Independent Auditor's Report

Participants and Benefits Operations Committee
Baylor Scott & White Health and Welfare Benefits Plan
Dallas, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Baylor Scott & White Health and Welfare Benefits Plan (Plan), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024 and the related statements of changes in net assets available for benefits for the years then ended and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions, as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedules listed in the table of contents are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF THE PLAN

The following description of the Baylor Scott & White Health and Welfare Benefits Plan (the "Plan") is provided for general information purposes only. Participants should refer to various Plan documents for more complete information.

General

The Plan is a welfare and fringe benefits plan sponsored by Baylor Scott & White Health (BSW Health), formerly known as Baylor Scott & White Holdings (BSW Holdings), designed to provide various benefits, including medical, prescription drug, dental, vision, flexible spending accounts for healthcare and dependent care, life insurance, accidental death and dismemberment, short and long-term disability, accidental injury, critical illness, hospital care, legal services, and the employee assistance program, covering substantially all active benefit-eligible employees of BSW Health and certain affiliates (collectively the "Employer" or "BSWH"). Certain eligible Central Texas employees, primarily in the Temple, Texas and outlying areas, are entitled to long-term care benefits, and certain eligible retired employees are entitled to frozen health benefits under the terms of the Plan document. The Plan also provides life insurance benefit options to certain eligible retirees. All the benefits are fully insured, except for the medical care options and short-term disability. The Plan also offers a Health Savings Account (HSA) as another option. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Effective January 1, 2025, BSW Holdings merged into BSW Health, a Texas nonprofit corporation, with BSW Health becoming the new Plan Sponsor. The primary purpose of this organizational change was to streamline the corporate structure. As a result, the employer identification number (EIN) under which the Plan is reported changed from 46-3130985 to 46-3131350.

The Baylor Scott & White Benefits Operations Committee is responsible for administrative oversight of the Plan.

Effective January 2, 2024, US Bank replaced Wilmington Trust as the Plan's trustee (referred to as the "Trustee", collectively referred to as the "Trustees").

Scott and White Health Plan, doing business as Baylor Scott & White Health Plan (BSWHP), is a related party to the Plan and acts as a third-party administrator for the medical benefit. BSWHP

also acted as a pharmacy benefit manager (PBM) through 2024. In 2025, the PBM services were transitioned to an unrelated party.

Eligibility

The Plan provides benefit options to all eligible participants, as defined in the Plan document. Eligible employees may begin participating in the Plan on the employee's date of hire.

Contributions

The Employer makes payroll deductions for active employee contributions. Contributions from other participants are remitted directly to the Trustee every pay period. Contributions are determined by the Employer with the assistance of an actuary for self-funded products, or the insured rate for fully insured products. The Employer makes contributions as necessary to fund the payment of claims, premiums, and administrative expenses.

The Employer is responsible for any excess of benefit obligations over net assets available for benefits of the Plan. The Employer funds the entire cost of the premiums for the basic life, basic accidental death and dismemberment, and basic long-term disability. The Employer also funds short-term disability, and basic long-term care insurance for certain eligible Central Texas employees, primarily in the Temple, Texas and outlying areas. Participants may contribute specified amounts to extend insurance coverage or for the election of other benefit plan options. The HSA is only funded by participant contributions.

The Plan was amended, effective January 1, 2003, to freeze participation in postretirement medical benefits to those North Texas participants who met the eligibility requirements along with their dependents. The payment structure for medical retiree benefits was also changed effective January 1, 2003.

Effective January 1, 2003, the Plan was also amended to freeze participation in the life insurance option to those North Texas retirees already participating. The cost of this coverage and the maximum benefit was also changed.

Effective December 31, 2013, the Scott & White Retiree Medical Plan was amended to freeze participation in postretirement medical benefits to those Central Texas participants who met the eligibility requirements.

Effective January 1, 2019, the Plan was amended to include accidental injury and critical illness voluntary plans as a component of the welfare program, and Cigna was selected to provide such benefits.

