INDEPENDENT AUDITORS' REPORT

Plan Administrator
Retirement Plan for Employees of Polar Ware Company
Sheboygan, Wisconsin

Report on the Audit of the Financial Statements

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Retirement Plan for Employees of Polar Ware Company (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024 and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Retirement Plan for Employees of Polar Ware Company's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2025 and 2024 stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

CLA (CliftonLarsonAllen LLP) is an independent network member of CLA Global. See CLAglobal.com/disclaimer.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Retirement Plan for Employees of Polar Ware Company and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Retirement Plan for Employees of Polar Ware Company's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Retirement Plan for Employees of Polar Ware Company's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Retirement Plan for Employees of Polar Ware Company's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter — Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) and schedule of reportable transactions as of and for the year ended December 31, 2025, respectively, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 DESCRIPTION OF THE PLAN

The following description of Retirement Plan for Employees of Polar Ware Company (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined benefit pension plan originally effective August 1, 1955. The Plan was amended and restated throughout the years to comply with tax legislation. The Plan Committee is responsible for the oversight of the Plan, determines the appropriateness of the Plan's investment offerings, and monitors investment performance.

The Plan covers certain union employees of The Vollrath Company, L.L.C. (the Company) belonging to the International Union United Automobile, Aerospace and Agricultural Implement Workers of America, UAW, Local #108. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Pension Benefits

Effective December 31, 2003, the Plan was frozen, providing that there be no further accumulation of benefits, except in the case of certain employees who were age 50 or older on December 31, 2003. Benefits for those employees continued to accumulate until December 31, 2007.

Participants with five or more years of vesting service, upon attaining retirement age of 65, may receive normal retirement benefits determined in accordance with Plan provisions in effect at the date of retirement. The Plan provides for early retirement at age 55 with reduced benefit levels.

Prior to the Plan freeze, participants earned a year of vesting service for each year they worked at least 1,000 hours. Participants earned a year of credited service for each year they worked at least 1,800 hours. Participants working less than 1,800 hours were credited with less than one year of service at fractional intervals down to 180 hours after which no benefit service was earned.

Benefits under provisions of the Plan are based on a participant's number of years of credited service multiplied by a monthly benefit factor, which is based on the date of retirement or termination as scheduled in the Plan documents. The normal form of payment is a joint and survivor or single-life annuity, depending on the marital status of the participant.

The monthly benefit multiplier is $20.00 per year of service at both December 31, 2025 and 2024.

NOTE 1 DESCRIPTION OF THE PLAN (CONTINUED)

Death and Disability Benefits

If a participant dies who was eligible to retire early or has rendered 10 or more years of service, a death benefit equal to the value of the employee's accumulated pension benefits, multiplied by 55% (and further reduced based on spouse age and other factors), is paid to the employee's spouse. If a participant does not meet the factors above, the employees spouse receives the same payment as would have been paid under a 50% qualified joint and survivor annuity. If a participant is not married, generally no death benefits are paid.

If an active employee, who has rendered ten or more years of vesting service becomes permanently and totally disabled, they will be eligible to receive disability benefits that are equal to the normal retirement benefits accumulated, as of the time they become disabled.

Funding Policy

The Plan's funding policy is for the Company to contribute an amount which will meet or exceed the annual ERISA minimum funding requirement. The Company's contributions for 2025 and 2024 met or exceeded the minimum funding requirements of ERISA.

NOTE 2 SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, disclosure of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and trustee. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Investment income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE 2 SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

The Plan's expenses are paid by either the Plan or the Company as provided by the Plan document. Expenses that are paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statements of changes in net assets available for benefits. In addition, certain investment related expenses are included in net appreciation in fair value of investments presented in the accompanying statements of changes in net assets available for benefits.

Subsequent Events

The Plan has evaluated subsequent events through October 8, 2026, the date the financial statements were available to be issued.

NOTE 3 ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS

Accumulated plan benefits are those future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to:

a) retired or terminated employees or their beneficiaries,
b) beneficiaries of employees who have died, and
c) present employees or their beneficiaries.

Benefits payable under all circumstances – retirement, death, and termination of employment – are included, to the extent they are deemed attributable to employee service rendered to the valuation date. Benefits to be provided through annuity contracts are excluded from plan assets and are also excluded from accumulated plan benefits. The actuarial present value of accumulated plan benefits is determined by an independent actuary and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment.

The significant actuarial assumptions used in the valuation as of December 31, 2024 were:

a. Life expectancy of participants based on Pri-2012 Mortality tables, with blue collar adjustments and generational projection of mortality improvements (Scale MP 2021)
b. Retirement age assumptions based on historical experience (normal retirement age of 65).
c. Investment return of 7.25%

NOTE 3 ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS (CONTINUED)

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. If the Plan were to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

The computation of the actuarial present value of accumulated plan benefits was made as of January 1, 2025. Had the valuation been performed as of December 31, 2024, there would be no material differences.

