INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Pet Paradise 401(k) Plan
Jacksonville, Florida

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Pet Paradise 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report,

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP"); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

PIVOT CPAs

INDEPENDENT AUDITOR'S REPORT (CONTINUED)

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedules Required by ERISA

The supplemental Schedule H, Line 4a - Schedule of Delinquent Participant Contributions and Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion,

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedules agrees to, or are derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Summary Plan Description:

The following description of the Pet Paradise 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was established on February 1, 2019, and restated effective January 1, 2023. The Plan is a 401(k) defined contribution plan covering all employees of American Pet Resort, LLC and Subsidiaries (the "Company"). The Plan is subject to provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Eligibility

Eligible employees may become a participant upon completion of one year of service. Eligible employees may enroll on the first day of next month coincident with or next following the date the employee satisfies the Plan's eligibility requirements.

Contributions

Each year participants may contribute compensation, as defined by the Plan document, subject to certain Internal Revenue Code ("IRC") limitations. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Company provides safe harbor matching contributions under the Plan, consisting of 100% of the first 3% of eligible compensation contributed by the participant, and 50% of the next 2% of eligible compensation contributed. To qualify for the safe harbor match, employees must meet the Plan's eligibility requirements, complete at least 1,000 hours of service during the plan year, and be active participants during the contribution period.

Participant Accounts

Each participant's account is credited with the participant's contributions, allocations of Company contributions, and Plan earnings. Participant earnings are based on an allocation of plan earnings respective to each participant's account balances and investment selections. Any related administrative expenses based on participant earnings or account balances are deducted from the participant's account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested balance.

Investment Options

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers a variety of mutual funds, pooled separate accounts and a stable value fund as investment options for participants.

1. Summary Plan Description (Continued):

Vesting

Participants are immediately vested in their contributions and the Company safe harbor contributions plus actual earnings thereon.

Prior to January 1, 2023, the Company made discretionary contributions at the option of the Board of Directors annually. Vesting in the Company's discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service.

Participant vesting in the Company's discretionary contribution is as follows:

Years of Service	Vesting Percentage
Less than 1	0%
1 but less than 2	20%
2 but less than 3	40%
3 but less than 4	60%
4 but less than 5	80%
5 or more	100%

Forfeited Accounts

Forfeitures by non-vested participants are generally used to reduce future employer contributions or pay administrative expenses. At December 31, 2025 and 2024, forfeited non-vested accounts totaled $984 and $1,512, respectively. During 2025, forfeitures were used to reduce employer contributions totaling $1,498.

Payment of Benefits

On termination of service due to death, disability, retirement or other reasons, a participant may elect to receive a lump-sum or annuity distribution equal to the value of the participant's vested interest in their account in accordance with Plan provisions. Additionally, under certain circumstances of financial hardship, the participant is allowed to withdraw funds from the Plan. Participants may elect to receive an in-service distribution after attaining the age of 59 ½. Account balances that are under $5,000 may be automatically distributed upon termination of service as a lump sum without the consent of the participant.

Administrative Expenses

Administrative expenses of the Plan may be paid by the Company or Plan. Unless paid by the Company, administrative expenses for recordkeeping and Plan investment advisory fees are charged to participant accounts and deducted proportionally based upon account balance. Fees related to the administration of distributions and participant investment advisory fees are charged to the related participant accounts.

Management fees and operating expenses charged to the Plan for investments in the mutual funds and pooled separate accounts are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

2. Summary of Accounting Policies:

Basis of Accounting

The accompanying financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Contributions

Participant contributions are recorded in the period in which amounts are withheld from participant compensation. Employer contributions are recorded in the period in which they become obligations of the Company under the terms of the Plan.

Income Valuation and Income Recognition

The investments of the Plan are reported at fair value. The fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price). See Note 3 for a discussion of fair value measurement.

Purchases and sales of the investments within the Plan are reflected on a trade-date basis. Interest income is recorded as earned on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Risks and Uncertainties

The Plan invests in a combination of investment securities which are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that the changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits and the statement of changes in net assets available for benefits.

3. Fair Value Measurements:

The Financial Accounting Standards Board, Accounting Standards Certification Topic 820 ("ASC 820"), establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). A financial instrument's level with the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

Level 2: Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly;

Level 3: Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Investments measured at fair value on a recurring basis are summarized as follows as of December 31:

	Level	2025	2024
Mutual funds	*1*	$ 4,557,735	$ 2,907,084
Pooled separate accounts, measured at NAV	*(a)*	515,743	350,650
Common collective trust fund, measured at NAV	*(a)*	205,345	155,185
Total investmnents at fair value		$ 5,278,823	$ 3,412,919

(a) These funds were measured at net asset value per share in accordance with ASC Subtopic 820-10 and have not been classified in the fair value hierarchy.