Effective January 1, 2023, the Plan was amended to include a hospital care voluntary plan as a component of the welfare program, and Cigna was selected to provide such benefits.

Deposits with Service Providers

Deposits with service providers represent funds held by the claims service providers as required by their service agreements. These monies will ultimately be used for claim payments.

Plan Termination

Although it has not expressed any intention to do so, the Employer reserves the right under the Plan to modify the benefits provided to active employees, to discontinue its contributions at any time, and to terminate the Plan subject to the provisions set forth in ERISA. In the event the Plan is terminated, the remaining net assets of the Plan will be used first to provide future benefits to participants, and then to pay the costs of administering the Plan.

In June 2023, the Plan discontinued Other Postretirement Benefits for those age 65 or older, with an effective date of January 1, 2024.

Rebates

The Plan is eligible for certain incentives and volume prescription rebates. Rebates due to the Plan as of year end are reported as a receivable, with the amount being netted against benefits paid.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting, except for benefits and premiums paid, which are recorded when paid.

Cash

Cash includes deposits with financial institutions which, at times, may be in excess of federally insured limits. As of December 31, 2025, approximately $6,556,000, which is not covered by the Federal Deposit Insurance Corporation (FDIC), was included in cash.

Administrative Expenses

The Plan pays administrative expenses that consist primarily of professional fees and administrative fees paid to third-party claims administrators, the trustee, actuary, and other

vendors. These expenses are reported on the statements of changes in net assets available for benefits as administrative expenses. The Employer may pay additional administrative fees on behalf of the Plan.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States (GAAP) requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, credit, and market risks. Due to the level of risks associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will continue to occur in the near term, and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

The actuarial present value of benefit obligations is reported based on certain assumptions pertaining to interest rates, health care inflation rates, and employee demographics; all of which are subject to change. Due to uncertainties inherent in the estimation and assumption process, it is at least reasonably possible, that changes in these estimates and assumptions in the near term would be material to the financial statements.

Valuations of Investments and Investment Income

Money market funds are stated at a net asset value of approximately $1. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on an accrual basis.

Other Benefit Obligations

Plan obligations at December 31, 2025 and 2024, for claims payable and claims incurred by active and COBRA participants, but not reported at that date, were estimated by an actuary using claims lag studies provided by the third-party administrators. These obligations will be funded through contributions from the Employer as obligations become due.

3. POSTRETIREMENT BENEFIT OBLIGATIONS

The postretirement benefit obligations represent the actuarial present value of those estimated future benefits that are attributed to employee service rendered as of December 31, 2025 and 2024. Postretirement benefits include future benefits expected to be paid to or for (1) currently retired or terminated Central Texas employees, and their beneficiaries and dependents, and (2) active Central Texas employees, and their beneficiaries and dependents after retirement from service. Prior to an active Central Texas employee's full eligibility date, the postretirement benefit obligation is the portion of the expected postretirement benefit obligation that is attributed to that employee's service rendered to the valuation date.

The actuarial present value of the expected postretirement benefit obligation is determined by an actuary. The resulting amount is derived by applying actuarial assumptions to historical claims-cost data in order to estimate future annual incurred claims costs per participant. Adjustments are made to such estimates for the time value of money (through discounts for interest), and the probability of payment (by means of decrements such as those for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

The discount rate used in determining the accumulated postretirement benefit obligation at December 31, 2025 and 2024, is 3.8% and 4.6%, respectively. For the 2025 Plan year, the annual assumed rate of increase in the per capita cost of covered medical and prescription drug benefits is 7.0% for those under and over the age of 65. This rate is assumed to decrease gradually to 5.0% by 2034, for those under the age of 65, and remain at that level thereafter.

