To the Plan Administrative and Investment Committees of
Chef Works, Inc. 401(k) Profit Sharing Plan

We have audited the financial statements of Chef Works, Inc. 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit") for the year ended December 31, 2025 and we will issue our report thereon dated October 7, 2026. As permitted by ERISA Section 103(a)(3)(C), our audit did not extend to any statements or information related to assets held for investment of the Plan ("investment information") by ADP Retirement Trust Services, LLC, the trustee, which is a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, that prepared and certified the statements or information regarding assets so held in accordance with 29 CFR 2520.103-5. Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and ERISA-required supplemental schedules, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP. Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated May 22, 2026. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Matters

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by Chef Works, Inc. 401(k) Profit Sharing Plan are described in Note 2 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2025. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. There were no significant estimates encompassed in the financial statements.

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive disclosure affecting the financial statements was:

> The disclosure of fair value measurements in Note 5 to the financial statements, which are based on the requirements of FASB ASC 820, *Fair Value Measurement*.

The financial statement disclosures are neutral, consistent, and clear.

Form 5500 Procedures

We are required to obtain and read a substantially complete draft of Form 5500 prior to dating our auditor's report. The purpose of this procedure is to identify any material inconsistencies between the draft Form 5500 and the Plan's financial statements. We identified no material inconsistencies in performing and completing our audit.

PKF San Diego, LLP is a member of PKF Global, the network of member firms of PKF International Limited, and Allinial Global, each of which is a separate and independent legal entity and does not accept any responsibility or liability for the actions or inactions of any individual member or correspondent firm(s).

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements. In addition, none of the misstatements detected as a result of audit procedures and corrected by management were material, either individually or in the aggregate, to the financial statements taken as a whole.

Disagreements with Management

For purposes of this letter, a disagreement with management is a disagreement on a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated October 7, 2026.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Other Matters

Our responsibility for the ERISA-required supplemental schedule accompanying the financial statements is to perform adequate procedures to evaluate whether the form and content of the ERISA-required supplemental schedule, other than that agreed to or derived from the certified investment information, is presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, and whether the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

This information is intended solely for the use of the Retirement Plan Committee and management of Chef Works, Inc. 401(k) Profit Sharing Plan and is not intended to be, and should not be, used by anyone other than these specified parties.

Very truly yours,

INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of
the Chef Works, Inc. 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Chef Works, Inc. 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Chef Works, Inc. 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Chef Works, Inc. 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

PKF San Diego, LLP is a member of PKF Global, the network of member firms of PKF International Limited, and Allinial Global, each of which is a separate and independent legal entity and does not accept any responsibility or liability for the actions or inactions of any individual member or correspondent firm(s).

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Chef Works, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Chef Works, Inc. 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Chef Works, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 – Plan Description

Description of the Plan

The following description of the Chef Works, Inc. 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan originally established July 1, 2001 by Chef Works, Inc. (the "Company", "Employer", or "Plan Sponsor"), as defined in the Plan document, under the provisions of Section 401(a) of the Internal Revenue Code ("IRC"), which includes a qualified cash or deferred arrangement as described in Section 401(k) of the IRC. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. The Plan's recordkeeper and custodian is Fidelity Management Trust Company (the "Custodian"). The Custodian has the power to administer the Plan and apply all its provisions on behalf of the Plan Sponsor. The Plan Sponsor has the discretion to appoint or remove any trustee or agent of the Plan.

Eligibility

Employees age 18 or older with at least 1 month of credited service are eligible to participate in the Plan. Enrollments into the Plan are done on the first day of each month. Ineligible employees generally include non-resident aliens, leased employees, those whose employment is covered by a collective bargaining agreement, and certain other classes of employees as specified in the Plan document.

Contributions

Participant contributions – Participants may elect to contribute up to 100% of their eligible compensation, as defined, through pre-tax salary deferrals, up to limits imposed by the IRC. The maximum annual contribution allowed by the Internal Revenue Service ("IRS") for each participant was $23,500 in 2025. Participants who have attained age 50 to 59 or 64 and older before the end of the calendar year are eligible to make catch-up contributions of $7,500 (for a total of $31,000) for the year ended December 31, 2025. Participants who have attained age 60 to 63 before the end of the calendar year are eligible to make catch-up contributions of $11,250 (for a total of $34,750 in 2025). Participants may also make rollover contributions from other qualified defined plans and certain individual retirement accounts.