The following is a summary of actuarial present value of accumulated plan benefits as of December 31, 2024:

Actuarial Present Value of Accumulated Plan Benefits:	
Vested Benefits:	
Active Participants	$ 176,326
Participants and Beneficiaries Currently Receiving Benefits	1,473,341
Other Participants	246,850
Total Vested Benefits	1,896,517
Nonvested Benefits	3,624
Total Actuarial Present Value of Accumulated Plan Benefits	$ 1,900,141

The changes in the actuarial present value of accumulated plan benefits are summarized as follows for the year ended December 31, 2024:

Actuarial Present Value of Accumulated Plan Benefits - Beginning of Year	$ 2,069,679
Increase (Decrease) During the Year Attributable to:	
Benefits Accumulated	(118,635)
Interest Accumulated	143,022
Benefits Paid	(193,925)
Actuarial Present Value of Accumulated Plan Benefits - End of Year	$ 1,900,141

NOTE 4 CERTIFICATION OF INVESTMENT INFORMATION

Old National Wealth Management, the qualified institution of the Plan, has supplied the Plan administrator with a certification as to the completeness and accuracy of investments as of December 31, 2025 and 2024, and investment income for the years then ended, in the accompanying financial statements and ERISA-required supplemental schedules.

NOTE 5 FAIR VALUE OF INVESTMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2025 and 2024.

Money Market and Mutual Funds: Valued at the daily closing price as reported by the fund. Funds held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The funds held by the Plan are deemed to be actively traded.

NOTE 5 FAIR VALUE OF INVESTMENTS (CONTINUED)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2025			
	Level 1	Level 2	Level 3	Total
Money Market Fund	$ 17,040	$ -	$ -	$ 17,040
Mutual Funds	4,184,773	-	-	4,184,773
Total Investments in the Fair Value Hierarchy	$ 4,201,813	$ -	$ -	$ 4,201,813

	2024			
	Level 1	Level 2	Level 3	Total
Money Market Fund	$ 19,980	$ -	$ -	$ 19,980
Mutual Funds	3,836,831	-	-	3,836,831
Total Investments in the Fair Value Hierarchy	$ 3,856,811	$ -	$ -	$ 3,856,811

NOTE 6 PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA.

In the event the Plan terminates, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

1. Annuity benefits that former employees or their beneficiaries have been receiving for at least three years, or that employees eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of annuity under the Plan. The priority amount is limited to the lowest benefit that was payable (or would have been payable) during those three years. The amount is further limited to the lowest benefit that would be payable under Plan provisions in effect at any time during the five years preceding plan termination.
2. Other vested benefits insured by the Pension Benefit Guaranty Corporation (PBGC) (a U.S. governmental agency) up to the applicable limitations.
3. All other vested benefits (that is, vested benefits not insured by the PBGC).
4. All nonvested benefits.

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination.

NOTE 6 PLAN TERMINATION (CONTINUED)

Whether all participants receive the benefits should the Plan be terminated at some future time, will depend on the sufficiency, at that time, of the Plan's net assets to provide these benefits, the priority of those benefits to be paid, and the level and type of benefits guaranteed by the PBGC at that time. Some benefits may be fully or partially provided for by the existing assets and the PBGC guaranty, while other benefits may not be provided for at all. In the event of termination of the Plan, participants' benefits shall be deemed to have been funded in the order of priorities set forth in Section 4044 of ERISA.

NOTE 7 PLAN TAX STATUS

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated July 20, 2012, that the Plan is designed in accordance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

NOTE 9 PARTY-IN-INTEREST TRANSACTIONS

Old National Wealth Management (Old National) is the trustee as defined by the Plan, and therefore, administrative expenses paid to Old National qualify as party-in-interest transactions. Administrative expenses paid by the Plan to Old National amounted to $6,224 and $6,246 for the years ended December 31, 2025 and 2024, respectively.

In addition, the Plan uses Alpha Investment Consulting Group, LLC (Alpha) for general investment consulting for the Plan, and these transactions qualify as party-in-interest transactions. Consulting fees paid by the Plan to Alpha amounted to $874 and $849 for the years ended December 31, 2025 and 2024, respectively.

The above fees are included in administrative expenses on the statements of changes in net assets available for benefits. These transactions qualify as party-in-interest transactions and are exempt from the prohibited transaction rules of ERISA.

