Financial Statements – Modified Cash Basis
Together with Independent Auditors' Report

As of December 31, 2025 and 2024 and
For the Year Ended December 31, 2025

Independent Auditors' Report

To the Vida Fitness 401(k) Plan Retirement Committee and its Participants:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of the Vida Fitness 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits – modified cash basis as of December 31, 2025, and the related statement of changes in net assets available for benefits – modified cash basis for the year then ended, and the related notes to the financial statements – modified cash basis.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2025 financial statements – modified cash basis performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements – modified cash basis, is complete and accurate.

Opinion on the 2025 Financial Statements – Modified Cash Basis

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2025 Financial Statements – Modified Cash Basis section—

- the amounts and disclosures in the 2025 financial statements – modified cash basis referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting described in Note 2.

- the information in the 2025 financial statements – modified cash basis referred to above related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2025 Financial Statements – Modified Cash Basis

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2025 Financial Statements – Modified Cash Basis section of our report. We are required to be independent of the Vida Fitness 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter – Basis of Accounting

We draw attention to Note 2 to the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the 2025 Financial Statements – Modified Cash Basis

Management is responsible for the preparation and fair presentation of the financial statements – modified cash basis in accordance with the modified cash basis of accounting described in Note 2, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements – modified cash basis that are free from material misstatement, whether due to fraud or error. Management is also responsible for determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements – modified cash basis in the circumstances. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements – modified cash basis.

In preparing the financial statements – modified cash basis, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements – modified cash basis are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements – modified cash basis are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2025 Financial Statements – Modified Cash Basis

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements – modified cash basis as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements – modified cash basis.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements – modified cash basis, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements – modified cash basis.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements – modified cash basis.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the 2025 financial statements – modified cash basis, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements – modified cash basis as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2025 Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025 is presented for the purpose of additional analysis and is not a required part of the financial statements – modified cash basis but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements – modified cash basis. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements – modified cash basis and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements – modified cash basis themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2024 Financial Statements

The financial statements of the Vida Fitness 401(k) Plan as of December 31, 2024, were audited by predecessor auditors. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated October 7, 2025 indicated that in their opinion (a) the amounts and disclosures in the 2024 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2024 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2024 supplemental schedule, other than the information in the 2024 supplemental schedules that agrees to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, and the information in the 2024 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF THE PLAN

The following description of the Vida Fitness 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established on January 1, 2018, covering employees of Urban Adventures Companies, Inc. (the Plan sponsor), Urban Salon, Inc., and Capital City Brewing Company (collectively, the Company).

All employees are eligible to participate in the Plan upon attaining age 21 and completing one month of service, except for those classified as Excluded Employees. Excluded Employees include: union employees covered by a collective bargaining agreement, certain nonresident alien employees, leased employees, and part-time, temporary, or seasonal employees whose regularly scheduled service is less than 1,000 hours or those who have not satisfied the special service requirement for certain long-term part-time (LTPT) employees. The Setting Every Community Up for Retirement Enhancement Act (SECURE Act) requires LTPT employees to be eligible to participate in the Plan after meeting certain service requirements. Additionally, part-time, temporary, and seasonal employees become eligible upon completion of one year of service as defined by the Plan in any year of employment. Entry dates into the Plan are on the first day of the month following the date on which the eligibility requirements are met.

Subsequent to December 31, 2025, the Plan was amended and restated to align Plan terms with Plan operations and to comply with the requirements of, and adopt select provisions of, the SECURE Act, the Coronavirus Aid, Relief, and Economic Security Act of 2020 (CARES Act), and the SECURE 2.0 Act of 2022 (SECURE 2.0). Certain provisions incorporated into the amended and restated Plan have effective dates that precede the date of the restatement, as specified in the Plan document. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participant Contributions

Under the terms of the Plan, an employee may contribute by making contributions of their compensation, as defined by the Plan, not to exceed the maximum allowable contribution under the Internal Revenue Code (the Code), which totaled $23,500 for the year ended December 31, 2025. Participants are permitted to make Roth elective contributions to the Plan. The participants' Roth elective contributions are allocated to a separate account maintained for such contributions. Roth elective contributions are treated as elective contributions for all purposes under the Plan. Participants who have attained age 50 before the end of the Plan year may make additional catch-up contributions, subject to limitations imposed by the Code, which totaled $7,500 for the year ended December 31, 2025. Effective January 1, 2025, participants aged 60 to 63 at the end of the Plan year may make enhanced "super catch-up" contributions up to $11,250. These super catch-up amounts are in addition to the regular elective deferral limit for 2025. Participants direct the investment of their contributions into various investment options offered by the Plan. Participants are permitted to roll over funds from other qualified plans into the Plan.