Employer discretionary matching contributions – The Company may make matching contributions each payroll period equal to a uniform percentage of participants' elective salary deferrals, as determined by the Company. To be eligible for these contributions, participants must have obtained 1 year of credited service, consisting of 1,000 hours. For the year ended December 31, 2025, the Company matched 100% of each participant's contributions, up to 2% of the participant's deferred election, and up to 2% of eligible compensation. The Company made $334,333 Employer discretionary matching contributions for the year ended December 31, 2025. The Company also elected to match an additional 1% of compensation in the amount of $133,237 for the year ended December 31, 2025, that was ultimately funded in July 2026. As such, these contributions are recorded as part of the Employer contributions receivable on the statements of net assets available for benefits.

Note 1 – Plan Description (continued)

Contributions (continued)

Employer discretionary, non-elective contributions – The Company may also make a discretionary, non-elective contribution to the Plan each year. To be eligible for these contributions, participants must be employed on the last day of the Plan year and have completed 1,000 hours of service during the Plan year. If made, such contributions are allocated to eligible participants' accounts based on each participant's compensation in proportion to total compensation for all eligible participants. The Company made no discretionary, non-elective contributions for the year ended December 31, 2025.

Participant Accounts

Individual accounts are maintained for each participant to reflect the participant's contributions, Employer contributions, and allocations of Plan earnings (losses) and administrative expenses. Allocations are done daily based on participant earnings or a weighted average of participant account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participants direct the investment of all contributions into various investment options offered by the Plan.

Vesting

Participants are always 100% vested in their elective salary deferrals, catch-up contributions, rollover contributions, and any earnings (losses) thereon. Participants vest in Employer discretionary matching contributions, Employer discretionary, non-elective contributions, and any earnings (losses) thereon, as follows:

Years of Service	Vested Percentage
1	20%
2	40%
3	60%
4	80%
5	100%

Participants become 100% vested in their accounts if they are employed with the Company and reach normal retirement age or due to disability, death, or if the Plan terminates.

Forfeitures

Participants who terminate employment forfeit the non-vested portion of their Employer discretionary matching contributions, Employer discretionary, non-elective contributions, and earnings thereon. Forfeitures may be used to pay Plan administrative expenses, reduce Employer contributions, or restore forfeited account balances of rehires. As of December 31, 2025 and 2024, forfeited non-vested accounts totaled $3,405 and $9,068, respectively. During the year ended December 31, 2025, $18,733 of forfeitures were used to reduce Employer discretionary matching contributions.

Note 1 – Plan Description (continued)

Notes Receivable from Participants

Participants may borrow from their accounts the lesser of a) $50,000, reduced by the highest outstanding note balance during the prior year, or b) 50% of their vested account balance, subject to a $1,000 minimum. Notes are secured by the vested balance in the participant's account. Participants may have only two notes outstanding at a time.

Note payments are made through payroll deductions over periods up to 5 years, unless the note is used to acquire a principal residence, in which case the maximum repayment period is 30 years. New notes bear interest at the prime rate plus 1% per annum, fixed at inception of the note.

As of December 31, 2025 and 2024, outstanding notes bear interest at rates ranging from 4.25% to 9.50% per annum.

Benefits Paid to Participants

Upon termination of service due to death, disability, or retirement, a participant or beneficiary may elect to receive an amount equal to the participant's vested account balance in a lump-sum payment, installment payments over the participant's or beneficiary's assumed life expectancy, roll the amount to an individual retirement account or other eligible transferee plan, or delay payment until the required beginning date of minimum distributions, depending on the value of the account. In addition, the Plan permits in-service distributions for participants who are age 59 ½ or older. Distributions paid prior to the participant attaining age 59 ½ and not rolled into another retirement account are subject to federal income tax of 20% and a federal excise tax of 10%.

Vested account balances less than $5,000, but more than $1,000 may be distributed as a lump-sum cash payment or in the form of a direct rollover to an individual retirement account or eligible retirement plan at the consent of the participant or beneficiary. Vested account balances less than $1,000 are distributed in a single lump-sum cash payment to the participant or beneficiary.

In addition, in the event of hardship as defined by the IRC, participants may request withdrawals from their vested account balance.

