expenses

Officers or employees of the Company perform certain administrative functions. No such officer or employee receives compensation from the Plan.

3. Fair Value Measurements

FASB ASC 820 establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 inputs to the valuation methodology include the following:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 inputs to the valuation methodology are unobservable and significant to the fair value measurement.

3. Fair Value Measurements (continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Registered investment companies (mutual funds) are categorized as level 1. Fair value is based on quoted net asset values of the shares as reported by the fund. The mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded. The fair values of common stocks are based on the closing price reported on the active market where the individual securities are traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2025 and 2024:

Fair Value Measurements as of December 31, 2025

	Level 1	Level 2	Level 3	Total Fair Value
Registered investment companies	$ 5,505,672	-	-	$ 5,505,672
Guaranteed investments	-	-	593,928	593,928
	$ 5,505,672	-	593,928	$ 6,099,600

Fair Value Measurements as of December 31, 2024

	Level 1	Level 2	Level 3	Total Fair Value
Registered investment companies	$ 5,051,835	-	-	$ 5,051,835
Guaranteed investments	-	-	584,437	584,437
	$ 5,051,835	-	584,437	$ 5,636,272

3. Fair Value Measurements (continued)

The following table presents summaries of changes in the fair value of the Plan's level 3 investments:

	Guaranteed Investment Accounts
Balance, January 1, 2025	$ 584,437
Interest	10,368
Dividends	16
Contributions	43,431
Distributions	(49,289)
Administration fees	(1,705)
Unrealized gain	6,670
Balance, December 31, 2025	$ 593,928

4. Investment Information Prepared and Certified by Custodian

The Plan has entered into a contract with Nationwide Life Insurance Company for the investment of funds and the payment of benefits provided by the Plan. The Plan offers investments in various registered investment companies which are maintained and administered by Nationwide Trust Company. Participants elect the funds to which their contributions are allocated.

Plan management has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rule and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2025 and 2024, the supplemental Schedule H, Line 4i – Schedule of Assets (held at end of year) as of December 31, 2025, and the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2025.

5. Guaranteed Investment Contracts with Insurance Company

The Plan entered into traditional guaranteed investment contracts with Nationwide Life Insurance Company. Nationwide Life Insurance Company maintains the contributions in its general account and is credited on a daily basis. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 0.5%. In 2025, guaranteed interest income was $10,368.

Since the investment contracts are not fully benefit responsive, they are reported at fair value of $593,928 and $584,437 as of December 31, 2025 and 2024, respectively. The Form 5500 reports the contracts at contract value, which was $667,710 and $664,889 as of December 31, 2025 and 2024, respectively.

6. Related Party Transactions

Certain Plan investments are shares of registered investment companies managed by Nationwide Trust Company and guaranteed investment accounts managed by Nationwide Life Insurance Company. Nationwide is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to Nationwide for recordkeeping services were $14,241 for the year ended December 31, 2025.

DeMars Pension Consulting Service, Inc. (DeMars) is the third party administrator. Fees paid by the Company to DeMars for investment management services amounted to $12,822 for the year ended December 31, 2025.

All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

8. Tax Status

The Plan has received a favorable determination letter from the Internal Revenue Service stating that the Plan is qualified under the applicable provisions of the Internal Revenue Code and, therefore, the related trust is exempt from federal income taxes. Management believes the Plan is designed and operated in compliance with the applicable requirements of the Internal Revenue Code.

Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that will more likely than not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

9. ERISA §103(a)(3)(C) Certification

Management has elected the ERISA §103(a)(3)(C) audit option. Certain information included in the accompanying financial statements and ERISA-required supplemental schedules relating to investments as of December 31, 2025, and investment income, net appreciation or depreciation in fair value of investments, and interest income on notes receivable for the year then ended, was obtained from information certified as complete and accurate by Nationwide Trust Company.

10. Concentration of Credit Risk

At December 31, 2025, all of the Plan's investments in registered investment companies and guaranteed investment accounts were held by one financial institution. There are no risks arising from receivables.

12. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

13. Subsequent Events

The Plan Administrator has evaluated events through October 14, 2026 the date the financial statements were available to be issued and determined that there have been no events that have occurred that would require adjustment or disclosure.
