Independent Auditor's Report

To the Plan Administrator of
FMC Practice Services, LLC 401(k) Savings Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of FMC Practice Services, LLC 401(k) Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of FMC Practice Services, LLC 401(k) Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of FMC Practice Services, LLC 401(k) Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about FMC Practice Services, LLC 401(k) Savings Plan's ability to continue as a going concern for at least one year following the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of FMC Practice Services, LLC 401(k) Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about FMC Practice Services, LLC 401(k) Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i - Schedule of Assets (Held at End of Year), as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF THE PLAN

Organization

FMC Practice Services, LLC 401(k) Savings Plan (the "Plan") is sponsored by FMC Practice Services, LLC, an affiliate of Fresenius Medical Care North America ("FMCNA"), for the benefit of employees of FMC Practice Services, LLC, and affiliated companies (the "Company"). The Plan administrator is the FMCNA Administrative Committee. Mid Atlantic Trust Company is the trustee and Insperity is the recordkeeper for the Plan. The trustee holds the Plan's investment assets and executes investment transactions.

The following description of the Plan provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established effective January 1, 2013, and restated April 6, 2022. The Plan covers substantially all employees meeting the eligibility requirements of the Plan, excluding employees covered under a collective bargaining agreement (union employees), non-resident aliens who receive no compensation from the employer which constitutes U.S. source income, and leased employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). A summary description of the Plan is available from the Plan administrator.

Eligibility

The Plan covers all employees, excluding leased employees, certain nonresident aliens who have no earned income from sources within the US, and union employees whose employment is governed by a collective bargaining agreement under which retirement benefits were subject of good faith bargaining, that have completed three months of service. Participants are eligible to receive Company matching contributions after one year of service (as defined in the Plan document).

Contributions

Participants may contribute a percentage of not less than 1% and not greater than 75% of compensation to the Plan, subject to certain Internal Revenue Service ($23,500 in 2025) annual limitations. Participants may designate all or a portion of their deferral contributions as after-tax contributions into a Roth account. Participants also may contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants who have attained age 50 are eligible to make catch-up contributions ($7,500 in 2025), as defined, which are not eligible for the employer match. The Company makes discretionary matching contributions equal to 50% of the first 6% of participant contributions (exclusive of catch-up contributions), subject to certain annual limitations. The Company may also make discretionary profit sharing contributions, determined on an annual basis. Plan participants not employed with the Company at Plan year-end (December 31) are not eligible for matching or profit-sharing contributions. There were no profit-sharing contributions made in 2025.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's contribution, and gains on investments. The participant's account is reduced by withdrawals, losses on investments, administrative expenses, and any forfeitures. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting
Participants' contributions and Company discretionary profit sharing contributions are immediately vested. Vesting in the Company's discretionary matching contributions is based on years of continuous service in accordance with the following schedule:

Period of Service	Percentage Vested
Less than 1 year	0%
1 but less than 2 years	20%
2 but less than 3 years	40%
3 but less than 4 years	60%
4 but less than 5 years	80%
5 years or more	100%

A participant becomes 100% vested regardless of years of service upon attainment of normal retirement age, upon retirement due to disability, or upon death.

Forfeitures
At December 31, 2025 and 2024, forfeited account balances amounted to $59,090 and $47,317, respectively. Forfeitures are available to pay administrative expenses of the Plan or reduce Company contributions. For the year ended December 31, 2025, the Company used no forfeited account balances to pay for Plan expenses or to reduce employer contributions.

Distributions and Withdrawals
Distributions from the Plan are made to participants who have attained the later of their normal retirement age (age 65) or the fifth anniversary of the employee’s participation commencement date, become disabled, die, or otherwise terminate employment. Distributions are generally made in the form of lump-sum payments; however, distributions can be paid in installments if elected by the participant. In certain instances, prior to termination, participants may withdraw account balances to defray financial obligations, subject to approval by the Plan administrator. If a terminated participant's vested balance is less than or equal to $5,000, and the participant does not consent to a distribution, the vested benefit will automatically be rolled over to an IRA selected by the Plan Administrator.