Administrative Expenses

All reasonable expenses of administration may be paid out of the Plan assets unless paid by the Company. The Employer provides, at no cost to the Plan, certain administrative, accounting, and legal services to the Plan and also pays the cost of certain outside services for the Plan. Expenses, to the extent not paid by the Company, are paid by the Plan and allocated to participants based on their account balances. Expenses that relate solely to a specific participant, such as fees for notes receivable or benefit payments, are assessed to the participant. Certain expenses are included in the transaction prices of investments bought and sold and cannot be separately quantified.

Note 1 – Plan Description (continued)

SECURE 2.0 Act of 2022

The Plan has implemented certain requirements of the SECURE 2.0 Act of 2022 ("SECURE 2.0"). Participants who have attained age 60 to 63 before the end of a calendar year are eligible to make additional catch-up contributions in place of their normal catch-up limit. Future provisions will be adopted at later dates, as necessary, to comply with the requirements of SECURE 2.0.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP") as set forth by the Financial Accounting Standards Board ("FASB").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires Plan management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for the fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

The Plan has direct investments in fully benefit-responsive investment contracts. Contract value is the relevant measurement attribute for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals and administrative expenses. See Note 4 for discussion of contract value investments.

Net appreciation (depreciation) in fair value of investments consists of the net change in unrealized gains or losses on investments during the year and the realized gain or loss on investments sold during the year. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued, but unpaid interest. If a participant does not make note repayments and the Employer considers the note to be in default, the note balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document. As of December 31, 2025 and 2024, no allowance for credit losses has been recorded.

Note 2 – Summary of Significant Accounting Policies (continued)

Payment of Benefits

Benefits are recorded when paid.

Note 3 – Information Certified by the Custodian

Plan management has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The following information included in the financial statements and supplemental schedule (Schedule H, Line 4i) was provided and certified by the Custodian as of December 31, 2025 and 2024 and for the year ended December 31, 2025 as complete and accurate:

- Investments, at fair value and contract value and changes thereon
- Notes receivable from participants
- Net appreciation in fair value of investments
- Dividends and interest
- Interest earned on notes receivable from participants
- Assets included on the supplemental schedule of assets (held at end of year)

Note 4 – Fully Benefit-Responsive Investment Contracts

The Lincoln Stable Value Account is a fully benefit-responsive guaranteed fixed annuity contract available as an investment option to Plan participants. The fixed annuity contract is issued by Lincoln National Life Insurance Company ("Lincoln"). Lincoln maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals. The fixed annuity contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

The APEX Capital Preservation Income Fund (the "APEX Fund") is a stable value investment offered through a group annuity contract issued by Standard Insurance Company ("Standard") and is available as an investment option to Plan participants. Amounts contributed under the group annuity contract are supported by assets held in Standard's general account. Standard is contractually obligated under the terms of the group annuity contract to provide a guaranteed return of principal and accrued interest, with interest credited at rates established periodically by Standard, subject to the minimum rate specified in the contract.

Contract value, as reported to the Plan by Lincoln and Standard at net asset value, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct withdrawals or transfers of all or a portion of their investment at contract value. Contract value approximates fair value.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include the following:

(1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan),

Note 4 – Fully Benefit-Responsive Investment Contracts (continued)

(2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions,
(3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan,
(4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or
(5) premature termination of the contract.

The Plan administrator believes no events are probable of occurring that might limit the Plan's ability to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

The Plan mandates specific rules regarding the movement of funds between accounts. As such, once a participant transfers funds from the Lincoln Stable Value Account or the APEX Fund, they must keep those funds in a non-competing fund for a minimum of ninety days before they can transfer them to a competing fund. Additionally, if a participant decides to transfer funds from a non-competing fund to a competing fund, they will not be allowed to make any further transfers from the Lincoln Stable Value Account or APEX Fund for a consecutive ninety day period.

Note 5 – Fair Value Measurements

FASB Accounting Standards Codification ("ASC") 820, *Fair Value Measurements* ("FASB ASC 820"), provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to the unadjusted, quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The following describes the three levels of the fair value hierarchy under FASB ASC 820:

- Level 1 – Inputs are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 – Inputs include:
    - Quoted prices for similar assets or liabilities in active markets,
    - Quoted prices for identical or similar assets or liabilities in inactive markets,
    - Inputs other than quoted prices that are observable for the asset or liability, and
    - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

  If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 – Inputs are unobservable and significant to the fair value.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Note 5 – Fair Value Measurements (continued)

The following is a description of the valuation methodologies used for the Plan's investments at fair value. There have been no changes in the methodologies used at December 31, 2025 or 2024:

- Mutual Funds – Mutual funds are valued at quoted market prices which are available on active markets and, therefore, are classified as Level 1 within the valuation hierarchy.