The Plan has an automatic enrollment feature whereby employees are automatically enrolled in the Plan upon meeting eligibility at a contribution level of 3% of pre-tax annual compensation, unless they elected not to contribute or contribute a different amount.

1. DESCRIPTION OF THE PLAN - continued

Company Matching Contributions

The Company may make a discretionary matching contribution, as defined by the Plan. For the year ended December 31, 2025, the Company matched 50% of employee deferrals, up to 4% of participant compensation on a per payroll basis. Company matching contributions, net of forfeitures applied, totaled $178,948 for the year ended December 31, 2025.

The Company may also make a discretionary non-elective contribution to the Plan. A participant must be employed on the last day of the Plan year and have completed at least 1,000 hours of service during the Plan year in order to receive the contribution. During the year ended December 31, 2025, the Company did not make such a contribution to the Plan.

Participant Accounts

Each participant's account is participant-directed and is credited with the participant's contributions and allocations of (a) the Company's contributions, (b) Plan earnings or losses and (c) administrative expenses. During the year ended December 31, 2025, participants also had the option to have their account professionally managed by an investment adviser that is a wholly-owned subsidiary of Empower Annuity Insurance Company of America (Empower), the Custodian of the Plan. Allocations of earnings or losses and administrative expenses are based on the proportion of each participant's account balance to the total of all account balances within the respective fund. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are immediately vested in their elective and rollover contributions to the Plan plus actual earnings thereon. Vesting in Company discretionary contributions are based on years of service, as defined by the Plan and are subject to the following vesting schedule:

Years of Service	Percentage Vested
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Participants become fully vested in their account balances upon reaching normal retirement age.

Forfeitures

Forfeitures of non-vested portions of Company contributions may be applied to pay administrative expenses and reduce future Company discretionary matching or nonelective contributions. Forfeitures become available to the Plan immediately on the date of the distribution or, if the participant is not fully vested, on the date of termination. The forfeiture account totaled $2,573 and $1,779 as of December 31, 2025 and 2024, respectively. There were no forfeitures used during the year ended December 31, 2025 to pay administrative expenses. During the year ended December 31, 2025, forfeitures totaling $40,315 were used to reduce Company contributions.

1. DESCRIPTION OF THE PLAN - continued

Payment of Benefits

Upon termination of service, death, disability, retirement (age 65), or attainment of age 59½, a participant or beneficiary, in the event of death, is entitled to a distribution of their vested account balance. Distributions are made in either a lump sum equal to the value of the participant's vested interest in their account, a single sum distribution of a portion of their vested balance, or installments for a specified term. Prior to retirement, distributions from the Plan are payable in the form of a lump sum payment. Upon termination, if a participant's account balance is less than $7,000, the Plan will automatically distribute the participant's vested balance in a lump sum distribution. Upon proof to the satisfaction of the Plan administrator of an immediate and heavy financial need, amounts contributed by the participant may be withdrawn for a hardship purpose. Distributions are subject to the applicable provisions of the Plan agreement. Certain income tax penalties may apply to withdrawals or distributions prior to age 59½. As of December 31, 2025 and 2024, there were no net assets available for benefits of the Plan allocated to participants who had elected to withdraw from the Plan who had not received such distributions as of year-end.