Notes Receivable from Participants
Participants may borrow funds from the Plan up to 50% (but not more than $50,000) of their vested account balances, with a minimum loan amount of $500. Loans to participants are secured by participants' vested balances in the Plan. The loans bear interest at the prime rate plus 2% (5.25% - 10.50% at December 31, 2025) and are repaid over a specified period of time not to exceed 5 years (maximum of 20 years if the loan is for the purpose of acquiring a principal residence).

If a participant ceases to make loan repayments and the Plan administrator deems the loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The accompanying financial statements have been prepared using the accrual method of accounting under accounting principles generally accepted in the United States of America (“GAAP”).

Investment Valuation and Income Recognition
Investments are stated at fair value. Any unrealized appreciation or depreciation in fair value of investments is reflected in the statement of changes in net assets available for benefits. The Plan's investments are invested as directed by the Plan's participants. Fair value measurements of investments are discussed in Note 3.

Purchases and sales of securities are reported on a trade-date basis. Dividend income is recorded on the ex-dividend date. Interest income is recorded on the accrual basis.

The Plan offers a mix of mutual fund investments including target date funds designed for Plan participants expecting to retire in or near the year included in the fund name. Additionally, the Plan offers a self-directed brokerage option which allows participants to establish a plan level brokerage account for the opportunity to invest in common stocks, mutual funds, corporate bonds, and other securities.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2025 and 2024. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Administrative Expenses
Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the sponsor. Expenses that are paid by the sponsor are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in the administrative costs. Certain investment-related expenses are included in net appreciation in fair value of investments and are not readily determinable.

Payment of Benefits
Benefits are recorded when paid.

Use of Estimates
The preparation of financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

3. FAIR VALUE OF MEASUREMENTS OF INVESTMENTS

Under GAAP, fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. A fair value hierarchy has been established under GAAP that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are as follows:

Level 1 - Observable inputs based on unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs for assets or liabilities, other than quoted prices included in Level 1, which are either directly or indirectly observable as of the measurement date. Inputs include quoted prices for similar assets or

liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; and inputs derived principally from or corroborated by observable market data by correlation or other means.

Level 3 - Unobservable inputs where there is little or no market activity for the assets or liabilities. These inputs reflect Plan management's assumptions of the data market participants would use in pricing an asset or liability, based on the best information available in the circumstances.

The following is a description of the valuation methodologies used for Plan assets measured at fair value as of December 31, 2025 and 2024. There have been no changes in the methodologies used for the periods presented in these financial statements.

Mutual Funds - Shares of mutual funds are valued at daily closing market prices, which represent the net asset value ("NAV") of the shares held by the Plan at year-end. Mutual funds are registered with the U.S. Securities and Exchange Commission. The mutual funds held by the Plan are deemed to be actively traded.

Common/Collective Trust Fund - The common/collective trust is valued based on the Plan's pro rata share of the fund's values which are determined by the underlying market value and have been measured at NAV. The Plan invests in the Reliance Trust – MetLife Stable Value Fund which is a common/collective trust invested in stable value investment contracts. The net asset value (contract value) is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. The fund generally provides for daily redemptions by the Plan at reported net asset value per share with no advance notification requirements. There are no participant redemption restrictions for this investment, and participant transactions (purchases and sales) may occur daily. There are no unfunded commitments.