- Collective Investment Trusts – The fair values of participation units held in collective investment trusts are based on the net asset value ("NAV"), as a practical expedient, reported by the fund managers as of the financial statement dates and recent transaction prices.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Although Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of:

	December 31, 2025			
	Level 1	Level 2	Level 3	Total
Investments at fair value:				
Mutual funds	$ 14,367,791	$ -	$ -	$ 14,367,791
Total	$ 14,367,791	$ -	$ -	14,367,791
Investments at NAV [(a)]:				
Collective investment trusts				8,498,834
Total investments at fair value				$ 22,866,625

	December 31, 2024			
	Level 1	Level 2	Level 3	Total
Investments at fair value:				
Mutual funds	$ 12,369,698	$ -	$ -	$ 12,369,698
Total	$ 12,369,698	$ -	$ -	12,369,698
Investments at NAV [(a)]:				
Collective investment trusts				7,258,060
Total investments at fair value				$ 19,627,758

[(a)] *In accordance with accounting guidance, certain investments measured at NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amount measured at NAV presented in this table is intended to permit reconciliation of the fair value hierarchy to the investments at fair value presented in the statements of net assets available for benefits.*

Note 5 – Fair Value Measurements (continued)

Investments Calculated at Net Asset Value per Share

The following tables provide information regarding redemption of investments where the NAV has been used to measure fair value at:

	December 31, 2025		
	Fair Value	Redemption Frequency	Redemption Notice Period
Collective investment trusts	$ 8,498,834	Daily	None

	December 31, 2024		
	Fair Value	Redemption Frequency	Redemption Notice Period
Collective investment trusts	$ 7,258,060	Daily	None

There were no unfunded commitments at December 31, 2025 and 2024.

Note 6 – Party-In-Interest Transactions

A party-in-interest is defined as a fiduciary or employee of the Plan, any person who provides service to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee organization, or a relative of such persons mentioned.

Certain Plan investments are managed by the Custodian. Therefore, these investments and their related investment transactions qualify as exempt party-in-interest transactions.

Additionally, the Company is a party-in-interest to the Plan. However, there were no transactions with the Company other than the funding of contributions to the Plan.

Note 7 – Plan Termination

Although it has expressed no intent to do so, the Company has the right to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Employer contributions and earnings thereon.

Note 8 – Income Tax Status

The Plan adopted a volume submitter defined contribution plan which received a favorable advisory letter dated June 30, 2020 in which the Internal Revenue Service (“IRS”) stated that as of that date, the Plan document was designed incompliance with the applicable IRC requirements. The adopted Plan document has been amended since the issuance of this letter.

Note 8 – Income Tax Status (continued)

However, Plan management and the third-party administrator believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, Plan management believes that the Plan is qualified, and the related trust is tax exempt.

Assuming it meets certain initial and ongoing requirements, the Plan is generally exempt from federal and state income taxes. However, GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Plan management believes the Plan is no longer subject to income tax examinations for years prior to 2022.

Note 9 – Risks and Uncertainties

The Plan invests in various investment securities which are exposed to various risks such as interest rate, credit, foreign currency, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 10 – Reconciliation of Financial Statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of the Form 5500 at December 31:

	2025	2024
Net assets available for benefits, per the financial statements	$ 24,141,767	$ 20,428,787
Employer contributions receivable	(133,237)	(4,384)
Participant contribution receivable	-	(232)
Net assets available for benefits, per Schedule H of Form 5500	$ 24,008,530	$ 20,424,171

Note 10 – Reconciliation of Financial Statements to Schedule H of Form 5500 (continued)

The following is a reconciliation of the changes in net assets available for benefits per the financial statements to Schedule H of the Form 5500 for the year ended December 31, 2025:

Net increase in net assets available for benefits per the financial statements	$	3,712,980
Net change in employer contributions receivable		(128,853)
Net change in participant contributions receivable		232
Net increase in net assets available for benefits per Schedule H of Form 5500	$	3,584,359

Note 11 – Subsequent Events

Plan management has evaluated subsequent events, as defined by FASB ASC 855, *Subsequent Events*, through October 7, 2026, the date that the financial statements were available to be issued.