Plan Expenses

All administrative expenses are paid with the assets of the Plan, unless paid by the Company, at its discretion. During the year ended December 31, 2025, the Company elected to pay a portion of the Plan's direct expenses. Expenses that are paid directly by the Company are excluded from the Plan's financial statements. Fees related to the administration of benefit payments are charged directly to participant accounts and are included in administrative expenses. Investment-related expenses are included in net appreciation of investments.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements are presented on the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Accordingly, certain additions are not recorded until cash is collected and certain deductions are not recorded until the obligation is disbursed. As discussed in Note 8, the Plan changed its basis of accounting from accounting principles generally accepted in the United States of America to the modified cash basis of accounting effective for the year ended December 31, 2025.

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – continued

Use of Estimates

The preparation of the financial statements in conformity with the modified cash basis of accounting, a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America, requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to net assets available for benefits and deductions from net assets available for benefits during the reporting period. Actual results could differ from those estimates and assumptions.

Risks and Uncertainties

The Plan provides for investments in assets that are exposed to risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities may occur and materially affect the amounts reported in the accompanying statements of net assets available for benefits – modified cash basis.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts (Note 4). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – continued

Fair Value Measurement

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurement,* defines fair value and establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based upon the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

Interests in registered investment companies: Valued at the closing price reported in the active market in which the funds are traded.

Interests in common/collective trusts: Valued using the net asset value (NAV) of units held by the Plan at year-end as a practical expedient to estimate fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain instruments could result in a different fair value measurement at the reporting date. There have been no changes in the methodologies used at December 31, 2025 and 2024.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – continued

Fair Value Measurement – continued

The following table sets forth by level, within the fair value hierarchy, the Plan's investments as of December 31, 2025:

	Level 1	Level 2	Level 3	Total
Interests in registered investment companies	$ 1,873,368	$ -	$ -	$ 1,873,368
Total investments in the fair value hierarchy	1,873,368	-	-	1,873,368
Interests in common collective trusts*	n/a	n/a	n/a	3,012,587
Total investments, at fair value	$ 1,873,368	$ -	$ -	$ 4,885,955

The following table sets forth by level, within the fair value hierarchy, the Plan's investments as of December 31, 2024:

	Level 1	Level 2	Level 3	Total
Interests in registered investment companies	$ 1,241,384	$ -	$ -	$ 1,241,384
Total investments in the fair value hierarchy	1,241,384	-	-	1,241,384
Interests in common collective trusts*	n/a	n/a	n/a	2,396,618
Total investments, at fair value	$ 1,241,384	$ -	$ -	$ 3,638,002

* In accordance with ASC 820-10, certain investments that were measured at NAV per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits – modified cash basis.

The following table presents investments measured at fair value based on net asset value per share practical expedient as of December 31,:

	2025	2024	Redemption Frequency	Redemption Notice Period	Unfunded Commitments
Interests in common collective trusts (a)	$ 3,012,587	$ 2,396,618	Daily	Daily	None

[(a)] Funds in this category invest in equity securities, fixed income instruments, and short-term investments in accordance with each portfolio's investment objectives.

Subsequent Events

The Plan evaluated for disclosure any subsequent events through October 13, 2026, the date the financial statements were available to be issued, and determined there were no material subsequent events that warrant disclosure, except as disclosed in Note 1.

3. INVESTMENTS

All investment data contained in the accompanying financial statements and supplemental schedule, including assets held at December 31, 2025 and 2024, and interest and dividend income and net appreciation in fair value of investments for the year ended December 31, 2025, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by both Empower and Empower Trust Company, LLC, the Custodian and Trustee of the Plan, respectively.

4. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan holds an investment in EI Fixed Account – Series Class I (the Fund) through Empower Annuity Insurance Company of America. This contract meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. The Fund invests primarily in stable value products, such as traditional guaranteed investment funds (GIFs), separate account GIFs, and synthetic GIFs.

The key difference between a synthetic investment contract and a traditional investment contract is that the Plan owns the underlying assets of the synthetic investment contract. A synthetic investment contract includes a wrapper contract which is an agreement for the wrap issuer, such as a bank or insurance company, to make payments to the Plan in certain circumstances. The wrapper contract typically includes certain conditions and limitations on the underlying assets owned by the Plan. With traditional investment contracts, the Plan owns only the contract itself. Synthetic and traditional investment contracts are designed to accrue interest based on crediting rates established by the contract issuers. Both contracts held by the Plan are considered traditional investment contracts.