Self-Directed Brokerage Accounts - Self-directed brokerage accounts are valued at quoted market prices of the underlying securities held at year-end.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2025 and 2024:

	2025			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 52,210,421	$ -	$ -	$ 52,210,421
Self-directed brokerage accounts	3,194,524	-	-	3,194,524
Total investments in the fair value hierarchy	$ 55,404,945	-	-	55,404,945
Common/collective trust fund*				1,147,698
Total investments at fair value				$ 56,552,643

	2024			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 42,798,165	$ -	$ -	$ 42,798,165
Self-directed brokerage accounts	4,246,326	-	-	4,246,326
Total investments in the fair value hierarchy	$ 47,044,491	$ -	$ -	47,044,491
Common/collective trust fund*				1,046,691
Total investments at fair value				$ 48,091,182

* In accordance with Subtopic 820-10 of Accounting Standards Update 2015-07, *Disclosures for Investments in Certain Entities that Calculate Net Asset Value (NAV) Per Share (or its Equivalent)*, the Plan's investment in the common/collective trust fund has been measured at NAV and has not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. INFORMATION CERTIFIED BY THE TRUSTEE (UNAUDITED)

No auditing procedures were performed by the independent auditor as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA with respect to information certified as complete and accurate by Mid Atlantic Trust Company except for comparing such information with the related information included in the financial statements. Based on information provided and certified by the trustee, there are no fixed income obligations, leases, or debt instruments in default or deemed uncollectible, as defined by ERISA, as of December 31, 2025 and 2024.

Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025 and the following information for the years ended December 31, 2025 and 2024 were prepared from reports certified by the trustees:

	2025	2024
Investments at fair value		
Mutual funds	$ 52,210,421	$ 42,798,165
Common/collective trust fund	1,147,698	1,046,691
Self-directed brokerage accounts	3,194,524	4,246,326
Notes receivable from participants	520,193	513,307
Net appreciation in fair value of investments	7,050,924	5,797,543
Interest and dividend income	993,464	925,439
Interest from participant loans	44,973	36,974

5. TAX STATUS OF THE PLAN

The Plan has adopted a prototype plan offered by Insperity Retirement Services, L.P. By letter dated June 30, 2020, the Internal Revenue Service has determined that the prototype plan and related trust are designed in accordance with the applicable sections of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the determination letter; however, Plan management and the Plan's tax counsel believe the Plan is designed and is being operated in compliance with the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and to recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the tax authorities. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by the tax authorities for all open years. Furthermore, there is no related interest or

penalties included in the financial statements presented.

6. RELATED PARTY/PARTY-IN-INTEREST TRANSACTIONS

For the year ended December 31, 2025, the Plan paid $2,940 to Insperity Retirement Services, L.P. for recordkeeping services. Notes receivable to participants represent exempt party-in-interest transactions.

Audit fees for the required audit of the Plan's financial statements are paid out of the plan's assets.

Certain administrative functions are performed by officers and employees of the Sponsor or its subsidiaries. No such officer or employee receives compensation from the Plan.

7. RISKS AND UNCERTAINTIES

The Plan provides for various mutual fund, common/collective trust fund, and self-directed brokerage account investment options and the option for participants to invest in securities through a brokerage account. Such investments are exposed to various risks such as interest rate, market, and credit risks. Due to such risks, it is at least reasonably possible that changes in market values, interest rates, or other factors in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits. As of December 31, 2025 and 2024, one investment each year represented a concentration of greater than 10% of the Plan's net assets available for benefits.

8. TERMINATION

The Company intends to continue the Plan indefinitely for the benefit of its employees, but reserves the right to modify, amend, or terminate the Plan at any time. In the event of termination of the Plan, all amounts credited to participants' accounts shall be 100% vested and nonforfeitable. All participants shall receive a total distribution of their accounts as described in the Plan. Any amount in the forfeiture account upon termination, which has not been applied to reduce Company contributions or pay Plan administrative expenses, shall be allocated on a pro rata basis to the participants' accounts.

9. SUBSEQUENT EVENTS

The Plan sponsor has evaluated subsequent events occurring after the statement of net assets available for benefits date through October 14, 2026 the date the financial statements were available to be issued. Based on this evaluation, the Plan sponsor has determined that no subsequent events have occurred which require disclosure in or adjustment to the financial statements.