The following descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments apply to investments held directly by the Plan.

Mutual funds: Valued at the daily closing net asset value ("NAV") price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. Investments in mutual funds generally may be redeemed daily. These securities are classified as Level 1.

Pooled separate accounts: The value of the units held in pooled separate accounts is based on the NAV of the units, determined by the security prices of the underlying investments. Many of the security prices are obtained from a pricing service, Interactive Data Corporation. While the underlying security prices are quoted prices, the NAV of a separate account is not publicly quoted.

3. Fair Value Measurements (Continued):

Common collective trust fund: The Principal Stable Value Fund, held in a common collective trust fund, invests in conventional and synthetic guaranteed investment contracts ("GICs") issued by life insurance companies, banks and other financial institutions with excess cash invested in cash equivalents. These investments are valued at their NAV per share as of the close of business on the valuation date as a practical expedient for the estimated fair value. The NAV is quoted on a private market that is not active; however, the unit price is based on the value of the underlying investment assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV for the Stable Value Fund is based on the contract value of fully benefit-responsive contracts, conventional and synthetic GICs, which represents invested principal plus accrued interest thereon. The Stable Value Fund seeks to provide preservation of capital and relatively stable returns regardless of the volatility of the financial markets.

The Principal Stable Value Fund is valued at the NAV of the units held by the Plan. NAV would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. There are no significant redemption restrictions or unfunded commitments on these investments.

4. Information Certified by the Custodian:

The following investments included in the statements of net assets available for benefits as of December 31, 2025 and 2024, and the dividends and net appreciation in fair value of investments included in the statement of changes in net assets available for benefits for the year ended December 31, 2025 have been derived from information certified as complete and accurate by Principal Life Insurance Company, custodian of the Plan, in accordance with 29 CFR 2520.103-5(c) of the Department of Labor's Rules and Regulations for Reporting and Disclosure under Employee Retirement Income Security Act of 1974.

December 31,	2025	2024
Mutual funds	$ 4,557,735	$ 2,907,084
Pooled separate accounts	515,743	350,650
Common collective trust funds	205,345	155,185

Year Ended December 31,	2025
Net appreciation in fair value of investments	$ 614,776
Dividends	110,182

5. Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all participants will become 100% vested in their accounts.

6. Party-in-Interest Transactions:

Plan investments are pooled separate accounts managed by Principal Life Insurance Company. Principal Life Insurance Company is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest. The Plan paid $2,750 to Principal during the year ended December 31, 2025 for recordkeeping, administrative, and transaction-related services. These fees are included in administrative expenses in the accompanying statement of changes in net assets available for benefits.

7. Tax Status:

The IRS has determined and informed the Company by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator and tax counsel believe the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Management evaluated the Plan's tax positions and concluded that as of December 31, 2025, the Plan had taken no uncertain tax positions that require recognition of a liability (or asset) in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state, or local tax authorities for years before 2022.

8. Reconciliation to Form 5500:

The following is a reconciliation of net assets available per the Plan's financial statements to amounts included in the Plan's Form 5500:

December 31,	2025	2024
Net assets available for benefits per the financial statements	$ 5,327,157	$ 3,471,824
Employer contributions receivable	(48,334)	(58,905)
Net assets available for benefits per Form 5500	$ 5,278,823	$ 3,412,919

The following is a reconciliation of changes in net assets available for benefits per the Plan's financial statements to amounts included in the Plan's Form 5500:

Year Ended December 31,	2025
Net change in Plan assets per financial statements	$ 1,855,333
Change in contribution receivable	10,571
Net change in Plan assets per Form 5500	$ 1,865,904

9. Nonexempt Transactions:

The Company determined that during 2025 and 2023, it failed to remit certain employee deferrals to the Plan within the appropriate time period. The late remittances totaled $444 and $25,598 respectively. Late or delinquent deferrals constitute prohibited transactions as defined by ERISA and are included in the accompanying Schedule H, Line 4a – Schedule of Delinquent Participant Contributions. As reflected in the schedule, correction of applicable lost earnings remained outstanding for certain amounts as of December 31, 2025.

10. Subsequent Events:

Effective January 1, 2026, the Plan was amended to eliminate the 1,000-hour service requirement for a year of service for eligibility purposes. A year of service continues to be required for plan entry, but without an associated hours-of-service requirement.

Management has evaluated subsequent events through October 12, 2026, the date the financial statements were available to be issued and has determined that, except as disclosed above, there are no subsequent events requiring recognition or disclosure in the financial statements.