The traditional investment contracts held by the Plan are guaranteed investment contracts. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 0%. The crediting rate is reviewed on a quarterly basis for resetting. The average yield and actual average yield earned by the Plan on the fully benefit-responsive investment contract was 1.45% and 1.41% for the year ending December 31, 2025 and 2024, respectively.

Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(k) of the Code.
2. Premature termination of the contracts.
3. Plan termination or merger.
4. Changes to the Plan's prohibition on competing investment options.
5. Bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

4. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT – continued

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines.
2. A breach of material obligation under the contract.
3. A material misrepresentation.
4. A material amendment to the agreements without the consent of the issuer.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer or that would limit the ability of the Plan to transact at contract value with the participants.

5. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Empower. Empower acts as the Custodian for the Plan and is a related entity to the Trustee of the Plan. The Company provides the Plan with certain accounting and administrative services for which no fees are charged. All such transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

6. INCOME TAX STATUS

The Plan adopted a non-standardized pre-approved profit sharing plan, which received a favorable opinion from the Internal Revenue Service (IRS) dated November 14, 2022. Although the Plan has been amended since the issuance of the opinion letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan’s financial statements.

ASC 740, *Income Taxes*, prescribes a recognition threshold and a measurement attribute for the financial statement recognition and measurement of tax positions taken or expected to be taken in a tax return as well as guidance on de-recognition, classification, interest and penalties and financial statement reporting disclosures. For these benefits to be recognized, a tax position must be more-likely-than-not to be sustained upon examination by taxing authorities. Given the Plan is tax exempt and has no unrelated business income, the provisions of ASC 740 do not have an impact on the Plan’s financial statements.

The Plan recognizes interest and penalties accrued on any unrecognized tax exposures as a component of income tax expense. The Plan does not have any amounts accrued relating to interest and penalties as of December 31, 2025 and 2024.

The Plan is subject to routine audits by the IRS and Department of Labor; however, there are currently no audits for any periods in progress.

7. PLAN TERMINATION

Although the Company has not expressed any intent to do so, it has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. If the Company terminates the Plan, all affected participants will become 100% vested in their accounts.

8. CHANGE IN BASIS OF ACCOUNTING

Effective for the year ended December 31, 2025, the Plan changed its basis of accounting from accounting principles generally accepted in the United States of America (GAAP) to the modified cash basis of accounting described in Note 2. Under GAAP, contributions, benefit payments, and administrative expenses are generally recorded when the underlying transaction occurs, and receivables and payables are recorded for amounts earned or owed but not yet collected or disbursed as of the reporting date. Under the modified cash basis of accounting, certain additions are recorded only when cash is collected and certain deductions are recorded only when the obligation is disbursed; accordingly, receivables and payables that would otherwise be recorded under U.S. GAAP, such as contributions receivable and benefits or expenses payable, are not recorded under the modified cash basis of accounting.

The Plan had no receivables or payables as of December 31, 2024; accordingly, this change had no material effect on the previously reported December 31, 2024 amounts , and no restatement of the previously issued financial statements was necessary to convert them to the modified cash basis of accounting.

9. OPERATIONAL FAILURES

During the year ended December 31, 2025, the Plan Administrator identified certain instances in which the Plan's provisions were not properly applied in the daily operation of the Plan. These matters relate primarily to the tracking of eligibility for certain LTPT employees and to instances in which the elective deferral percentage withheld from certain participants' compensation did not agree with the deferral election on file.

The Plan Administrator, in consultation with the Plan's ERISA counsel, is in the process of evaluating the nature and extent of these matters, identifying all affected participants, and determining the corrective action required, which is expected to include restoring affected participants' accounts, including applicable lost earnings, in accordance with applicable IRS correction guidelines. As of the date these financial statements were available to be issued, the amount of any corrective contributions had not yet been determined.

The Plan is maintained on the modified cash basis of accounting described in Note 2. Accordingly, no amount has been recognized in the accompanying financial statements for these matters. Corrective contributions, including applicable lost earnings, will be reflected as additions in the period in which they are funded to the Plan.
