INDEPENDENT AUDITOR'S REPORT

To Management
DCJ Employee Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of DCJ Employee Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the years ended December 31, 2025 and 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of DCJ Employee Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of DCJ Employee Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about DCJ Employee Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of DCJ Employee Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about DCJ Employee Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter- Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

To Management
DCJ Employee Savings Plan

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

DCJ EMPLOYEE SAVINGS PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2025 AND 2024

NOTE A - Description of Plan

The following description of DCJ Employee Savings Plan (Plan) provides only general information. Participants should refer to the plan document for a more complete description of the plan.

General

The Plan is a defined contribution plan established by Dielectric Manufacturing, LLC (the Company) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Company established the Plan for the benefit of its employees.

All employees who have completed at least 166 hours of service within two months of employment with the Company, as defined in the Plan, and are age 18 or older are eligible to participate in the elective deferral and safe harbor matching contribution of the Plan. All employees who have completed at least 1,000 hours of service within one year of employment with the Company, as defined in the Plan, and are age 18 or older, are eligible to participate in the discretionary matching and non-elective contribution portions of the Plan. The Plan excludes collectively bargained employees, non-resident aliens and leased employees.

Empower Annuity Insurance Company of America and Empower Trust Company, LLC (collectively, "Empower") serve as the custodian of the Plan and provide insurance products and recordkeeping services.

Contributions

Each year, participants may contribute up to 100 percent of pretax annual compensation, as defined in the Plan, subject to certain Internal Revenue Service limitations. Participants who attain age 50 before the end of the Plan year are eligible to make catch-up contributions. Beginning in 2025, participants who attain ages 60 through 63 by the end of the Plan year may be eligible to make enhanced catch-up contributions, subject to applicable Internal Revenue Service limitations. The Plan allows Roth elective deferrals and rollovers from other qualified plans.

The Company makes a safe harbor matching contribution in an amount equal to 100 percent of an eligible participant's elective deferrals that do not exceed 3 percent of the participant's compensation, plus 50 percent of the amount of the participant's elective deferrals from 3 to 5 percent of the participant's compensation. In addition, the Company may make additional discretionary contributions to the Plan.

The Plan does not include an auto-enrollment provision.

For the years ended December 31, 2025 and 2024, the Company made safe harbor contributions in the amount of $250,684 and $273,562 respectively. There were no discretionary contributions for 2025 or 2024.

Participants may also roll over amounts representing distributions from other qualified retirement plans or eligible individual retirement accounts into the Plan, provided such rollovers meet the requirements of the Internal Revenue Code.

NOTE A - Description of Plan (continued)

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company contributions and (b) plan earnings (losses) and charged with an allocation of administrative expenses. Allocations are based on participant earnings (losses), account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Investment Options

Participants may direct all their contributions among one or more funds subject to the allocation limitations set forth in the Plan. Changes in allocation of future contributions and transfers among funds of presently invested contributions are permitted pursuant to the Plan's provisions. The participants currently have 25 investment options available.

Vesting

Participants are immediately vested in their elective deferral, rollover contributions, employer safe harbor and matching contributions, plus earnings thereon. Participants become fully vested in any discretionary Company contributions and earnings thereon after attaining 3 years of credited service. Participants who leave the Plan due to death, normal retirement, or disability retirement, as defined in the plan document, are considered 100 percent vested.

Years of Service	Percentage Vested
1 year	0%
2 year	0%
3 or more years	100%

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. These notes are secured by the balance in the participant's account and bear interest at a rate that is a commercially reasonable rate of interest. The interest rate charged is one percent over the prime rate published in the Wall Street Journal at the time the loan is executed. Principal and interest is paid ratably through payroll deductions. The maximum term of the loan is five years. For the years ended December 31, 2025 and 2024, the participant loan balances are $62,173 and $42,150, respectively.

Payment of Benefits

Participants are eligible to receive benefits upon termination, disability, death or reaching Normal Retirement Age, which is defined by the Plan as 65 years. Payments may be paid in either a single lump sum or installments over a period of time not more than assumed life expectancy. The amount of the hardship distributions may not be in excess of the amount of the participants' financial hardship, as specified in the Plan. Benefits are recorded when paid.

NOTE A - Description of Plan (continued)

Forfeitures

The portion of a participant's balance, which is not vested upon termination of employment, is forfeited and remains in the Plan.

As of December 31, 2025 and 2024, forfeited non-vested accounts totaled approximately $5 and $53, respectively. Forfeited accounts are used to restore participant accounts, reduce discretionary contributions or pay Plan expenses. During 2025 and 2024, forfeitures in the amount of $48 were used to reduce employer contributions.

NOTE B - Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting and present the assets available for Plan benefits and changes in those assets.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America (US GAAP) and requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Sponsor determines the Plans valuation policies utilizing information provided by the custodian. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest Income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year

Notes Receivable from Participants

Participant loans are measured at their unpaid principal balance plus any accrued but unpaid interest less amounts defaulted (if any). Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and expensed when they are incurred.

Payment of Benefits

Benefits are recorded when paid.

NOTE B - Summary of Significant Accounting Policies (continued)

Administrative Expenses

Recordkeeping fees are paid by the Plan. Certain other fees are paid by the Company. Loan fees are paid by employees. For the years ended December 31, 2025 and 2024, administrative fees of $43,791 and $40,156, respectively, have been paid out of Plan assets.