The following are other significant assumptions used in the valuations as of December 31, 2025 and 2024:

	2025	2024
Average retirement age	62.43	62.43
Mortality	MP-2021 Combined Mortality Table	MP-2021 Combined Mortality Table

THE REMAINDER OF THIS PAGE WAS INTENTIONALLY LEFT BLANK

The postretirement benefit obligations at December 31, 2025 and 2024, principally health benefits, are related to the following categories of participants (including their beneficiaries and dependents) (in thousands):

	2025	2024
Retirees, dependents, and surviving spouses	$ 359	$ 451
Fully eligible actives	82	83
Other actives	59	180
Total postretirement benefit obligations	$ 500	$ 714

The weighted-average health care cost-trend rate assumption may have an impact on the amounts reported in the accompanying financial statements. If the assumed rates increased by one percentage point, it would increase the accumulated postretirement benefit obligations as of December 31, 2025 and 2024, by approximately $5,000 and $10,000, respectively.

The foregoing assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of postretirement benefit obligations. The Medicare Prescription Drug, Improvement, and Modernization Act of 2003 introduced a prescription drug benefit under Medicare (Medicare Part D) as well as a federal subsidy to administrators of retiree health care benefit plans that are at least actuarially equivalent to Medicare Part D. The effects of the Employer's Medicare subsidy are not reflected in the Plan's obligations. The Medicare subsidy amount is paid to the Plan Sponsor and does not flow into the Plan. The subsidy amount may be used for any valid business purpose. As a result, the Medicare subsidy does not reduce the amount of benefits that need to be covered by the Plan assets and future Employer contributions.

4. BENEFIT OBLIGATIONS

The following table represents the components of the Plan's benefit obligations as of December 31, 2025 and 2024 (in thousands):

	2025	2024
Amounts currently payable:		
Benefits payable and benefits incurred but not reported	$ 35,859	$ 34,939
Postretirement benefit obligations	500	714
Insurance premiums	10,477	3,743
Total benefit obligations	$ 46,836	$ 39,396

The changes in the Plan's benefit obligations for the years ended December 31, 2025 and 2024, are summarized below (in thousands):

	2025	2024
Balance at beginning of year	$ 39,396	$ 53,324
Benefits incurred	589,658	552,773
Benefits paid	(588,738)	(566,439)
Premiums incurred	75,565	70,140
Premiums paid	(68,831)	(69,868)
Net decrease in postretirement benefit obligations	(214)	(534)
Total plan benefit obligations at end of year	$ 46,836	$ 39,396

In developing the benefit obligations above, historical claims data was utilized in order to project the obligation with trends appropriate to the benefit type. Assumed annual trends were 6.0% for active medical and 10.0% for pharmacy; with a margin of 5.0% to reflect uncertainty in timing and amount of claim payments.

5. CERTIFICATION OF PLAN TRUSTEES

The Employer has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustees (US Bank for the period January 2, 2024 through December 31, 2025, and Wilmington Trust for the period January 1, 2023 through January 1, 2024), qualified institutions, of the Plan have certified the following information included in the accompanying financial statements and ERISA-required supplemental schedules is complete and accurate:

- Investments as shown in the statements of net assets available for benefits as of December 31, 2025 and 2024
- Investment income as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2025 and 2024
- Investments included in the accompanying schedule of assets held at end of year as of December 31, 2025

The Plan's independent auditors did not perform auditing procedures with respect to this certified information, except for comparing such certified information to the related investment information included in the financial statements and ERISA-required supplemental schedules.

6. FAIR VALUE MEASUREMENTS

As defined in Accounting Standards Codification (ASC) 820, *"Fair Value Measurement"*, fair value is based on the prices that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. In order to increase consistency and comparability in fair value measurements, ASC 820 establishes a three-tier fair value hierarchy for disclosure of fair value measurements. The valuation hierarchy is based upon the transparency of inputs to the valuation of an asset or liability as of the measurement date. The three levels are defined as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability;

inputs that are derived principally from, or corroborated by, observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs that reflect the reporting entity's own assumptions about the assumptions market participants would use in pricing the asset or liability are unobservable and developed based on the best information available in the circumstances.

A financial instrument's categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The carrying value of participant contributions receivable and administrative expenses payable are reasonable estimates of their fair value due to the short-term nature of these financial instruments. The Plan's investment in the money market fund is valued at net asset value, which is determined using quoted prices in active markets for identical instruments at year end. There have been no significant changes in the valuation techniques during the years ended December 31, 2025 and 2024.