Statement of Actuarial Assumptions

Valuation date	January 1, 2025.
Valuation interest rates	ARPA adjusted 24-month average segment rates of 5.07%, 5.31%, and 5.50%, the applicable rates for September 2024 (4-month lookback), per IRS Notice 2024-67.
Mortality	The 2025 optional Combined Static Mortality Table for males and females for small plans, per IRS Notice 2024-42.
Turnover	Illustrative rates are as follows: Age 40: 4.2% Age 45: 5.4% Age 50: 0.0%
Retirement age	All employees are assumed to retire at age 65.
Disability incidence	1952 Disability Study of the Society of Actuaries, Period 2, Benefit 5 rates. Illustrative rates are as follows: Age 35: 0.090%; Age 40: 0.115%; Age 45: 0.155% Age 50: 0.243%; Age 55: 0.498%; Age 60: 0.900%
Expenses	$10,000 per year.
Form of payment	For terminations from active employment, all participants are assumed to elect a deferred single life annuity (age 65). For retirements from active employment, all participants are assumed to elect an immediate single life annuity. Employees already terminated as of the valuation date are assumed to receive a single life annuity at age 65.
Marital status	85% of participants are assumed to be married, with female spouses assumed to be 1 year younger than male spouses.
Changes from prior valuation	The valuation interest rates changed from segment rates of 4.75%, 4.87%, and 5.59% to rates of 5.07%, 5.31%, and 5.50%. The mortality assumption was updated from the Combined Static Mortality Tables applicable for 2024 for small plans to the Combined Static Mortality Tables applicable for 2025 for small plans.

Actuarial Methods for IRS Funding Purposes

1. Actuarial Cost Method

   The actuarial cost method for funding calculations is the Unit Credit method. Under this method the funding target liability is calculated as the actuarial present value of accrued benefits as of the valuation date. The funding target normal cost is the actuarial present value of the benefits to be earned during the valuation year, plus expected expenses.

2. Asset Valuation Method

   The actuarial value of assets is equal to the market value of assets, including receivable contributions discounted with interest as appropriate.

3. Changes From Prior Valuation

   None.

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

All employees are assumed to retire at age 65.

Summary of Plan Provisions

Eligibility

Union employees age 21 with one year of Service.

No new participants may enter the plan after December 31, 2003.

Eligibility for Retirement Benefits

Normal Retirement	Age 65.
Early Retirement	Age 55 and 5 years of vesting service.
Termination of employment prior to retirement (vesting).	Five years of vesting service.
Disability retirement	Ten years of vesting service.

Amount of Benefits

Normal retirement

The standard normal retirement benefit is a monthly pension payable for life equal to a dollar rate times years of benefit service.

For retirement on or after August 1, 1996, the standard retirement benefit is a monthly pension payable for life equal to a dollar rate times years of service, based on the date of termination in accordance with the following table:

Date of Termination	Dollar Rate
08/01/1996 – 08/19/1998	$17.00
08/20/1998 – 08/19/1999	$18.00
08/20/1999 – 08/19/2001	$19.00
On or after 08/20/2001	$20.00

Early retirement

The accrued benefit as of the early retirement date shall be payable commencing at normal retirement. However, a participant may elect to have the benefits commence prior to normal retirement in a reduced monthly amount determined by applying a reduction of ½% for each month (i.e., 6% per year) by which the commencement date precedes the normal retirement date.

Amount of Benefits (continued)

Vesting upon termination of employment prior to retirement

Accrued normal retirement benefit based upon benefit service as of the severance date, multiplied by the vested percentage. The vested percentage is based on the following table:

Service	Vested%
Less than 5 years	0%
5 or more years	100%

Disability retirement

Equal to the accrued retirement benefit as of the date of disability.

Pre-retirement death benefit

For the surviving spouse of a vested participant, a monthly amount equal to 50% of the joint and survivor annuity the participant would have been entitled to receive if the participant had terminated employment on the date of death and survived to his or her earliest retirement age, retired with a qualified joint and 50% survivor annuity, and died the next day.

If an employee has completed 10 years of service, an enhanced benefit is payable for a participant who dies while actively employed, equal to the greater of the benefit described above and the product of (a) 90% of the accrued benefit reduced by ½% for each year the surviving spouse is more than 5 years younger than the participant and increased by ½% for each year the spouse is more than 5 years older than the participant, multiplied by (b) 55%.

Forms of Retirement Benefit

Annuity payments

The optional annuity forms of payment include monthly annuities payable for life, with either 0, 5, 10, or 15 years of payments guaranteed, and life annuities that provide survivor annuities to a beneficiary with continuation percentages of 50%, 66 2/3%, 75%, or 100%.

The actuarial basis for determining optional annuity forms is an interest rate of 2.5% and the 1951 Group Annuity Mortality table, with a 1-year setback for participants and a 6-year setback for beneficiaries.

Single lump sum payment

Only lump sums less than $5,000 are payable by the plan.

Service	
Credited Service	All years of service with the employer from date of employment to the earlier of termination, retirement, or death. One year of service is credited for 1,800 hours, with pro-rata credit to the next lower 1/10th of a year. No Credited Service shall be credited to any employee after December 31, 2003 except for any active employee who on December 31, 2003 is age 50 or older and is on the Seniority List of International Union United Automobile Aerospace and Agricultural Implement Workers of America, UAW, Local No. 108; for such employees Credited Service shall continue from January 1, 2004 through December 31, 2007. All Credited Service shall cease on December 31, 2007.
Vesting Service	A year in which an employee works at least 1,000 hours.
Plan Year	January 1 to December 31, for plan years beginning after 2013. August 1 to July 31, for plan years beginning before 2013. Short plan year from August 1, 2013 to December 31, 2013.
Changes Since Prior Valuation	There were no changes to plan provisions from the prior year valuation.