NOTE C - Information Prepared and Certified by the Custodian

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the custodian of the Plan, Empower Trust Company, LLC, and Empower Annuity Insurance Company of America, qualified institutions. Accordingly, as permitted by 29 CFR 2520. 103-8 of the DOL Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information throughout the financial statements and the supplemental schedule related to the following amounts:

	2025	2024
Registered Investment Companies	$12,537,979	$12,130,319
Collective Investment Trusts	1,172,147	863,120
Variable Annuity Contracts	712,494	731,181
Non-Interest-Bearing Cash	5	53
Notes Receivable From Participants	62,173	42,150
Net Appreciation in Fair Value of Investments	$ 1,466,173	$ 1,459,122
Interest and Dividends	$ 531,451	$ 340,085
Interest Income - Participant Loans	$ 4,139	$ 1,482

NOTE D - Fair Value Measurements

The Company has adopted the Financial Accounting Standards Board guidance on fair value measurements. A three-tier hierarchy is used to maximize the use of observable market data inputs and minimize the use of unobservable inputs and to establish classification of fair value measurements for disclosure purposes. The three levels of the hierarchy are described as follows:

Level 1 Quoted prices in active markets for identical assets or liabilities

Level 2 Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities

Level 3 Unobservable inputs supported by little or no market activity and that are significant to the fair value of the assets or liabilities

NOTE D - Fair Value Measurements (continued)

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024

Shares of registered investment companies: Shares of registered investment companies are valued at the daily closing price as reported by the fund. Shares of registered investment companies held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are deemed to be actively traded and are required to publish their daily net asset value (NAV) and to transact at that price.

Collective Investment Trust: The collective investment trust is valued based on the NAV of the units of the collective investment trust fund. The NAV, as provided by the custodian, is used as the practical expedient to estimating fair value. The NAV is based on the fair value of the underlying investments comprising the trust less its liabilities. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Variable Annuity Contracts: The investment is an Institutional Separate Account (ISA), which is offered under a group variable annuity contract. The ISA is valued at fair market value on a daily basis, determined by the market value of the underlying investments.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the report date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

	2025			
Investment Category	Quoted Prices In Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Unobservable Inputs (Level 3)	Total
Registered Investment Companies	$12,537,979	$ ---	$ ---	$12,537,979
Variable Annuity Contracts	---	712,494	---	712,494
Total Investments at Fair Value	$12,537,979	$712,494	$ ---	$13,250,473
Investments Measured at Net Asset Value (a)				1,172,147
Total Investments				$14,422,620

NOTE D - Fair Value Measurements (continued)

	2024			
Investment Category	Quoted Prices In Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Unobservable Inputs (Level 3)	Total
Registered Investment Companies	$12,130,319	$ ---	$ ---	$12,130,319
Variable Annuity Contracts	---	731,181	---	731,181
Total Investments at Fair Value	$12,130,319	$731,181	$ ---	$12,861,500
Investments Measured at Net Asset Value (a)				863,120
Total Investments				$13,724,620

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2025 and 2024, respectively:

	December 31, 2025			
	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Morley Stable Value Fund (1)	$770,122	$ ---	Daily	12 Months
PGIM Total Return Bond Fund (2)	$252,742	$ ---	Daily	12 Months
Putnam Large Cap Value Trust II (3)	$149,283	$ ---	Daily	12 Months

	December 31, 2024			
	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Morley Stable Value Fund (1)	$531,483	$ ---	Daily	12 Months
PGIM Total Return Bond Fund (2)	$221,348	$ ---	Daily	12 Months
Putnam Large Cap Value Trust II (3)	$110,289	$ ---	Daily	12 Months

NOTE D - Fair Value Measurements (continued)

(1) The objective of this fund is to provide preservation of capital and relatively stable returns. The fund primarily consists of a diversified portfolio of stable value investment contracts issued by life insurance companies, banks and other financial institutions.

(2) The objective of this fund is to seek to outperform the Bloomberg Barclays U.S. Aggregate Bond Index by investing in a diversified portfolio of bonds from multiple fixed income sectors.

(3) The objective of this fund is to seek capital appreciation by investing mainly in common stocks of midsized and large U.S. companies with a focus on the value stocks that offer potential for capital growth or income

NOTE E - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Volatility in the financial markets may significantly impact the subsequent valuation of the Plan's investments. Accordingly, the valuation of investments at December 31, 2025 and 2024, may not necessarily be indicative of amounts that could be realized in a current market exchange.

NOTE F - Plan Termination and Amendments

While the Company has not expressed any intent to terminate the Plan, it has the right to do so, subject to the provisions of ERISA. In the event of termination, each participant automatically becomes vested to the extent of the balance in his or her account.

The Plan may be amended at any time by the Company.

NOTE G - Party-in-Interest Transactions.

Certain Plan investments are managed by Empower Trust Company, the custodian, as defined by the Plan, and, therefore, these transactions qualify as party-in-interest transactions. Empower also performs administrative and recordkeeping services for the Plan. The transactions are not, however, considered prohibited transactions under 29 CFR 408(b) of the ERISA regulations.

Certain employees of the Company provide trustee and administrative services for the Plan and are not reimbursed for their services from the Plan. Certain other administrative expenses are paid by the Company on behalf of the Plan.

NOTE H - Income Tax Status

The Company adopted a non-standardized prototype plan of Benefit Administration Inc. The prototype plan has received an opinion letter from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by the Plan. The Plan has been amended since the prototype plan received the opinion letter; however, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code.

NOTE I - Subsequent Events

The Company evaluated subsequent events and transactions for possible adjustments to the financial statements and disclosures. The Company has considered events and transactions occurring after December 31, 2025, the date of the most recent statement of net assets available for benefits, through October 7, 2026, the date the financial statements are available to be issued. It has been determined that no subsequent events need to be disclosed.