The tables below set forth, by level, the financial assets that were measured at fair value on a recurring basis as of December 31, 2025 and 2024 (in thousands):

	2025			
	Total	Level 1	Level 2	Level 3
Cash	$ 6,806	$ 6,806	$ —	$ —
Money market fund	43,553	43,553	—	—
Total	$ 50,359	$ 50,359	$ —	$ —

	2024			
	Total	Level 1	Level 2	Level 3
Cash	$ 4,412	$ 4,412	$ —	$ —
Money market fund	39,830	39,830	—	—
Total	$ 44,242	$ 44,242	$ —	$ —

7. INCOME TAX STATUS

The trust funding the Plan has received an exemption letter from the Internal Revenue Service (IRS) dated February 2, 2001, stating that the trust is tax-exempt under the provisions of Section 501(c)(9) of the Internal Revenue Code (the "Code") as a Voluntary Employee Beneficiary Association (VEBA). The Plan and trust are required to operate in conformity with the Code to maintain the tax-exempt status of the trust. Although the Plan has been amended since receiving the determination letter, the Plan Sponsor believes the Plan is being operated in compliance with the applicable requirements of the Code, and therefore, believes the related trust is tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that, more likely than not, would not be sustained upon examination by the IRS.

The Plan has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. RELATED PARTY TRANSACTIONS

The Plan incurred third-party administration expenses of approximately $15,902,000 and $18,006,000 from BSWHP recorded in administrative expenses on the statements of changes in net assets available for benefits for the years ended December 31, 2025 and 2024, respectively. The Plan accrued approximately $2,739,000 and $316,000 of expenses payable to BSWHP, as of December 31, 2025 and 2024, respectively. The Plan also accrued approximately $10,655,000 and $26,405,000 in rebate claims receivable from BSWHP, as of December 31, 2025 and 2024, respectively, for pharmacy rebates. Pharmacy rebates totaling approximately $48,008,000 and $31,361,000 have been netted with benefits paid, net in the accompanying statements of changes in net assets available for benefits for the years ended December 31, 2025 and 2024, respectively.

The money market fund is managed by the Trustee and, therefore, those investment transactions qualify as party-in-interest transactions. These party-in-interest transactions are exempt from the prohibited transaction rules. The Plan paid certain expenses related to Plan operations to various service providers.

9. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2025 and 2024, to the Form 5500 (in thousands):

	2025	2024
Net assets available for benefits per the financial statements	$ 40,433	$ 56,158
Less: Premiums payable	(10,477)	(3,743)
Less: Benefits payable and benefits incurred but not reported	(35,859)	(34,939)
Net assets (in deficit) available for benefits per the Form 5500	$ (5,903)	$ 17,476

The following is a reconciliation of benefits paid, and premiums paid per the financial statements for the years ended December 31, 2025 and 2024, to the Form 5500 (in thousands):

	2025	2024
Benefits paid per the financial statements	$ 588,738	$ 566,439
Add: Benefits payable and benefits incurred but not reported at end of year	35,859	34,939
Less: Benefits payable and benefits incurred but not reported at beginning of year	(34,939)	(48,605)
Benefits paid per Form 5500	$ 589,658	$ 552,773

	2025	2024
Premiums paid per the financial statements	$ 68,831	$ 69,868
Add: Premiums payable at end of year	10,477	3,743
Less: Premiums payable at beginning of year	(3,743)	(3,471)
Premiums paid per Form 5500	$ 75,565	$ 70,140

Premiums payable and benefits incurred but not reported are reflected as benefit obligations for financial statement purposes but are recorded as payables for Form 5500 purposes.

10. SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 8, 2026, which is the date the financial statements were issued. The Plan is not aware of any events or transactions occurring subsequent to the statements of net assets available for benefits date, but before the issuance of the financial statements, which may have a material effect on its financial condition.
